The St. Ignatius College
Riverview War Memorial.

THE Executive of the Old Boys' Union have determined to raise the sum of £10,000, to erect a fitting War Memorial in honor of their Old Boy Soldiers and in memory of those who died in the Late Great War.

The War Memorial is to be a College Wing, an addition to the present College Building, and to be called The War Memorial Wing.

The President and Committee appeal to all the old boys and friends of Riverview inside and outside of Australia to loyally respond and to do all they can to bring the effort to a successful issue.

Our Alma Mater

The Annual Magazine of St. Ignatius' College, Riverview, Sydney.

No. 48. DECEMBER, 1920. 35TH YEAR.

EDITORIAL.

THE present issue of "Our Alma Mater" is, as usual, a Record of Riverview doings at home and abroad during the current year. It closes the record of the doings of our Old Boy Soldiers during the late war, for this has been scrupulously and completely carried out by the recent issues. It has not, however, forgotten those noble sons of Riverview, for it has a distinctive work to do for them, given it by the express wish of the Old Boys' Union. Its principal task is to bring under the notice of its readers the fact that the Old Boys are and have been working to immortalise those efforts by erecting a memorial in the grounds of Riverview—the College of the Soldier Saint, Ignatius of Loyola.

They have decided that this memorial will take the shape of a **College War Memorial Wing,** and so form a constituent part of the present structure, and they aim at collecting, for the purpose, a sum of £10,000. For they desire to do full honour to the memory of the heroic dead, and to those whom God spared from that hideous slaughter. They desire also to show to all future generations of Riverviewers, that the same loftiness of purpose, the same practical heroism, which enkindled the hearts of those who fought and died, was burning in theirs when they raised this glorious monument to their memory; and lastly, they wish to signify by it that both they and their soldier brothers drew those high ideals, that heroic strength, from the one source—their Alma Mater.

This memorial is truly a fitting one, for it will shed undying glory upon those it is designed to honour; on those who toiled to raise it; and on the Alma Mater that forms and sends forth such noble sons from her fostering care.

In accordance, then, with the express wish of the Old Boys' Union, this issue makes the publication of this noble endeavour its principal work. It appeals to every friend of Riverview, to every Old Boy, in and out of Australia, for whole-hearted co-operation and untiring effort to win for this work the success it deserves.

The work calls for much self-sacrifice; it calls for constant effort; it calls for great generosity; but let each one remember it is a memorial to do justice to the memory of those who turned from no labour, and stopped at no sacrifice; but endured untold sufferings, and gave, or were ready to give all, even life itself, for faith, for us, for fatherland. They did not fail us when we needed them, and we shall not fail them now that the call has come to erect to their memory a monument on which may be inscribed: "This monument is a true memorial of our heroic boys, for every stone of it has cost the builders the price they paid to win the immortal glory with which their deeds have crowned them.

The Origin and Growth of the St. Ignatius' College War Memorial Movement

The Annual Meeting, 1919.

At the 22nd Annual Meeting of the Old Boys' Union, which was held at Paris House immediately after the Annual Dinner, on Tuesday, 12th August, 1919, Doctor Bernard Coen (the 1918-1919 President), proposed—"That a fitting memorial be erected at Riverview in honour of those ex-students who participated, and in memory of those who died in the Great War." The motion was seconded by the Rev. J. Healy S.J., and was finally enthusiastically and unanimously carried.

The First Step.

In accordance with that resolution, on 5th December, 1919, the following circular was issued to the Old Boys, appealing for immediate and practical support:—

Riverview Old Boys' Union.

December 5th, 1919.

Dear Sir,

It has been decided to erect a memorial in the grounds of Riverview in honour of those ex-students who participated, and to the memory of those who fell, in the Great War.

It is the ambition of old Riverviewers and friends of the College to erect a monument that will be worthy of the cause which it will commemorate, and be a record for all time of the deeds of the College ex-students in the War, and stand as a testimony of the highest ideals of the College.

This will take the form of a Column and a Memorial Hall, the Column to be of considerable height, to be placed in a commanding position in the College grounds, so that it may be conspicuous from all parts of the River and from Sydney Harbour. The base will be engraved with the names of those who made the supreme sacrifice.

and of all those old boys who took part in the War. The Memorial Hall will help to complete the quadrangle of the College and serve as a study hall.

That it may be one of which succeeding generations of the School may be proud, it is necessary that all those interested should contribute to the very best of their ability.

In making this appeal to you we feel confident that your associations with Riverview are such that it will obtain your heartiest co-operation, and that you will appreciate the opportunity that this movement now offers.

We appeal to all to make the memorial worthy of our glorious dead.

The details of the projected memorial will be more fully explained at the College Speech Day, in December.

We therefore ask for your immediate and practical support.

As was stated in the circular, the details of the War Memorial were more fully explained at the Speech Day Function at Riverview in December.

Speech Day.

At this function, Dr. Humphrey Oxenham formally launched the scheme for a worthy memorial to our Old Boy Soldiers. He pointed out that **in every thousand of Australia's dead there was a Riverview boy, and that that was twenty times above their proper proportion.** He urged every friend to subscribe with the utmost generosity towards such a noble object, whether it took **the shape of Column or Memorial Hall, or both.** He concluded by stating that the first half-dozen he had approached for help had promised £500.

The Very Rev. Father Lockington (Superior of the Jesuits in Australia), in referring to the War Memorial, suggested a **Memorial Wing which would be a continuation of the main College building, three stories high, and containing a Special Memorial Hall.** He intimated that he was prepared, on behalf of the Society of Jesus, to assist the Old Boys in this direction.

1920.

The Response.

The circular and the other work done already gave to the fund the sum of £800, and the Old Boys' Committee met at 29 Elizabeth Street, on 17th February, 1920, to discuss ways and means. A further resolution was passed—"That each old boy should write to those boys with whom they had influence, to contribute to the War Memorial Fund."

The Ball.

At a later meeting it was decided to hold a War Memorial Ball. The Ball was held, and the function added £30 to the fund.

Another Means.

At a later meeting, held at 29 Elizabeth-street, need for something more practical was felt; something that would bring each old boy into active co-operation with the present workers. The motion was proposed and passed—"That each old boy and each friend of Riverview should become an active co-operator for the Memorial, and should organise some social or similar function to help on the Fund."

Sterile though these previous efforts appeared, they were not without their effect. For, from this on, the purpose to be attained, and the ways and means to secure it, took a much more definite shape, and besides, £1,000 was already realised.

The Annual Meeting, 1920.

On October 2nd, at the Annual Meeting, held at Sargent's, after the election of Office-bearers for 1920-21, the new Executive of the Old Boys' Union realised the necessity of broadening out the work for the memorial, and determined to shoulder the task courageously and perseveringly.

The Riverview Meeting.

On the 29th of October, the Committee met at Riverview, and under the inspiration of the old surroundings, they set to work to give the movement a more definite shape, and the following resolutions were adopted:

(1) That the Old Boys' Union should aim at raising a sum of **£10,000** to erect a **War Memorial Wing** to the present College building.
(2) That the Alma Mater of 1920 should make the publication of this endeavour its chief work.
(3) That for this purpose a Special War Memorial Committee be appointed, and that Captain J. E. F. Mann be appointed Hon. Secretary of the movement.
(4) That Country Secretaries also be appointed, and that their names be published in the Alma Mater.
(5) That the £10,000 be raised by means of personal subscriptions, social and similar functions; that, as far as possible, each old boy and friend of Riverview organise such small functions.
(6) That every old boy of Riverview, in or out of Australia, should be called upon to give or do something for the War Memorial Fund.
(7) That a Garden Fête should be organised by the Lady friends of Riverview, and should be held on the College grounds.
(8) That an art union also be organised.
(9) That the whole appeal close with October, 1921.

Ladies' Meeting at Riverview.

In accordance with the express wish of the Old Boys, the following circular was issued to the Lady friends of the College:—

Riverview War Memorial.

To the Mothers and Sisters of Our Boys, and to Lady Friends of the College, from the President and Committee of the Old Boys of Riverview.

The Old Boys of the College wish to erect a Memorial worthy alike of the Memory and Deeds of their fellow pupils, and of their Alma Mater.

Realising that success so largely depends on your hearty co-operation, they make a special appeal to you for generous sympathy and support in their project.

Ladies who will be kind enough to help are invited to meet the President and Committee at the College on Sunday, November 21st, at 3.30 p.m., to discuss ways and means.

A hearty welcome to the College is extended to all Ladies anxious to show their practical sympathy with the movement by

THE RECTOR.

The meeting was attended by the Executive of the Old Boys' Union, and by some thirty Lady friends of the College. It was most successfully handled by the Chairman, Dr. Walter Burfitt.

A Ladies' Committee was formed. Lady Hughes was appointed its President.

Two Hon. Secretaries were appointed—Miss Coffee, Mowbray Road, Chatswood; Miss Egan, "Greenknows," Potts Point.

Several Groups of Ladies were formed, and a further meeting was fixed for December 1st, at the Hotel Australia.

The Ladies' Meeting at the Hotel Australia.

The meeting held at the Hotel Australia was attended by a large number of ladies. Lady Hughes presided. The work done at this meeting was to continue the organisation into groups begun at the Riverview meeting. More groups were formed, and sub-committees were organised, with their officials. It was also decided that these officials should report progress from time to time to the Central Committee.

The 1920 Syllabus.

On Friday, December 3rd, the Committee of the Old Boys' Union met at 29 Elizabeth Street, mainly to draw up the 1921 Syllabus. The following War Memorial Fixtures were incorporated in it:—

April 19th—Lantern Slide Lecture—"With the Flying Corps," by Captain Geoffrey Hughes, M.C., A.F.C. (Royal Society Rooms, at 8 p.m.).

June 7th—War Memorial Ball at Paddington Town Hall.

August 5th—War Memorial Concert at Riverview, 8 p.m.

October 15th—War Memorial Garden Fête at Riverview.

The Boys' Work.

The enthusiasm of the Old Boys' Union caught on at Riverview, and the boys determined to do something practical towards the construction of the Memorial, even though it was but a month to the Christmas holidays. They set about realising 10,000 somethings. There were raffles and Aunt Sallies and concerts and similar domestic movements set going within the four walls of the Alma Mater, and so vigorous a campaign was carried on by each and all down to our smallest "rep." from Gundiwindi, that within the short space of three weeks they realised out of their small united capital the sum of £37. It was a fine effort and most successful in this that they realised 10,000 fractions of 10,000 pounds. They leave to their bigger brothers and sisters the not impossible task of completing this noble effort, and giving that 10,000 its proper name by changing their fractions into whole numbers.

The Old Boys desire to express their gratitude to the present boys for their splendid effort, and especially to Master A. Kirton for his contribution of five guineas, and Master J. Quilter for his contribution of six guineas.

THE PAST.

Terry Ahern is now mine host of the Gresham Hotel. Brisbane.

Doughty Arnold, first into Berlin (a most thrilling experience), has settled down west of Charleville. Doughty is now putting up a record fight against fearful odds—Australian weather, pests, scrub, etc.; but if the way he stroked 'View eight is any forecast of the future, then the D.A. Queensland estate will take some beating in a few years.

Harold Allen.—On Tuesday, February 10th, came the announcement of a very picturesque wedding at St. Mary's Cathedral, when Miss Regina Pfeiffer, of Charters Towers (Q.), was married to Mr. Harold Allen (late A.I.F.).

Bernie Beirne still keeps in touch with his Alma Mater, though he has much to keep his mind occupied with on the downs of Toowoomba.

Gerald Baxter has gone to Kempsey from Wollongong for Government work. He was a great gymnast at 'View; a fast wing on the footy field; and helped to keep the old College head of the river.

Bernie McBride is looking after the legal interests of Katoomba and a growing family. Bernie represented 'View as stroke of the crew in his time, and afterwards, for many years, kept the Regatta up to concert pitch.

J. D. Burke has left Napier and is now living in Wellington. He intends joining the Wellington Rowing Club. Jim stroked a four in the 1918 G.P.S. Regatta.

Ignatius Bryant set Young talking about him lately by scoring 110 runs and capturing the majority of the wickets in a local match. Young now wants him to represent it in Country cricket.

Jack Bolger is transforming "Wonbobbie" and pays occasional hurried visits to Sydney and 'View for inspiration.

Mick is also beating the hens off the nest and putting in a good deal more than 8 hours per day.

Chris. Brennan.—The Senate of the University has created a new Chair by appointing Mr. C. J. Brennan Associate-Professor of German and Camparative Literature. Chris. will be glad to know that "Father Pat." and 'View share in the honour.

Father Willie Baker S.J. is helping to run the intellectual machinery of Xavier. He still asks about the River College.

Frank Bown has been delighting Christchurch with his elocutionary charms. We hear he has come top in a big (N.Z.) elocutionary contest. We always felt Frank could make things buzz.

Thanks for letter and good wishes. 'View returns the same. Why don't we hear about rowing on the Avon, though?

Bernard Corser was again successful in the recent elections in Queensland. Mr. Corser, senior, is representative for Wide Bay in the Federal House of Parliament. At one time both father and son were members of the State Parliament. Bernie is married and is settled with his family on the land in the rich Burnett district.

Stewart Corser is also married. He lives in Maryborough, where he manages the extensive business founded by his father.

Jack Corrigan works not far from Terry Ahern's. He will sell any old Riverviewer a Ford car—on special Riverview terms.

Dr. Joe Coen keeps the microbes thinking at Lismore. It is reported also that the microbes keep Joe thinking.

Felix Conlon S.J., is at present at Milltown Park, on his way to the Priesthood. Much of the present Alma Mater is his work.

Tom Dalton.—The Honourable T. J. Dalton and Mrs. Dalton paid a visit to Riverview shortly after their wedding at Naremburn. Father Paddy Dalton, S.J., celebrated the Nuptial Mass at the wedding ceremony.

MR. C. J. BRENNAN.

Associate-Professor of German and Comparative Literature.
[Sydney University.]

Vin. Conlon, his brother, also a Jesuit, is on the other side too.

Joe Conlon and **Val.** are managing the business. Joe was a former famous stroke, and Val. represented twice in the eight.

"Bill" Coyle.—The two following notices appeared in the dailies:—"Mr. W. T. Coyle, the senior Crown Prosecutor, work being heavy, was promised the assistance of a Junior Crown Prosecutor by the Government." And later:—"At yesterday's meeting of the Executive Council, Mr. William Thomas Coyle was appointed by the Governor as one of His Majesty's Counsel. Mr. Coyle will take precedence after Mr. Holman, K.C."

Mr. John A. FitzHerbert, a distinguished graduate of the Sydney University, in the recent Tripos Examination at Cambridge, was placed in the first class in the second part of the classical tripos, with a mark of special distinction in ancient philosophy. At the conclusion of a very brilliant academic career at Sydney, Mr. FitzHerbert graduated with first-class honours in mathematics and classics, and was awarded the University medal for classics. He won the Woolley Travelling Scholarship in 1913, and proceeded to Cambridge. On the outbreak of the war he gained a commission in King Edward's Horse, and in 1917 was awarded a Military Cross. Subsequently Mr. FitzHerbert resumed his studies at Cambridge. He is returning to Sydney shortly.—"D.T."—17-8-'20. Jack is now back with us again.

George Flannery, K.C., has been appearing for the Crown in the I.W.W. Commission. On Saturday, May 5th, George was one of the three King's Counsel added to the list of "Silks."

Jack Fitzsimons sends Christmas greetings to his old master and fellow students at 'View.

Father Harry Fitzgerald has received the weighty responsibility of the care of the South Brisbane Parish during the year. Congratulations, Father Harry, and best wishes for fruitful labours.

Mick Farrell, who flashes legal light at Temora, was inquiring about the doings of 'View, and intends to have his boys with us soon.

John and Horace Flexman are now junior partners in the firm of John Hunter.

Dom. Furlong is going on to Manly Ecclesiastical College after passing three years at St. Columba's, Springwood. Dom. was a great organiser of sport there. His football was worth watching, even when quite a youngster at 'View. His old College will be proudest of him when he attains the height of his noble ambition.

Bert Allen, whose latest effort for 'View was the orgainisation of the Dance, has gone to the land of the Lotus eaters, and hopes to settle under a Cocoanut tree for life. He was told to buy land, and sit down and watch the cocoanuts, dates, and bananas grow, while dusky-skinned labour did the work. Bert has a legal mind, and he surmised there must be a catch somewhere; so he and Keith, his brother, have gone to find the catch.

Bob Douglas is away up in Townsville, a leading light of the law. At home, Bob is the father of a happy family. Bob and Hugh (R.I.P.), were two good footballers in their day at 'View. They often, too, delighted the 'View audiences in the stirring debates of those times.

Jack Davidson hides himself somewhere in the region of Rockhampton. Jack was top scorer in the All-Schools' Cricket Match, played at Rushcutters' Bay Oval in the year 1892. He was also Captain of the Eleven

MR. G. E. FLANNERY, K.C.

that year, and winner of the batting average. "We all loved Jack," an old boy of his time remarked lately.

A. W. M. D'Apice was lately honoured with the Papal distinction K.C.S.G., reflecting a fresh glory on his Alma Mater. Bill bears his honours very modestly. He has also been blessed with a son and heir. Long years and happiness to both.

Campsie Dalglish is now snugly settled in Goulburn. Not even Oxford could charm him away from sunny Australia.

Father Paddy Dalton S.J., is not far from his Alma Mater. He is at St. Aloysius. Those who listened to his lecture on India, at Manresa Hall, enjoyed an intellectual treat.

Mick Gleeson wrote to us from Napier. He is still as devoted as ever to 'View, and will shortly send along two young giants to repeat the victories he won for his College by flood and field. Mick's name stands out conspicuously on the Champion Athlete shield.

Frank Gwynne.—Dr. Francis J. Gwynne has started practice in Elizabeth Street. Frank has not started alone. His Alma Mater wishes himself and Mrs. Gwynne the realisation of the life blessings they received at the altar of St. Mary's Cathedral.

D. J. Glisson.—In the medical appointments at the Prince Alfred Hospital, Dr. D. J. Glisson was appointed Hon. Assistant Medical Officer for Medical Gymnastics.

R. S. Godsall was re-appointed Hon. Assistant Surgeon for Diseases of the Ear, Nose, and Throat.

Father Paddy Griffin S.J. is stationed at St. Patrick's, Melbourne. He has not yet forgotten the shape of a "footy." Paddy once was a demon forward of 'View's XV. He was a demon at some other things, too, like Class Championships.

C. J. Hayes, of Millthorpe, has equalled the Bowler record by having three sons at 'View this year.

Bill Hogan was married, during July, to Miss Phyllis Crommelin, daughter of Mr. and Mrs. Crommelin, of Yass. "Ad multos annos."

L. A. B. Hogan and **J. Hogan** are both to be congratulated on passing their Final Law Examination.

Paddy Kelly visited us more than once during the year. Paddy is a most successful doctor, and may be seen at Wickham Terrace—the Macquarie Street of Brisbane.

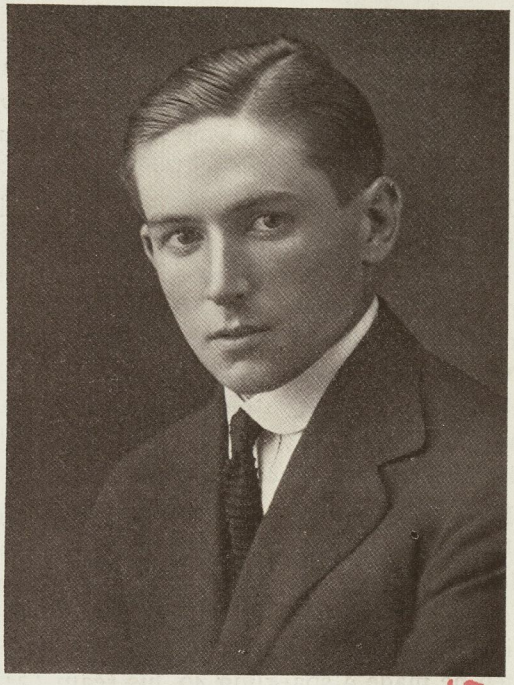

Jack Kelly, who has been sliding notes across a bank counter at Toowoomba for some time, has lately retired to his mother State, and has become very popular in Bathurst.

