Rector

FR JACK MCLAIN, SJ

This year, Father Arturo Sosa SJ, the General of the Society of Jesus, announced four Universal Apostolic Priorities for the Jesuits and their co-labourers to help guide us in accomplishing the mission of building God's Kingdom for the next 10 years. This process has taken two years of global discussion and listening, and the results are:

- Discernment & the Spiritual Exercises: Helping people find and follow Jesus Christ
- Walking with the Excluded: Accompanying the poor, the vulnerable and the excluded that society deems worthless in a mission of reconciliation and justice
- Caring for Our Common Home: Working with and through the Gospel for the protection of God's Creation
- Journeying With Youth: Accompanying young people in creating a hopeful future

If we look around the life of the College, we can already see many places where we are already living and working toward these values. Over the year, we have tried our best to use these guidelines to help inform the choices we make as the College community.

Early in the year I attended Year 7 camp out at Narrabeen, where a diverse group of young men were making the transition from being a large group of individuals to forming a class year group. What I witnessed were new friendships being made, old friendships being affirmed, people being challenged physically, spiritually and emotionally to lift one another up. Sometimes that was helping someone else up a climbing wall, other times it was supporting someone feeling a touch homesick (remember your first overnight experience, how scary it seemed?). It's not just our friends who help us through, it's often the people who are there, whether we know them well or not, that help us through challenges. And for many of these young men, the peers they bonded with will be the ones to help them through these challenges for the rest of their lives. These are the kind of bonds that the College brings out in people: the courage to forget ourselves and lift up those around us. And in doing that, we are in turn lifted up.

I also visited the home islands of two of our boarders from the Torres Strait Islands, trying to understand and capture how much their world changed when they joined the Saint Ignatius' Community. It was truly a remarkable experience, characterised by warm hospitality and warm island breezes. Then throughout the year, Dr Hine and I made a number of visits to Riverview families (and prospective families) in country NSW, as part of the Boarding Roadshow. All of these visits led me back to the heart of Jesuit education: Experience, Reflection, Action. Attempting something new. Understand what it means. Try to change so the change makes me more fully who I was created to be. No matter where we are as we begin the term, let us strive to become most fully ourselves.

Later in the year, I travelled to East Timor to see our boys on immersion in one of the poorest countries in South East Asia. It was inspiring to see Jesuit works in action: the medical clinic run by Fr Bong SJ in the mountainous region of Tabulassi, the feeding program in remote villages out of Dili, the rehabilitation of prisoners out of Railaco, and the magnificent school and teacher training college built at Kasait through the combined efforts of Jesuit schools in Australia. As always, I was deeply impressed with the way the boys responded to their service work, experiencing the personal growth that comes from surrendering to the cause of the other, while at the same time learning inimitable lessons of life through the reciprocal interchange of cultures. This was faith in action: that which lies at the heartland of Gospel teaching and at the core of the educational program.

At the College, a series of Masses and assemblies took place throughout the year:

- At our annual Friends Listen Assembly, four of our young men spoke about struggles they have faced both within and outside of our immediate community. And more importantly, they talked about the support they received from their friends, teachers and staff in addressing their challenges. It is always incredibly affirming to hear these stories of how our community responds to these challenges.
- We celebrated the Mass of the Sacred Heart of Jesus, where the full spectrum of Ignatian service was on display, from the Cana Community Farm which reaches out to people without homes and are marginalised, to Fr. Rajesh, an Indian Jesuit who works internationally with the implementation of Laudato Si, the Holy Father's document on our common home of the earth and how we should be in relationship with our land.
- The men of the Special Education Inclusion Program (SEIP) planned, organised and ran a student Mass that highlighted the theme of courage. They gave us plenty of examples of courage from all over our campus and, as is often the case, the SEIP men led by example.
- Environment Assembly showed the many options for people to act to make our shared world a better place for all people and the enthusiasm of our young men for acting rightly for the planet is an inspiration for us.
- All Saints' Day was a day when we remembered all the holy people who inspire and encourage us, who give us

an example of a person who is really comfortable being the person God created them to be – which is the whole point of the College. Not HSC marks or wins on any athletic pursuit, but becoming the person we were created to be. Which is actually much more difficult. But we have these people who show us how it's done. No matter who we are, there's someone who helps us be better. Connecting those everyday saints and the rest of us is what the College is all about.

I was also fortunate to take part in the Nostalgia Mass and Luncheon, where many of our oldest Old Boys and their spouses return to the College. Listening to them talk about their experiences here, you could hear the warmth and affection for the College. But more importantly, you could hear stories of how they had been supported by friends during their lives in the years since leaving the College. That's the Saint Ignatius' College bond: the closeness and care that begins here and remains throughout your entire life. That's living out the value of being a loving person central to the heart of our community.

Finally, I'd like to acknowledge this year's Year 12s – a fantastic group of young men who have risen to the challenge of leading their peers and setting an example for the entire community. So many men in the group have given fantastic examples of what it means to be a servant leader. They've shown they are good human beings who can think and reason, listen and learn, and most importantly, feel for another person and help them. The Blue and White Ball was a great way to finish, and an excellent reflection of the men of the Class of 2019: both exuberantly joyful, but measured and considerate as well. That is a great reflection on who we are; we celebrate together and we give thanks together. An excellent way to proceed as we approach the end of the year.

Vale, Fr Jack McLain SJ

After seven years of faithful service at Saint Ignatius' College, the last two of which have been as Rector, Fr Jack McLain has been granted leave to pursue higher study in Melbourne in 2020. Fr Jack brought many gifts and qualities during his time at Riverview. A committed member of the Nepal immersions for many years, a passionate photographer and outstanding preacher, Fr Jack enamoured himself to the staff and students of the College. Fr Jack will be strongly remembered for his capacity to fuse theology with life experience, enlivening that long Jesuit tradition where an incarnational theology is lived out through a practical spirituality.

Best wishes Fr Jack, as you explore some new horizons in 2020.

Principal

DR PAUL A. HINE

Coach Jim Arkell and Archer Woodhill celebrate their win

As I complete my seventh year as Principal of this wonderful school, I can attest to another chapter of extraordinary growth and achievement in the very proud and distinctive history of the College. This was made manifest across a range of endeavours, be they in the classroom or more broadly across the co-curricular and service domain.

By any standards, it has been a remarkable year. It began with a student motto that spoke to the primary mission of the school: *Not For Ourselves Alone*. It became a mantra that echoed across all aspects of college life with a vigour and an energy that was palpable, whether that be in the sporting arena, in service programs or in the classroom. Capturing the spirit of Pedro Arrupe SJ, former Superior General of the Society of Jesus, it highlighted the importance of being 'a man for and with others'. And, it was instituted and made manifest as the boys went about their routines, ever mindful of the need to make a contribution to their school and their wider community.

The year also began with another very fine HSC profile from the class of 2018, with approximately 90 boys crossing the stage as Laureates for securing scores in the top 10% of the nation. Dux, Mitch Hope, secured the highest possible Australian Tertiary Admissions Rank with a score of 99.95, along with about 40 other top achievers from across the nation. It is encouraging to acknowledge the sustained improvement in academic performance over recent years, fully in accord with the Jesuit tradition of scholastic achievement, that sees Saint Ignatius' as the highest achieving comprehensive boys' school in New South Wales.

In terms of success in the broader life of the College, there may be few to rival it. At the senior end, the level of achievement has been little short of phenomenal, with victories in a wide range of sports and activities. Among other things, this includes:

- Bas Braham winning the Lawrence Campbell Cup, bringing it back to Riverview after 25 years. This adds to Bas' success as the finest orator in the country with the Youth Rostrum National Award in Perth in 2018, and also acknowledges Bas as the first Tuckwell Scholar in Riverview's illustrious history;
- The Open A Football Premiership – the third in successive years;
- The Open A and B Basketball Premierships, in addition to the Raschke Cup and the NSW All Schools Championship for the Senior Team. This is, without exception, the most successful Senior Basketball team to pull on the blue and white;
- The Senior GPS Swimming Championship;
- The Yaralla Cup, which is the success of the Open IV at the Head of the River, after 54 years in the wilderness;
- The All Schools Golf Championship;
- The Australian Open Mountain Bike Championship;

and, the list goes on. Add to this the largest number of OnSTAGE nominations in the College's history and high representation in ENCORE, which are the finest works in HSC Drama and Music, respectively. And let us not forget the centrality of scholarship – our raison d'etre, which continues to produce some of the finest results that the College has seen.

All of the above is impressive, but it is eclipsed by the fact that the graduates alone accrued over 30,000 hours of community service over their years at the College. This is an extraordinary feat and one that provides a compelling insight into the values that drive this College. It is through the faith-in-service program that the virtues of the Christian gospels are lived out, for as St Ignatius made abundantly clear, love is expressed more deeply in actions than in words". To those young men, supported by families who hold the mission of this College at the heartland of their endeavours, I offer a sincere and deeply felt statement of thanks. For it is here that change of the most profound kind will be felt, in our school, in our community and in our world.

We approached 2019 with a deep respect for the past and all that has been achieved at Riverview, but equally, with a need to embrace the present and the future. New STEM units were devised and delivered in the upper primary and junior secondary school, while the integrated and porous environments of the Therry Building were pushed to further limits. At the senior end, new NESA courses were delivered and examined that required teachers to engage in deep and, at times, challenging collaboration with their colleagues across the education sector. In times of change, the need to work in unison to produce the best outcomes for all is imperative and newfound relationships were forged in order to best manage these demands. And if change was a feature of 2019, there is only one certainty: there is more ahead.

Over the coming 12 months, the College will be working intensively on a new Strategic Directions framework to accommodate the years 2020-2025. These will need to be purposefully approached, with a keen eye on the values and principles that underpin a Jesuit school, but cognisant of a wider world in which this community needs to participate. The bedrock of that has been laid by the Society of Jesus, with the release

of the Universal Apostolic Preferences and the Province Priorities. They foreground the Strategic Planning process, and without going into the specifics here, they capitalise on that spirit of Jesuit endeavour that has made the Society a tour de force of Catholic teaching and practice over its extraordinary history.

On a very pragmatic level, the next stage of the Ignis Project will hold our attention over the coming 12 months. The Wallace Building has been in significant decline for some time and the need for renewal is imminent. Over the last 12 months, a Project Control Group has been working intensively on a functional design brief to formalise all aspects of the architecture and costings that will see the construction of the largest project the College will undertake in the next 50 years. There are many logistics associated with a building that will be in the heartland of the College, particularly surrounding student safety and the need to maintain educational continuities across the rest of the campus. It is likely, following approvals from Jesuit authorities in the Australian Province and Rome, that this project will commence in November 2021 and be complete by mid 2023. And, the replacement of the Wallace Building will lead to the renovation of all of the learning environments in the College – such is its ambition.

I wish to thank many who make Saint Ignatius' College what it is. To the staff who, in the words of The Founder, 'give without counting the cost', I extend a very sincere statement of gratitude. To a very expansive community of Parents & Friends (P&F), whose support is both instinctive and far-reaching. We are gifted with an Old Ignatians' Union (OIU) that surpass anything I have ever had the pleasure to be associated with, for in the aftermath of their schooling, these young (and not so young!) men continue to appropriate and live out the mission of the school though works of service and self-giving. To the many who support our causes – past parents, benefactors and friends of the College, many of whom sustain the largest bursary program in the nation, I extend a sincere statement of thanks. And to our young men, who by virtue of their example live positive, generous and faith-filled lives, I wish to publicly thank them for the integrity they bring to their endeavours and for the individual story that they author into Riverview's annals.

As we move into the 141st year of the College's unique history, I am reminded of the aims upon which the foundation stones of the school were laid. In 1883, the Prefect of Studies, Fr Charles O'Connor SJ, shared his vision with the school community:

> *Our aim is not merely to pour into the boys' minds a certain amount of information which they may or may not retain, but gradually to make the young mind conscious of its own powers, to exercise and strengthen those powers, so that when school days are over the young scholar will be able to walk alone.*

That objective remains as firm and fixed today as it was then, and if our young continue to appropriate the mission of 'the other', they will indeed fulfil a destiny that our community and our world so desperately need.

Bas Braham with the Lawrence Campbell Cup

Year 10 Service at Marlkawo

Ignis Project stage 2 Wallace Building

Campion House Mass

Archivist

MS CATHY HOBBS

The establishment of Riverview Archives dates from 1974 when then Headmaster, Rev Peter Quin SJ, saw the need to bring together the historical records, documents, and photographs recording the life of the College, which were scattered throughout various offices.

The first accessions of records marking the formal establishment of the Riverview Archives were received from a few sources, notably the Rowing Master, the Headmaster and the Editor of *Our Alma Mater* in 1974. For years, accumulations of records were discovered in cupboards and garrets around the school until, in 1980, the need for adequate record storage and museum exhibition space became imperative. The Archive was then moved from a room in the library to the basement of the Main Building, now known as the Arrupe.

Some of the most significant series of records which document the earliest days of the College are the journals and diaries kept by the Rector, Minister and Prefects, especially the meticulous diary of Father Joseph Dalton SJ. So convinced was he of the value of recording events that he not only maintained his diary until 1902, when he was aged 84, but also encouraged all his pupils to follow his example. While the few student diaries which the Archives hold provide a fascinating insight into the life of a Riverview student in those early years, it is the diaries of Father Dalton which provide us with the most significant personal record of events in the first twenty years of the College.