Joe Loughnan paid a visit to the College in September. Though his stay in Sydney was brief, he found time to visit his Alma Mater. Unfortunately it was vacation time, and few were at home when Joe came. One of his brothers, **Father Basil Loughnan S.J.,** should be soon on his way to Australia. **Louis,** a younger brother, also a Jesuit, is studying for the Priesthood at Milltown Park, Dublin.

Dr. Jack Lentaigne makes war on the microbes of Bangalore. Report has it he swears by Greek now, not at it, as in the brave days of old. He likes to know all about his old College, too, especially about a certain strong left.

Bernie Leonard, when last heard of, was on his way to Goondiwindi to take up land. He has been jackerooing for several years.

Ossie Landers is jackerooing in the "Never Never," 200 miles from Oodnadatta.

J. CORRY. 15 15
Winner of Conspicuous Effort Prize (I. Division).

Lionel McDonald renewed the acquaintance of his Alma Mater at one of the Sunday holiday cricket matches. He is a keen O.B.U. follower. He is a D.C.M., I'm told. Another of our very modest heroes. His shadow is growing bigger, too. May it never grow less.

Joe McLaughlin is a married man and legal adviser to many in Rockhampton. **Jack** is away west on the land in the direction of Barcaldine.

Herbert MacIntosh also represents 'View in Rockhampton, in a business, and is doing well. Good luck, Herbie, the old place thinks of you still.

Father Maurice McKenna has been appointed to the large and prosperous district of Rosewood. We are sure that Rosewood will rejoice in his oratorical powers.

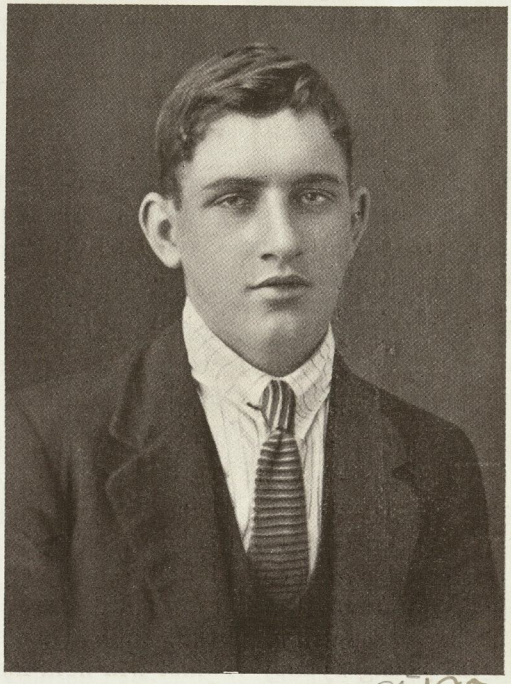

Dr. John McEvoy is practising at Murwillumbah. Jack came to see his old College again, and was quite satisfied that 'View was just the place for his son. The editor knew him in his boyhood days, and found him just the same block of good nature, though, naturally, more imposing.

Will McDermott is one of our representatives at Lismore; a married man, and with his father in business. Bill has a large stock of yarns about the good old days at 'View. They are most illuminating—for the Staff.

Harry McArdle S.J., is at Milltown Park preparing for the Priesthood.

Frank, his brother is on a station in N.Z. He lately came to Sydney and followed some of the footy games. The 1st XV. desires to thank them both for a most enjoyable dinner and theatre night.

Luke McAlary still works away at "Milawa," and gets a lot of fun out of life. He once was over in the trucking yards (temperature 106 degrees). Luke, the sweat rolling down profusely, was vainly, though re-

peatedly, trying to truck an obstinate and clever old ram; for every time he got him up the race and into the truck, and left him there to go after the rest of the mob, the old ram got away. "What's wrong, Luke?" said someone who saw him "punctured." "Having trouble with the sheep?" "It beats me," replied Luke, "collapsingly," "how Noah ever got these beggars into the ark."

Dr. W. McDonald has commenced practice at 283 Elizabeth Street. He has also been blest with a son and heir.

Jim McKay.—Early in the year, Rev. Father Eviston, of Wellington, united in the holy bonds of matrimony, Lieutenant James McKay, to Miss Josephine May Crick, the daughter of Mr. and Mrs. John Crick, of Stuart Town. Jim wrote to us lately, and is battling away with the troubles of Station life. We wish them both heaven's blessing on their future.

Harry Manning appeared for the Crown in the recent I.W.W. Commission. Harry was a distinguished cricketer at 'View, and captained his team to success in many an inter-school contest.

J. E. Furneaux Mann.—On March 12th the Full Court admitted James E. F. Mann, M.C., B.A. (Sydney and Oxon.) as a member of the N.S.W. bar.

Roy McCarthy.—On March 12th, the Full Court admitted, as a solicitor of the Supreme Court, Henry Milroy McCarthy.

Paddy Murray.—Paddy has been elected as one of the Council of the University Science Society. Paddy is slowly, but surely, growing into professorial shape.

P. Moore MacMahon is at present studying in Geneva, under Szigeti, who predicts that the young Sydney violinst will hold his own on any concert platform in Europe. Meanwhile Mr. MacMahon is to do occasional concert work in Swiss cities ("D.T." —March). Paddy is in the land where one pays 2s. 6d. a pound for sugar; 85s. for boots; and 20s. a day to keep body and soul together.

D. Monahan is doing Law at the University and fills up his spare time in the offices of A. G. McLachlan & Co., Dalton House, Sydney, where he hopes to get a practical knowledge of things legal.

W. D. (Sport) McEvilley, comes down to Sydney from time to time. His old enthusiasm for boxing and physical fitness still calls him away from country life.

Mark McCrae may now be found in Albury. He has gone into Dalgety's. I am told he bids fair to become an Australian Woolley in cricket. His greatest hit as a 'View cricketer was the 1919 King's match, when he made a sparkling 40, his team (241 for 3 wickets) winning by 7 wickets and 5 runs.

Colin McKillop S.J. has put on a heap of energy. He visited his old College during the Xmas vacation. Of course, he made for the water. Colin is at Xavier, and amongst his many activities there finds time to don the khaki for his country's and Xavier's good.

Ken. McKillop S.J. is at Milltown, on the straight road to ordination.

Allan Oxenham secured his University Blue this year for football.

Fred Page came more than once to see us during the year. Unhappily Fred came South not for pleasure; but we are glad to hear that the poor eyes which have been troubling him so much, are getting better.

Virgil Power, sturdy as ever, but grey and of serious mood sometimes, is the father of a growing family. **Joe** is fruit farming at a rich and beautiful spot on the Blackall Ranges. **Harold** is still at the Sydney University, and pays the College a visit from time to time.

Eugene Perraud.—We received word of the marriage of Mr. Eugene Perraud to Miss Yvonne Lambert, at St. Joseph's Church, Le Havre—(25th November, 1919).

Ted. Real is a member of the legal fraternity and is one of the leading lights of his profession in Brisbane. Ted. made a visit to 'View in the course of the year.

Percy Rogers, another Queenslander, now resides not far from Riverview. Percy and his wife came back to the scene of his schooldays, and like all old boys, admitted that there were no days like the old days, and no place like 'View.

Dr. Sydney Rorke.—It looks like old times to see the familiar name in N. Sydney again. Syd. is living the old school days over again, and is a close follower of 'View's sporting fortunes.

Dr. Fred. Rorke.—Fred. has gone to Hughenden. We hope it doesn't rhyme with "Stewenden" up there. But 'View will not forget a young and clever footballer in the early tens. Fred. would, I am sure, give something to see the old games again.

Frank Synott has said good-bye to his studies. He has settled down in a land flowing with milk and honey at Yenda. We send our sympathy to Frank and other members of the family at the recent death of their mother (R.I.P.).

After the Armistice, the ivory keys, under Frank's skilful touch, often poured out sweet music for "the Sentimental Blokes." Good luck to you, Tom. When it's "adagio," remember there will come "il furioso"; and when it's "allegro," look out for "andante."

Tom Swift is determined to see that Brisbane clock time will be up to solar time. He is with his father in business. Tom was a rep. in rowing (now we know why he kept such good time), and he was also a dashing forward at 'View. Tom always had a lot of spring in him.

Ossie Stenmark has a large dentistry practice at Warialda. Ossie astounds the natives with bat and ball, and is no mean thing with the tennis racquet. He is also very prominent in Catholic Federation work. He frequently corresponds with his Alma Mater.

Bill Sulway looks very busy in Sydney town. Bill takes a great interest in the Old Boys' Union.

Norman Strelitz, who is now at Wagga Experimental Farm, has, we are told, got on very well. He has been doing big things in sport. He won the Championship in the Heavy-weight Boxing Competition. He came second in the 100 yards sprint; third in the broad jump (18ft. 2in.), and second in the shot, putting it 37ft. 5in.

Gordon Nash may be seen about the city looking very formidable behind a pile of briefs. Gordon is a solicitor now. May his career be a bright and "brief" one.

Fred. O'Rourke is a well-known legal man. Though Fred's hair has gone, he still has the consolation of the wig. This is denied to another hard-working Queenslander.

Dr. McKenna.—What a pity the doctors cannot have wigs like their brothers in the law!

Father Tom O'Mara S.J. is breathing his native air once more. He once had the work of the present unfortunate editor. His productions were remarkable for their artistic success. The record 3rd XV, of unbeaten fame, also sheds glory on him still from the 2nd Division billiard-room wall.

Robert Emmet O'Halloran, one of our most distinguished schoolboy debaters, is devoting his controversial talent to his country's good in the higher circle of politics. Bob is now an M.L.A., having secured one of the Eastern Suburbs seats at

the last elections. For a number of years he has been in charge of the Deceased Soldiers' Estate Department in the Public Trustee's Office. We congratulate Emmie on his parliamentary success. He is genuinely enthusiastic about his old School.

Jim Thom came down from Temora during the football season. He was at the famous S.G.S match. He gave us a brief, but thrilling account of Country football. Jim was a great hook at 'View; he is now a back. Jim is a great business man, too, but not a bit less unassuming than at 'View. He believes in forward play where business is concerned.

Nicholas Veech.—Amongst the list of April functions there was announced the marriage of Mr. Nicholas Veech, eldest son of Mr. and Mrs. Veech, "Mountain View," Wellington, to Miss May Allen, the youngest daughter of Mr. Allen and the late Mrs. Allen, "Allendale," Randwick. "Nick" was "some" left-hand bowler in his day at 'View, and made his weight felt on the old footy field. We wish both of them a long and brilliant innings, begun so happily by Father Fleming and Father Bryant, at the Church of Our Lady of the Sacred Heart, Randwick.

Ernest Veyret.—Another marriage took place on the 9th October, at the Cathedral of Noumea, between Miss Olga Constans and Mr. Ernest Veyret. We hope that this will be a record V.C.

C. B. Wilkinson.—We notice among the list of those successful in the Final Law Examiation the name of C. B. Wilkinson. Your Alma Mater congratulates you, Clive, and wishes you a very successful future.

Gladstone Ward.—In the N.Z. "Free Lance" the wedding was announced of Mr. Gladstone Ward, the third son of Sir Joseph Ward and Mary Ward, to Miss Sophia Hart, of Jerusalem.

Wally Wall may be found at Katoomba. A friend of his informed us that he was still keeping up his football. Wally was half in the 1914 XV. that drew with the then premiers, T.K.S. T.K.S. had beaten every other team.

Jack Webster.—Congratulations to Mr. and Mrs. Jack Webster, who were blest this year with a son and heir.

REQUIEM MASS.

On Wednesday, November 3rd, at 10.30 a.m., the Annual Solemn Requiem Mass for the repose of the souls of the Riverview dead, was celebrated in the College Chapel.

The officiating ministers were—Celebrant, Rev. J. Healy S.J.; Deacon, Rev. R. Murphy S.J.; Sub-deacon, Rev. J. Craig S.J. The Rev. W. O'Keeffe S.J., was the Master of Ceremonies. Mr. Caspers presided at the organ, and Rev. F. O'Brien S.J. conducted the Choir.

In the Sanctuary were the Hon. T. Dalton, K.C.S.G., and the Hon. Lane Mullins, K.C.S.G.

Amongst those present were—The Hon. Thomas and Lady Hughes, Captain Geoffrey Forrest Hughes, Mrs. d'Apice, Miss Letty McBride, Mr. A. Oxenham.

The Rev. T. Walsh S.J., delivered the occasional sermon. His words rang out the message of Christian hope in the midst of human sorrow, from his opening text—"I am the Resurrection and the Life, He that believeth in Me, though he be dead, shall live (John XI., 25)," until his final appeal to his hearers to pray to Him who was so soon to be sacramentally present amongst them, and Who is the Resurrection and the Life that those whom they loved might enter into eternal rest.

The organ pealed out the message of human sorrow as we left the church. God's sunshine without changed that sorrow into joy, and the Requiem became a sweet remembrance plucked from the passing hand of hurrying time. "WORSHIPPER."

1st DIVISION.

Sunday, 22nd February, 1920.—"Mock Trial." To-night the S.I.C. Social Club gave its first entertainment in the presence of a large and enthusiastic gathering.

The main item of the evening was a "Mock Trial." The case before the Court was one in which everybody seemed highly interested. The accused was Vincent Paderewski. The President occupied the Bench; the Jury was composed of Messrs. Davey, Crammond, McGrath, and McDonagh. Mr. Macken acted as Clerk of the Court, and Mr. Willet appeared as Crown Prosecutor.

On opening the case for the Crown, the Prosecutor said that the accused was described as an amateur musician and a professional nuisance, and that he was charged with having unlawful association with the piano and gramaphone, and further that he was found maliciously attacking certain soap factories on the Lane Cove River.

Accused, when escorted to the dock by Constables MacDermott and Edwards, showed considerable resistance, but was eventually secured.

Detective Corry, in his evidence of arrest, stated that he had followed the accused and had observed him purloining jewellery, musical instruments, and snatching handbags.

Evidence was also given by an able member of the police force in the person of W. Fennell, who said accused was in the habit of rowing about disguised in black gloves.

Although the prisoner put up a sturdy defence, the evidence was too convincing; so, after a long discussion, the Jury found him guilty, and imposed a fine of 1s. 6d. for charges and 1d. for violence shown in the Court; total sum, 1s. 7d. It was noticed by all that the prisoner was utterly crushed and crestfallen as he left the box.

Mr. Macken then obliged the house with an amusing description of the "Colonel's Home Life After the War." This was very much appreciated.

The house then adjourned.

Sunday, 29th February.—Concert. The first item on the programme was a reading by Mr. McDonagh, entitled the "Manual of Education." Mr. McGrath then obliged the house with a song—"The Vamp," which was received with great applause. Mr. Dudley Strelitz gave a fine rendering of "Till We Meet Again," on the clarionette; this also was applauded loudly. The remainder of the programme was curtailed by the lack of time, so the house was adjourned; proposed by Mr. Kelly, seconded by Mr. Best.

Sunday, 28th March.—"Mock Trial." The officials were as follows:—Judge, J. Guinane; Crown Prosecutor, V. Willett; Clerk of Court, J. McDonagh; Jury: C. Hayes, C. Morrissey, M. McGrath.

Case I.—R. Optimus: Charged with having pretended to be one of the A. U. football selectors; also that he used fraud to obtain his position as Second XV. Committeeman by bribing 12 to vote for him. Found guilty and fined 9d. and 1d. costs.

Case II—Vincent Paderewski was again charged with causing nerve-racking strain to members of the First Div. by trying to reach note "E" in octave "P" in Paderewski's Classic. Fined 1s. 3d.

Case III.—J. Theoipantes: Charged with purloining 1st Div. paper every morning and thus causing serious loss to certain big "punters" and stock owners. Not guilty. The house collapsed.

May 10th, 1920.—Regatta Concert. The Duel of Death. (By J. Macken)

Dramatis Personae:

Cowper - - -	J. Macken
Klatcho - -	M. McGrath
Marmaduke - -	J. McDonagh
Grenfell - - -	R. Crammond
Fer de Bras - -	J. Guinane

Scene I—The first scene is in the garden of a Paris Hotel. Fer de Bras and Klatcho (Frenchmen) are taking refreshments at a small table; so are Cowper and Marmaduke, English "swanks". Marmaduke, clad in the latest fashion with a rainbow coloured tie and small cane, is a great boaster and an "awful Gussy." He begins to criticise the place and Frenchmen in general just loud enough for his French neighbours to hear. He is warned several times by Cowper, but is heedless. Making merry, he goes over and tickles Fer de Bras' ear with the stem of a flower. Of course Fer

de Bras is highly insulted, and says in very broken English, "Monsieur! You to me have given the insult. I do challenge you to a duel the morning tomorrow at six hours and a half"!

Klatcho, who understands and speaks English better than his companion, remains to arrange the duel, and informs the Englishmen that Fer de Bras is the champion duellist of France. Now the fun commences.

When Marmaduke fully grasps the meaning of a duel and that he has to get up in the cold and early dawn, he is nearly demented. The idea of touching the cold steel of the revolver terrifies him, and he asks what he will do if it goes off. Here Grenfell, a friend of Cowper, comes along, and both succeed in persuading Marmaduke to meet them in a neighbouring reserve to practice at 5.30 a.m., an hour before the appointed duel.

SCENE II.—A Wood. Cowper and Grenfell are waiting patiently, during which time they decide to have the duel fought with swords should anything unforseen happen to the pistols. At 6 o'clock they see Marmaduke drag himself on to the scene, his morning attire concealed by an overcoat and muffler, and over all a big rug. He stoutly refuses to part with any of these, and shrinks in horror from the cold steel pistol in spite of their frequent requests.

The pistol rehearsal is screamingly funny; but the sword rehearsal is beyond description. Cowper and Grenfell find their pupil quite incompetent, so not wishing to see him killed, they decide to hang a big stone from the bough of a tree overhead. Marmaduke approves most heartily of the idea and affirms most emphatically that he is afraid to fight. His fervent request to his two friends is that they make certain to drop the stone on Fer de Bras the moment he steps beneath it.

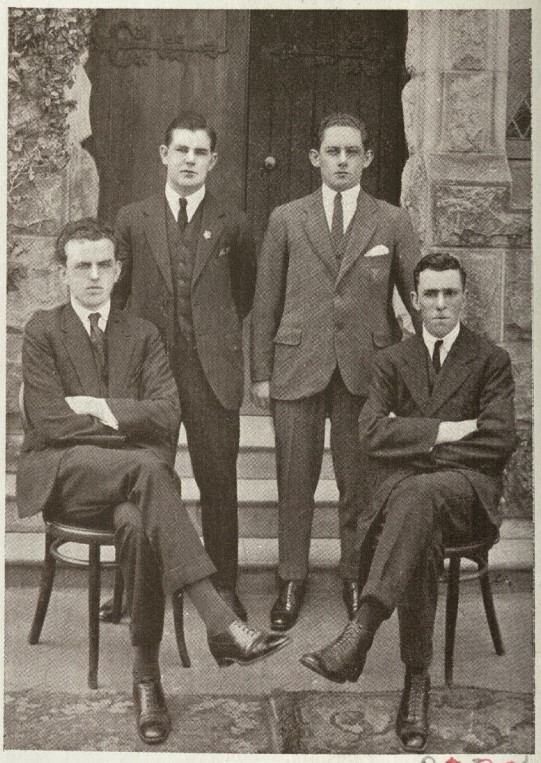

Sharp at 6.30 a.m. Fer de Bras and Klatcho arrive. The duel is commenced after many protestations and much reluctance on Marmaduke's part. The pair stand back to back. The "seconds" give the words "Three paces, turn and fire." Fer de Bras steps out smartly, turns like a shot, pulls the trigger, but the revolver doesn't act. His opponent is still shivering on the spot, complaining of the cold pistol and protesting against having been brought out of bed so early.