However, the records which constitute the archives date far beyond the founding of the College in 1880. In fact, the earliest document held in the archives dates back to 1793, when a grant of land was given to Archpriest John Joseph Therry and formed part of his estate which he bequeathed to the Jesuits.

Riverview Archives includes a large museum made up of a series of themed rooms. The corridor which runs alongside the Archive rooms serves as a photo gallery and includes a display of oars from winning crews. The record repositories contain approximately 650 shelf metres of records in various formats including paper files, volumes, internal publications, photographs, plans, school uniforms, videos, compact discs and audio cassettes. The museum storage room provides housing for items when not on display, such as sporting trophies, antique chapel silverware and vestments, items from Riverview Observatory, memorabilia and personal items which had belonged to significant Jesuits, members of staff and students.

There are two databases which comply with the International Standard of Archival Description, providing access to the archival records, photographs, museum items and artworks. A major project is underway to enter the various catalogues, which date back to 1974, into the databases. There is also a digitisation program in place focusing initially on certain at-risk and highly significant records.

The Archives is used as a resource by members of the Riverview community and the general public. Research enquiries and visits are received from historians, genealogists, staff, students and old boys. Year 7 history classes visited during Term 1 as part of their unit of study on primary and secondary source material. The students examined documents on display showing aspects of the College's history and prominent Riverview personalities. The students assumed the role of 'detectives' examining the exercise book and journal of Roger Molony to piece together information about the College in 1892 from the perspective of a student.

As well as the regular accessions that the Archive has received from the various College departments, one of the more unusual was in the form of a toy wolf, namely, Iggy the Wolf. In 2017, the College had a Year 7 boarder who was homesick, and to help combat this, Dr Hine bought him a stuffed animal to provide him with some comfort. Following this, Dr Hine had the idea to get an 'Iggy the wolf' stuffed toy produced in the Riverview colours that could be given to all Year 7 boarders when they commence at the College. The thought process behind this was that Iggy could provide

Year 7 students in the Riverview Archives

John Wilcox's Honour Blazer

comfort and journey with the boys through not only their first year in boarding but their entire boarding journey - the wolf being a symbol of the College and also a symbol of strength. Since then, there has been an Iggy waiting on every Year 7 boarder's bed when they arrive at the College.

The Archives has also received several donations this year including the honour blazer of John Wilcox, College Captain and a member of the winning crew of 1975; a silver vesta which had belonged to Charles Fraser SJ; a gold honour cap awarded to William Hogan in 1909 and the Drawing Master's Medal awarded to Robert Lenehan in 1883.

Riverview Archives supports the mission statement of the College by providing a place of perpetuity for those records, memorabilia and museum objects which serve as the memory bank for the Riverview community past and present. The Archives also aims to promote and share the rich heritage of the College and the Jesuit tradition with the students and the wider Riverview community.

Pastoral Care

DEAN OF PASTORAL CARE: MR RUSSELL KAM

A challenge for us Riverview is to have the benefits of a large school in terms of infrastructure, subject selection and co-curricular opportunities, while also maintaining the connectedness between the community that a smaller school innately possesses. A key to this connectedness is the sense of belonging that permeates through our House system.

If you were to speak to any one of our numerous students about the connections they have at school, they will identify firstly as a Riverview student, and secondly as a member of their House. This is a reflection that the Pastoral Care system implemented at the College has created vertical connections between students from Year 7 through to Year 12, and indeed, with the staff who are associated with each House.

It is important also to recognise the developing nature of the male adolescent mind through age-appropriate activities, therefore a number of pastoral care activities are conducted in year groups, some of which are described below.

Our 2019 Year 7 cohort first gathered together in 2018 with an Orientation Day. Students were grouped by Houses and introduced to their Assistant Head of House and Head of House. These two people become the mainstay of each student's pastoral care and the commencement of their House-based journey through the College. Relationships that were created in 2018 were then given further opportunities to solidify through the Year 7 Camp and the Year 7 Social. Both of these events were significant in terms of giving opportunities to build social networks both within the cohort and also outside of the cohort by challenging students outside of the walls of a classroom.

Year 8 students and their fathers (and father-figures) had the benefit of hearing from Paul Sinclair, who is himself a parent at the school. At the Men in Conversation breakfast, Paul inspired us all through his engaging style of storytelling about his experiences as an Anaiwan man from north-west New South

Wales. Year 8 students also had the privilege of hosting a dance to which students from several nearby girls' schools were invited.

Year 9 students also kicked up their heels with a dance which furthered social connections made in earlier years. An additional highlight was the Year 9 Challenge which involved students spending a week in the bush, in addition to activity days such as an Indigenous Cultural experience, Bronze Medallion experience and a Hospitality experience. Significantly for parents, the Domestic King experience involved our students learning to properly clean a toilet!

In the first half of the year, Year 10 students attended a road safety course through the RYDA Program. The RYDA workshop is significant in that it asks students to not only recognise their decision making when driving, but also asks students to recognise the influence of their passengers. In the latter part of the year, this same cohort experienced Ian Luff's Drive to Survive Program where he taught defensive driving skills. Both of these programs are targeted at students who are obtaining their learner driver's licence. In addition, Year 10 students volunteered to collect funds for Legacy; it remains a treasured memory to see our local Legatee and our volunteering students in deep discussion about how the money they were raising helped to fund the good works provided by Legacy for the families who have served our country.

Whilst the above describes some of the 'events' that have been provided through our Pastoral Care Program, it remains that the day-to-day core of our Program is twofold.

- Firstly, morning registration, where each student is greeted by their Head of House or Assistant Head of House, serves as a regular conversation between student and pastoral carer. This conversation is itself a means of connecting, checking and assessing each student in terms of their wellbeing, and it remains a cornerstone of all that occurs in pastoral care.

- Secondly, our pastoral system facilitates Mentor groups where Mentors meet with their small group of students almost daily, with an emphasis on the provision of care. The involvement of Mentors is significant as many of our students form strong relationships with their Mentors without having the onus of teaching and learning being required of them. Moreover, the involvement of many non-teaching staff members serving as Mentors speaks for the underlying commitment and values of the staff of the College.

The efforts of Heads of House, Assistant Heads of House, Psychological Services and Mentors all put students at the fulcrum of how we operate as a College. My thanks and recognition are offered to all who serve a role in the provision of the extraordinary level of care offered at the College.

Counselling

HEAD OF COUNSELLING: MR BENJAMIN MOFFATT

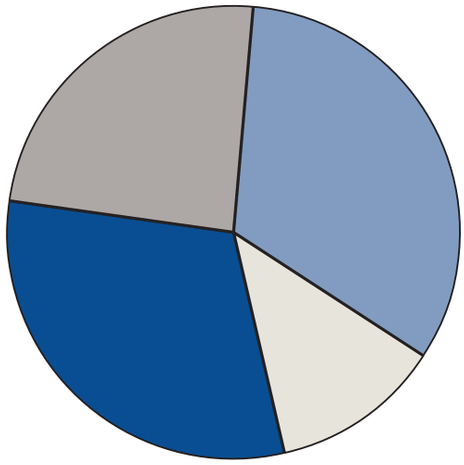

2019 has been another action-packed year for the Riverview Counselling team. We have been fortunate to have a solid and stable team, with Miss Ashleigh Bierton and Ms Amelia Leason both completing their second years at Riverview in July this year. Over the past year, our team continued to support the Riverview in a variety of ways.

In reviewing our team records, we have noticed a steady increase in the number of students who are accessing support, with our referrals doubling from 2014 to 2016 and then rising steadily up to 2019. At present, our team would see around 550 students at least once within the school year, which is very encouraging.

This increase in referrals can be explained, in part, by an important cultural change within the student group. Around one-third of our referrals are now from the boys themselves - either self-referrals or students referring a peer. This is a dramatic change in a short period of time with student referrals having been than 5% in 2013 and up to 34% in 2019. Over 50% of this latter group were in their senior years.

A strong driver for this change is the annual Friends Listen assembly. This year marked the fourth anniversary of the College's Friends Listen assembly, and we continued to discuss the importance of staying mentally healthy, and more importantly, sharing how students can support each other. Students are given the chance to take the stage and share their stories about some of the challenges they have faced, and how the supports in their life have helped them. The aim of these assemblies is to celebrate and share examples of support and remind our community of the value of even simple gestures of care for others. Considering the number of students who have sought our support this year, I believe that our young men have been listening well and looking after their friends.

Inspired by Ms Amelia Leason's adventures in Nepal last year, Miss Ashleigh Bierton travelled to Cambodia with a group of senior students in 2019 (pictured right).

Referral Source

- Parents
- Peer
- Riverview
- Self

Immersions are always an opportunity for our students to explore the world and put the Ignatian principles of service and being a man for others into action, and this trip was no exception. Ashleigh was touched by the sensitivity and care the students showed.

Our team have a close partnership with the Heads of House team and are often invited to meet with House groups to discuss important and relevant topics. Over this year we have met with a number of House groups to share information and strategies on topics such as Taming Perfection, Managing Social Media and How to Maintain Balance "When hate is in the headlines". Our team also hosted lunchtime sessions for our sport teams to share ideas and strategies to manage pre-game nerves and maintain focus during the game.

Finally, the Riverview counselling team has some exciting news. In 2020, we will welcome a new member to the team: Ms Megan Christie. Meg is a registered psychologist with clinical and management experience who will be working as our Regis Counsellor. Miss Ashleigh Bierton has been working at the Senior and Regis campuses and from next year, will move to the Senior school. Ms Amelia Leason also has exciting news of her own, as she is expecting a baby in May 2020. While the team makes room for some new faces in 2020, something that never changes is our genuine care for our young men, and we look forward to the privilege of supporting our community in the year ahead.

COUNSELLORS L-R: Ashleigh Bierton, Ben Moffatt, Amelia Leason

Miss Ashleigh Bierton from the Counselling team joined the Cambodia Immersion in 2019

The Magis

Religious Formation

DIRECTOR OF RELIGIOUS FORMATION:
MR JOHN GILLES

Formation from the Ground Up

When Ignatius first formed the Society of Jesus, it was referred to as the Companions of Jesus, a reference to the militaristic notion of a company. Despite this, one of the defining characteristics of Jesuit and Ignatian Leadership is a lack of hierarchical overview in the day to day. Members were formed as well as they could be, and then sent to serve in a range of Ministries in various parts of the world without recourse to communication, advice or overt direction from 'Head Office'. In other words, people were given authority to act as they saw fit in the pursuit of the *Magis* at the service of the Ministry, to bring about the Kingdom of God. In many ways, this is also true of this contemporary Ignatian institution; so much of the good work of many teaching and non-teaching staff in the Formation of the students here is done out of the sightline, based on personal lived experience and deep synonymity of values with the Society. Examples abound in the classroom, on the sporting field, in the Boarding houses and on the playground - in fact, wherever any College activity is taking place. For this, we are extremely grateful, particularly to those who facilitate all these wonderful examples of Ignatian Education.

Liturgy 2019

Our Masses and prayer services are always greatly enriched when we encourage and allow student leadership and ownership of the liturgical life of the College.

Our Liturgy Committee, made up of students who volunteer from Years 7-12 under the steerage of the two Year 12 Liturgy Captains, created many memorable Student Masses this year. The themes were formulated by the committee such as "Our Environment is in your hands" about our call to care for God's creation and "Keep Calm and Carry on" about the importance of persistence, resilience and helping each other.

Opening School Mass

When a Student Mass is timetabled, students can choose to attend or do quiet study. Therefore, it was pleasing to see the Dalton Chapel was packed out for these Masses throughout the year. All the roles, with the exception of the Priest, were undertaken by students. At each occasion, a student gave a reflection trying to make the themes and message of Jesus relevant to our Riverview community. The music - once again all chosen and performed by students - was a mixture of the traditional and contemporary with soulful performances of Christian hymns such as 'Lord I Need You' to rousing renditions of the 'Galilee Song'.

On a whole College level, we have been greatly blessed by the active involvement of the Music and Drama departments to enrich our liturgies. The gifts these students bring to our liturgies help make them much more meaningful and engaging.

Highlights included the Choir leading a reflective hymn 'These Alone are Enough for Me' based on St Ignatius' Suscipe, and the Year 11 drama students taking down "the wall" of boxes to symbolise how we are called to work with Jesus to free the world from injustice and bring about love and peace.

Ignatian Service Program

Our 246 Year 10 students spent four days volunteering at various service organisations, including Aged Care homes, schools for students with disabilities, hospitals, services for the homeless and many other organisations. As part of the week, 79 of the Year 10 group were involved in a service week placement in Mt Druitt, or one of several locations in regional NSW or Northern Territory.

"In many ways, I feel that although this trip was meant to be me providing service to an indigenous community, it has had a reverse effect in that it has provided a service to me. It has shaped me and my perspectives, values and priorities. I have since learned from the Wadeye experience that the things we value most in our lives are not truly the important things in life." Zach, Year 10 Wadeye placement

The Year 11 Student Service Leadership Group was established throughout 2019. One student from each House took on the role of being the face of Ignatian Service within their House, meeting regularly to look at ways to animate the Program within the student body. The most significant project was leading the Term 2 Food Drive which supported the work of Jesuit Social Services at Holy Family Parish, Emerton. This was the first time we had supported Emerton Parish in this way, and we look forward to continuing this association for many years to come.