It is now decided to have swords, which the Frenchmen provide, as the Englishmen provided the pistols. Words fail to express Marmaduke's consternation now. The idea of taking off his coat and rug on a cold morning is preposterous. Whilst Cowper and Grenfell are divesting him the house literally shakes with laughter. At last they have him stripped to his singlet, and give him the sword, which he drops as though it were red hot. He is terrified and keeps up a continual series of objections to fighting. At last he accepts. The two face each other. Fer de Bras shows wonderful skill and precision in his thrusts. but Marmaduke, in his terror, takes huge leaps and "swishes" his sword up and down in the air electrically. Very soon he is breathless and takes shelter for a few seconds behind Grenfell. Then off he starts again, even more vehemently than before. By this time the house is rocking and screaming with laughter. However, Marmaduke is in a dangerous position, and just as Fer de Bras is in the act of making a sure death-thrust a large mysterious stone falls on him, and the curtain drops.

Sunday, June 6th, 1920.—Musical Evening. This was the first entertainment after the holidays.

Sunday, June 20th.—Colts' Concert. The first item, which was very loudly applauded, was a Piano Solo by V. MacDermott and J. Edwards, entitled "Chopsticks." After a song by Mr. Roarty, who was ably assisted by Mr. Kelly, came a Recitation and Reading by Mr. Sheldon, and Piano Solo by C. Fitzgerald. Mr. Fennell's song was the star performance of the evening, and although deafening applause was given, he blushingly declined to give an encore.

Sunday, July 11th.—Critique. Musical critic, R. Sheldon; Debate critic, V. Willett; Mock Trial, J. Godsall; Social Club, B. Todd. The President, J. McDonagh, and J. Guinane spoke from cross benches. Mr. C. Hayes carried out the duties of chairman.

II. Division.

Committee :—W. Sheldon, H. Godsall, C. McDermott.

On Tuesday, August 17th, the Second Division Debating Society made rather a late but a very satisfactory opening. Not a very long time was given for preparation. The Opposition were perhaps eager to hasten proceedings, for the motion was a practical one, namely :—" That the continuance of the present system of compulsory military training is advantageous for the Commonwealth." This motion was introduced by the Premier, Mr. Sheldon, supported by Messrs. McDermott, Hayes, Maher, Lipscomb, and Blackall. Mr. H. Godsall led the Opposition, in which were Messrs. Roset, Murray, K. Dalton, E. Godsall, and

E. Card. The speeches were carefully prepared, and when one remembers that none of the speakers had appeared before, the delivery was surprisingly good. In spite of Mr. Sheldon's earnest appeal to his audience, not to be swayed by affections or prejudice, or perhaps because of Mr. Godsall's calm exposition of the practical inefficacy of the system, the motion was lost by 19 votes to 8.

We were pleased to find Rev. Fr. Rector, Frs. McCurtin, Healy, Pigott, and O'Brien among the visitors. At the conclusion of the debate Fr. Rector congratulated the speakers and gave them some points on the procedure of debates.

On October 25th the Debating Society met for the second time. The question for discussion was " That prohibition of alcohol is a sound means for the betterment of a nation." This motion was set as a subject for debate, rather to afford an opportunity to the boys of looking at prohibition and of getting to know it for the thing it is than for any tendency amongst us to become prohibitioners.

Mr. Godsall was Premier, and was supported by Messrs. Walsh, Maher, Foley, Riolo and McDermott. The Opposition was led by Mr. Sheldon, who was helped by Messrs. E. Godsall, K. Dalton, Lipscomb, and R. Murray. Mr. J. Hayes was absent from the Opposition owing to illness. The debate produced some good speeches, though, with the exception of the Leader, the Opposition was disappointing. The members of the Government made good speeches and were particularly clever in the cross questioning. This won them the vote, and on the debate they certainly deserved it. Perhaps the most pleasing feature of the debate was the success of two who were making their first appearance—Mr. Foley and Mr. Riolo. Mr. Walsh, another beginner, had a clever speech, but spoiled its effect by a bad delivery.

We wish to thank Fr. Rector and other members of the community for their attendance, which does much to help towards the success of our Debating Society.

III. Division.

The enthusiasm for debating evinced by the First Division during the early part of the year was contagious, and the practice of allowing the whole house to be present at these debates led to a desire on the part of the youngest of the house to turn their efforts in that direction.

Accordingly at a meeting of the Division under the guidance of the Prefect, a Debating Club was formed and a committee elected. The members of the committee were :—J. Clifford, P. Riolo, W. Burfitt, T. French, with E. Larkin as secretary.

The subject for the opening debate was " The Advantages of City and Country Life." We determined to hold our first session in camera.

The Prime Minister (E. Larkin) was supported by P. Schneider, L. Bell, L. Johnson, W. Burfitt, and W. McClure, all residents of the city.

The Opposition consisted of J. Clifford (Leader), L. Kirby, T. French, P. Donoghue, E. Thomson, A. Corry—representatives from country constituencies.

The Prime Minister, in opening the debate, stressed the manifold opportunities of education in a city and the utter impossibility of adequate education in the country. He emphasised also the conveniences of the city. His best supporter, Mr. L. Bell, dwelt on the necessity of a centre for the export of materials from the country and the need for a centre of manufactuory. He developed well his point of centralisation.

The Leader of the Opposition (J. Clifford) brought under notice the impossibility of the existence of a city without having a country to support it.

Mr. E. Thomson argued that as the country is self-supporting, and as there was a time when no city existed, the former must be independent.

The decision was given in favour of the Government by a big margin.

A Mock Trial was the next item of the Social syllabus. The officials were :—T. French (Judge), E. Larkin (Crown Prosecutor), and J. Clifford (Clerk of Courts).

In no case was any defendant represented by counsel ; perhaps the Poor Clients Act was not recognised by the Court.

After a few other cases were heard the Court adjourned

Debate :—" Boarding Schools and Day Schools " was the next subject fixed for debate. It promised to be a most interesting subject as many of us could argue from personal experience of both. E. Thomson, as Prime Minister, was supported by T. French, A. Corry, P. Donoghue, L. Johnson and P. Schneider. The Opposition comprised L. Bell (Leader), L. Kirby, R. Davis, W. Burfitt, W. McClure, and J. Clifford.

Having a little more confidence in our ability and being better versed in parliamentary procedure, we decided to give others the benefit of our weighty deliberations, and were pleased to extend to Fr. Rector, Fr. Healy, Mr. Meagher S.J., and Mr. Hollis S.J. seats on the floor of the house.

The Prime Minister opened the debate, speaking with confidence but rather rapid enunciation, he dwelt on the numerous distractions which beset a Day School boy, whilst at a Boarding School time is allotted for study which can never be interfered with. He developed the social side of boarding school life very well. His colleague, Mr. French, in perhaps the best speech of the evening, supported his leader very well, and dwelt on the opportunities for character training and punctuality. Mr. Corry criticised the Opposition for the very material attitude they were adopting in placing so much importance on amusement and the inner man.

The Leader of the Opposition, in a well thought out speech, emphasised the great value of home training, and contended that by sending a child to a boarding

school a parent was depriving him of the best means of character training. He dismissed with scorn the taunt that a day school boy was a mother's darling.

Mr. Kirby spoke of the family as being the centre of everything and deprecated its being broken up. He also touched on the po nt of health which he held could not be thoroughly safe-guarded in a boarding school.

Nearly every member of the Opposition was not loath to allow picture shows and Golden Gates, etc., out of the debate, alleging that these were only luxuries occasionally at the command of the boarding school boy.

On the motion being put to the division, the Government were defeated by 14 votes to 10.

UNIVERSITY LETTER.

H. Allen.—" Bluey " is at the Law School, but I hear that he is taking up a banana plantation at Fiji. Rowed in 'Varsity VIII.

C. Brennan.—Chris. is now a Professor in the Arts School.

D. Barrett.—Denis is doing Medicine I.

J. Bryant.—Julian is doing well in his fourth year Medicine.

H. Best.—Hal. is down at the Law School doing second year Law at St. John's.

C. and B. Coyle.—Cyril and Bill are both in first year Medicine. Billie played with the 'Varsity 2nd XV.

A. Cunningham.—" Blue " (Tony) is a well known figure in Medicine V.

B. Coen.—Barney is a well-known figure at the Medicine School; he is demonstrator in anatomy; has not been in good health of late.

V. Crowley.—" Viv " is in Medicine V.

R. Dunstan.—Russell is doing second year Engineering, and shows an interest in rowing.

W. Dalton.—Bill is in Medicine V., and is stationed at Lewisham Hospital.

H. Devlin.—Harry was once at 'View I am told; he is in Medicine II.

E. Evans.—Teddie got a credit in his last fourth year exam., and is now a shining light of Medicine V.

F. Gwynne.—Frank graduated M.B., Ch.M. after a fine course; appointed Resident at S. Sydney; well-known in Uni. sporting circles, having held various positions on the Sports Union.

W. Gissane.—" Bill " is doing second year Medicine, was in second XI. last year, probably won't play this year, owing to a bad knee.

P. Guinane.—Percy is attending the University of Queensland, and doing his first year Medicine, I understand.

P. Galvin.—Medicine I.

L. Henrys.—Laurie is going on with his medical career.

E. Kerrigan.—Eddie is also learning to build the North Shore bridge in third year Engineering.

C. King.—Cal. is now in fourth year Medicine; he is becoming very elongated, and is quite an authority on Randwick now. He is at St. John's.

P. Murray.—Pat. is doing Science, so I hear, and last year carried off Prof. Johnson's prize. He is a prominent member of the Science Society, and delivered a lecture to its members a short time ago; he still thinks in terms of " beetles."

ST. IGNATIUS' COLLEGE.

BOXING AND PHYSICAL WORK.

McDonagh, Boxing Champion.

(By "Discus")

GREAT enthusiasm prevailed throughout proceedings in the gymnasium at St. Ignatius' College late yesterday afternoon, when the annual College boxing bouts were held.

Four open contests were set down for decision, and on the afternoon's display the officials decided the College Championship for 1920. Jack McDonagh, last year's champion, was again their choice. Then followed R. Crammond, R. Campbell, C. Morrissey, and C. Hayes.

The displays were generally of a high order, and with Father Healy in charge a long programme was carried out in a remarkably short time. Mr. R. Williams was referee, and Messrs. Turner and Gray judges.

Details of the various contests are :—

A GRADE.

When R. Crammond, captain of the College football team, met C. Morrissey, also of the first fifteen, the pace was fast. Morrissey, during the opening round did most of the attacking, and succeeded in landing several blows on Crammond's body. The Rugby skipper, however, was content to reserve his strength. Crammond used his longer reach to advantage during the closing stages, and placed several stinging lefts on his opponent's body. Throughout he displayed great coolness and singular ability. The decision in his favour was popular.

Warming up as the contest went on, C. Hayes and B. Kelly were seen at their best when the last round was drawing to a close. The superior condition of Hayes became manifest, and at its conclusion he was declared the winner.

Sturdy McDonagh's Win.

The result of the J. McDonagh-J. Correy bout was never in doubt. Thick-set and with surprising natural ability, as well as possessing science, the College champion meted out severe punishment to Correy, who, however, never flinched.

The last bout in the senior division had an abrupt ending. R. Campbell landed a blow on the solar plexus of his rival, F. Cox, during the first round, and scored a knock-out.

LOWER DIVISIONS.

Contests among the junior lads were exciting, and the standard reflected much credit on the work of Mr. Gray, the boxing instructor.

In the paperweight division C. O'Riordan proved too good for P. Schreida.

Among the midgets, Horrigan had a narrow win over A. Kirby, and K. Kelly beat E. Raphael.

In the mosquito class, G. Bell had a popular victory over V. Catip.

PHYSICAL WORK.

Awards were also made for physical training, and the lads gaining places were :—

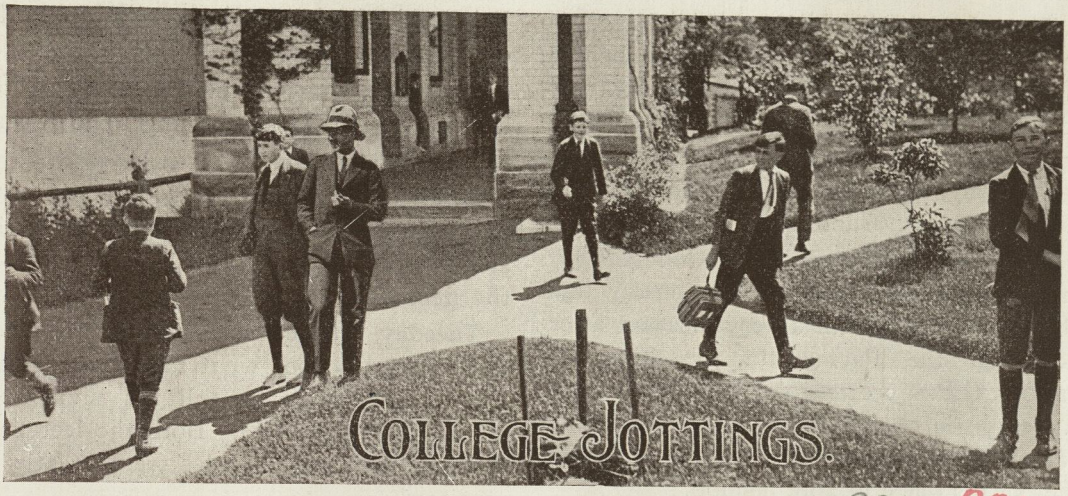

A Division.—R. Campbell 1, Sheldon 2, Thompson 3, Fitzgerald 4, Hayes 5.

B Division.—McDermott 1, Brunn 2, Murray 3, Lipscombe 4, Quilty 5.

C Division.—Johnston 1, K. Fitzgerald 2, Bell 3.

Wednesday, February 18th.—The long-expected results of the Intermediate exam. came out. Clusters of humanity quickly accumulated round the papers. Plaudits and hozannas resounded on all sides. The Prefect of Studies publicly eulogised the class and congratulated them on the results obtained—another record for Riverview. He concluded by granting them a holiday. Bravo! They well deserved it.

Sunday, February 22nd.—Why that studious look? The first weekly exams. of the year.

Saturday, February 28th.—The cricket competition commenced with a brilliant victory for the Firsts. Congratulations to the team in general, and to Charlie Morrissey—a century!—in particular! Alas! the river was too far away.

Sunday, February 29th.—Our projected G.P.S. Rowing Teams put in some practice under the eagle eye of Mr. Furlong. Youthful critics assembled along the foreshore, with an air of omniscience, and announced that "We'll take some stopping."

Friday, March 5th.—Physical Culture Classes begin. We make our first acquaintance with Mr. Turner—our genial instructor.

Thursday, March 11th.—Three otherwise highly respectable members of the Second Division are accused of becoming "star-gazers." After tea they were seen making their way towards the observatory, where Father Pigot initiated them into the mysteries of the heavens, and gave them a formal introduction to Saturn, Jupiter, and other members of the celestial globe trotters.

Friday, March 12th.—The Riverview Army Corps, in massed battle array, accoutrements glittering in the sun, and kettle-drums beating a lively tatoo, sallied forth upon the first route march of the year.

P.S.—A tortuous line of foot-weary, travel-stained, and dust-bedraggled warriors passed down the avenue towards dusk. They were not Ted's cows; they were the Riverview Cadets.

Monday, March 15th.—The Annual Retreat begins.

Wednesday, March 17th.—After breakfast the Retreat ends, and St. Pat's Day begins. Second Division play their first City v. Country Cup match. City easy victors.

Thursday, March 25th.—Second Division have a regatta rehearsal. The thunderous discharge of Mr. Conlon's blunderbuss gives the crews terrible starts.

Saturday, March 27th.—Regatta Day dawned in pouring rain; and set in a perfect evening.

Thursday, April 1st, 1920.—Al. King, the well-known boxer, gave a boxing display, and Shimu, the famous ju-jitzu expert, treated us to a wonderful exhibition of Japanese wrestling.

Saturday, April 3rd.—Easter and the holidays are here. "Gaudeamus igitur."

Saturday, April 10th.—The College Rowing Authorities chartered a launch, and about fifty boys spent a very pleasant afternoon on the Parramatta, watching the various G.P.S. crews going over the course. J. Corry—in charge of the aftrenoon tea department—discharged the heavy resonsibilities of his office in able fashion.

Saturday, April 17th.—All Schools' Regatta. A most enjoyable and exciting afternoon, marred only by the unfortunate foul in the eights. Jack Guinane distinguished himself as a first class artist on the megaphone.

Tuesday, April 20th.—Farewell Rowing Season, 1920! Success and failure, satisfaction and disappointment, gloom and glory so strangely intermingled.

Tuesday, April 20th.—Football begins. Owing to the late arrival of the necessary material, many wierd costumes are worn—football, cricket, rowing and running apparel, going in some cases to complete the outfit.

Friday, May 7th.—After a hard week's exams., what ho, for the holidays!

Tuesday, May 31st.—Good-bye holidays! You were fine while you lasted!

Mon., June 7th.—Great news! We are to have an extra twenty minutes in bed for the rest of the winter. What's gone wrong with the clock?

Saturday, June 12th.—Despite the ravages of influenza, the Firsts scored a brilliant win over T.K.S. by 22-0.

Sunday, June 13th.—The Firsts and Seconds received some useful football hints from Doctor Moran and the Burge brothers.

Tuesday, June 15th.—"God Bless the Prince of Wales!" We have two and a half days' holidays.

Thursday, June 17th.—The boys return by the 8 p.m. boat—talking theatres and international football.

Sunday, June 20th.—Football Sports on first field—passing, dribbling, sprinting, side-stepping, etc. Football spots came off the field.

Tuesday, June 22nd.—This afternoon most of the school went into town to hear Lieut. Billyard-Leake tell his vivid story of the Zebrugge Raid. Both the lecture itself and the lantern slides were greatly appreciated.

Wednesday, June 30th.—"An intellectual afternoon." The upper classes witnessed a performance of "The Merchant of Venice" at the Playhouse Theatre.

Saturday, July 3rd.—The—for us never-to-be-forgotten—football competition of 1920, commences with three victories against Newington at Stanmore.

Sunday, July 18th.—After the exams., the rain precluding all out-door sport, we had half an hour's Concert in the Study Hall. Caruso, McCormack, Melba and other great artists performed—by gramaphone.

Saturday, July 24th.—The School witnessed the first match played by the redoubtable "All Black" footballers against N.S.W. The chests of those hailing from New Zealand were noticed to expand several inches.

Monday, July 26th.—There is something in the wind! Entries are being made in several black note-books, and much cash seems to be changing hands. Two masters are leaving us for Ireland shortly.

Tuesday, July 27th.—After supper tonight, Kevin Dalton presented Mr. Conlon, the retiring Second Division Prefect, with a parting gift from the boys of his division. The ceremony ended with cheers and the singing of "For he's a jolly good fellow!"

Wednesday, July 28th.—This afternoon there was an exodus to Hunter's Hill to see the thrilling game between S.J.C. and S.G.S.

Thursday, July 29th.—Mr. McArdle S.J., and Mr. Conlon S.J., left us for the old country. They were given a great send-off by the School assembled on the College wharf.

Friday, July 30th.—Our Debating Team defeated St. Joseph's.

Saturday, July 31st.—St. Ignatius' Day. Our five representatives in the All-Schools' Teams took part in the practice game at Rushcutters' Bay.

Saturday, August 7th.—The day of days! 'View v. Grammar at Rushcutters' Bay. A Homeric battle, with both sides acquitting themselves as heroes. The match is summed up by the "Referee" as "the finest game for years."

Tuesday, August 24th.—Riverview was honoured by a visit from His Excellency, the Apostolic Delegate, who officiated in the Confirmation Ceremony. We then assembled in the Study Hall, where His Excellency was welcomed to the College by Father Rector and the Senior Prefect (Cliff Hayes). In a happy speech our distinguished visitor returned thanks, and we learnt the good news of there being no more class that day.

This afternoon the finals of the Club Colour Competitions were played. They were keenly contested, as, besides counting for the shield at the end of the year, a handsome cake had been promised to each of the winning teams.

Thursday, August 26th.—Second term holidays commence. The Queenslanders sat for their last exam. twenty minutes before the others, and were thus enabled to get the 1 p.m. boat—much to the envy of the New South Welshmen.

Wednesday, September 15th.—The first day of the last term.

Thursday, September 14th.—The athletic season commences. Spiked shoes are given out, and an aroma of embrocation begins to permeate the Division.

Monday, September 20th.—"The new order changeth, yielding place to old," as somebody in Certif. II. appropriately misquoted. Henceforth we greet the morn at 6.20 instead of 6.40 a.m.

Saturday, September, 25th.—A team of Botany Harriers came up to compete in an Athletic Meeting against our G.P.S. Team. Our boys were successful by 31 points to 28½.

Monday, September 27th.—The handicappers come in for their usual share of criticism, with the publication of the handicaps for our Sports next Saturday.

Saturday, October 2nd.—One of the most successful Sports Meetings ever held here. Despite the counter attraction of the Derby, a large number of friends and relatives came up and in the events themselves, no less than six records were broken.

Monday, October 4th.—A sensation was caused by the news that a member of Second Division had, during the last term holidays, backed what turned out to be the two winners for the Epsom and the Metrop. respectively.

Saturday, October 9th.—All-Schools Athletic Meeting on S.C.G.

Friday, October 15th.—To-night our Debating Representatives were defeated at the hands of S.C.E.G.S., Mr. Windeyer, Mayor of Hunter's Hill, acting as adjudicator. The question was "Socialism—it's efficacy or otherwise"—and the opposing speakers raised a hornet's nest when they mentioned Queensland, as all of our three representatives came from that State.

Monday, October 25th.—The question of Prohibition is convulsing Second Division, and the debate is attracting numerous members of First Division, as well as masters, to watch the thrust and parry of argument.

Sunday, November 1st.—E. Hayes and F. Dunstan, the dwarf forwards of the 2nd XV., appeared in the College Blazer. Congratulations to the two who won their games through the whole season against fellows twice their size.

Wednesday, November 15th.—The White Club beat Blue Club in A grade cricket by 3 runs and 7 wickets.

We received the following sensational news:—A 3rd Divisioner, when asked to give a sketch of St. Stanislaus in eight lines, drew an outline of a stone-age Saint within the prescribed space.

Thursday, November 11th.—Sudden disappearance of pontoon for no apparent reason. Sudden appearance of "Porp" looking as if he had lately been submerged. What was "Porp" at? Detective Hughie has his own surmises; for when the pontoon was raised, he noticed that it had been much battered, as if from a disastrous collision. Perhaps the College elephant was having a bath.

Saturday, November 13th.—The 1st Div. Oval was a scene of prolonged and excited shouting and noise for some forty minutes. What was up? Only "our Bill" knocking up 80 runs in those forty minutes, and winning another sensational victory for 'View. 'Twas cricket this time. "Bill" was afterwards carried off in noisy triumph.. "Footy isn't in it," was the general verdict.

Tuesday, November 16th.—Congratulations to "Enos" for being picked in the All Schools' Eleven. He also got his footy badge for representation in the All Schools' XV. Another Riverview record.

Thursday, November 11th.—Hard fight for physical culture prizes. The feelings of one unsuccessful enthusiast were briefly described thus—Cradle Rock (stiff luck), Hips Firm (worse luck), Adoration (abomination). E. Card, N.Z., champion boxer, B grade; J. Clifford, N.S.W., C grade.

Thursday, November 11th.—The anniversary of the cessation of the war. Mass was offered up for the heroic dead. Boys paid a special visit to the Chapel.

Wednesday, November 10th.—"The Study Prefect," a correspondent, writes, addressed us so feelingly on the erratic mobility of books, which left the shelves of the library never to return, that many of the students were moved to tears, and not a few were carried out in a state of absolute exhaustion.

The "Oracle" for the 1920 Leaving Certificate was elected, and "Tutti" was chosen unanimously. It was a happy choice, for he has the reputation of last year's oracle, whose utterances were all remarkably true. Unfortunately, however, we could only obtain them when time had already solved the problems. Something was wrong with the communications.

Sunday, November 28th.—The Boy Prefects desire to record their heartfelt thanks to the Old Boys who kindly financed "The best day they ever spent at 'View.'"

Thursday, November 12th.—After the physical culture and boxing competitions, we received the following report from one of those present:—"Mr. Turner, in a short speech, wished those who were coming back next year a safe return. We do wish Mr. Turner would not wake up the fact that holidays must come to an end!" Then he added—"He forgot to congratulate those who were leaving." Who would, we ask. The editor has never yet met a Riverview O.B. who did not proclaim—No days like 'View days.

OUR SODALITIES.

SODALITY OF OUR LADY.

Director: Rev. R. J. Murphy S.J.
Prefect: J. McDonagh.
1st Assistant: P. Meagher.
2nd Assistant: C. Hayes.

The meetings of the Sodality were resumed immediately after the School returned from the Christmas holidays. After the election of officers, the Sodality settled down to regular work. Its meetings were held regularly during the year.

The first reception of the year took place on August 24th. It was a red letter day in the history of the Sodality. His Excellency The Apostolic Delegate, honoured us by receiving the new members on this occasion. The following were received by His Excellency into the Sodality: G. McEvoy, G. Shiel, M. Meagher, J. Furlong, E. Hayes, F. Dunstan, and B. Todd.

During the month of May the Sodality kept a lamp lighting before Our Lady's Statute.

The short meetings on Saturday evenings, during and after tea recreation, were resumed during the year. These meetings have been held with great regularity, and have been well attended.

An increase in the number of Sodalists who receive daily Communion, was noticeable during the year, and an increase was also noticed in the number of those who keep up the laudable practice of wearing their Sodality Medals when they approach the Altar Rails.

On November 10th, the Director said Mass for the deceased members of the Sodality. The Sodality went to Holy Communion in a body for the same intention. Before Mass the Director told the House that he was offering the Mass for the deceased members of the Riverview Sodality, and asked them to offer their Holy Communions for the same intention. Most of the boys responded to the invitation.

SODALITY OF THE HOLY ANGELS.

Director: Rev. J. Healy S.J.
Prefect: C. McDermott.
Assistants: H. Godsall, and H. Goddard.
Council: K. Dalton, D. Roset, W. Sheldon.

Meetings were held every Thursday in the Lady Chapel. Every Friday, after supper, the Sodalists paid a voluntary visit to the Chapel, and the Act of Consecration was recited by the Prefect and the Sodality.

On Saturday, July 31st (Feast of St. Ignatius) the following new members were received: A. D. Roset, F. Walsh, R. Dalton, A. Glennie, E. Godsall, J. Hayes, W. H. Carter, R. Brumm, A. McDermott, B. Dalton, H. Duff, A. Lopes, G. Mallam, W. McEvoy, J. Quilter, R. Paton.

On November 28th, the Sodality had a Mass celebrated for deceased members.

Holy Angel's Sodality—III. Dev., 1920.
Director: Rev. F. Ryan S.J.
Prefect: E. Larkin.
1st Assistant: J. Clifford.
2nd Assistant: T. French.

Towards the end of June the following new members were received into the Sodality:—P. Riolo, K. Fitzgerald, L. Bell, R. Davis, P. Schneider, K. Kelly, J. McCarthy, G. Cobcroft.

After Michaelmas holidays our meetings were frequently visited by the non-sodalists of the Division.

Practically the whole sodality have been daily communicants.

E. LARKIN.

OBITUARY.

To Mrs. McDonagh and family we offer our sincerest sympathy on the death of Dr. J. M. McDonagh. Educated at Lyndhurst College, Sydney, and afterwards at St. Patrick's College, Melbourne, the Doctor became a close friend of Riverview when Jack came to the College. He furthered its interests by his presence at all its public functions, as well as by his generous donations to its activities in field and class room. "The Dr. McDonagh Gold Medal" for greatest all round proficiency in Studies and Sport will always keep green the memory of one of Riverview's most ardent friends.

Another very generous friend to Riverview passed away this year in the person of Mr. Mat. Cranney. We offer our deep sympathy to his family in their sad bereavement.

On February 7th Mr. Bernard McBride passed away at the Mater Misericordiae Hospital, North Sydney, following upon an operation. Mr. McBride was long connected with Riverview, where he had his sons educated. We offer our sympathy to the family.

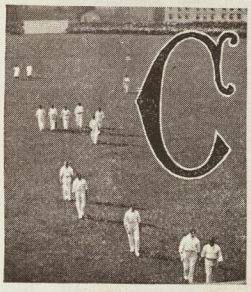

Father Tighe S.J. died at the Mater Misericordiae Hospital, North Sydney, after a brief but painful illness. Those of us who had the pleasure of listening to his splendid retreat, and later on, his brilliant lectures on the Late Great War, will feel that a true friend has gone before us. Many, too, shall miss him, for he touched human life at many points, as Priest, preacher, lecturer, social worker, and army chaplain. R.I.P.

We also have to report the death of another of Riverview's friends, Mr. William Butler. He was always a generous subscriber to our public functions, and in his will left Riverview a final token of his interest in her welfare. We offer our sympathy to his bereaved relatives.

On February 6th the following notice appeared in the "Herald":—News has been received by cable of the death of Dr. J. L. Flemming, at Twyford Abbey, England. Dr. Flemming was born in Cork, Ireland, and came to Australia with his parents when quite a lad. He was educated at the Jesuit College, St. Kilda House, and later at Riverview (St. Ignatius) College, where he studied till 1883. He then left with his brother, the late Mr. Denis Flemming, of Flemming's Hotel, for Carlow College, Ireland. Later he took his degrees for a doctor, Trinity College, Dublin. He practised in Ireland till the South African War, where he served as a special service officer, being in charge of a base hospital. At the conclusion of that war he began practice in London. Dr. Flemming was a son of the late Michael Flemming, contractor, Surry Hills, and brother of the late Father Flemming, of St. Benedict's.

CRICKET NOTES

CRICKET has been satisfactory this year; for, according to Mr. Frank Iredale's views of 1918, Riverview had to look to its young cricket for success. That young cricket, taken in hand by Mr. Frank Iredale himself, and afterwards watched by experienced prefects, is now, for the most part, our 3rd XI. This team has had remarkable success, and if its members continue to play and practice cricket assiduously, they will very likely crown their Alma Mater with the laurels of complete success in big cricket.

The 2nd XI., too, has jumped into prominence on more than one occasion. They have to their credit what is, perhaps, the most sensational match of the season, tests included. This is a good sign, as our 2nd XI.'s, though always willing, had not much to encourage them.

The 1st XI. worked with the energy that should be crowned with success. They had, however, much more than their share of hard luck. Besides, they have not yet mastered the art of quick footwork and sharp wristwork in batting; they get away from the ball, and lose sight of it. In brief, they have not mastered the essential principles of the game. Their fielding, however, was very often the theme of high praise. The bowling was at times accurate in length and pitch.

SECOND ELEVEN.

J. Furlong. R. McEvoy. J. McDonagh. J. Leese. J. Gawne. F. Cox (Vice-Capt.). R. Sheldon (Captain). J. Davy. B. Regan. J Corry. G. Bryant.

THE SECOND ELEVEN.

S.G.S. v. S.I.C.

October 30th, 1920.

Played at 'View, and won by S.G.S. by eight wickets and 10 runs. 'View batted first, and were dismissed for 36 runs (Cox 9, Gawne 9). Gard (S.G.S.) captured 7 wickets for 1 run. S.G.S. made 136 (Gawne 5 for 39). In the 2nd innings, 'View made 121 (Sheldon 57, Corry 18). Grammar lost 2 wickets for 31 in their second innings.

S.I.C. v. T.S.C.

November 6th, 1920.

Played at 'View, and won by S.I.C. by 36 runs on first innings. 'View won the toss, and Scots batted on a wet wicket. They totalled 70 (Davey 4 for 19, Cox 3 for 14). S.I.C. then batted and made 106 (Thomson 51 not out, Gawne 23). T.S.C. declared their second innings when 8 wickets had fallen for 139. 'View lost 4 for 90 in the second innings (Thomson 42, Gawne 33 not out).

S.I.C. v. N.C.

Won by 'View by 6 wickets and 2 runs.

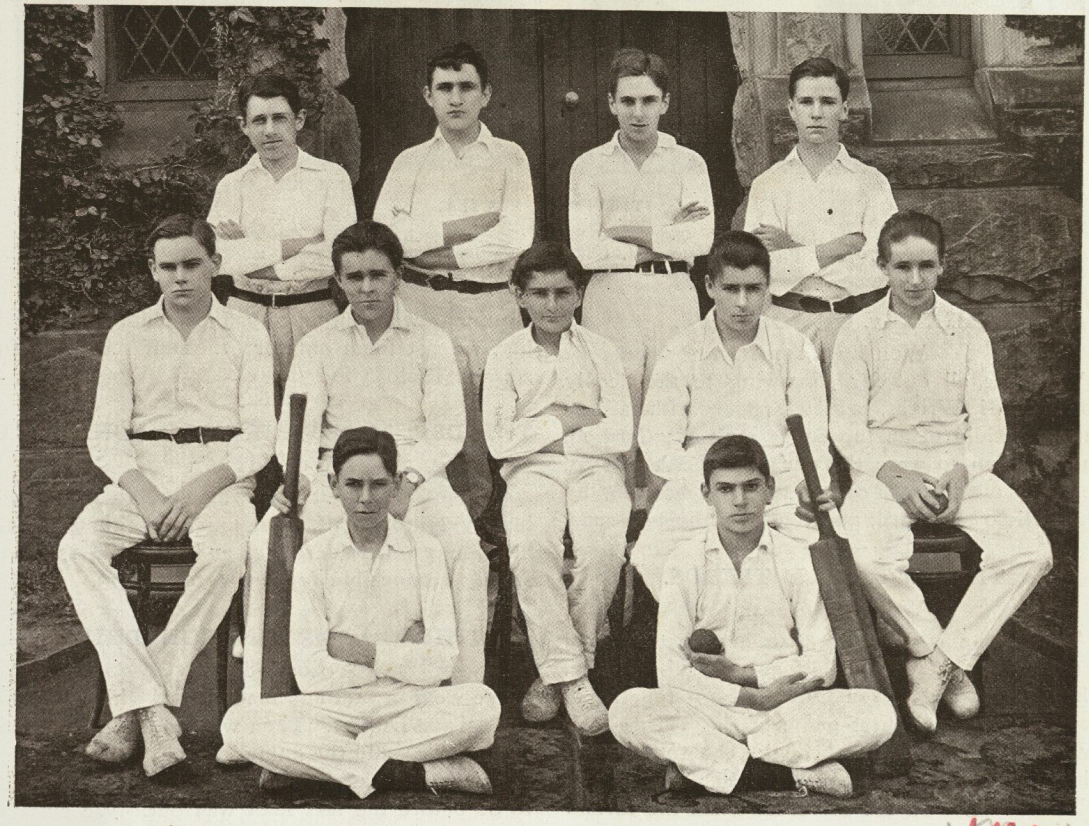

November 13th, 1920.

Played at 'View. N.C. batted first and made 121 (Leese 4 for 17). 'View made 111 (Leese 30, Sheldon 22). Newington in their second innings made 70 (Cox 6 for 20), thus leaving 'View 81 runs to make for victory, with 40 minutes play left. The winning stroke was made off the last ball of the last over. McDonagh 40 not out, and Cobcroft 30, were the chief scorers.

THIRDS v. HUNTER'S HILL JUNIORS.

We lost this match badly. Sheldon and Duff gave us a valuable start, but the team collapsed for 57. Our opponents, by vigorous hitting, made 138.

For us, Riolo, with 8 for 41, bowled very well. Duff 18, and Sheldon 15, were the best with the bat.

THE THIRD ELEVEN.

B. Campbell. C. O'Dea. A. Meehan. J. Magennis.
H. Gorddard. K. Dalton. W. Sheldon (Captain). H. Duff. E Card.
G. Mallam. P. Riolo.

THE FIFTH ELEVEN.

W. McClure. E. Comrie-Thomson. T. French. B. Anderson.
E. Johnston. P. O'Donohue. J. Clifford (Captain). C. Cobcroft. L. Johnston.
R. Davis. J. Hayes.

THIRDS v. ST. JOSEPH'S.

Won by 2 runs.

We were all out for 56, owing to the deadly bowling of Wright, a left-hander with a fine action. Riolo made top score with 15; Card 14, and Sheldon 10 were the next best. We got St. Joseph's out for 54, owing to good bowling by Duff, Riolo and Card, and thus won by two runs.

THIRDS v. S.G.S. THIRDS.

Won by 39 runs.

The Grammar School sent us in to bat and had 8 out for 55, of which Duff got a well-made 23. Then O'Dea and Byron Campbell got together—both playing their first game in the Thirds—and by sheer determination brought the total to 92, when Campbell was stumped for 26. Mallam and O'Dea brought up the hundred, when the former was caught. O'Dea was 7 not out—having played an invaluable innings for about 45 minutes. Grammar went in, and by fine fielding and bowling, we got them out for 61. Duff secured 4 for 29, and Riolo 4 for 31.

THIRDS v. McARTHUR'S LTD. JUNIOR C.C.

Won—113-67.

We got them out for 67, owing to fine bowling by Hilton Duff, who finished with 6 for 16. Sheldon 25, Gorddard 14, and Meehan 13, were mainly responsible for our total of 113.

THIRDS v. NEWINGTON THIRDS.

Lost—81-82.

We went in first and made 81, of which Sheldon got 23, and Duff 11. Then we had 7 of Newington down for 43, and the game looked ours, till Speare began to hit the bowling and brought the total to 82 before the last man was out. We suffered considerably from the absence of Peter Riolo, who sailed for Italy to-day.

THIRDS v. T.K.S.

(Non-competition.) Won—121-53.

We went in first, and, owing to a fine innings of 35 by W. Sheldon, and a vigorous one of 34 by Card, our total reached 121. King's, who won the C grade competition, failed against Kevin Dalton's bowling. He secured 6 for 9, including the "hat-trick." A word of praise is due to the excellent fielding of the team. Difficult catches were taken by Duff, Card, and Magennis.

THIRD XI v. C.E.G.S.

Lost—25-130.

Our team failed completely against Shore's bowling, and were all out for 25. Shore made 130, of which Gregory made 35, Rawling 22, and Crossman 16.

THIRD XI v. S.J.C.

Won—50-29.

We batted first and got 50, mainly owing to a fine innings by Gorddard, who made 22, and was then run out. St. Joseph's replied with 29. Kevin Dalton secured the remarkable figures—6 wickets for 8; Duff 4 for 16.

THIRD XI v. T.K.S.

Lost by 7 wickets.

Our batting failed, and we were all out for 28. King's replied with 67—Duff securing 6 for 38. Our second innings gave us a lead of 20 runs, which King's secured for the loss of three wickets —thus winning by 7 wickets.

THE FIFTH ELEVEN.

Though we had lost seven (including the captain and vice-captain), of last year's eleven, we had hopes of getting a tolerably good team together, and were looking forward to a good series of matches. Our latter expectation was not realised, for, in the earlier part of the year, only three fixtures could be arranged. Peter Riolo was elected Captain, with Jim Clifford as Vice-Captain, but on the former going to the Second Division, Jim took his place as Captain, and Eric Johnson acted as Vice-Captain.

Some of the material we had to work on was rather crude, and in one or two cases a lamentable lack of enthusiasm was manifest, but, on the whole, the members were keen, and as the season advanced, a great improvement was noticeable all round. Many had sufficient cricket ability, but patience and perseverance were wanting to develop the latent strength.

Our first match was against **St. Joseph's**, on our own ground, but we were not "in the same street" as our opponents, who scored 109 against our 19 and 3 for 22. In all departments of the game we were very weak and gave away many runs by missing chances and by bad fielding. Riolo's bowling was the best part of the match, his figures being, 3 wickets for 23 runs from 9 overs. R. Davis bowled very well, securing 2 for 5.