The Smith Family Reading Program again saw around 30 of our students participate. One College parent commented about her son Bill's* progress reading with his buddy, Xavier*: *"I can really see development in them both. It's a complete win-win. Xavier's mum told us last night that he doesn't ever want to read at home and in fact doesn't do any reading voluntarily, but that he eagerly waits for his "Bill call". We even*

managed to read an extra chapter last night and I could tell that both boys were chuffed at the end. There was an occasion recently where Bill was held up at sport and my Year 11 daughter said PLEASE can I do the Xavier phone call!"
(*Names changed)

Other ongoing programs that students are involved with include the Loaves and Fishes Cafe, Garate project (sandwich-making and toiletry packs for St Vincent de Paul), Cana Farm, Special Olympics, Starlight Foundation (volunteering in children's hospitals), visitation of Aged Care homes and the Year 11 Reflective Conversations at the end of their time involved in the formal Ignatian Service Program at the College.

Staff Formation

There were eight non-term days of Formation for staff in Years 1 to 4 of their service. Running Days 1 to 4 simultaneously at the end of Terms 2 and 3 has been received well by the staff involved. In addition, another 10 days of Reflection were run for particular groups within the staff. Themes focussed on Human Excellence, Decision Making, Reflection and Discernment, Sacred Conversation, and Commitment.

A highlight of this year has been the whole Staff Spirituality Day held in April which focussed on the First Spiritual Exercises, a program designed by Fr Michael Hansen SJ, whose facilitation of the day we benefited from immensely. Many staff were prepared to lead prayerful breakout groups, which was extremely affirming.

18 Riverview staff attended the Province-led Ignis 2 and another 27 attended Ignis 1.

We maintained the successful model of Parent Formation this year. At the New Parents' Mass, Father Jack spoke about our charism in his homily and then Guy followed up with a panel-based talk about some of the key features of the College and Jesuit Education. Simultaneously, senior student leaders took the new students to various classrooms and used a combination of pictorial story and questions to introduce the boys to the story of Ignatius. The response has been positive from new boys and parents.

Chaplaincy

The exercise of Lay Chaplaincy at the College has taken as its focus a Ministry of Presence, going to meet students where they are at: visiting co-curricular activities including sport, drama, debating and the SEIP program. This also involved particular contribution to the Year 5 and 6 Reflection mornings, focussing on the four Cs - Conscience, Competence, Compassion and Commitment. Another highlight was the preparation of classes for Reconciliation for Years 7 and 8, with Fr Joe Dooley SJ administering the Sacrament.

Retreats

Reflection Days and Retreats in 2019 have included a mix of new and continuing programs for each year group. The core purpose of each has been around allowing the students time to consider their relationships with themselves, with others and with God.

Group	Focus
Year 7	Faith in action with guest speaker, Sam Clear.
Year 8	Friendships and gratitude for God's love, with Chris Doyle.
Year 9	Life journey and choices so far, led by Year 11 Peer Minister.
Year 10	Reflection on their Service Week and the implications of how faith in action really looks, feels and sounds.
Year 11	Reconnection with the Principle and Foundation of Ignatian Spirituality and to come to more fully recognise the love of God in their lives.
Year 12	A choice of eight retreats to allow them to best engage with their own personal faith journey. From pilgrimages to service, to prayer, to Cana Farm, the students had a three-day retreat to immerse themselves in formative experiences and look at their internal and external worlds from different perspectives.

Year 11 and 12 students continue to have the choice of engaging in Kairos Retreats, which are four-day experiences that allow them to go deeper into an understanding of themselves, their relationships and their God.

YEAR 10 SERVICE WEEK

YEAR 10 SERVICE WEEK

It is a privilege to walk a short distance of the journey with these young men as we seek to encounter God in All Things.

Mark Diggins continued to offer staff and parent retreats in his role as Spiritual Director. Weekend retreats for staff and parents, separately and in conjunction with the staff and parent bodies of Saint Aloysius' College, were held at the Jesuit Villa House at Gerroa. Ignatius Draws us to Jesus, a seven-week Parent Formation Program, received excellent feedback. Mark continues to deliver both the Full and First Spiritual Exercises for parents and staff alike.

Regis Campus

Head of Regis

MS CAITLIN REMEEUS

Regis Leadership

Our School Captains, Campbell Conna and Louis Taylor, were called to speak on behalf of the College on many occasions and were truly exemplary leaders. Perhaps the most significant occasion was when they had a Q & A with the Head of Regis, Mrs Caitlin Remeeus, to share with our Year 5 2020 parents just what it is like to be a student at Regis and to reflect on what they have learnt about themselves as leaders in 2019. Completely unscripted and without any palm cards, the boys spoke with confidence to highlight just how special the role has been for them both: *"It's not about us wearing a badge or leading assemblies. It's about stepping back so other boys can take the lead and being there to support them if they need us."*

Perhaps the highlight of the year for our School Captains and Year 6 Class Leaders was their participation in the Ignatian Youth Leadership Conference at The Tops Conference Centre.

The conference was hosted by St Aloysius' College and leaders joined from Xavier College - Kostka Hall and Burke Hall; St Ignatius' College, Adelaide; Kincoppal, Rose Bay; Sacré Cœur, Melbourne and Loreto, Kirribilli, for three days of student leadership and formation.

The conference theme 'Let your light shine' encouraged students to use their gifts and talents in leadership with humility. One of the approaches to leadership was the sophisticated notion for Year 6 students of 'stepping up to let your light shine and stepping back to let the light of others shine'. This is a fairly nuanced aspect of leadership in relation to leading from the front, leading from behind, leading from within, distributing leadership and giving others the opportunity to shine.

This style of leadership suits Regis. Our boys certainly embraced the learning experience, 'Stepping up and stepping out' at the right time. Students also explored real and significant role models in their lives. For so many of them it was their parents who were the most significant role models and many of the students spoke of their parents' actions in relation to this. It was pleasing to see this acknowledgement and gratitude of, and for, parents.

The camp was absolutely freezing, beneficial and formative for the students to revisit some of the fundamentals of Ignatian spirituality and Jesuit education.

Grandparents' Day

Having our students' grandparents and great-grandparents visit the College on Grandparents' Day and joining their grandson in their classes was a very special occasion. It was a beautiful event at Regis and captured 'God's most precious work of art is the warmth of a grandchild's heart.' Many boys performed and read during Mass. Following this, our grandparents visited our classrooms. It is a much-loved tradition here at the Regis Campus to showcase this special day. What a pleasure it was to hear and see the surprise and delight from people attending for the first time. Our young boys are so openly affectionate towards their grandparents, who are so openly devoted to their grandchildren.

HSIE – Human Society and its Environment

At Regis we acknowledge the importance of embracing cultural diversity and global awareness with positive attitudes and values. During Term 3 our school community was transported from Sydney Airport, located by the school canteen, briskly to Asia. On arrival we were greeted by country hosts who worked collaboratively with their team to present their country with customs, maps, facts, food, music, flair and authenticity. I was so impressed to hear from all groups who articulated with confidence who they were, who came before us and the traditions and values that shaped their countries' societies.

The groups were able to explain how people exercise responsibilities, participate in society and make informed decision. I learnt about the ways people, places, ideas and events are perceived and connected. It was a sea of colour and a buzzing space. I truly didn't want the experience to end. The intention was well and truly met. All students embraced cultural diversity and gained awareness of Asian cultures.

Year 5 Sculpture by the Sea

Year 5 boys visited the *Sculpture by the Sea* on Tuesday 5 November. We walked from Bondi to Tamarama embracing the outdoor coastline transformed into an outdoor gallery. Over 100 sculptures, breathtaking scenes and mother nature's wild winds added to our boys' enthusiasm. We were in awe of what the artists conjured up with their extraordinary creativity. The boys had time to explore and discuss practices employed in creating the sculptures. I was impressed with the level of interest and the conversations with the boys that involved aspects of Science & Technology, Engineering, Art and Maths (STEAM).

Farewell Year 12

Our Year 5 and 6 students challenged the seniors for a seriously competitive round of handball, as part of their final chapter in their journey as a Riverview boy.

Regis hosted a handball tournament on Tuesday 24 September with the Class of 2019. The Year 12 students prepared and shared a BBQ lunch with Regis students. This event was significant and important as it gave the younger boys in each House the chance to say goodbye and good luck to the men who have led them with such distinction throughout the year.

After this week, the Year 12 students' official schooling is done and just as fledglings emerge from the nest for the first time, these young men will too make their first steps into the world as adults in our society. Perhaps the most rewarding part of being a teacher is sharing in the journey over the years and being witness to the transformation that takes place from timid Year 5 boys into confident young men who walk out of here ready to face the world. It was rewarding to see so many past Regis students embracing the Regis staff

who previously taught them and our boys having fun with older brothers, cousins and mates they know from the bus and other paths.

Student Reflection

Wellbeing Week – Immersion Talks
By Zac Dockney, Year 6

On Wednesday 28 August, students from the Senior School came over to Regis to talk to us about the special opportunities they had to go on Immersions and Service Week this year. The boys were separated into their Houses for this activity. Firstly, a senior boy acknowledged the traditional owners of the land on which this school was built. Secondly, Finlay Harris told us not only about the amazing place he went to, but he told us about his reflection and his experience. A predominant theme I learnt from him was when he talked to us about how his meaning to feel alive changed due to his Immersion. He said this was not thinking of anything and just being present in the moment with no distractions.

Following this we were divided into House Groups. My group had a talk by a young man by the name of Jack who went to Bowraville which is on the border of NSW and QLD. My mind quickly changed when I was hearing about this area. People in this community struggle based on their family heritage. He told us that the town was very racially divided, and that home-life was challenging. One thing that stood out for me from my group was hearing about the impoverished education standards.

After this experience I think differently about how people act when they are in difficult times. I am moved to action through these examples of service, and I am encouraged to reflect upon how lucky I am. This experience was very inspiring for me and I urge others to reflect on their wellbeing and the wellbeing of others.

Regis Clubs & Activities

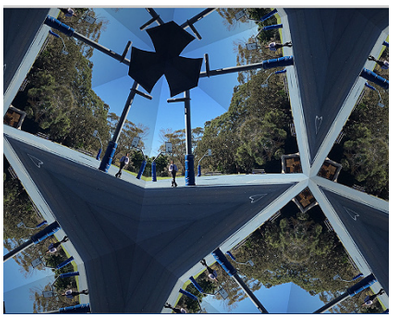

Art Club

VISUAL ARTS TEACHER: MRS CATHERINE PENNING

Students were given many opportunities to explore art and undertook a variety of excursions in 2019. Year 6 attended the Archibald Prize Exhibition at the NSW Art Gallery. They participated in a talk with an Art Education Officer and were privileged to also have input from Kate Gradwell, a Regis parent who was also a finalist in 2019.

Year 5 visited Sculpture by the Sea, Bondi, in November. This excursion assisted the boys in learning more about artists and how they can use different materials to interact with the outside environment and communicate to an audience.

Students also made the most of our beautiful environment both at Regis and on the foreshore over at the Senior School. They explored both drawing and photography, capturing aspects of their surroundings that were interesting to them.

A group of Year 6 students were also able to participate in an after-school Photography Club where they learned how to take and develop their own photographs. Mentoring was provided by Senior students who studied photography. The Regis photographers benefited greatly from the experience.

Art Club at Regis was always full of enthusiastic participants. Drawing, painting, printmaking and clay sculpting were some of the activities that were popular with the students over the course of the year.

Regis STEAM EXPO

ASSISTANT HEAD OF REGIS:
MS TANIA GODFREY

STEM Club Prizes

Year 5 STEM Club Award: **Angus King, Jack Hickinbotham, Henry Martin**
Year 6 STEM Club Award: **Lazlo Kapel, Patrick Keaney**

Our annual Regis STEAM Expo was a sensory explosion of colour, sound, design and innovation, captured under the umbrella of learning and creativity, We were all extremely proud of the wide range of displays in Science and Technology, Engineering, Art and Music. Performers were showcased through the musical performances of Year 5 Japanese drumming and STEM innovators were showcased through the wide range of STEM topics from Bridge Building, 21st Century Sport and Animation Studios, to Master Planning, Robotics and Little Bits. Science students from STEM CLUB were showcased with displays from our Young Scientist Awards before everyone became a Scientist with the opportunity to design and launch a rocket from our ever-popular rocket launcher. Possibly the biggest focus was the amazing art, with displays from every student of artwork which ranged from wire sculptures and drawing to photography and the show-stopping wire and papier mâché penguins.

Perhaps the greatest achievement of our STEAM EXPO was the collaboration which underlined so much of what we enjoyed. Without collaboration, many of our STEAM achievements would not have been possible, including the efforts of all staff to display and share their students' learning.

Regis Debating & Public Speaking

PUBLIC SPEAKING: Julian Criola,Jason Tonkin

ISDA PRIMARY DEBATING L-R: Mr Ben O'Dea (Coach), Angus Martinez, Brody Folkes, Patrick Keaney, Julian Criola, Daniel Osborne

SDN PRIMARY DEBATING Back Row: Julian Criola, Lachlan Clubb, Patrick Keaney, Patrick Delaney, Julian De Angelis, Mr Ben O'Dea (Coach) **Front Row:** Alexander Bradley, Angus Martinez, Brody Folkes, Daniel Osborne, Angus Tesoriero

Debating

ASSISTANT HEAD OF REGIS: MS TANIA GODFREY

Our 2019 ISDA and SDN Primary A debating team was exceptional. These boys made the final of both debating competitions where their deep thinking and persuasive arguments were stretched to respond to two very difficult topics. One of these was that 'Australia should NOT become a vegetarian nation.' This was a very complex and topical debate which raised the big issues of climate change, animal cruelty, the economic contribution of farming to Australia and the place of meat in religious festivals and diets; it was a topic which would have been challenging even in a high school environment. 'Homework should be banned.' and 'Canteens should not sell junk food' are the usual topics for primary school students. However, in the days of technology and the world at our fingertips via a device, these old topics no longer have the rigour required to really test and challenge our students. Our boys made connections at a global level, they looked beyond the facts and knowledge and made links between social and economic systems; they understood the political and ethical issues which are present within our world and why they are relevant to us within Australia today. It was this analysis and synthesis of information which is so important to higher order thinking and demonstrated their reasoning and problem-solving skills.

It also illuminated the changing face of debating for our students. No longer pre-prepared and practised prior to the event, students are given the topic an hour before-hand and must then work as a group to craft their arguments and devise their model and thoughts without any technology. I believe that our students excel at this – not just within the Primary A Debating Team but especially within the whole of Regis where co-operation, collaboration and communication are key skills which are particularly enhanced through group learning and a positive growth mindset. Congratulations to Daniel Osbourne, Angus Martinez, Julian Criola and Patrick Keaney who were in both finals and to Brody Folkes, Lachlan Clubb, Alexander Bradley and Patrick Delaney who were a part of the SDN team. We also thank Mr Ben O'Dea, our Primary A coach who guided this team to both finals, the only Primary team to do so and the only Riverview team to make both finals in 2019.

Public Speaking

COORINATOR: MRS MARILYN FITZGERALD

Rotary Primary Schools Public Speaking Competition

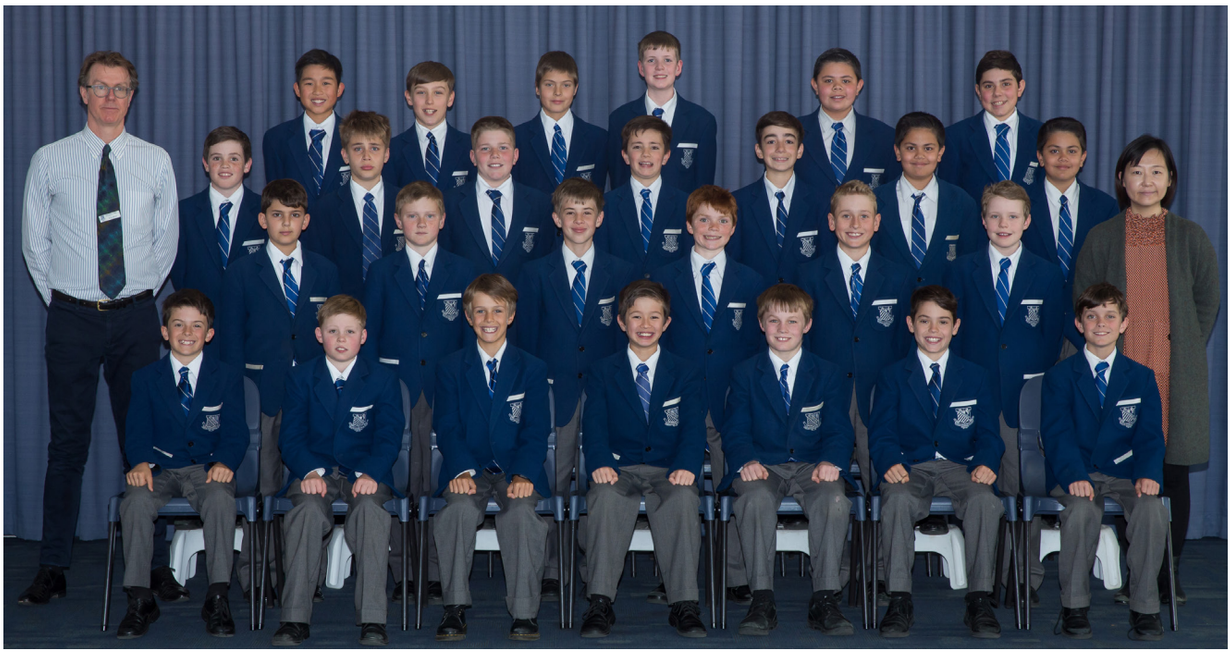

On Thursday June 6, two of our talented young Regis students represented the College in the Rotary Club Public Speaking Competition, held in Lane Cove. Jason Tonkin and Julian Criola both delivered a prepared speech on "Climbing the Heights" with adjudicators looking for an original and inspirational presentation from all students. Both students did extremely well, and Jason must be congratulated further for taking out First Prize on the night. As such, he received a $100 voucher and $500 which he presented to Dr Hine at a College Assembly.

"Speak Up"

For the third year running, the College was pleased to offer our Regis students, many who had no experience in public speaking, the opportunity to participate in our "Speak Up" competition with the girls from Santa Sabina College, Strathfield. The popular six-week co-curricular course allowed the boys to plan, compose and deliver a speech that needed to be original, entertaining and relevant. The finale was a graduation afternoon shared with the girls from Santa Sabina, where they stood up and presented in front of an audience of family, friends and peers. We value the collaboration with the teachers and students from Santa Sabina and look forward to continuing the tradition of friendly combat next year.

Regis Music

REGIS CHOIR Back Row: Matthew Lee, Alexander Ainsworth, Harry Sultana, Matthew Beaman, Will Pettersson, Julian Criola **Third Row:** Angus King, Oliver de Ambrosis, Angus Young, Daniel Nuthall, Michael Gatsas, Mitchell Pettersson, Joshua Pettersson **Second Row:** Mr Kirk Hume, James Pittorino, Charles Magarey, James Rees-Woods, Michael Gordon, James Gibson, Alexander Bradley, Ms Maria Lee **Front Row:** Coleman Alvarez, Lochlan Korowe, Artaban de Lacharriere, Samuel Young, Charles Biddle, Angus Menegazzo, Harvey Cummins

Music

The Regis Choir

MR KIRK HUME

2019 began with a surge of energy and enthusiasm as new boys entering Year 5 took their place in the Regis Choir alongside the more experienced singers in Year 6. By March the choir was ready for their first performance at the Environmental Assembly in Ramsay Hall, singing a work especially chosen for the occasion, Paul Jarman's *Mother Earth.* Their debut performance was acknowledged with enthusiastic applause from the Senior boys.

In Term 2, the Regis Choir added more songs to their repertoire and gained valuable performance experience singing in the Mothers' Mass in the Dalton Chapel, a Regis Assembly and the College Anzac Ceremony alongside the Ignatian Choir.

By June the boys felt ready to take on the challenge of the City of Sydney Eisteddfod at the Chatswood Concourse. This was a great opportunity to sing before their peers in a magnificent venue and to learn by watching other school choirs all striving to perform at their best.

REGIS CHAMBER STRINGS Back Row: Mrs Rosalind Graham, Daniel Perisa, Luke Kelman, Mark Bradshaw, Jason Tonkin **Front Row:** Charles O'Connor, Riley Wallis, Alexander Bradley, Samuel Young, Julian Criola, Marcus Rorke, Ciaran Wilde **Absent:** Archie Delany

In August, the Regis Choir was featured in the annual Chapel Concert in the Dalton Chapel, filling that sacred space with their radiant singing of *You Raise Me Up* and *These Alone Are Enough For Me.*

Later that month, the boys flicked the switch to 'Rock 'n' Roll' mode, bringing the Father/Son Mass to a spectacular close with a full-bodied rendition of *Sing and Shout,* accompanied by the Regis Rock band.

In September, the Regis Choir entertained the crowds at the Indian Bazaar, singing *You Raise Me Up* and *Wim-o-Weh* from Disney's *The Lion King.*

Finally, in Term 4 the boys wrapped up a busy year at Regis In Concert with an energetic and vibrant performance of *Joshua Fit De Battle of Jericho* (conducted by Mr Patrick Nam) that was warmly received by all present.

REGIS CONCERT BAND Back Row: James Hector, Zachary Dockney, Archie Timmins, Matthew Marinovic **Third Row:** Mr James Walder, Patrick Fehon, Harry Brooks, Daniel Nuthall, Healy Ryan, Aiden Paras **Second Row:** Lachlan Antcliff, Leonardo Kong, James Kearney, Rory Parker, Cooper Clarke, Andrew Bigg, Daniel Osborne, Charlie Davies **Front Row:** Matthew Beaman, Ted Perrignon, Nicholas Saunders, Raphael McLachlan, Charlie Caine, James Re, Patrick McNeil

Regis Chamber Strings

MRS ROSALIND GRAHAM

The Regis Chamber Strings has been meeting every Monday lunchtime throughout 2019 to learn how to play together as a string ensemble without the need for a conductor. The group comprises some of the most talented students on violin, viola, cello and double bass in both Years 5 and 6. This year the group had 12 members.

Many ensemble skills have been developed, such as a focus on precise intonation, matching bow strokes between the different instrumental sections, listening to each other and playing similar phrases with the same bowing technique. The students have discovered that there is a lot more to playing a piece well than just playing the right notes at the right time!

The first half of the year was spent working on pieces to develop these skills and then in Term 3 the ensemble prepared several pieces to perform in the Grandparents' Day Mass at the end of the term. Following the Mass, the ensemble learnt a variety of new and considerably challenging works, two of which were performed at the Regis Concert in November. Many of the Year 6 members will continue to develop their ensemble skills in the Intermediate String Ensemble next year, whilst the Year 5 students will take on leadership roles in the Regis Chamber Strings.

Regis Concert Band

MR JAMES WALDER

The Regis Concert Band has had a busy year and has been in demand for events both at the Regis Campus and at the Senior School. The Regis Band consists of almost 30 Year 5 and Year 6 students. There are a wide range of abilities in this ensemble, as some students have been playing for up to four years, while others began on their instrument this year.

The Regis Concert Band has explored a number of different styles of music this year. We have played some film music, including *Raiders March, Jurassic Park* and one of our favourites, *The Avengers*. We have also played some classical repertoire, including *Largo from the New World Symphony*, some jazzier pieces such as *Bunyip Blues*, and some modern Wind Band music, including the challenging *Woodland Odyssey*.

The band has performed at a variety of events, including assemblies, eisteddfods, Grandparents Day and the STEAM Expo. One of the highlights of our year was receiving 91/100 at the Sydney Eisteddfod.

Having a very large brass section and a smaller woodwind section has meant that the main focus this year has been learning about balance. The students have worked on choosing an appropriate dynamic and tone colour based on whether they are playing a melodic or an accompanying part.

I wish all the best to the Year 6 students as they move up to the Senior School and look forward to following their progress as young musicians. I am excited for my Year 5 students to be the senior players in the Regis Concert Band next year.

REGIS PERCUSSION ENSEMBLE L-R: Caius White, Luke Carseldine, Daniel Osborne, Raphael McLachlan

The Junior Percussion Ensemble

MS ALISON PRATT

2019 brought about a change for this Ensemble. In the past it consisted of only Year 5 and 6 boys and was named the Regis Percussion Ensemble. This year it was decided, due to the Intermediate Percussion Ensemble discontinuing, to be renamed the Junior Percussion Ensemble and involve students from Years 5, 6, 7 and 8.

Some of the students were beginners and had never played percussion before or played another instrument such as the piano. They all received an introduction to all aspects of percussion, including drums, mallet instruments and basically any instrument you can strike or shake.

The Ensemble had its first performance experience at Riverview in Concert in May, performing *Calypso Dream* by Kevin Tuck. The performance and Ensemble were well received. Unfortunately, the Year 7 and 8 students left the Ensemble shortly after this concert due to other extra-curricular activities, so the Ensemble for the rest of the year consisted of only four Regis boys. I became the fifth member of the Ensemble and directed from the instrument.

The Ensemble performed in November at two separate Regis school events. The first was at the Steam EXPO where they performed two pieces: *Apache* by Jerry Lordan and *Happy* by Pharrell Williams. The second performance was at Regis in Concert where they also performed two pieces: *Summon the Spirits* by Kevin Tuck and *Happy*.

REGIS GUITAR ENSEMBLE Back Row: Christian Sterrantino, Julian Carr, James Harper-Urgel **Front Row:** Barclay Sutcliffe, Finn Roberts-Thomson, Frederick Hartson, Riley Wallis, Charles Biddle

REGIS ROCK BAND L-R: Ronan Daly, Ahran Grimes, Patrick Keaney, Daniel Perisa, Kai Swift, Daniel Osborne

Regis Guitar Ensemble

MR RICHARD CICHOCKI

The Regis Guitar Ensemble was always very enthusiastic and enjoyed their pieces. They worked well together, and they played with a great sense of feel and time. The Ensemble played at the end of year concert with great accuracy and received many positive remarks on their performance. The pieces they played were a mix of traditional to popular genres including *El Condor Pasa, The Lion Sleeps Tonight* and many more. The Regis Ensemble students produced great results and their overall playing was of a high standard.

Regis Rock Band

MR RICHARD CICHOCKI

The Regis Rock Band has worked hard and were well received at the Battle of the Bands and the final end of year Regis Activity Concert. The Band had seven members consisting of Drums, Bass Guitar, Three Guitarists, Keyboard and Vocalist. The rhythm section was solid, and the vocalist performed with great confidence. The Band members were always very helpful in setting up equipment and being punctual to their weekly band practice.

Australian Rules Football

Team	Best and Fairest	Coach's Award	Coach
1	Angus Tesoriero	Charles Gould	Mr Connor Roche-West
2	Theo Turner	Jack McAvoy	Mr Alexander Bulley

The coaches were very appreciative and proud of the sportsmanship that was displayed by all players every Saturday morning towards the umpires and our opponents. We had a mixed season with a couple of tough losses but at the same time a couple of big wins, which definitely kept the season interesting and exciting. The highlight was the local derby between the two Riverview teams.