Our next fixture was against **Knox College,** and though we put up a much better showing than in our first match, we were defeated by 16 runs on the first innings. Riolo was again our best performer, getting 10 wickets for 37 in the whole match, including the "hat trick" in each innings. The only player to show any promise with the bat was G. Cobcroft, who batted well for 17.

Our first success was against **Randwick Preparatory**, at 'View. It was a most exciting game, and showed that our eleven were beginning to gain confidence in themselves. Batting first, the visitors compiled 101, of which the Captain was responsible for 41. Clifford 4 for 38, and Riolo 6 for 57, did the bowling for us. Our innings produced 118, and we owe our victory mainly to G. Cobcroft, who batted very soundly for 64, included in which were six boundaries.

We hoped in our return match with **St. Joseph's,** to make amends for our defeat at the beginning of the year, but we were sadly disappointed. Though it be true that the visitors were much bigger and above our standard, our bowling and fielding were atrocious. Especially in the field was our weakness apparent, and a score of runs went to the visitors on this account. S.J.C. made 160, and we replied with 84. Tom French was our best bowler, with 2 for 7, and J. Clifford headed the batting with 17.

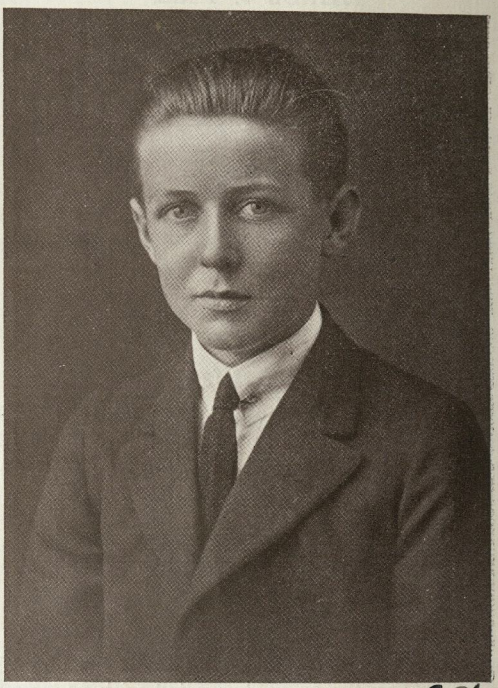

Our second match with **Randwick Preparatory** also resulted in a victory for us. Winning the toss, we sent the visitors to the wickets, and they reached the total of 48. McClure 3 for 18, bowled well for us. We made 96, L. Johnson being the best scorer with 31. In their second innings Randwick scored 3 for 32. We thus won by 48 on the first innings.

A weakened eleven—those who were members of the Blue Club being absent—met the **Fourth XI** from **Holy Cross College, Ryde,** and after an enjoyable game, had to admit defeat by 24 runs on the first innings. Ryde made 65 and 6 for 43, whilst we replied with 41 and 4 for 24. W. McClure was our most successful bowler, securing 10 for 39 off 9 overs.

G. Cobcroft secured the batting average for the year with 17.3 runs per innings; whilst W. McClure headed the list of bowlers, taking 52 wickets at a cost of 6.1 runs a wicket.

THE SIXTH ELEVEN.

We have the same complaint to voice as had the Fifths, viz., a lack of fixtures. We deplore this scarcity of matches, as we must admit that we get tired of always being down at First Field to watch a long-drawn-out match, and, moreover, we feel right out of things. We do not blame our Prefect for the fewness of matches, for offers of matches have several times been given hm, but for various local reasons, he is very often forced to forego these.

L. JOHNSON, 886
Winner of Conspicuous Effort Prize, III. Division.

R. MACLEOD. 820

B. Anderson was Captain of the Eleven, and must be congratulated on the way he handled his team.

Edgecliff Preparatory were the first to lower their colours to us. The game was played at Riverview, and resulted in a win for us by 30 runs on the first innings. Edgecliff made 16 and 4 for 23. The downfall of the visitors was brought about by B. Anderson (5 for 2), R. Davis (3 for 8), and C. Anderson (2 for 3). Our best batsman was A. Ncholson, who scored 11.

Fortunes were reversed when we met **St. Aloysius,** and this time it was our turn to "fox" the leather for a couple of hours; but every credit should be given to our fielding, which was superb, P. Schneider and V. Catip being particularly brilliant. Batting first, S.A.C. made 119, and we replied with 41 and 46, being defeated by an innings and 32 runs. Though so badly beaten, we enjoyed the game, and are now looking forward to defeating S.A.C. Sixths.

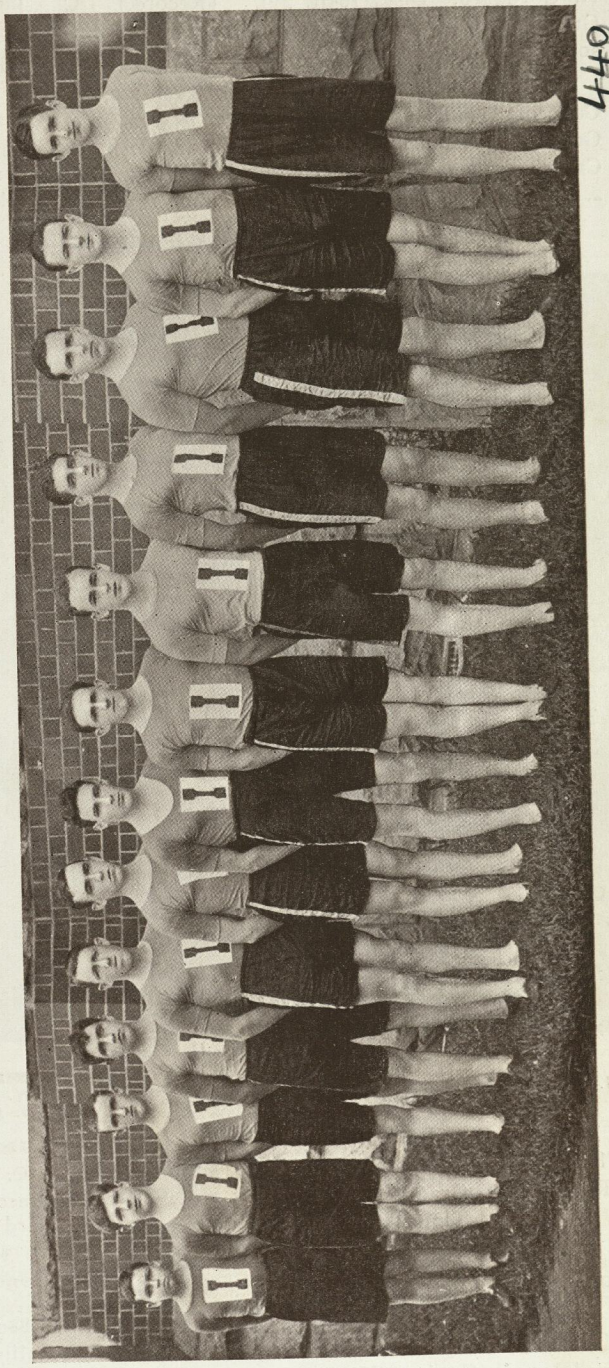

ATHLETIC SPORTS.

THE Athletic Sports in connection with the College Club and Championship Competition were held on the College Sports Ground, Saturday, October 2nd. The music was provided by the Metropolitan Band, and the catering by Miss Bishop's. There was a large attendance.

The meeting was a very successful one. It was carried out with machine-like precision, and the results were known by the visitors as soon as they were decided. Our Telegraph and Result Stewards are to be heartily congratulated, especially J. Corry, the megaphonist, who kept the meeting swinging merrily along to scheduled time, and the public acquainted with the quickly-following results. The other officials, too, have our hearty thanks. The Starter, Mr. K. Ryan, was so vigorous in the discharge of his functions, that a brace of starting pistols failed to keep time with his pace. Kevin was a one-time sprinter and champion athlete of 'View; he is now a **record** starter as well.

The standard of work done was very satisfactory. Several records were broken. In the A Grade, R. Crammond put the 120 yards Hurdles through in 16 3-5 secs.; C. Morrissey broke both the Discus and Shot records; R. Campbell nipped off a few secs. from his previous record in the half mile; and M. Sullivan lowered the time of the mile record. In the B Grade, C. McDermott established a new record in the Discus, and T. McLaughlin in the High Jump. In the C Grade, W. Burfitt ran a record 220 yards. The records will be found in the results.

In the Handicap Events of A Grade, B. Kelly won all events, 100, 220, and 880 yds.

At the Great Public Schools' Sports we were a little disappointed.

The talent did not, perhaps, do itself justice. However, we cannot complain, especially when we know that the teams did all that they could to put up a brave show against their keen rivals.

The following athletes secured points: For the Open Championship—R. Crammond, (3rd in Hurdles) 3 points; C. Morrissey (2nd in Shot) 5 points; C. Fitzgerald (5th in High Jump, and 3rd in Broad Jump) 4 points. Total, 12 points.

In the Junior Competition only one representative was successful—J. Hayes (2nd in 100 yards, under 14) 5 points.

FOOTBALL NOTES AND NEWS.

THE FIRST FIFTEEN.

The application of the golden principle, "Practice makes perfect," to their football, explains the remarkable success of the 1st and 2nd XV. The untiring energy of R. Crammond and his committee, and the equally untiring energy of M. Sullivan and his committee, explain why that principle was put into action. They both were amply rewarded by the success that crowned their efforts. The 1st XV., though third in the competition, scored more points and had less points scored against it than any other team in the competition; the 2nd XV. ended as runners up in the 2nd grade competition, and their scoring power almost equalled that of the 1st XV. Riverview thanks both these captains and their committees for their tireless energy, and hopes that their example will be the beginning of a new tradition for all future football at 'View.

PERSONNEL—FIRST XV.

E. McQuade (*Full-back*).—Very clean handler, kicks well, but should kick for safety rather than for distance; tackles well as a rule.

R. Campbell (*Wing*).—Determined runner, brilliant at times, but tackling weak; does not go down on ball.

A. Cobcroft (*Wing*).—Runs well, side steps too much, tackles well, is safe, reliable player.

R. Roarty (*Outer*).—Probably headiest player in team, is always safe, makes fine openings.

J. Furlong (*Inner*).—Great find, solid in all parts of game, kicks with both feet; should be A1.

C. Morrissey (*Five-eighth*).—Splendid player, kicks, handles and tackles first-class; should realise his weight and strength more; great possibilities.

J. Corry (*Half*).—Fearless player behind the ruck, passes badly and inclined to hang on; improved towards end of season.

J. McDonagh (*Breakaway*).—Brilliant in ruck and open, tackles solidly; most determined player.

R. Crammond (*Breakaway*). Strong runner and solid tackler; does not realise his power; temperamental.

J. Goodwin (*Lock*).—Hard ruck player, tackles well, but does not know game sufficiently.

C. Hayes (*Second row*).—Hard, bullocking player, never slackening, handling improved.

R. White (*Second row*).—Playing more solidly; played a couple of excellent games; has a future.

W. Fennell (*Hook*).—Much improved player, handles ball like a three-quarter, but obstinate and hard to direct.

I. Comrie-Thomson (*Centre forward*).—Much improved, rather good tackler, tireless and always on ball.

B. Kelly (*Hook*).—Splendid forward, works all the time, tackles well, conspicuous in line-out.

(Competition Matches).

S.I.C. v. T.K.S.

Won—11–0.

Played at S.I.C., July 10th. Riverview won toss and defended north goal. The first five minutes

King's attacked strongly, but judicious kicking saw the ball carried up field. Repeated rushes forced the play into T.K.'s line. From scrum Morrissey tried to force his way through, but was brought down. From loose ruck McDonagh secured and scored. Campbell added extras, 5–0.

T.K.S. attacked strongly, but were stopped by the sterling defence of S.I.C. The half-time scores were S.I.C. 5, T.K.S. nil.

The S.I.C. team now played as one man, and brilliant back movements were stopped only by the brilliant tackling of T.K.S. From a loose scrum, backs secured the ball, and Roarty by a tricky run and dummy put Campbell in a good position, who crossed in the corner. Kick failed. 8–0. King's renewed the attack and had S.I.C. defending solidly in their territory. From an off-side by Crammond, Williams had a kick from near half-way. The ball hit cross-bar and fell back into play ; McQuade relieved. S.I.C. backs moved again, and Roarty crossed. 11–0.

Just before full-time Rainbow (T.K.S.) made a brilliant intercept and nearly scored. Time sounded with scores unaltered. Mr. Brown ably refereed the match.

S.I.C. v. S.C.E.G.S.

Won—12–3.

Played at Northbridge, July 17th. Riverview attacked immediately and tried to make use of ball while dry. The back movements were stopped by hard tackling. The ball by now could not be handled, and the game rested with the forwards. From many kick-throughs Morrissey saved for S.I.C., Manchee (S.C.E.G.S.) going down repeatedly before the S.I.C. forward rushes. From a forward dribbling rush McDonagh scored ; kick failed. 3–0.

An S.C.E.G.S. attack took 'View back to their line. From a careless kick Crossman (S.C.E.G.S.) secured and crossed ; kick failed. Half-time, 3 all.

On resuming, the ball was kept among the forwards. From loose dribbling rush Furlong kicked through, followed up and scored ; kick failed. 6–3.

Shortly after kick-off, from a loose scrum ball was heeled to Corry, transferred to Morrissey to Campbell, who crossed ; kick failed. 9–3. Furlong almost scored from another loose rush. 'View now kept the ball in S.C.E.G.S. territory. From another scrum in corner Campbell again crossed. 12–3. Time now sounded. The game was well handled by Mr. Morgan. McQuade at full-back played a fine game for 'View.

S.I.C. v. S.J.C.

Lost—5–11.

Played at S.I.C. on 21st July. 'View won toss and defended north end. The ball came to Kelly from the kick-off ; an initial movement carried it up to S.J.C. 25, where from a loose scrum the ball went from Corry to Morrissey out along the back line to Campbell, who raced over in the corner. Campbell converted his try with a fine kick. 5–0.

S.J.C. attacked strongly, and Purcell narrowly missed a field goal. For a breach, S.J.C, given a kick, Allman was given three tries, but failed each time. From a determined rush Goodwin got over the line, but was pushed out before he could touch down. Galli was also forced out on the line from another rush. Half-time—S.I.C. 5, S.J.C. nil.

Allman tried to get his backs moving, but was too well marked by Morrissey. His three-quarter supports fumbled their passes. S.J.C. pressed in 'View's 25 ; a player in an attempt to relieve, kicked the ball into mid-field where O'Connell neatly dropped a goal. S.I.C. 5, S.J.C. 4.

This feat made S.J.C. fight harder ; they pressed again. Corry, in an attempt to relieve kicked the ball into O'Connell's hands. He kicked another field goal. S.I.C. 5, S.J.C. 8.

The 'View backs were set moving, and Cobcroft was just forced out on the corner flag. S.J.C. attacked up near 'View's line. McGuire secured from a scrum and dived across. S.I.C. 5, S.J.C. 11. 'View now attacked hard, but by Allman's judicious kicking they never got beyond half-way. Time sounded with scores unaltered and S.J.C. victors.

S.I.C. v. T.S.C.

Won—28–3.

Played at S.I.C. on July 30th. S.I.C. kicked off and pressed T.S.C., but a free relieved T.S.C. The 'View backs started a passing movement out to Campbell, who in-passed, but the pass failed. Then there was a good deal of scrappy play, relieved by the brilliant kicking of Morrissey and McQuade for S.I.C and Reid for T.S.C. A few brilliant movements relieved the first half, a fine rush by Goodwin and Hayes resulting in a try, Crammond converting. A brilliant burst from Pilcher, only to be quenched by the unerring hands of E. McQuade. Other movements lacked finish, and half-time was sounded. Scores, S.I.C. 5, T.S.C. 0.

In the second half the play see-sawed up and down the field. Some good back movements were executed by S.I.C., but the sterling defence of Grayson, Pilcher, and Reid prevented any score. Scots' now took a hand at attack. Grayson intercepted a 'View pass, ran down the line, punted over the full-back's head, followed on, secured and scored. His kick failed. S.I.C. 5, T.S.C. 3.

The S.I.C. forwards did some good dribbling, but when near the line would kick too hard and spoil any chance of a score. A sure try was missed by Crammond.

From a loose ruck McDonagh picked up and crossed. Crammond converted. S.I.C. 10, T.S.C. 3.

Just after the kick-out Reid (T.S.C.) was badly hurt and had to retire.

S.I.C. backs moved well, but could not finish movements on the right side of the line. Cobcroft picked up ball and ran through the opposition, and scored under the posts. Crammond converted. 15–3.

Crammond converted 23–3. From a loose scrum McDonagh kicked over full-back's head, Campbell followed on and scored. Crammond converted. 28–3.

Full time now sounded. 'View backs were inclined

'View again attacked, but from a free kick Grayson (T.S.C.) found line well down the field. Morrissey breaks through on blind side, passed to Campbell, who ended a fine run by scoring in the left corner. Kick failed. 18–3. From kick-out 'View started initial movement, backs ending up movement with Campbell scoring to hang on too much, and repeatedly tries were missed by selfish play. Some of the three-quarters were noticed playing with the forwards on one or two occasions.

Mr. Huthnance had charge of the game and handled it in his very best style.

S.I.C. v. S.G.S.

Lost—13–11.

Played at Sydney Grammar School on August 7th. Grammar kicked off against a strong head wind, and Morrissey, taking the ball, took play into Grammar by a beautiful line kick. After scrums in midfield, Ludowici tried to break through, but Morrissey tackled him. Shortly afterwards the ball went out to Munro, who was forced out near the line by McQuade. S.G.S. again pressed, but a free to 'View carried play into midfield again, Crammond kicking a good line kick. From a scrum Corry secured, to Morrissey, to Roarty, to Cobcroft, who dropped the ball. From a free Munro had a pot at goal, but his kick went wide. Again Grammar attacked, but Furlong carried play up field and found his line. Aveyard secured and punted high. This kick went behind the chalk, and McQuade saved. From a scrum near the line Hall forced his way over under the post. Munro converted. 5–0.

Our backs now livened up and made several good passing rushes. A high punt gave Roarty a chance, and, side-stepping the full back, he scored between the posts. Campbell's kick failed. 5–3. 'View attacked strongly again, and the ball was booted over the line, and Kelly following up scored. Crammond failed at goal. 6–5 in S.I.C.'s favour. From now on the 'View team played brilliantly and were within an inch of scoring several times. From a ruck on Grammer line Ludowici punted high, but Morrissey, taking the ball, found his line. Half-time now sounded.

The second half commenced, and 'View attacked strongly again. Corry got his backs going, but the ball was dropped. Corry and Morrissey were now gradually taking play up to Grammar's line by judicious line kicking. Our forwards were seldom, if ever, beaten for the ball. It seemed as if the Blue and Whites would score again, but, from ruck, Ludowici got the ball out to Joyce, who took play into 'View territory before he was collared. From a line-out the ball was knocked back to Ludowici, who passed to Alexander, to Aveyard, who scored under the posts. Munro converted, 10–6. Our forwards now got their blood up, and Corry, securing from a scrum, worked the blind, passed to Morrissey, to Cobcroft, who was forced out near Grammar line. From the line out, Corry passed to Morrissey, to Furlong, to Roarty, to Campbell, who centred, and Morrissey, snapping up, scored. Crammond added the extras. 11–10 in 'View's favour.

Grammar now attacked strongly, but failed to score on account of excellent tackling. Both Loudon and McQuade were kicking excellently, but the Grammar full-back at last found his line well in our territory. From the scrum Ludowici passed to Joyce, who got over in the corner. Munro failed at goal. 13–11.

'View attacked strongly from now till the end, and were unlucky not to score. The final whistle blew with the scores unaltered. S.G.S. 13, S.I.C. 11.

Grammar were lucky to win. The 'View team played an excellent game. Morrissey, Roarty and Corry were best in the backs, but it is difficult to pick out the best in the forwards.

S.I.C. v. S.H.S.

Won—92–3.

Played at S.I.C. on August 14th. S.I.C. won toss and attacked from south end with the wind. It took S.I.C. fully 15 minutes to find that playing as individuals would not win the game for them. Everyone who caught hold of the ball endeavoured to score. No attempt was made in combination. Kelly from a line-out fell over just in front of line. Morrissey from a long line-out took the ball and went over. 3–0.

The next try was the result of a good piece of forward play, in which Goodwin scored. From now on the team played together, and the first half ended in S.I.C. 32, S.H.S. 0.

Second half was try after try for S.I.C. Kelly, getting the ball from kick-out, with a splendid run, beat all opposition and scored between the posts. From a penalty from 10 yards line, Ryan (S.H.S.) landed a goal. 48–3. From then on S.I.C. scored a procession of tries. Kelly obtaining from kick-out ran right through S.H.S. team in a spectacular run. The game ended in S.I.C. favour. 92–3.

PERSONNEL OF SECOND XV.

E. Hayes (*Right hook*).—Fearless player, good worker, always in ruck, tackles well.

W. English (*Centre forward*).—Good at getting ball, tireless in ruck work, tackles well.

F. Dunstan (*Left hook*).—Small, but good, always on the ball ; should improve in open work.

A. Loughnan (*Second row*).—Is keen, but lacks head, works well ; much improved at end of season in open work.

V. McDermott (*Second row*). Slow, bit tired at times ; could improve.

M. McGrath (*Lock*).—Works hard, plays hard, but is irascible ; hangs on somewhat.

R. Sheldon (*Breakaway*).—Has not reached expectations, tries hard, but lacks devil.

S. Best (*Breakaway*).—Good player, has plenty of devil, will be good later on ; tackles well ; does not protect his half sufficiently.

B. Regan (*Half*).—Heady player, is on slow side ; plays too much for himself.

M. Sullivan (*Five-eight*).—Handles well, runs across too much ; good kick ; reliable.

G. Davey (*Inner centre*).—Strong and determined runner ; at times lacks condition ; hard player, but peppery.

J. Gawne (*Outer centre*).—Heady, anxious, but generally reliable.

C. Fitzgerald (*Right wing*).—Prolific scorer, but lacks confidence in himself ; does not make openings.

R. McEvoy (*Left wing*).—Good tackler, determined runner, but too anxious.

Competition Matches.

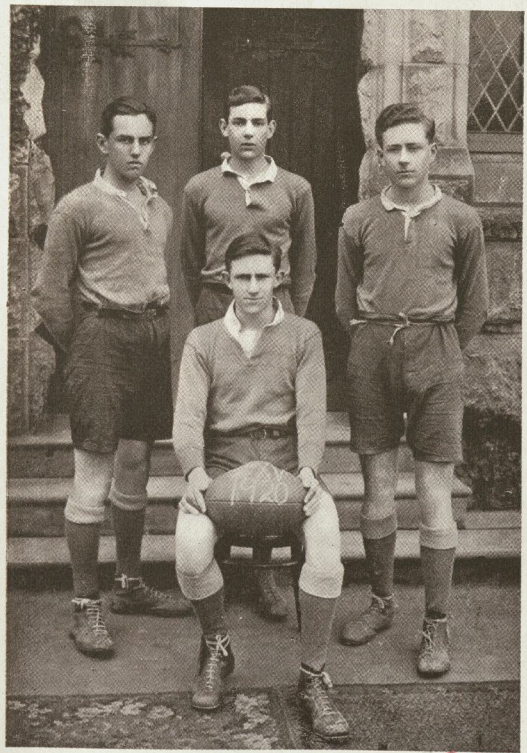

S.I.C. v. N.C.

Won—21–3.

Contrary to most opinions, Saturday, 3rd July, dawned bright and clear after a week's continuous rain. It was an ideal day for football, and the Seconds felt very confident of winning. 'View won the toss, and Newington kicked off with the sun shining in 'View team's eyes. After a few moments play Davy broke through, but was not supported by anyone. The passing among the backs was very faulty, and many opportunities were thus lost. Our pack was the better of the two and seldom lost the ball in the scrums. Both teams were shaping badly, and at last Newington scored in the corner. The kick was wide. Soon after this the whistle blew for half-time, and Newington were three points to nil.

On resuming play, Sullivan secured the ball, and a smart bit of passing saw Fitzgerald cross the chalk line. Sullivan's kick failed. A few minutes afterwards Gawne gathered the ball, and after beating several men, transferred to Fitzgerald, who raced over. It was a grand try. The kick failed. Newington kicked off from their twenty-five, but our forwards carried the ball into Newington's territory, when Davy passed to Fitzgerald, who again scored. Sullivan converted. 11–3. From a scrum the ball went from Regan to Sullivan, to Davy, to Gawne, then to Fitzgerald, who raced from nearly half-way and placed the ball under the posts. Sullivan added the extras. 16–3.

Shortly afterwards a forward rush, in which Best, Dunstan and English were prominent, carried the ball right up to the line, where English crossed. Again Sullivan's aim was true, and the score stood at 21–3. See-saw play now ensued, and Fitzgerald put in some fine runs and narrowly missed scoring on several occasions. The final score was 21–3. Best out of the forwards were Best, Hayes, Dunstan, and English, while Sullivan, Fitzgerald, and Gawne shone out in the back division.

S.I.C. v. T.K.S.

Won—18–0.

Saturday, 10th July, turned out an ideal day, and the second XV. went out to battle against King's, who had beaten them in the friendly by 10–5. T.K.S. won the toss, and S.I.C. kicked off, facing the sun. For the first twenty minutes the passing was bad, though Fitzgerald put in some good runs; he frequently mulled passes. Once Davy picked up the ball and centred, whence Bryant carried the ball over the line, but failed to touch down. Gawne way playing well, but in a clear field his pass to Fitzgerald was mulled. T.K.S. attacked strongly, but McEvoy saved by a fine tackle. Again a forward rush by T.K.S. nearly resulted in a score, but the ball was knocked on. Now came plenty of ruck play, in which English and Best were prominent. From scrum on our line Regan relieved and kicked a liner. From the scrum Regan came round the blind, successfully gave the dummy to two of T.K.S. men and passed to Fitzgerald, who raced over. Sullivan converted. 5–0. Soon after this half-time sounded.

On resuming play our backs livened up and Fitzgerald dribbled the ball over the line, but the full-back was too quick. T.K.S. now attacked, but Fitzgerald raced off and was brought down in King's 25. From ruck play here Loughnan scored. Sullivan converted. 10–0.

From a scrum at half-way the ball went to Davy, who broke through, passed to Gawne, to Fitz, who scored. Sullivan added the extras. 15–0. Again Davy broke through, passed to Gawne, to Fitzgerald, who scored again. 18–0. At this juncture, Best replaced Bryant on the wing, who retired with a bad ankle. Full-time saw the scores unaltered. A feature of the play was Sullivan's fine kicking. Fitzgerald, Davy, Gawne, Best and English were the pick of the 'View representatives.

S.I.C. v. S.C.E.G.S.

Lost—3–0.

Saturday, 17th July, was a drizzly, miserable day, certainly no day to play a football match. Occasionally the sun came out, and it was thought the weather would fine up. It was still raining miserably

when the match started. The seconds were without the services of Sullivan (captain), Bryant and Fitzgerald, the two former being on the sick list. 'View won the toss and Shore kicked off. The greasy ball was difficult to handle, and the game during the first few minutes was a succession of scrums. Hayes missed a goal from a good position, and, though English and McGrath started several dribbling rushes, nothing came of them. Gawne and Regan were playing good football, but the ball was too greasy and the ground too slippery to do any good. Cox, full-back, played his first match this season, and was tackling hard and true. 'View had the best of the first half.

In the second half 'View pressed for a while, but Shore's heavy forwards were too strong, and through one of the backs fumbling they scored a flukey try. The kick was wide. The game was lost now, and although 'View were attacking strongly it was seen that our boys were done. When the final whistle blew the score (3–0) was unaltered.

Regan stood on his own in the backs, but Gawne and Davy were solid. The former would be good at soccer. English, McGrath and Best were the pick of the forwards. On a fine day our team, I think, would have won, although the wings were lamentably weak.

S.I.C. v. S.J.C.

Won—4–0.

As luck would have it, the weather brightened up on Wednesday, July 21st, on which the much-looked-for match was played. Wednesday, instead of Saturday, on account of the New Zealanders playing on Saturday. S.J.C. kicked off, and were soon attacking strongly. An attack by 'View saw Fitzgerald away with the ball at his toe, but he was blocked near S.J.C. twenty-five. S.J.C. looked like scoring, but a forwar dpass stopped a certain score. S.I.C. were being kept in their own twenty-five, but Davy and Sullivan were kicking splendidly. A free in front of S.J.C.'s goal gave Sullivan a chance, but his kick went wide. From near half-way Davy kicked a great liner, and play was transferred to S.J.C. territory. From a scrum Sullivan punted and Gawne, gathering in front of the goal, steadied himself and dropped a field goal. 4–0. Half-time whistle sounded with S.I.C. attacking.

In the second-half 'View played up better, and our forwards now began to show their superiority. Sullivan and Davy were playing well, and Fitzgerald did some good runs along the line. McEvoy, on the other wing, had several opportunities, but did not make any use of them. A good dribbling rush saw S.J.C. pressing but Godsall dribbled through and kicked out of touch. Gawne, Sullivan and Cox were playing well in the defensive. Good passing saw the ball go out to McEvoy, in again to Gawne, who was forced out near the line. Shortly afterwards full-time whistle sounded.

S.I.C. v. T.S.C.

Won—50–0.

July 30th. As was expected in this match, Riverview were superior, both in the back and forward play. Scots' kicked off and 'View immediately attacked. The first score came to Sullivan, who received the ball from a line-out and ran over. His kick failed. 3–0. The ball was centred after kick-off to Davy on to McEvoy. Some ruck work followed, whence Best transferred to Sullivan, to Fitzgerald, who raced over. The kick failed. 6–0. Davy received ball from kick-off and passed to Sullivan, who found his line. From scrum of the line, Regan passed to Davy to Gawne, who scored. Hayes' kick was successful. 'View 11, Scots' 0.

Sometime later 'View were given a "free," but Sullivan, not kicking over the mark, a scrum was ordered. Scots' won the ball and found the line. The next score came to Sheldon, who, picking up in loose ruck, scored. Kick went astray. 14–0. Shortly afterwards Best toed ball over and scored. Hayes had another kick, which was successful. Before half-time tries were registered by English and Gawne. These brought scores to 'View 25, Scots' 0.

S.I.C. v. S.G.S.

Lost—6–0.

August 7th. Grammar kicked off against a head wind and Davy securing kicked a good liner. 'View attacked strongly, but a high punt by a Grammar back relieved, but Cox, taking the ball in his stride, lined beautifully. From a scrum Regan secured and passed to Sullivan, to Davy, to Gawne, to Fitzgerald, who was forced out. From a scrum in front of goal Regan secured and dummied his way to the full back, but passed wildly, and a certain try was lost. Grammar now attacked, but Sullivan relieved time and again by good line kicks. Gawne picked up ball in midfield and punted high ; Regan was just beaten for the ball, and Grammar saved. Half-time sounded with 'View still attacking.

'View now were against a head wind, but were still playing solidly. Regan secured from a scrum, to Fitzgerald, to Sullivan, to Davy, to Gawne, to McEvoy, who was brought down. Again Regan got his backs moving, but Fitzgerald missed the pass in a good position. Grammar pressed on line, but Davy with a great kick relieved the situation, and the ball was carried up to Grammar twenty-five. Here Sullivan marked in front of the goal, but his kick failed. Grammar now livened up, and the ball went to Jones, who knocked on near the line. From the scrum the ball went to Jones, who scored. He failed to convert. 3–0. Again Grammar attacked, but Gawne marked and kicked for the line. Jones again took possession of the ball and, running strongly, went over in the corner. 6–0. His kick went wide. Play in midfield followed, and full time saw the scores unaltered.

K. Dalton. H. Duff. A. Glennie.

On resumption of play Scots' attacked, but Sullivan saved; scrum. Scots almost scored, but again Sullivan relieved. Fitzgerald made a good run, but was forced out. From line-out Sullivan dummied his way over. Kick was successful. 30–0. Play settled in midfield, but Davey cross-kicked to McEvoy, who scored. Shortly afterwards faulty handling by Scots' full-back enabled 'View to register three points. 36–0. Before full-time tries were recorded by McGrath (2), Sullivan, and Fitzgerald. Final scores: Riverview 50, Scots' nil.

S.I.C. v. S.H.S.

Won—94–0.

'View showed themselves infinitely superior to their opponents in this match, as the scores indicate. In the beginning of both first and second halves S.H.S. attacked, but for only a very short period. Tries were recorded by every man in the home team. In the first half 'View were only able to score 25 points. In the second period High School lost heart, and, with the help of the wind, 'View were able to register 69 points, making final scores 94–0.

THE THIRD FIFTEEN.

(By One of Them.)

E. Card (*Captain and five-eighth*).—From last year's work he promised to be good, and did not disappoint. His tackling is fearless, his handling excellent, and, for his size, is extraordinarily hard to stop. The First XV. would remind him that Corry is playing his last year.

C. McDermott (*Vice-Capt. and Inner*).—An extremely heady and clever player with an instinct for making openings. His tackling and defence work lacks vigour, and he often lets his man through.

H. Duff (*Half-back*).—A find from the forwards. He filled the position ably, he is quick with his hands, fearless, and, when he grows, should make a grand footballer.

M. Meagher (*Breakaway*).—Is fast and quick to pick up stray balls and place them over the line. With more determination and energy will be excellent.

A. Hayes (*Hook*).—The most satisfactory of the "first division" thirds. A hard worker throughout every game.

G. Blackall (*Centre*).—One of the best forwards in the Thirds.

G. Shiel (*Second line*).—Is fast and a hard worker, but is still new to the forwards.

V. Willet (*Lock*).—A big heavy man, but far too slow, and has an irresistible tendency to get off side.

J. Godsall (*Breakaway*).—Is a good player, but hangs out of the ruck far too much. Breaks through well on to the opposing half.

H. Gorddard (*Outer*).—Tackles well and runs well, but has not yet learned to draw the opposing wing and thus give a free run to his own wing.

W. Williamson (*Wing*).—Is a strong runner and fast. His handling and defence could be improved, but his opportunities were very few.

K. Dalton (*Wing*).—Is fast and plucky, but he spoiled his play by very weak handling. With a little more weight he would have been a much harder man to stop.

A. Glennie (*Full-back*).—A grand tackler and good kick, but his handling was poor and his pace often allowed men to run round him. There is not a more fearless player in the Thirds.

J. Edwards (*Second line*).—A good forward, and with just a little more dash and enthusiasm could become one of the best forwards in the school.

The first two fifteens have rarely had such a brilliant year as 1920, while the Thirds were successful in only one of their five competition matches. We should like to offer a short explanation, for our material was good.

We could never get opposition in our practice matches. In these we were forced to oppose the Fourths, who were utterly incapable of giving us any defence work and not strong enough to make us work in attack. Again we were often compelled to give our best men to the Seconds, which we recognise to be quite fair and which we are always ready to do. But still this explains our failure, and we mention it for that reason. We were unfortunate, too, in losing Cecil O'Dea, owing to illness, for he was the very soul of our forwards.

S.I.C. v. N.C.

Won—14–5.

This was the first competition match, and we went out fresh and eager for a victory. We were not disappointed, and were able to keep up with the performances of the Firsts and Seconds. We had a good match, and Newington played a hard game. Card and McDermott were largely responsible for our win. Tries—Card, McDermott, J. Hayes, K. Dalton. McDermott converted one try.

S.I.C. v. T.K.S.

Lost 8–nil.

Our Thirds showed by their Newington match that they were capable of playing a good game. We expected, therefore, to have a good match with King's, nor were we disappointed. The King's boys were bigger than ours, especially in the backs, and we found it impossible to force a way through them when near their line. Their forwards played a faster and more combined game than ours, and we did well to keep them getting through more often than they did. Blackall, A Hayes, and M. Meagher were conspicuous in the forwards, while in the backs Card, as usual, was plucky and clever and well supported by McDermott and Gorddard. In this match we introduced Hilton Duff as our half, and, small as he is, he played a plucky and clever game, though often pushed about by the King's breakaways.

S.I.C. v. S.J.C.

Lost—14–3.

The scores would indicate rather a crushing defeat, but up to 12 minutes before full time the scores were 3 all; then we were overwhelmed, and St. Joseph's piled up points and won a victory which they deserved. But I think our team showed better form in this match than in any other, and had Card not been on the sick list things might have been differeut. On the day St. Joseph's were a stronger team, and wore us down by their determined attacks. McDermott at five-eighth was above himself, and often got through, but was not supported. Duff at half was as usual plucky and clever. Our only score was a penalty goal, kicked by McDermott.

S.I.C. v. S.C.E.G.S.

Lost.

The state of the ground prevented anything like real football, and as the match was played our opponents were too good for us. Our team was considerably weakened, owing to sickness. Moreover, we had to fill up gaps in the Seconds, and with our small numbers this quite disorganised our team. However, we did our best, and we agree that the better side won.

S.I.C. v. S.G.S.

Lost—33–6.

Grammar proved too strong for us in nearly every part of the game. They should certainly have beaten us, but not so decisively, if our team had played up to form; but they did not. Perhaps the recent departure of their prefect, Mr. Conlon, shattered their spirits.

THE FIFTH FIFTEEN.

Our programme of fixtures was not very extensive this year. We had arranged more than eight matches, but for various reasons several teams failed to keep their appointments, whilst other schools, though approached by letter for fixtures, did not even extend us the courtesy of a reply. We hope to be more fortunate in this respect next season.

St. Joseph's were our first opponents, but they knew too much for us. We felt honoured in having the first oval placed at our disposal, and up till half-time showed out very well. Though we did not even score in that half we played the better game, and but for the inability of the backs to get any combination, should have gained several tries.

After half-time the want of condition was apparent, and our whole team seemed to go to pieces. The tackling all through was good, but in all other respects we were sadly at fault. Our only consolation was the return match to be played later at Riverview, when we hoped to reverse the scores, 15–0 against us. The player really deserving of mention was Leo Kirby, whose tackling was deadly.

More attention to practice had improved our play very much, and our match against **C. of E. Grammar** was more successful. Both teams were evenly matched in size and weight, but we showed the better combination. The credit of such a good victory was mainly due to the greatly improved work of the forwards; they began to realise the utility of following up and packing in the loose scrums, with the result that they were constantly breaking through the opposing scrum. In this respect E. Johnson and T. French were the best and were often seen coming through with the ball at the toe. The backs were not so good. The forwards gave them the ball nearly every scrum or line out, but somehow it never seemed to get any distance along the three-quarter line; the wing man, for instance, seldom touched it. Our tries were scored by R. McLaughlin, K. Fitzgerald, P. Riolo, and J. Clifford; W. Burfitt converting four of them.

Our next match against **Cranbrook School** proved much easier for us than we had anticipated. We had been spending much of the shorter play hours in trying to acquire some skill in handling the ball, and in this match we saw some fruit for our exertions. The backs were able to handle better, and played their best game of the season. The forwards, maintaining their form of the previous match, gave them the ball very often, and the opportunities were well used. The best feature of the day's play was L. Kirby's try. The ball, being kicked off from our twenty-five, was secured by a forward, who immediately started a passing rush, it was then carried nearly the whole length of the field, being finally grounded on the right side of the line by L. Kirby. McClure, Riolo, Johnson (E.) and Clifford were our other "try-getters," but on this occasion W. Burfitt failed us, being only able to convert one.