It was really good to see the development of both teams with a mixture of boys who have played football before to those who have never played until this season. The gelling of a team with a wide range of skills and abilities is a real testament to their eagerness to win and learn.

Players were rotated in and out a fair bit, but our effort didn't fall. Those in the forward line kept strong throughout the season and continued to score under pressure with plenty of team effort going into every goal scored. The backs were always reliable even if we were being inundated; they managed to conjure up the confidence as a group to shut down and defend any team that came onto the field. Those who went through the midfield always stepped up to the opportunity to dig in and complete the grunt work to win the football for us.

All in all, the boys deserve a big congratulations for their efforts this season, no matter the score or situation the boys competed admirably and with a smile on their faces. If this season is anything to go by, AFL at both Regis and the senior school beyond has a very positive future and I look forward to seeing the boys further progress next year!

One final thanks to all the parents who made each week possible and stepped in at appropriate times.

All teams showed great dedication and effort in matches and displayed excellent sportsmanship throughout the season. Players supported each other both in competition games and at training and showed great improvement in individual skills, understanding their role in the team and teamwork.

The coaches found it very rewarding working with such an enthusiastic group of students who were always keen to learn at training sessions and who were able to use their skills to play an excellent fast-paced game. A memorable moment towards the end of the season was our 9's tight game and victory against St Pius; an exciting one-point win while the 1sts achieved a number of second half comebacks for which they should be proud.

Thanks must go to all the parent supporters and Saturday morning helpers – your contributions are greatly appreciated.

As we move on to 2020, congratulations to those graduating to the Senior School and thank you for the way you represented Regis on the court over the past two years. To those returning to Regis next year we look forward to seeing you all as we continue to develop our skills and improve our teamwork.

11B	Charles Magarey	George Wormwell	Mr Henry Swan
11C	Cristian Ayrouth	Julian Carr	Mr James Shore

There was never a dull moment at training, and that is a credit to the boys' great enthusiasm for the game of cricket. Our teams are talented and enjoyed training and playing together. As the season progressed each team displayed great effort, enthusiasm and sportsmanship while playing a number of excellent matches against strong opposition.

The coaches found it rewarding to watch each player's skills develop and progress strongly in game play; all with a cheerful attitude and a determination to do well.

The 11C team had an undefeated season and despite many comfortable wins, the team always continued to focus on improving their individual game which culminated in terrific team performances and standout individual moments.

Thank you to the parents who have shown incredible support this season turning up week-in-week-out, always cheering the team for every wicket that was taken, every boundary that was scored and providing great encouragement to the boys.

NSWCIS Team: Daniel Beretta

Teamwork, discipline and fun. These were the foundations upon which we built our Football teams and what allowed each team to have a great season. Every game, the boys demonstrated these values which led to some brilliant matches, exciting wins and great fun. It was definitely a case of seizing the opportunity to improve skills and fitness in every game; all players should be very proud of their achievements.

As a result, one of the most encouraging aspects of the season was the growth displayed by the teams in their skill level, positional awareness and teamwork. The players are also to be congratulated for the team spirit and kindness they showed to each other and their opposing team in every match.

Thank you to the parents who created a supportive environment and instilled in their sons a strong commitment to playing as part of a team; this saw each boy work on specific areas during the week and try out new skills each Saturday. This helps to make coaching very rewarding.

NSW Team: Angus Grover

Throughout the season the boys trained incredibly well and were open to learning and taking on new information and skillsets. We worked in particular with creating a safe and fun space where boys could contribute to the team development as well as individually. The result of this approach was evident in seeing the players' confidence improve as individuals and as a team as they implemented the new skills and tools during games.

One of the most pleasing things to see as a coach is the immense improvement from each individual and we would like to credit the boys for turning up to training and striving to improve.

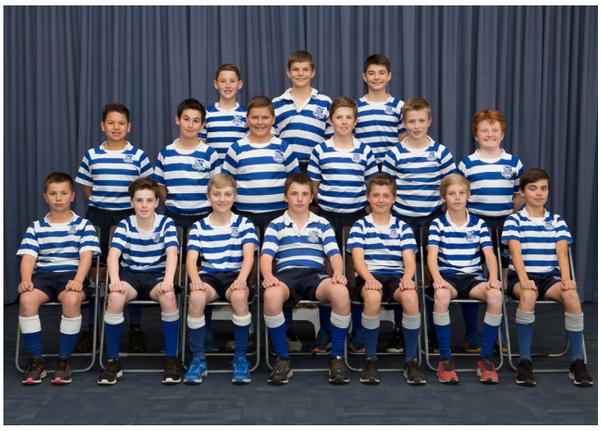

The 11A forwards showed exceptional defence with high ball turnover rates to give the backs clean ball where their speed, agility and skills got them to the try line many times to result in an undefeated season. The team's biggest achievements included a 108-0 win, a 104-0 win over and playing at half-time of the Waratahs game at Bankwest Stadium.

With the 12A team we attempted to develop the boys into a 'shape' of play that would allow creativity and ball movement, and we saw how well that could work for this group of players against Scots when we ran them of the park, scoring four lovely team tries out wide.

A huge thank you to the parents for their endless support and help throughout the season. It has been a fantastic experience coaching so many great footy players who have such bright futures in the game. The energy and enthusiasm they bring to their games and training sessions has made it a great and enjoyable season.

C	Nicolas Grande	Artaban de Lacharriere	Mrs Adele Dalton
D	Leo Schmid	Josh Pettersson	Mrs Alexandra Harrison
E	Christian Engelman	Charles Pittorino	Ms Caitlin Remeeus

Each team member displayed excellent sportsmanship and represented the College with passion and honour resulting in each team sharing many memorable moments.

A focus was placed on perfecting players' serves and working with each student to strengthen their individual and doubles game. Each player showed focus and determination, always giving their best in every game. In the latter part of the year, it was pleasing to witness the great improvement in the boys' overall tennis skills. This was mostly due to Mr Simon Causley's excellent coaching skills at training each week.

We would like to extend a huge thank you to all family members who came out each week and cheered on the boys, whether it was parents, siblings or extended family, your encouragement helped add to the positive sporting environment.

DEPUTY PRINCIPAL TEACHING AND LEARNING: MR RUSSELL NEWMAN

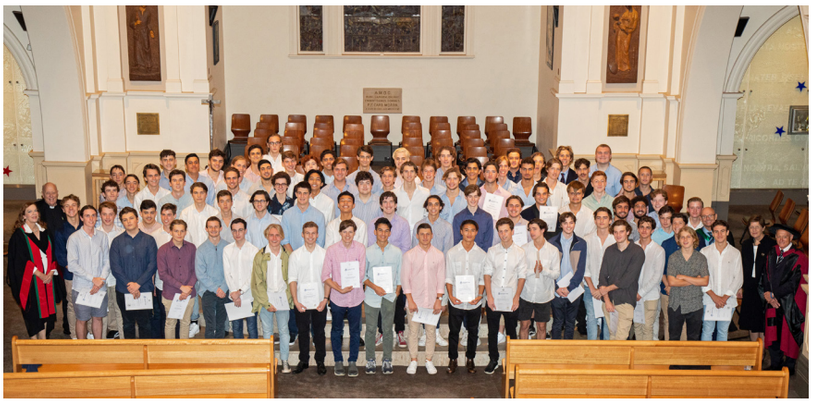

While I report on my fifth graduating class at Riverview, I realise that I'm beginning to sound like a broken record; in every successive year, new records are set by yet another remarkable group of young men ready to burst into the world to embrace a greater call to action. This year was no different with several milestones being reached for the first time.

In 2019, 41% of students achieved an ATAR over 90. Our Dux, Bas Braham, was the first student at Riverview to be awarded the prestigious Tuckwell Scholarship at the Australian National University. Nine students achieved an ATAR over 99 and we recorded seven state rankings: 1st in NSW - Classical Greek Continuers and Classical Greek Extension: Sebastian Braham; 3rd in NSW – English Standard: Benjamin Tuckfield; 5th in NSW – Engineering Studies: Nicholas Leonard; 7th in NSW – Latin Extension: Sebastian Braham; 9th in NSW – Latin Continuers: Declan Rickard; and 15th in NSW – Business Studies: Matthew Croker.

15 students achieved the extraordinary feat of scoring a Band 6 in 10 or more units of study to receive an All-Rounder Award; these are students who have not only built on their strengths but have also focused effort on those areas that challenged them. Our all-rounders for 2019 were: Sebastian Braham, Declan Rickard, Jake Carr, Matthew Croker, Harry Duffy, Julian Edwards, Josef Finsterer, Edward Goodman, Hugo Heanly, Alex Morton, Thomas Neaverson, Brendan Robinson, Henry Ryan, Alex Sidhu and Matthew Tonkli.

It was, as always, a pleasure to welcome back our highest achieving students as well as those who had excelled in a number of exceptional ways. Naturally those who had achieved an ATAR over 90 were applauded, but so too were 34 other students who, although not quite reaching the 90+ rank, demonstrated extraordinary talent or learning growth which led to recognition beyond the physical borders of the College.

Louis Callanan, former College Captain, was recognised by NESA for his Visual Arts Body of Work in the annual 'Art Express' display at the NSW Art Gallery. In fact, Louis' work was honoured for receiving the highest accolade of any work in NSW. We also recalled the works of other Visual Arts, Drama and Music students for being recognised by NESA in the 'best of' collections for OnStage and Encore as well as Art Express: Seamus Byrne, Harrison Tate, Clay Bollesen, Jeremy Luey, James Greenslade, Michael Middleton, Clayton Lie, Max Pollard, Thomas Benson, Conor McCoy, Darby Elith, Alexander Johnson, Cameron Noud, Nick O'Keeffe and Henry Willis.

CLASS OF 2019

In addition, we recognised those students who had successfully gained entry into US universities on the basis of their various talents: James Clout, Jonathan Dennis and Lachlan Doust; and we congratulated Nikolaus Albin for his offer to attend the Sydney Conservatorium of Music.

Dux and Proxime 2019

For the fourth year running, the College Dux achieved an ATAR of 99.95 . This year's Dux, Sebastian Braham, also achieved three state rankings in the HSC. He was well known for his outstanding oratory skills, and was offered a place in the Bachelor of Arts and Bachelor of Laws double degree course at the Australian National University with a full Tuckwell Scholarship.

Declan Rickard achieved the second highest ATAR among the 2019 cohort with a rank of 99.85. Declan achieved a state rank for Latin Continuers and will continue his studies in the Bachelor of Actuarial Studies and Bachelor of Economics double degree course at the University of NSW.

While every group of students who passes through our classrooms, yards, ovals, courts and stages is unique, bringing their own gifts and their own dreams, it is always a joy for the staff of the College to witness their extraordinary growth over the years. Each young graduate, including the many who are not named in this article, leaves us to make a difference in their world and each one of them is celebrated and valued forever as an Ignatian.

Louis Callanan (far right) with (L-R) Her Excellency the Honourable Mrs Margaret Beazley AC QC, Governor of NSW, Ms Stevens and Dr Michael Brand, Art Gallery of NSW Director, standing before Louis' Body of Work for Visual Arts displayed at the Art Gallery of NSW.

The Kircher Collection

The Kircher Collection

INTRODUCTION

The Kircher Collection is one of the most remarkable publications created by the College because it highlights the extraordinarily creative and critical thinking of our graduating class together with a dedication to the pursuit of knowledge which transcends the demands of the Higher School Certificate. It truly represents learning mastery and demonstrates the development of human excellence.

The namesake of the annual publication, Athanasius Kircher, is described as "the complete Renaissance man, the uomo universale, a polymath—widely regarded as the physical embodiment of all the learning of his age. Deservedly known as "the Master of One Hundred Arts", he taught in the Colleges of Würtzberg and Avignon, before being posted to Rome (where he died in 1680). In bridging the sciences and the humanities, Kircher has been compared to da Vinci." (The Kircher Collection, introduction)

The annual *The Kircher Collection* publications

In this vein, *The Kircher Collection* publication is a compendium of the finest work of the graduating class across a range of disciplines including Art, Music, History, Drama and Literature. Throughout Jesuit history, these fields of pursuit have featured strongly and continue to attract students to the very essence of the study for the way it resonates with their inner being. The quality of the works in each of the fields is truly exceptional, but perhaps more important to each and every work is the heuristic process that was entered into and the self-discovery that occurred along the way. This process is described in a personal reflection introducing each work in the book.

At the high end, Jesuit learning (*educere*) enables the subject matter to be appropriated, synthesised and insinuated into the very fabric of the self. Among the graduating cohort, the result of this process at Saint Ignatius' College Riverview can be witnessed in *The Kircher Collection*.

The Kircher Collection - Class of 2018

MR RUSSELL NEWMAN

THE 2018 KIRCHER COLLECTION PARTICIPANTS

Drama

- Ralph Housego, Patrick Tynan, Patrick Flannery, Thomas Ashmore - We Love America to the Moon and Back

English Extension 2

- Tom Rogerson - M(yth)representation
- Xiao Gong - Reifier

History Extension

- Hugo Perrignon - A historiographical analysis of the influence of historians' contexts on the debate surrounding the success of Prohibition in the United States 1919–1933

Music

- James Osborne - The Cat Burglar

Visual Arts

- David Wilson - Tempus Fugit / Time Flies
- Dean Fisher - Men in Wigs
- Dominic Ephraums - Nosce Te Ipsum / Know Thyself: Moments of quietude and reflection
- Mitchell Frawley - Ocean Idols
- Patrick Tynan - Navigating the Nexus of Cyclical Knowing
- Zac Harvey - Where They Were...

The Kircher Collection - Class of 2019

MR RUSSELL NEWMAN

In 2019, the Kircher's repertoire extended to the Technology courses and, for the first time, included a major work of oratory excellence together with the usual major works from English Extension, Drama, History Extension, Music and Visual Arts.

Oratory

- Sebastian Braham - Same As It Ever Was

Drama

- Clay Bollesen, Isaac Silva and Harrison Tate - 638 Ways to Kill Castro

English

- Harrison Upfold - TIME, PLEASURE, TRUTH: A Projection
- Josef Finsterer - Selective Permanence Hugh Holm 50 Visual Arts "Isostacy" (Conversation between the solid and Vaporous)
- Luke Johnson - The Final Frontier
- Michael Norton - Neo-anthropergoism or, Autopsy Of A Jellyfish
- Xavier O'Grady - Banana Boats & Bushy Eyebrows

History

- Daniel Freidman - To what extent and why, do Holocaust museums and memorials around the globe vary in their presentation of the history of the Holocaust?
- Michael Norton - Assess the effect of the East-West dichotomy on the Western ability to create valid history concerning the Ba'athist Iraqi State and the Iraq War
- Ryan Graham - Shoah survivors' concerns about the changing role of Holocaust history in terms of Postmemory

Music

- Jeremy Luey - Music 1 Composition – Toccata Energico | Performance – Piano Waltz / Spartacus / October (Autumn Song)
- Henry Willis - Music 1 Performance – Alto Saxophone Georgia / Vierd Blues / Dat Dere / Chips and Salsa

Technological & Applied Studies

- Jonah Cooper - Hall Table
- Simon Kenderes - Chess Table

Visual Arts

- Harry Culican - House as Home
- Louis Callanan - that which is familiar – a visual verse
- Luca Bambagiotti - "Misplaced"
- Nikolaus Albin - "Imminent Temples"
- Seamus Byrne - " Disillusionment - the omen - the art of perception"

Memoriale Assembly

MR LACHLAN EDWARDS (OR1983)

Almost 36 years ago to the day, I sat where you sit. Listening to an old guy talk. I remember that day and therefore I promise to keep this reasonably short.

I did not do as well in the HSC as I had hoped; until the day that the results came out, I had only ever thought I would go to the Bar, hopefully become a QC and maybe a Judge, and that meant studying law. I missed out on entry to law by one mark in 500. Just one.

I was stunned. I had no plan B. I had been a debater and that was what I was good at. My efforts as the winger for the 16Js rugby team were not evidence of skills I could fall back on. I not only did not get any academic prizes on speech day, I did not feature on any list for any subject. It was my first lesson that the world doesn't owe me anything and I am not entitled to anything. However, Riverview had taught me in ways I had never realised. Let me highlight a few:

The first was that we are taught to think, to prioritise problems and be inventive with solutions, and to act. We are men of action. For example, in first term of Year 12, my Housemaster Mr Lea-Scarlett went on sabbatical. He was an extraordinary man who had a great impact on me. As the House system was formed, he said to the Headmaster "Give me the ones no one else wants." When I asked him "Why?", he said "That is what Christ would have wanted." So, there you go, I was the Captain of the Nobodies!

It was the first year of the House system and there were no processes. The teachers who were Ricci tutors were great teachers, but they couldn't run a bath. I was in Year 12 and had to make it work. I had to prioritise and communicate. To do so, Patrick Nolan and I created a newsletter, *The Hedgehog*, which was Riverview's first ever House newsletter, so we could inform people of what was going on and what they were expected to do.

The second was the power of compassion. Sadly, in 1983 we also had a terrible rugby tragedy at that time when Greg Moran became a C3/C4 quadriplegic. His accident brought the Riverview community together to support him and launched him into a career in which he eventually became a writer, director, comedian, motivational speaker and a husband. The worst of times brought out the best in our community in 1983. I learned that I had to find the positive, not wallow in the negatives, as that achieves nothing.

Thirdly, endeavouring to be a man for others. Through Ignatian Service, I had learned to be respectful of people. That opened my mind to being tolerant, forgiving and patient. When a friend from my year at Riverview came out at university, I realised simply how happy I was that he was in love – a love that endures today as he remains with that same partner almost 40 years later. If you remember that the greatest commandment is to love one another, then many complex social issues become much, much simpler.

So, what did I do, when I didn't get that one extra mark?

- Firstly, I studied Economics to give me options while I worked out what I was good at, in the world outside Riverview's front gates. In doing so I found that the Jesuits had not just taught me to think, but to think critically; and
- Secondly, I decided to be an investment banker. When I did not get into a graduate job at an investment bank, I was resilient and found another path with a view that one day I would work overseas and my goal would be to become a Managing Director at the best investment bank in the world, Goldman Sachs. In doing so I learned the value of being intellectually curious, something that continues to drive me to this day.

Since then, every seven years I have taken time to reflect on where I am, where I want to be in seven years' time and then look down and see if I am on the right path. If not, I make changes. These reflections, like all reflections in life, are important. They help you to work out how to be happy.

In doing so I have found my path from the front gates of Riverview through a very fortunate and fulfilling life. I have had the opportunity to visit the last of the world's equatorial glaciers in Iryan Jaya, the grave of Matteo Ricci in Beijing, and sat at the Cabinet table at No. 10 Downing Street. I have experienced working with great Australians like Paul Keating, Nick Farr-Jones and John Bell. I have had the opportunity to have some impact on the world such as putting together a financing structure which helped save the town of Port Pirie in South Australia, selling Cubbie Station to investors in the long drought, and through being a director of Bell Shakespeare, which educates more than 80,000 school children across Australia every year.

Most importantly, I have a wonderful marriage of 26 years and three children of whom I am immensely proud as young adults. My relationship with these four people is my greatest achievement and it has had very little to do with ATARs, money, titles or even prize giving ceremonies. Those relationships are grounded in the values that I learned from my parents; they were honed here at Riverview; and, I was vigilant to foster them when I left the front gates of the College.

Our shared education is Ignatian; and the Jesuits loved to talk to us about changing the world, rather than being changed by it. Changing the world might mean becoming a scientist, politician, astronaut or archbishop, like some Old Boys who have gone before you; it is much more likely to mean to people like me and most of you, being kind to people, treating people with respect, and caring about your community, your planet and your family.

If there is only one thing you take away from this speech, please actively look for those opportunities when you leave these gates. You will find them, and you will change the world.

THE MARK ROBINSON PRIZES FOR ALL ROUND ENDEAVOUR AND SERVICE Back: Benjamin Curtin, Josef Finsterer, Ryan Graham, Clayton Lie, Michael Cheok **Front:** Oliver Mulhearn, Thomas Benson, Thomas Tucker, Julian Edwards, Oscar Wehbe, Mr Russell Newman

Year in Review

2019 Motto: Not for Ourselves Alone

CAPTAIN: LOUIS CALLANAN

In the future, we only need to be kind in heart and generous in spirit, to show everyone that we had an education which focused less on achievement and more on the strength of our characters...

The following is an edited version of the speech delivered.

Every year has a defining characteristic which they claim distinguishes them from all others. What has it been for us? Has it been unity? Diversity? Or glory? No, none of those. What I'll say next might confuse you slightly but hear me out. For us, it's been *mediocrity*.

As a cohort, at times, we have been dysfunctional and disorganised. Take last weeks' GPS athletics for example, when our last ever war cry practice was interrupted by a fire alarm. On Saturday, Paddy Tucker, after grappling between the words pitchfork and haystack for over a year, settled with parachute. And Mr Lowe had to borrow his twelve-year-old daughter's polka dot backpack to wear after his own one broke. But it's not only war-cries and backpacks that have made us mediocre. It's also our failed battles with IT to get admin on our laptops. So, in a desperate attempt to rid ourselves of this mediocre title, we hired Clayton Lie and Timmy Hurford to break a world record for us; a world record which stood for only a week, and before long, we were back to our ordinary ways.

Then, we came up with a motto 'Not for Ourselves Alone' and let's be honest, even that was mediocre. So perhaps we are mediocre. But if we are, that isn't something to be ashamed of. In fact, this understated character brings with it flashes of brilliance that have defined the unique sense of humour of our year group.

You only have to look back to Matt Croker standing up in front of 200 of his peers and his idol Steve Smith and beginning his question with the words, "*Yeh, just a quick change of pace here, Smudger*." You only have to remember Lachie Clark at a Friday night debate tearing up the latte sipping lefties of the opposition in an eight-minute tirade about the Liberal Party. You only have to think about James Sammour's Year 9 rant about Bush Week, best summarised by his closing quote, "6km an hour on a canoe, 15km an hour on a bike, and 140km an hour on the drive home from the Hawkesbury."

We don't need any accolades to celebrate the genius of these moments – we will hold onto memories. But if it's trophies or titles you want, you only have to look at the results of our co-curricular assembly to see we've got them. We have one of the best basketball teams in the country, a Lawrence Campbell title to our name, a stellar golf program, a formidable 4x100 relay team, we've reigned supreme in the pool and won a third consecutive football premiership. We've made productions and received a record number of OnSTAGE nominations for drama. But most importantly, we've engaged in a deep and rich Jesuit tradition of prayer and reflection. We've been on immersions and country placements; we've served in our communities and strived for justice.

So, if we do need something to define OR2019, it's humility. And because of that humility, our excellence has been disguised as mediocrity. It all began with our motto, which we lived out on the sporting fields, in the stands, and throughout the corridors.

When we leave the gates of Riverview, it's not about wearing our Old Boys' tie or putting our school on a resume. Let us remember the moments in time. Let us remember those Ignatian notions of *Magis* and accommodation; of service and compassion. In the future, we only need to be kind in heart and generous in spirit, to show everyone that we had an education which focused less on achievement and more on the strength of our characters; on preparing us to be active advocates in our communities.

And let us remember that we've been given something distinctive here: a Jesuit education.

It's an education that has given us a spirituality which will prepare us for life; which has taught us that our lives should centre around love above all else; that we should go out into the world with open minds and giving hearts; that we should think critically and strive for a more profound type of human excellence. An integral part of that spirituality is gratitude. It's how we begin our Examen, our retreats and our reflection days; and, in this my final address as a student of the College, it's how I wish to conclude.

I'd like to thank the leadership of this College. To Mr Lowe, the brains, and Dr Hine, the brawn. Thank you for your efforts in guiding us through this education. To Fr Jack, Fr Dooley and Mr Riemer, along with Mr Gilles and the Ignatian Centre - thank you for fulfilling the most significant role of this College; for teaching us about Ignatian theory and helping us put it into action.

To the teachers and the staff who have facilitated this education, from our early Homeroom teachers, to Heads of House and Faculty and so many more – thank you for being there with us each day; teaching, directing and nurturing. You have committed yourselves to lives of service. You've put up with our mischief and patiently steered us in the right direction - be it academically, personally or in our co-curricular pursuits.

Thank you also to the parents and the families. To the younger boys, thank you for accepting our leadership and following it openly. Good luck particularly to Archie, Andrew, James and the Year 11s as they enter into their final year.

To Ollie and Garnsey who have both been invaluable to this year group – kind, friendly, approachable and caring. They have also been an embodiment of what this year stands for; to strive for excellence with a humble and measured approach.

And finally to the boys of Year 12. I've enjoyed absolutely every moment of our time here together. Through all the good times and some bad ones, you've all been there. We've shared a unique and connected experience and I trust we will forever remain connected. We'll each travel in different directions but we'll catch up and always remember the lasting effect that this Ignatian school and all its people have had on us.

I made a promise to myself never to use the word "journey" at one of these occasions, so let me finish by saying that this has been a road very well-travelled – and the young men of OR2019 are extremely thankful for all those who have been a part of it.

AMDG

Valete Assembly Address

GUEST OF HONOUR: DR BRENDAN PLANT

The following is an edited version of the speech delivered.

It's been 25 years since I left Riverview. And yet, my memories are so vivid, because my years at Riverview were among the happiest, most rewarding and most pivotal in my life. Everywhere I look I'm reminded of something special. This splendid room reminds me of my own Valete Assembly back in 1994, which was the very first one to be held here in the Ramsay Hall. The O'Kelly Theatre downstairs triggers many happy thoughts as I had the privilege of acting in it when it was thrillingly new, and when the College staged a gala performance to open the new venue, I came back to recite a poem composed for the occasion by another Riverview Old Boy, the immensely talented and dearly missed writer Nick Enright.

Looking around, I realise that that my years at Riverview were filled with great change for the school, as so many of these wonderful facilities were built during that time. The Wallace wing opened just before I started Senior School, and the Woods Music Centre—a place where I spent an awful lot of time—was refurbished just before I finished up here. And, of course, there was the Gartlan Centre. I remember the huge excitement about the fact that the College was finally getting a swimming pool. The school was abuzz with anticipation, and just before the pool opened, a rumour quickly made its way around the student body (presumably planted by the College staff) that some special, state-of-the-art filtration system was being installed so that if anyone momentarily confused the swimming pool for the toilet, then the water would instantly turn bright purple so that the culprit would be discovered. You can probably imagine what happened next: in the months following the pool's opening, there was an unexpected outbreak of juvenile incontinence at the school. I'm sorry to tell you the rumours were not true, and let's just say that the water quality of the pool suffered for some time.