Holy Cross College, Ryde, were our next opponents. Being short of a few players, the visitors were reinforced by a few of our own men. The match was not the most interesting of our series, and we did not seem to play with our customary vim. We took the opportunity of making some experiments in the placing of the team, but they did not make for success, and the move precluded any systematised play. Though we won by the narrow margin of 3–nil we had most of the play, being in our opponents' twenty-five nearly all the game. Riolo scored our only try.

Owing to a misunderstanding, the team which we met from **Marist Brothers' High School** was too big and weighty for us. The game was played on First Field, and this handicapped us a little more, as it gave more scope for the movements of our bigger and lighter-footed opponents. In the circumstances the game was most interesting and enjoyable. Our forwards played a very good game, and, despite great odds, succeeded in holding their own, but when the play was transferred to the backs we were overwhelmed. Our best player was G. Cobcroft, who repeatedly saved the situation by excellent tackling. Time and again he was the only defender against several opposing backs, and always succeeded in bringing down his man. W. Burfitt, too, was an excellent worker in defence, and had his efforts been seconded by the remainder of the three-quarter line things would have been much different.

On St. Ignatius' Day we played **St. Aloysius'** on North Sydney oval, No. 2, but, owing to recent heavy rains, the ground was a quagmire, and scientific football was impossible.

From the kick-off to no side the game was essentially a forward one, and at times simply a scramble. The real reason for our defeat was the continued efforts by nearly all the team to pick the ball off the ground, despite repeated advice to the contrary. The best player was L. Johnson, who seemed to be always on the ball and never wasted any opportunities by trying to handle, the ball was so heavy that no attempt was made to convert, and our opponents were victorious by 9–3.

We had been looking forward to our return match with **St.. Joseph's** at Riverview in order to even up matters with our neighbours; but our hopes weer doomed to be shattered, as again they proved that they were too good for us, though this time we succeeded in extending them more than on the first occasion of our meeting. The reason of our defeat may be put down to selfishness on the part of the backs, especially the half. The forwards, playing splendidly, heeled the ball well, but it scarcely left the half or the five-eighths, as they seemed bent on doing the whole business themselves. The game was most interesting and by no means an uneven one; if anything, we pressed out opponents for the greater part of the match. We lost by 14 to nil.

FIFTH FIFTEEN.

R. McLaughlin. L. Kirby. W. McClure. V. McAlary. G. Cobcroft. D. Sheehy. P. Donoghue.
L. Johnson. W. Burfitt. J. Clifford (Captain). P. Riolo. E. Johnson.
K. Fitzgerald. K. Dunstan. T. French.

One who has constantly seen us in action has appended these criticisms in the hope that they will benefit our future play.

J. Clifford (*Captain*) has the qualities of a good three-quarter; his forte is a good turn of speed. Handicapped greatly by lack of confidence in himself. As a captain he is too quiet.

P. Riolo (*Vice-Captain and scrum half*) forgets he is the connecting link between forwards and backs; selfish, otherwise a finished footballer.

W. Burfitt (*Five-eighth*).—Most consistent player of the team; has good pace, but lacks judgment; loses a lot of opportunities by running across, thus crowding out his outer and wing. Handles badly.

G. Cobcroft (*Full-back*).—A first-class tackler; kicks well, but makes the fatal mistake of trying to dodge; finds line well.

T. French (*Breakaway*).—Plays well with plenty of determination; watches opposing half well; a little self-restraint would improve his play immensely.

E. Johnson (*Centre forward*).—Easily the best of the pack, but somewhat lax in following up; dribbles well.

P. Donoghue (*Inner*).—Showed some good dashes at times, but wants confidence in himself. Weak in defence; tackles well.

W. McClure (*Second line*).—Hardest worker in the scrum, handles the ball well, and is most unselfish; a first-class tackler.

L. Johnson (*Breakaway*).—Handles the ball well and keeps up with the play. As a recruit to Rugby, showed very good promise.

K. Fitzgerald (*Lock*).—Small, but made up for this deficiency by extra vigour; follows the ball well through the loose scrum.

K. Dunstan (*Second line*).—Only showed his true form at times. Certainly has football in him.

V. McAlary (*Hook*).—Improved much towards end of season, but unless he practises handling the ball will always be mediocre.

R. McLaughlin (*Forward*).—Most improved player of the team; is going to develop into a first-class forward; should handle the ball better.

D. Sheehy.—Never seemed to come up to expectations, probably due to want of knowledge of the game; has good speed and can tackle.

L. Kirby.—Greatly handicapped by being so small, but showed great determination and a good turn of speed.

THE SIXTH FIFTEEN.

Our season was most enjoyable and our programme fuller than last year, still we would much prefer a greater number of fixtures, as four games do not give us enough scope for our capabilities. Paul Schneider was our captain, assisted by Frank Boyd.

Against **St. Joseph's**, on our own ground, was our first fixture, but the authorities at Hunter's Hill, not knowing our average weight and size, sent us too heavy a team. We were easily defeated and had no chance of scoring, but, despite the great drubbing, thoroughly enjoyed the match. It was rather a tragic debut for some of us, though fortunately it did not dishearten us.

On St. Ignatius' Day we went to North Shore oval to try conclusions with **St. Aloysius',** but were again outclassed. This time the defeat was not due to any disparity in the weight or size of the teams, but to our own faults, of which, alas, there were many. For instance, there were too many captains and many counter-instructions given, and, again, we did not take into account the fact that the ground was heavy and the ball impossible to handle. We were defeated by 27 to nil.

Edgecliff Preparatory School were the first to go under to us. We played really well in this match, and seemed to work with some system. We discovered several stars amongst our numbers, a few of the first magnitude. Angus Nicholson played the game of the ground, and all his five tries were the result of good work. Lyall Bell and Ronald Macleod also shone out. It was mainly through their agency and the solid work of Raphael and Catip that we were victorious by 51–3.

Being in a winning vein after the defeat of Edgecliff, we succeeded in turning the tables on **St. Aloysius'.** This time the match was on our own ground, and not being stricken by stage fright, gave a good account of ourselves. It would be impossible to single out any one for special mention, as playing with first-class combination, we all equally shared in the victory of 15–3.

The **City** *v.* **Country** matches were played as usual this year. Country succeeded in having revenge for last year's defeats, and are now leading in the competition for the Madden Cup. In the first match Country were victorious by 29–3, mainly owing to Donoghue, Kirby, and Fitzgerald.

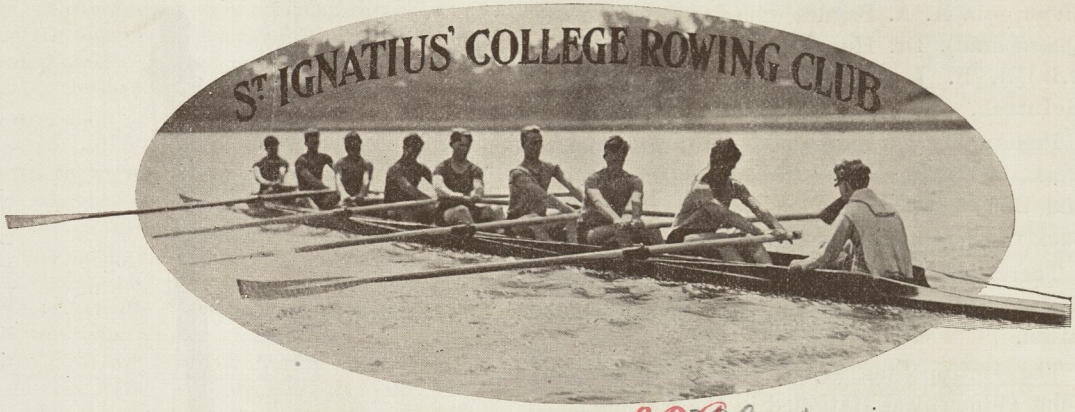

The second match was much more interesting, and for nearly the whole of the game the result was in doubt. It was only the superior forward work of the Country team that enabled them to gain the game by 15 points to 3 ; nine of their points being scored in the last five minutes.

OUR 34th Annual Regatta took place on Saturday, March 27th, and was an unqualified success. There was more life on the river than we have been accustomed to during the war, and more colour along the crowded foreshores. One felt that the regatta had come into its own once more. "Rambler," in the *Arrow*, had the following historical note :—

To-morrow, on the Lane Cove, St. Ignatius' College will hold their annual regatta, one of the most delightful aquatic functions of the year. Not only does it rank high from a school point of view, but it has always held a leading place in the programme of the Rowing Association. Way back 38 years ago, Father Gartlan founded the boat club, which three years later held its first annual regatta. The Athletic Association of the Great Public Schools had not then come into being, so Riverview took charge of the all-schools' event. She turned out champions herself, and, in 1888, tried conclusions on the Barwon against Geelong Grammar School, the home crew being defeated, but a year later the Southern cracks were beaten on the Lane Cove. Rowing in the schools, therefore, owes probably more to St. Ignatius than to any of the other schools.

It was a bright sunny afternoon. There was a fairly strong south-easterly wind blowing, but the rowers were sheltered by the high banks of the Lane Cove.

There was a fine gathering of rowing enthusiasts aboard the official launch, "Argus," including the present Rector of the College (Rev. Thos. O'Dwyer S.J.), Father Gartlan, the founder of the boat club, Judge Backhouse, Messrs. Q. L. Deloitte (President, N.S.W.R.A.), H. G. Alderson (Sec.), Nat. McDonald, W. J. Furlong (coach of the Eight), T. P. Mitchell, J. W. Hence, T. A. O'Neill, J. C. Davis, A.

Thompson, A. A. Baynes (champion sculler of Queensland), Dr. Humphrey Oxenham (Pres., O.B.U.), F. J. Gwynne, E. E. Kearey, P. McIntosh.

Punctuality was the keynote of the afternoon's work. The last race was timed to start at 4.30, and the steamers were all well on their way back to the Quay before 5 o'clock.

There were some fine finishes, notably in the Eights. All crews observed the Red Pile regulation.

The Metropolitan Band, conducted by Mr. John Palmer, was stationed in the Rotunda.

A suggestion for next year is the signalling of winning colours from a masthead erected on the College wharf.

PROGRAMME.

First Race—2.45 p.m.

CLUB CHAMPIONSHIP SECOND FOURS (A Grade).

Course : Far White Pile to College Wharf.

Prizes : Gold Medals.

White—G. McEvoy (bow), 9st. ; A. Cobcroft, 10st. ; R. Campbell, 10st. 7lb. ; A. Loughman (stroke), 10st. 13lb. ; M. McAlary (cox) 1

Blue—E. Hayes (bow), 9st. 5lb. ; A. Hayes, 9st. 7lb.; I. Comrie-Thomson, 10st. 7lb. ; E. Strelitz, 9st. 12lb. (stroke) ; G. Shiels (cox) 2

Red—J. Edwards (bow), 9st. 10lb. ; W. English, 9st. 12lb. ; E. McQuade, 9st. 12lb. ; C. Fitzgerald, (stroke), 11st. ; M. Meagher (cox) 3

Won by about three lengths. Time, 4 mins. 8 secs.

Second Race—3 p.m.

HEAVY EIGHT MAIDEN FOURS.

Mile course.

Prizes : Gold Medals.

North Sydney—J. Dawes (bow), 9st. 7lb. ; J. Matthems, 10st. 6lb. ; J; Murrell, 10st. ; V. Moor (stroke), 10st. ; L. Dadswell (cox) 1

Sydney—H. W. Gilmour (bow), 9st. 5lb. ; O. B. Hogg, 11st. ; C. A. Gracie, 10st. 11lb. ; R. A. Burgess (stroke), 10st. 7lb. ; J. McGuire (cox) ... 2

Glebe—N. Baldwin (bow), 9st. 9lb. ; M. Keogh, 9st. 12lb. ; K. Molony, 9st. 11lb. ; P. Hawke, (stroke), 9st. 9lb. ; F. Fitzpatrick (cox) 3

Sydney and Glebe boats were in front in the first 20 strokes. Passing Longueville wharf Sydney had half a length advantage from North Sydney and Glebe. North Sydney crew, rowing with plenty of dash, took the lead at the quarter-mile, and, passing Tambourine wharf, were two lengths ahead of Sydney, who began

to tire. North Sydney were a similar distance to the good at the finish, with Sydney just in front of Glebe for second place. Time, 6 mins. 25 secs.

Mosman finished fourth. Balmain did not start.

Third Race—3.10 p.m.

CLUB CHAMPIONSHIP SIX OARS (C Grade).

Course: Red Pile to College Wharf.

Prizes: Silver Medals.

Blue—T. French, 6st. 7lb.; L. Johnson, 6st. 9lb.; V. McAlary, 8st. 3lb.; B. Anderson, 5st. 2lb.; J. Hayes, 5st. 4lb.; L. Kirby, 6st. 1lb.; E. Larkin (cox), 6st. 7lb. 1

Red—P. Riolo, 6st. 6lb.; W. Burfitt, 7st.; K. Fitzgerald, 5st. 11lb.; W. McClure, 5st. 12lb.; K. Dunstan, 6st. 2lb.; J. Horrigan, 6st. 7lb.; L. Bell (cox), 6st. 8lb. 2

Black—E. Johnson, 6st. 7lb.; G. Cobcroft, 7st. 2lb.; J. McCarthy, 6st. 1lb.; W. Golding, 6st. 10lb.; A. Corry, 6st. 11lb.; K. Kelly, 5st. 11lb.; E. Raphael, 5st. (cox) 3

Time, 2 mins. 18 secs.

Fourth Race—3.20 p.m.

CLUB CHAMPIONSHIP FOUR OARS (B Grade).

Course: Red Pile to College Wharf.

Prizes: Silver Medals.

White—M. Grace (bow), 8st. 10lb.; E. Fitzpatrick, 9st. 7lb.; D. Foley, 8st. 3lb.; A. McDermott (stroke), 7st. 11lb.; D. Crowe (cox), 6st. 13lb. ... 1

Blue—J. McKeown (bow), 6st. 4lb.; A. Davis, 6st. 9lb.; J. Quilter, 7st. 7lb.; F. Walsh (stroke), 7st. 7lb.; H. Hogan (cox), 7st. 2

Black—J. Robinson (bow), 8st. 13lb.; A. Kirton, 8st. 10lb.; H. Duff, 6st. 11lb.; W. Carter (stroke), 9 st.; H. Bell (cox), 6st. 12lb. 3

Reds finished first, but were subsequently disqualified. Whites were two lengths ahead of the Blues. The time, 2 mins. 15 secs., was 7 secs. better than last year. The draw for boats gave Whites the "Maudie," Blues the "Dividend," Blacks the "Gertie," and Reds the "Alawa."

Fifth Race—3.30 p.m.

SENIOR CHALLENGE EIGHTS.

Mile course.

Prizes: Gold Medals.

Balmain—E. Bell (bow), 9st. 4lb.; R. Neilson, 10st. 10lb.; J. McQueen, 10st. 10lb.; A. S. Cox, 11st. 10lb.; W. Holborn, 12st. 12lb.; H. Stephens, 11st. 10lb.; S. Porter, 11st. 12lb.; S. S. Amess (stroke), 11st.; O. J. Wood (cox) 1

Leichhardt—G. Carlson (bow), 10st.; K. Gormley, 10st.; J. Lewis, 10st. 9lb.; L. Winkworth, 9st. 12lb.; R. Magnussen, 11st. 12lb.; G. Davidson, 11st.; T. McGill, 12st.; C. Kayser (stroke), 11st. 8lb.; W. Parker (cox) 2

Mosman—G. Gooch (bow), 10st. 3lb.; D. Macquarie, 10st. 4lb.; J. Farrell, 11st.; A. Pafflin, 10st. 9lb.; F. Marsden, 11st. 7lb.; H. Tattersall, 11st. 6lb.; A. Napier, 10st. 6lb.; C. Callaghan (stroke), 10st. 8lb.; W. Mason (cox) 3

The crews were despatched evenly. Passing Tambourine wharf it was difficult to see which crew had an advantage. In the last furlong the Mosman boat dropped back, owing to faulty steering. Over the last hundred yards a great struggle ensued between the Balmain and Leichhardt boats, the former crew winning by half a canvas. Mosman was third, three-quarters of a length away. Time, 5 mins. 38 secs.

After this race the Inter-State crew was chosen as follows:—Bow, A. Napier (Mosman); No. 2, C. B. Callaghan (Mosman); No. 3, T. Magill (Leichhardt); No. 4, A. S. Cox (Balmain); No. 5, W. Holborn (Balmain); No. 6, H. Stevens (Balmain); No. 7, S. Porter (Balmain); Stroke, S. Amess (Balmain); Cox, O. J. Woods (Balmain); Coach, W. J. Furlong.

Sixth Race—3.45 p.m.

CLUB CHAMPIONSHIP PAIRS (A Grade).

Course: Far White Pile to College Wharf.

Prizes: Gold Medals.

Red—R. McEvoy (bow), 9st. 11lb.; M. Meagher (stroke), 9st. 12lb.; T. Breen (cox) 1

Black—B. Regan (bow), 9st. 6lb.; F. Dunstan (stroke), 9st. 7lb.; G. Bryant (cox) 2

Blue—E. Hayes (bow), 9st. 4lb.; A. Hayes (stroke), 9st. 7lb.; G. Shiels (cox) 3

Time, 5 mins. 30 secs.

Seventh Race—4 p.m.

LIGHT WEIGHT MAIDEN FOURS.

Mile course.

Prizes: Gold Medals.

Balmain—J. Swanson (bow), 9st. 8lb.; F. Mackell, 9st. 13lb.; C. Clark, 9st. 11lb.; S. Anderson (stroke), 9st.; A. Sommerville (cox) 1

Glebe—N. Baldwin (bow), 9st. 9lb.; M. Keogh, 9st. 12lb.; R. Moloney, 9st. 11lb.; P. Hawke (stroke), 9st. 13lb.; F. Fitzpatrick (cox) 2

Mosman—L. McGlyn (bow), 9st. 5lb.; A. Perriman, 9st. 12lb.; J. Bradley, 9st. 13lb.; W. Bradhurst (stroke), 9st. 12lb.; J. Fraser (cox) 3

Balmain took the lead, and passing Tambourine wharf they were four lengths in front of Glebe, who were a length ahead of Mosman. Balmain won by two lengths. Time, 6 mins. 41 secs.

Eighth Race—4.10 p.m.

CLUB CHAMPIONSHIP SIX OARS (B Grade).

Course: Tambourine Point to College Wharf.

Prizes: Silver Medals.

White—T. McLaughlin (bow), 8st.; A. Glennie, 8st. 11lb.; B. Dalton, 8st. 6½lb.; C. O'Dea, 9st. 7lb.; K. Campbell, 8st. 7lb.; K. Dalton (stroke), 8st. 4lb.; D. Foley (cox), 8st. 3lb. 1

Red—B. Campbell (bow), 7st. 8lb.; J. Leese, 7st. 7lb.; W. McEvoy, 7st. 12lb.; J. Hayes, 9st. 5lb.; R. Dalton, 8st. 7lb.; E. Card (stroke), 8st.; H. Fraser (cox), 6st. 4lb. 3

THE FIRST FOUR (Winners of Yaralla Cup, Second Year in Succession).

B. Kelly (2). S. Best (bow).
W. Williamson (stroke). H. Duff (cox). D. Strelitz (3).

Blue—H. Godsall (bow), 8st. 11lb.; R. Brumm, 8st. 13lb.; M. Mouton, 8st. 6lb.; G. Blackall, 8st. 13lb.; G. Tilbury, 8st. 8lb.; H. Goddard (stroke), 8st. 3lb.; J. McKeon (cox), 6st. 4lb. 2

Won by a length, a similar distance separating second and third. Time, 3 mins. 10 secs.

In the draw for boats, White got the "Conqueror," Blue the "Champion," Red the "Xavier," and Black the "Loyola."

Ninth Race—4.20 p.m.

CLUB CHAMPIONSHIP FOUR OARS (C Grade).

Course : Red Pile to College Wharf.

Prizes : Silver Medals.

Blue—T. French (bow), 6st. 7lb. ; L. Johnson, 6st. 9lb. ; V. McAlary, 8st. 3lb. ; J. Hayes, 5st. 4lb. ; E. Larkin (cox), 6st. 7lb. 1

Red—P. Riolo (bow), 6st. 6lb. ; W. Burfitt, 7st. ; K. Fitzgerald, 5st. 11lb. ; W. McClure, 5st. 12lb. ; L. Bell (cox), 6st. 8lb. 2

White—J. Clifford (bow), 7st. 10lb. ; R. McLaughlin, 6st. 11lb. ; F. Boyd, 5st. 2lb. ; C. Anderson, 5st. 12lb. ; P. Schneider (cox), 5st. 3lb. 3

Won by two lengths. Time, 2 mins. 21 secs.

Tenth Race—4.30 p.m.

JUNIOR FOURS.

Mile course.

Prizes : Gold Medals.

Balmain—J. Russell (bow), 10st. 8lb. ; W. Dowey, 10st. 5lb. ; W. Rogers, 10st. 2lb. ; C. Allan (stroke) 9st. 2lb. ; A. Somerfield (cox) 1

Mosman No. 2—R. Dargin (bow), 10st. 6lb. ; D. Bowyer, 11st. ; C. Neville, 11st. ; M. Harphur stroke), 11st. ; R. Weaver (cox) 2

Glebe—W. Graham (bow), 10st. 6lb. ; S. Probert, 11st. 12lb. ; G. Miller, 13st. 6lb. ; H. Hancock (stroke), 12st. ; F. Fitzpatrick (cox) 3

All the boats were on even terms for the first furlong. Glebe lost half a length owing to interference by a ferry steamer. Passing the first pile Balmain crew was half a length in front of Mosman. At Tambourine wharf the Balmain boat increased its lead to one and a half lengths. Balmain eased up, and won by a length ; about 2ft. separated Mosmon and Glebe for second place. Time, 6 mins. 33 secs.

Balmain had a very successful day. The black and gold was first past the post in every event in which the club competed.

Grammer showed out first from a good start, but, passing Cabarita, Church of England and Newington had drawn level with them. At Tennyson, Church of England were slightly ahead of Sydney Grammar, who in turn were a little ahead of St. Joseph's. St. Joseph's here sprinted, and caught and passed the leaders, winning by a canvas from Grammar, Church of England being half a length behind. Time, 6 mins. 5 secs.

We were represented by the following crew :—Bow, J. Edwards, 9st. 10lb. ; No. 2, C. Fitzgerald, 10st. 2lb. ; No. 3, I. Comrie-Thomson, 10st. 7lb. ; stroke, V. B. McDermott, 10st. 10lb. ; cox, K. Kelly, 6st.

The personnel of this crew came in for a good deal of revision before the final combination was arrived at two weeks before the regatta. Getting a bad start, they were early in the rear of the hunt, but they plugged away gamely and were only two lengths behind the leaders at the finish.

Second Event—3.45 p.m.

The race is easily described. Our crew got a good start and took the lead at Gladesville. Abreast of Tennyson N.C. were second, with S.C.E.G.S. third and T.K.S. fourth. Rowing with a long even swing, Bill Williamson's crew drew clear of the field and eventually romped home with a lead of three and a half lengths. King's finished up a quarter of a length ahead of Shore. Time, 5 mins. 56 secs.

Our crew was arranged as follows :—Bow, S. Best, 10st. ; No. 2, B. Kelly, 11st. 8lb. ; No. 3, D. Strelitz, 10st. 10lb. ; stroke, W. Williamson, 10st. 11lb. ; cox, H. Duff, 6st. 7lb.

This is practically the same crew that won the Yaralla Cup last year, with the exception that B. Kelly replaced Geo. Blackall. The time was good. It has only been beaten once and that was in 1911, when Riverview won with the following crew :—Bow, H. Craven, 10st. 4lb. ; No. 2, D. P. McAlary, 10st. 6lb. ; No. 3, C. Wilkinson, 10st. 3lb. ; stroke, T. Dalton, 10st. 11lb. ; cox, L. Cranney ; coach, Nat. McDonald, Esq.

The present holders of the Yaralla Cup were coached last year by Rev. L. Loughnan S.J., and this year by the Rev. H. MacArdle S.J.

The above was the result of the re-row on Monday, April 19th, rendered necessary, in the opinion of the umpire, by the foul between Grammar, Shore and Scots' off Putney Point on the Saturday.

A good deal of nonsense was printed in some of the papers about the swirling of the waters churned up by the launches grouped round the winning post nearly a quarter of a mile away from the Point. This was said to have wrested the frail shells from the control of the coxswains and tossed them about like corks. On the second day the six crews were again practically level at the turn, yet Mr. N. J. McDonald, who acted as umpire on this occasion, brought his charges through without mishap. We consider the following extract from the " Referee " a fair account of what actually took place :—

" Getting away evenly, Riverview on the northern bank, shot past Gladesville with Grammar attending them. St. Ignatius', rowing well, had a short lead at Cabarita Wharf, the others, with the exception of The King's School (who were slightly in the rear) being almost level. Already enthusiasts were anticipating a struggle as thrilling as those of the last two years, and, as the event progressed with no very great margin between the crews, the struggle gripped everyone. To a deafening accompaniment, the race went on till, after passing Putney Point, Grammar's cox took his boat too far to the right, jamming Shore, who bored away, incommoding Scots'. W. J. Middleton was apparently shrieking through his megaphone, and when the three crews clashed he raised both hands as a signal to stop. The other three shot ahead, but were soon halted—about 200 yards from the winning-post. The position now became somewhat muddled, and when it was seen that No. 2 (H. L. Ryrie) in the King's School boat had broken his oar, the chance of a resumption dwindled. Coming across to the launch, the umpire suggested to Brother Edwin that a re-row be fixed for another day. He added that the crews were together when the stoppage occurred.

In the meantime the course was being covered with craft, whose puzzled occupants were asking what had happened and what was likely to be done. At a hurried meeting of the committee it was decided that the race be re-rowed on the following Monday. The action of the umpire in stopping the race was the subject of argument. While there was a general admission that it would have been particularly unfortunate for Scots' and Shore if the race had been allowed to continue, the unusual act of stopping a contest so close to the finish was considered by many old rowing authorities to be stretching the rules."

The postponement was a very heavy blow to the three crews who pulled clear of the entangled ones and rushed on with renewed vigour to dispute the finish. They were not to blame for the foul—as the numerous snapshots of the incident abundantly demonstrate—yet they had to go through that gruelling race again. The nervous strain told less heavily upon the crews involved in the foul, for they were, so to

speak, allowed to have another shot, although the rules of the N.S.W. Rowing Association expect each crew to "abide by its own accidents" and take them as the fortunes of war. T.K.S. had good reason to be elated at the success of their maiden venture in the big event, so they tackled the second day's work in the best of spirits. We do not grudge them our hearty congratulations. Though their rowing lacked finish, the grit was there, and they covered themselves with glory by beating a whole batch of far more experienced rivals. We reproduce the "Referee's" account of the re-row :—

"Monday was an ideal day for the re-row—a mild nip in the air, and but slight breeze. W. J. Middleton was unable to be present, and N. J. McDonald undertook the duties of umpire. Though there was not the life on the river of Saturday, it was far from being dull. With little delay the crews were sent away, St. Ignatius' College, as on Saturday, going to the front immediately. The sinking sun reflected on the waters prevented those following from obtaining a clear view, but passing Cabarita Grammar were second, with Scots third. Keeping a fine swing, Riverview maintained a lead of about a quarter of a length, with the rest of the crews practically level. It was a glorious race, embodying most of the thrills of Saturday. In addition, The King's School, not quite as accomplished in style as the others, were showing plenty of life, and even at Putney the whole six contestants possessed a winning chance. Before rounding the Point Shore made a great effort, the stroke pulling his crew together splendidly, passing Riverview. But immediately Sydney Grammar School sent out a challenge and took the lead. St. Joseph's—very pertinacious—who had been rowing 39 to the minute from the start, hung on gamely, with the King's School a quarter of a length behind. In the meantime Riverview were rowing level with Shore and Scots. Then, within 150 yards of the finish The King's School, making up in vigour and fire what they lacked in cleverness and form, made a tremendous effort, and in a thrilling finish, in which all the crews displayed remarkable pluck, The King's School won by a quarter of a length from Grammar, with Shore half a length away, followed by St. Joseph's Riverview, and The Scots' College. Time, 8 min. 5 sec. So close were the boats that until the official verdict, St. Joseph's believed they had finished third. A length covered the first four boats, and Scots' (last) were but two lengths behind the winners."

SPEECH DAY

1919.

His Excellency the Governor distributed the prizes at St. Ignatius' College, Riverview, on Thursday afternoon. Dame Margaret Davidson accompanied him, and Captain d'Apice, A.D.C., was in attendance. Others present included the Attorney-General (Hon. E. A. McTiernan), Mr. Justice Heydon, Very Rev. Father Lockington S.J., Rev. Father Gartlan S.J., Rev. Father Pigott S.J., Mrs. d'Apice, Dr. and Mrs. Lipscombe, Mr. and Mrs. Cobcroft, Mr. George Godsall (Mayor of Toowoomba), and Mr. and Mrs. E. T. Godsall, of Queensland, whose three sons distinguished themselves in the prize list, and were singled out for special commendation by Sir Walter Davidson. The eldest boy, John Godsall, won the D'Arcy Cobcroft prize for dux of school.

A short programme of music was contributed by the College orchestra, and Mr. A. Quilty, who played a piano solo, Godard's "Deuxime Mazurk." The Prefect of Studies' report followed, the Rev. Father O'Brien S.J., commenting favourably on the year's work.

Prefect of Studies' Report

Your Excellency, Rev. Fathers, Ladies, and Gentlemen—

The unusually early date of this function —and I venture to say that to most of those taking part in it, the boys I mean, this feature is not the least pleasing—we owe to the gracious kindness and characteristic thoughtfulness of His Royal Highness the Prince of Wales. Not having many years over which to travel back to his own school days, he knew what gift would appeal most to the schoolboy heart, and what souvenir would remain longest in the schoolboy memory. His Highness requested—and his request was a command—that all school authorities would grant an extra week's holidays this year in honour of his memorable and happy visit to Australia. When His Highness's letter making this request was read to the boys of Riverview, three such ringing cheers for the Prince were given that he would have been proud to have heard, and the vote, already universally given, that "he was a jolly good fellow," was confirmed and sealed. Our boys despatched at once, for His Highness was about to depart, a telegram thanking him for his kindness, and wishing him bon voyage and a hearty God-speed.

Coming now to review the work of the past school year, it is gratifying to have this opportunity of reporting favourably on the Studies of the College and the work of our school year. The College and its friends may congratulate themselves not only on the excellent work done and success achieved, but also on the whole-hearted spirit in which that work has been accomplished. The cordial spirit that has always existed between the masters and the boys of Riverview has been more than maintained this year, and that spirit, I am confident, has contributed no less to the work done than to the general content and happiness.

Throughout the year a wholesome spirit of work has been apparent, not merely amongst the Public Examination Classes, but also in the middle and lower schools. Evidence of this was daily given in the liberal advantage taken of the free study periods that our order of time allows for. Keenness in competition was most noticeable. The eager scrutinising and comparing

of the weekly examination results as they were posted up has been a continual source of consolation and encouragement to the masters. In this connection, I may be pardoned for relating to you an incident that occurred during the last few weeks. One of our younger boys had been troubled for some days by a persistent and not very musical cough. Suspecting that this cough was not of the usual type, he came to me with the request that even if he did get the whooping cough, he might be allowed to do his Christmas Examinations in the College Infirmary.

Convinced that in education as well as in anything else, a low standard is fatal to efficiency, we have aimed at, and hoped reached, in general, a high standard throughout. You will notice that no prize has been awarded in which at least 66 per cent. of the marks allotted have not been attained.

I should like to call your attention to the Summary of Results gained in last year's Public Examinations, printed on page 3 of the Prize List you hold in your hands.

These results are most satisfactory, and in some respects constitute a record for Riverview. Twenty of our boys sat for the Inermediate Examination, which concluded a few days ago, and fifteen are sitting for the Leaving Certificate Examination, which began last Monday. If hard and continuous work, joined with unflagging keenness and interest, is an earnest of success, then I venture to predict that this year's successes will not be inferior to last year's.

In connection with these Public Examinations, a bombshell was dropped in the school world of this State a few months ago by the Department of Education, in the shape of an announcement that in future years those Examinations would take place as early as September. It seems that by holding them as hitherto in November, difficulty is experienced in completing the correction of papers before the beginning of the following school year. We would like respectfully to point out to the responsible authorities that this arrangement would at once make the year of Examination—and this looks very like a bull—not a year at all, but a little more than a half-year. Furthermore, proper organisation of classes can take place only at the beginning of the school year in February; consequently, any organisation of classes in September or October would only be provisional, and because provisional would neither be heartily worked nor heartily entered into by the boys. Besides, we cannot assume that boys and schools exist for Examiners—indeed, we are justified in assuming that the contrary, partially at any rate—is the fact.

The bombshell, nevertheless, has been dropped. A time-fuse has been attached and its action has been fortunately delayed. Let us fervently hope that it will prove to be a dud.

Before referring to the Special Prizes, we have to deplore the death, in January last—the more sad because it was so unexpected—of Dr. John McDonagh, the father of one of our boys and the donor of "The Dr. John McDonagh Medal." Dr. McDonagh took always a more than lively interest in Riverview and its welfare, and in him the College has lost one of its best friends.

A still older friend has passed away within the last few days in Dr. J. A. Beattie, of Liverpool. For years he was a generous benefactor to our Prize Fund, and the boys of Riverview for many years past will gratefully remember his Special Prizes for Irish History.

Competition for the Special Prizes has again been keen, and they were all hotly contested.

The Archbishop's Medal for Religious Knowledge falls creditably to Adrian Maher, of the First Certificate Class, in competition

with the older boys of the Second Certificate Class.

The Blue Ribbon of Riverview—the much-coveted "D'Arcy Cobcroft Prize," founded by Mr. and Mrs. Cobcroft in memory of their son, D'Arcy, goes to one of D'Arcy's old companions—Jack Godsall, who is Dux of School for 1920.

The Kelly Memorial Prizes for English Literature, founded by the Riverview Old Boys' Union in memory of Mr. T. F. Kelly, their first President, go to Hal Godsall in the Higher Schools' Competition, and to his brother, Ted, in the Lower School's Competition. These Prizes have always been keenly contested, and are responsible for excellent literary work done. This year the work of Hal Godsall was of such a high order that he deserves special mention and special congratulation.

The Roger Forrest-Hughes Prizes for Ancient Classics, founded by Sir Thomas and Lady Hughes in memory of their eldest son, the late Captain Roger Forrest-Hughes, A.M.C. have been awarded in the five upper classes as indicated on the results of all the examinations of the year. These prizes are not awarded unless Greek as well as Latin is taken. In both of these studies Roger himself—it was my privilege to know him and teach him—was conspicuous, and held the University Medals for both Greek and Latin while a student here.

The gold medal for excellence in debate, awarded by the family of the late Lieut.-Colonel Bert Norris, in memory of him, goes for the second year to Virgil Willett, to whom we offer public congratulations.

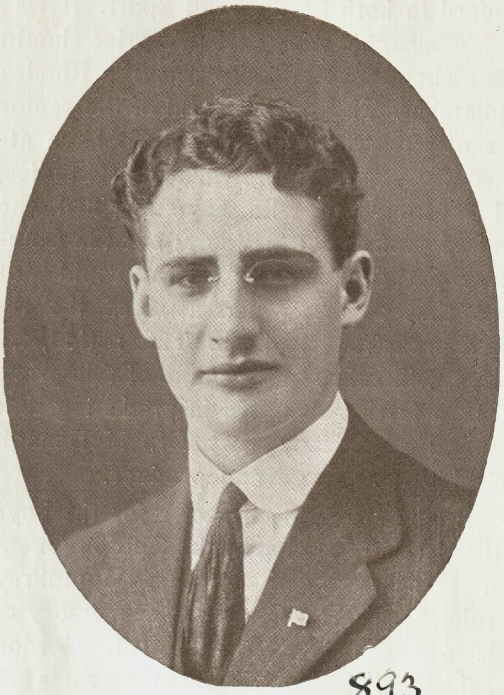

The Dr. McDonagh Gold Medal for greatest all-round proficiency in Studies and in Sport, founded by the late Dr. John McDonagh, and continued by Mrs. McDonagh and her family, in memory of Dr. McDonagh, is not awarded this year. The first condition in the awarding of this very beautiful and valuable prize demands a high standard in both Studies and Sport. It was Dr. McDonagh's wish that this prize should have a character similar to that of a Rhodes Scholarship. There are several of the senior boys of Riverview this year who have attained the required proficiency in Studies, and several, too, who have attained the required proficiency in Sport; but the Committee for deciding this prize could not agree that any boy had attained the required proficiency in both. This action, we believe, will enhance the value of this prize, and be a further stimulus in producing that all-round proficiency that Dr. McDonagh wished to encourage and produce.

A Prize similar in character for the boys of the Second Division is the Gordon Oxenham Prize, founded by Mr. Humphrey Oxenham and Mrs. Oxenham in memory of their son, the late Flight-Lieut. Gordon Oxenham, and decided by the votes of masters and boys, has been awarded unanimously to Charles McDermott.

The Brendan Lane-Mullins Prizes for English Competition and Verse, founded by the Hon. John and Mrs. Lane-Mullins, in memory of their only son, the late Lieut. Brendan Lane-Mullins, R.F.A., have been warded in all casses on the results of the prose essays written during the year and of the poems on the prescribed subject. This year the subject of the poem was "A Patriot's Dream," and the effusions were, in general, very creditable for schoolboys.

The Bob Macken Prizes for Mathematics, founded by Mrs. E. Ward, in memory of her son, the late Gunner Robert Macken, A.F.A., are distributed amongst the five upper classes, and were awarded as indicated on the results of all the examinations of the year in Mathematics.

The Bryan Hughes Prizes for Australian History and Literature, founded by the family of the late Captain Bryan Hughes, R.D.F., in memory of him, as well as the Prize for Australian History presented by

V. WILLETT, 893
Winner of "Norris Gold Medal" for Debate.

one of our ex-students, Dr. John McEvoy, of Murwillumbah, have done much, and are doing much, to foster and encourage a vigorous and cultured Australian spirit among our boys.

The Dr. Percy Clifford Prizes for Science, founded by Mrs. Percy Clifford, in memory of her late husband, who had been President of the Riverview Old Boys' Union, were distributed over the First Certificate and Second Intermediate Classes for Physics, and the First Intermediate Class for Physics and Chemistry.

Finally, there are the important prizes for "Conspicuous Effort to Do Well All Round," presented by Mr. Richard Strelitz, the father of three Riverview boys. These prizes are awarded to that boy in each Division who, while not possessing those gifts that enable other boys to reach the first places in Studies and in Sport, has striven hardest and most consistently throughout the year to do credit to himself and to enhance the reputation of his school. In the First Division the prize has been awarded to Jack Corry; in the Second Division to Cecil O'Dea; and in the Third Division to Leslie Johnson.

We have again to thank sincerely the generous donors of these Prizes—and we would like to assure them that the purposes they had in view in giving these Prizes are well achieved. The names associated with the Prizes are a continual inspiration to our boys, and the Prizes themselves are a stimulus to effort in every department of our school life.

This Report, already a long one, would not be complete if I did not refer to the Three Term System which was put on trial in the Great Pubilc Schools at the beginning of this year. This system has come to stay. Consensus of opinion of the Headmasters' Association and the Teachers' Guild of N.S.W. is in its favour, and it is now the rule of the Great Public Schools. Its opponents based their objections on the fact that the Three Term System gives only two periods of holidays instead of three; we, on the contrary, welcomed it because it gives us two periods of holiday instead of one.

To Your Excellency, to you Reverend Fathers, Ladies and Gentlemen, to our boys and their friends, we wish a Happy Christmas and a Bright New Year.