Today we are here to celebrate the achievement of the 2019 graduating class in reaching the end of their Riverview journey and to congratulate them as they move out into the wider world to pursue new endeavours and to tackle fresh challenges. In that spirit I wanted to share what Riverview meant to me—what it still means to me, even today. The lessons I learnt here have affected me enormously, and have stayed with me every step of the way as I have tried to be a man for others, and to lead a life which, I hope in the final reckoning, makes some difference, however modest, to the world we share.

The most valuable thing that I learnt here is so easy for me to sum up that it seems almost trite to say it. It's the College motto: *Quantum Potes Tantum Aude* - "Dare to do as much as you are able."

Now, I know that this is a motto with which you are all very familiar, but I have to confess: I really took it to heart, and I guess you could say that over the years it has become my creed. With each new phase in my life, with every new experience, the profundity and power of that phrase has become more apparent to me. Quantum Potes Tantum Aude. It's an exhortation or instruction that I have thought about a very great deal, so I wanted to share some of those thoughts with you in the off-chance that they might resonate with some of you.

The first element of this creed is pretty straightforward. "Doing as much as you are able" urges us simply to work hard, to apply ourselves with vigour to the tasks that lie before us. Achievement only follows industry. Excellence demands effort. Becoming requires doing. So if we are going to be a success in anything, we should do our very best in each of the jobs required of us.

So far so good. But it gets better, in my opinion, as this phrase isn't just limited to work: it encourages us to make the most of every opportunity, no matter what it may be. And here at Riverview we have all been blessed with an abundance of opportunities. When I was at school, as I tried my hand at everything I could find. I was a debater all the way through from Years 7 to 12 (we won the GPS Premiership when I was in the Firsts—thanks in no small part to James Rodgers, whom I am overjoyed to see here today); I played in jazz bands and orchestras; I played rugby, cricket, basketball and water polo; and I had a long, special and deeply affecting involvement with drama. I try to keep up from the other side of the world with what's going on at Riverview, and as I read my copy of each new issue of the *Ignatian* when it arrives, I am struck by how many opportunities you students have today; it seems you can play any sport under the sun, and all manner of excursions, placements, visits and lectures are made available to you. It is exceptionally rare for so many rich experiences to be put at your very fingertips, and I hope that you will heed this call to grab as many of them as you can – even if only to try something once.

Viewed in this light, I suppose you could say that *Quantum Potes Tantum Aude* is an older, fancy Latin version of #YOLO: 'You Only Live Once'. But this motto means something more than just ticking off the adventures on a bucket list. There is a subtle, but vital, Christian aspect to this message which I wouldn't want you to overlook.

It was Fr Emmett Costelloe, a wonderful man and inspiring priest, who reminded me that trying one's best and working hard was a sublime form of worship, our own unique way of showing reverence and respect to God. God created each of us with our own unique faculties and attributes, our own combination of talents, and the very best way to give thanks to Him for these inestimably special gifts is to use them as fully as possible. Give thanks to God by doing your utmost in all things.

But here comes the hard part. What are the things that we should actually be trying our utmost to do? On this, *Quantum Potes Tantum Aude* offers no assistance. But as I see it, we do our best when we are doing things we care about the most. Searching for those things which, deep down, are most convincing and compelling to you is a process which requires careful reflection, courage and commitment. If you look at the tumultuous world we inhabit today, you don't have to look far to find something that needs our dedicated attention.

We need to fight against inequality in its many insidious forms, to ensure that we accord full respect to the dignity of every human being.

We must protect the natural environment whose wonder and nourishment we all share, and ensure that it can sustain the delicate interaction of all living creatures for the foreseeable future.

We must work to ensure safety and security for all in the world. We must strive to uphold

Mr John Wilcox, Chair, Dr Brendan Plant, Fr Jack McLain SJ and Dr Paul Hine

the values and principles which bind our communities together and which provide the means for us to overcome our common problems together.

We must strive to discover, disseminate and defend the truth when there is so much falsehood and distortion in the world.

It's a sign of these times that the list goes on and on. So there are plenty of things that you could do. But it doesn't all have to be so grand or epic.

You could also just hug your mum, say thanks to your dad, try to bring joy to your family and friends. Those acts are every bit as valuable as the broader battles I've mentioned, and sometimes doing those simple things for the people closest to us requires even more courage still.

The key thing is to remember that the two elements of our motto—DOING and DARING—are interlocked, and both of them are needed for the principle to work properly. Over time, you will hone in on the things which mean most to you, you will do better at them, and you will end up giving the very most you can: giving to yourself, giving to others, and giving to God. (Maybe this is the reason why St Ignatius asked God to "teach him to be generous": because he knew that doing the utmost is ultimately about giving.)

This process—daring and doing, action and reflection—sums up the Ignatian ethos for me. And it just so happens that this model of constant self-improvement is ideally suited for today's world, so embracing an Ignatian attitude might just be one of the very best things you can do for your career. You will be supremely well-equipped to adjust and adapt to the fast-changing world, and you will be empowered with the astonishing ability to stamp your own values and ideas on the world in turn.

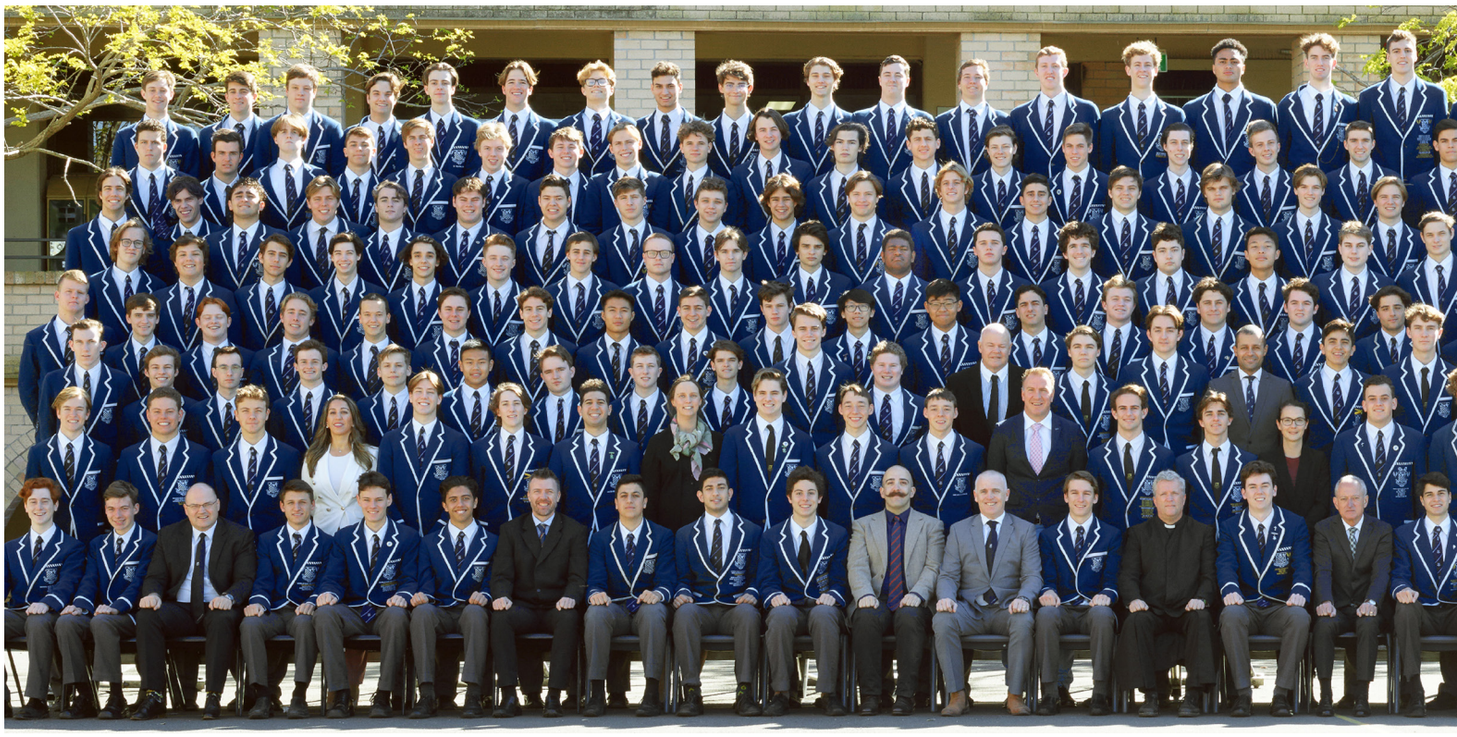

I have been lucky enough in the course of my career as an international lawyer to advise kings and sultans, to give counsel to prime ministers and attorneys general, to challenge presidents and parliamentarians, and to defend the innocent and voiceless. But that was certainly not part of my plan when I was a student here at Riverview. I wanted then to be a journalist, or an actor, or maybe a spy. Following this principle led me along paths I could never have predicted.

What matters more than the outcome is the doing—the striving, the trying—as that is the only way that you can make yourself better, and it is the only way that you might, with dedication and fortune, make the world a better place as well.

And this brings me to my final point. Like all processes, these things take time, so I urge you to be patient if it takes a while for you to find your utmost. The most important thing is to do something which challenges and enriches you right now. Try something, try daily. The world is changing so quickly that none of us can know where our efforts will lead, so please be patient. You still have so much to learn about yourselves and the magnificent, maddening world out there. Focus on challenging yourself now and bettering yourself continually, and the future will smile on you in time.

So, to the gentlemen in the graduating cohort of 2019, I hope that you are visited frequently throughout your lives by happiness and success. May you grow into fine men and add to the joy in this world.

And, wherever you may go, whichever direction your future path takes you, I hope that you will remember the lessons you learnt here at Riverview and carry them with you. Keep doing. Keep daring. Make the utmost of every precious moment. And may you always, around the world and across the years, may you always remember to enjoy the 'View.

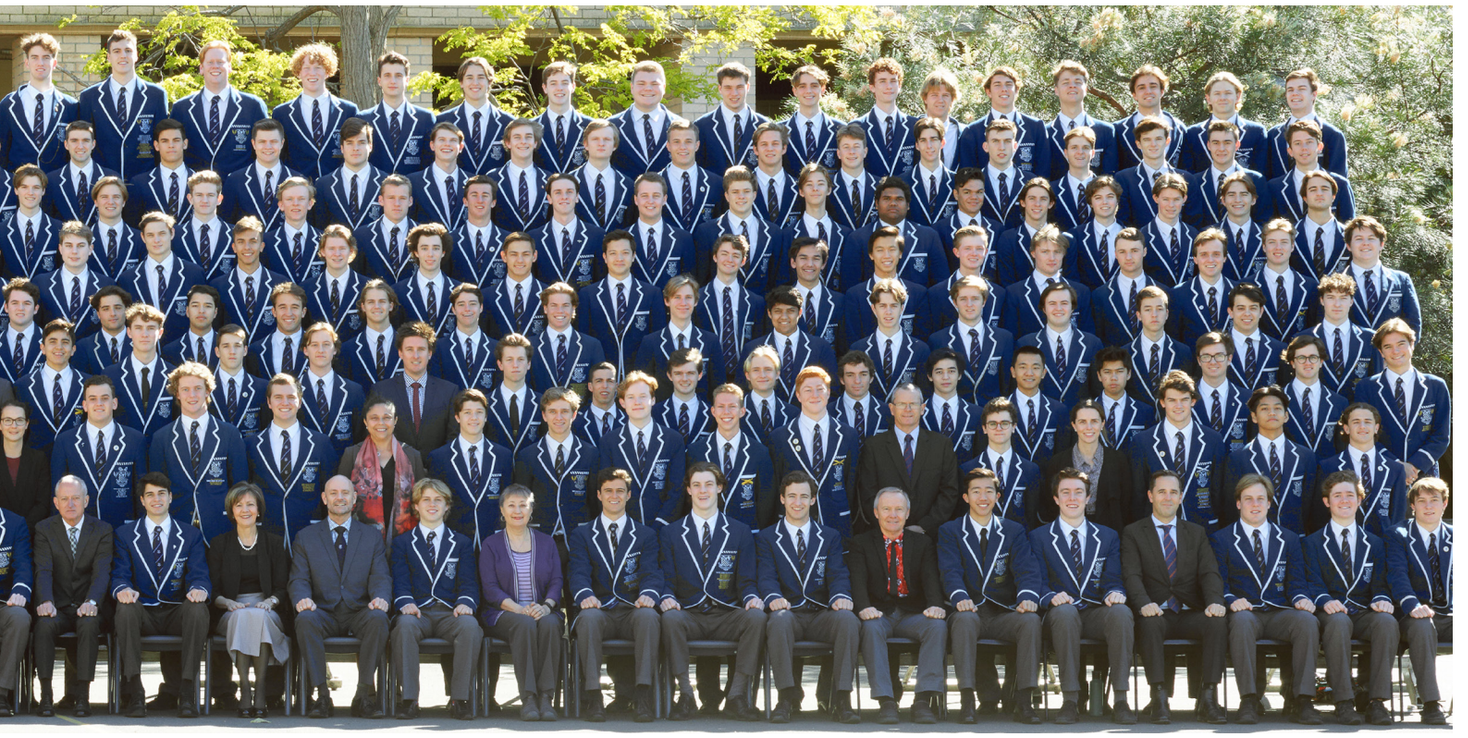

Class of 2019

Back Row: George Rector, Daniel Allsopp, Henry Hobson, Joshua Fish, Luca Pannozzo, Alex Johnson, Jude McDermott, Simon Kenderes, Benjamin Curtin, Joseph Wardle, Lachlan Stocks, Jasper Long, Lachlan Doust, Kieran Gates, Simeone Schmidt, Joseph Wotherspoon, Archer Woodhill, James Phillips, Harrison Tate, Spencer Mitchell, Callum Peacocke, Gregory MacQuillan, Matthew Croker, Aaron Visscher, Myles McLaughlin, Luke Johnson, Ky Williamson, Sean O'Brien, Hugo van Haren, Alex Morton, Joseph Bradshaw, Patrick O'Connor

Seventh Row: Joshua Steel, Fred Regan, Nicholas Humphrey, Trent Ryan, Nathan Weston, Sam Moloney, Sandy Flagg, Jacob Campbell, Seamus Donohoe, William Metcalfe, Michael Norton, Ryan Graham, Clay Bollesen, Thomas Tucker, Andrew Cesta, Max Dahlgren, Callum Wappett, Jaxon Rose-Cummins, James New, Cameron Short, Patrick Tucker, Angus Skipper, Rory Kelly, Hugo Blackley, Jackson Barling, Flynn Zwinkels, Michael Middleton, William Jones, Scott Pinn, Louis Maciejowski, Dylan Elliott, Declan Rickard

Sixth Row: Rhett Wheelhouse, Joseph McDonald, Jack Stone, Oliver Hannan, Joseph Carter, Nicholas McGrory, Oscar Langley, Patrick Mainsbridge, Michael O'Brien, Jack Horgan, Jake Carr, Finn McKelvey, Harry Sleiman, Hugh Holm, Christian O'Donnell, Jamie Dennis, William Dimoff, Thomas Hopper, James Furlong, Pierce Roseby, Oliver Arcus, Jack Walker, Jack Cameron, Thomas Acton, Henry Willis, Ezekiel Billy, Khy Ord, Hamish Murphy, Jonathan Dennis, Harry Ballhausen, William Garling, Hugo Heanly

Fifth Row: Nikolaus Albin, Matt Tonkli, Andrew Saadie, Jackson Barrett, Luke Tyler, Daniel Freidman, Alexander Weinress, Jono Lucas, Lincoln Crimmins, James Kay, Claude Kalfabun, Jordan Rashleigh-Crane, Isaac Silva, Luca Bambagiotti, Clayton Lie, Lachlan Alexander, Samuel Marshall, Jordan Ivancic, Jameson Smith, Max Musson, Oscar Booth, James Chung, Thomas Jamieson, Nicholas Freeborn, Jeremy Luey, Samuel Johnson, Seanan Byrne, Jordan Abrahams, Lachlan Clark, Henry Ryan, Fionn Mahoney

Fourth Row: Braiden Williamson, James Codsi, Samuel Vaughan, Hugh McCormack, Jonah Cooper, James Clout, Jon Taylor, Xavier Lee, Nicholas Armstrong, Will Magarey, Linus Yang, Ethan Surya, Matthew Simmon, Benjamin Makeham, Matthew Riley, Jack Bowrey, Darby Elith, Luke Daly, Maximilian Rogers, Sebastian Cooper, Nicholas Plazas, Archer Gunning, Timothy Hurford, Romesh Jayasekera, Thomas Gorman, Benjamin Locke, Cameron Thompson, Benjamin Lo, Alexander De Luca, Harrison Geale

Third Row: Rory Burke, Nicolas Robertson, Aedan Macdonald, Seamus Byrne, Harrison Upfold, Matthew Seeto, Nicholas O'Keeffe, Edward Goodman, Matthew Pinn, Harry Macleod, Angus Dinnell, Mr Peter Wakeling, Josef Finsterer, Flynn Twomey, Mr Peter McNamara, Alexander Sidhu, James Greenslade, Thomas Roche, Alexander McCredie, Mr Sean Bowmaker, Oscar Drew, Ethan Lanigan, Andrew Smith, Conor McCoy, Shuaib Rhodes-Swain, Sean Welsh, Leon Qin, William Bateman, Joseph Galvin, Jasper Walsh, Lucas Simpson

Second Row: Wiley Anderson, Xavier O'Grady, Harry Culican, Miss Maria Skouras, Will Simpson-Docker, Douglas McGrath, Michael Yaacoub, Mrs Erin Johnson, Max Pollard, Thomas Pittman, Jack Pittman, Mr Dane Inman, Sam Austin, James Debus, Miss Natalie Baines, Christopher Spanner, Harrison O'Mally, Benjamin Tuckfield, Mrs Rosanna Comastri, Thomas Neaverson, Nicholas Williamson, Julian Edwards, Jack Feilen, Thomas Benson, Mr Bill Dowers, Liam Biddle, Mrs Rosie McKay, George Clark, Michael Milan, James Kardachi

Front Row: William Hadwen, Samuel Craig, Mr Damien Reidy, Jackson Austin, Finn McDonald, Oscar Wehbe, Mr Tim Lee, Cameron Noud, James Sammour, Bas Braham, Mr Paul Achmar, Mr Patrick Lowe (Deputy Principal Students), James Garnsey, Fr Jack McLain SJ, Louis Callanan, Dr Paul Hine (Principal), Oliver Mulhearn, Ms Sally Tranter (Deputy Principal Staff), Mr Russell Newman (Deputy Principal Teaching And Learning), Harry Duffy, Ms Denyse Gibbs, Brendan Robinson, Xavier King, Jack Rooney, Mr Rob Stuart, Michael Cheok, Archie Collins, Mr Trent McAllan, Cassius Clinton, Sam Lenehan, Jack Pringle

S. IGNATIUS DE LOYOLA SOCIETATIS IESU FUNDATOR

Awards

The Insignis Medal Winner, 2019

FR JACK MCLAIN SJ, RECTOR

Louis Callanan

Insignis means outstanding amongst peers. Ignatius used this descriptor for a person he believed had the most potential for the greater good. The Insignis Award is thus the highest honour that Saint Ignatius' College Riverview can bestow upon a young man when he graduates. It is awarded to one who has been conspicuously involved in the breadth of College life and who has earned the esteem of his contemporaries and teachers. The Insignis is a person who is large-hearted, generous, acts on principle, showing promise to build up God's Kingdom on earth by inspiring and influencing the companions with whom he labours.

The recipient of this year's Insignis is a gifted speaker and possesses a keen intellect. His ability to lead others and influence change are based in a balanced sense of who he is and what he can do, and a humility grounded in self-knowledge of his own limitations. He's not afraid to put himself out there in service to the whole community, and wise enough to know when he needs help. And he's secure enough in who he is that he can accept help when he needs it.

In addition, he has also distinguished himself as an individual who stretches himself, growing abilities that he already knows he possesses and discovering things that are new to him. He's not afraid to take a risk, as you can observe by his co-curricular migrations from debate to photography to Theatresports; his musical adventure with the viola, his dedication to cricket and public speaking and his dabbling with rugby. His academic record is excellent, but pales in comparison to his dedication to service. His recorded hours of service since 2014 total more than 315 hours, in areas from sandwich making to collecting and delivering food to those who need it for Vinnies, from working with literacy programs to Loaves and Fishes. He has also put in many more hours in other modes of service to our immediate community.

Perhaps his greatest gift is that through his humble and approachable speaking, he communicates that he too is in the struggle with us and that united together, we all rise and become our best selves. He never talks down to us, but rather, through his speaking, his model of servant-

leadership and his reassurance that together, we become better than we are alone, he lifts us up as a community and as individuals. And it is not empty rhetoric when he speaks of being 'Not For Ourselves Alone.' He genuinely means it. And more importantly, he lives it.

Academically, this year's Insignis recipient finished in first place in Visual Arts and holds a top six ranking in both English Advanced and Latin. In addition, he has achieved an aggregate which has placed him in the top 10% of his cohort for the last three years and he has also received a vast number of Gold, White and Blue Certificates for Application to Studies.

This year's Insignis medal is presented to the College Captain for 2019, Louis Callanan.

The Dr. James L'Estrange Prize for Ignatian Service: Simeone Jr Falefatu Tyreese (Junior) Schmidt

The Dr. James L'Estrange Award for Ignatian Service is awarded to a young man who has changed this school with his presence, the relationships that he has built within and outside of this community, his clear and explicit life of faith, and the ways that he has challenged all of us to be more aware of the racism that takes place here, and in the broader community.

This is a young man who says that "it feels normal to serve", indeed, he would say, "why wear the crest if you will not act on it?" For him, Ignatian Service is about human connection and serving one another in everyday life. And where does such wisdom come from? He says that he sees every person as a gift to be grateful for, and from whom there is something to learn. Is there a better way to say profoundly what it means to seek and find God in all things?

Of the many ways that this young man has made our school a better one, one may stand above the others. He is one of the architects of the AIGA group, which focuses on identity, particularly cultural identity. Family, brotherhood, a rock to lean on; these are the goals of the group, and this is what this young man has graced our school with throughout his time here.

He suggests that what he has gained from his education here is a way of seeing the world where barriers have been removed, where one can be vulnerable, and freely express affection and intimacy. He talks of his experience of the India Immersion as a microcosm of his experience of faith, where people are free to move at their own pace in the spiritual life, where the changing of perception is God's work. This young man leaves the College today having changed our perceptions, and there can be nothing surer than that as Junior Schmidt is awarded the Dr. James L'Estrange Award for Ignatian Service, he has been the work of God amongst us.

The Michael Cunich Memorial Prize for Excellence of Character: William Simpson-Docker

It is often said that Ignatian leaders are those who are "conducive to the greater service of God and the universal good." In many ways, this directive embodies the young man who has chosen to live as a humble leader through all spheres of the College.

This young man is 'someone who reaches out to others without being asked and helping wherever he sees the need'. His openness to his peers has seen him become a cherished figure across the year group, someone people turn to for his 'admirable sense of fun' and at other times for his 'outstanding leadership qualities'. Moreover, the members of the year group know him to be someone they can turn to for a chat and lean on for help.

Perseverance and spiritual conviction have been hallmarks of his time at the College. He has not only attended a Kairos retreat in Year 11 but returned in Year 12 to lead a Kairos retreat with the hope that he could share with others the faith filled experience he had flourished in.

Over the course of this year his presence in the House he led saw him become a walking embodiment of the 2019 student motto 'Not For Ourselves Alone.' His capacity to understand the needs of a Year 7 student, through to a peer whom he may have noticed needed help, captures the essence of this young man as he not only had the intuition to see the needs of others but he has the love in his heart to act. This was captured by his Head of House who described him as a young person who does not wait to be asked, his initiative and ability to see when things need doing was always a hallmark of his time here at Riverview.

Simply put, his time at the College can truly be remembered as a coalescence of unwavering pursuit of academic excellence while living a faith in action.

This saying captures his time at the College commendably. *"People may forget what you said, people may forget what you did, but people will never forget how you made them feel."*

Will Simpson-Docker is a worthy recipient of the Michael Cunich Memorial Prize for Excellence of Character.

The Shore School Centenary Prize for a Senior Day Student and Outstanding Academic Achievement: Sebastian Braham

The criteria for this prize calls for the recipient to have an appreciation for academic excellence, a sense of fair play in competition and qualities of leadership and spirituality which serve as a model for others. The recipient has each of these qualities and, in addition, he is a young man who embraces every opportunity with humility, grace and gratitude.

Starting at Saint Ignatius' College Riverview in Year 5, our recipient quickly established a reputation for quick wit, enthusiastic involvement and a hunger for knowledge, particularly in the areas of history and languages. He showed an aptitude and great love of cricket, music, theatre and especially the fine art of debate. More significantly, he turned to those endeavours that he wasn't particularly good at, recognising that from those things that challenge us the most, can come the greatest of all learning. This was evident in his conscientious rugby involvement in 2018 as a member of the Open 10ths team.

His academic honours are impressive: multiple Blue and White Certificates for engagement and application, and placement in the top 10% of his year group for almost every semester since Year 9. This level of outstanding achievement has continued to his graduation as he finishes in first place in five of his subjects; Advanced English, Classical Greek, Classical Greek Extension, Latin Continuers and Latin Extension.

Pursuing mastery in all of his subjects has been the goal of today's Shore Prize recipient. But mastery is empty without a driving purpose and a desire to put that excellence, diligence and commitment into action. This has certainly been the hallmark of this young man, who is at his absolute best when commanding an audience to think differently, to examine themselves and ultimately to make the world a better place. A talent he has taken into his organisation of the College's Hot Potato Shop series in 2019.

The accolades have been extensive and well deserved: CSDA and ISDA Debating Championship winner, Sydney Catholic Schools Public Speaking Competition winner, Fr Charles McDonald Cup Debating Championship winner, Rostrum Voice of Youth NSW Gold medallist and National Champion, NSW Law Society Mock Trial Competition winner, Lawrence Campbell Oratory Competition NSW 2019 winner and Riverview's first ever recipient of the prestigious Tuckwell Scholarship with the Australian National University.

The 2019 Shore School Centenary Senior Day Student and Outstanding Academic Achievement Prizes are awarded to Sebastian Braham.

The Gordon Oxenham Memorial Prize for Year 12 Division Boarders: James Garnsey

This prestigious and historic prize is awarded to a faith-filled, respectful Year 12 Boarder who is a model to his peers. It is determined by the acclamation of peers who recognise authentic presence and genuineness of character in their voting.

Today's recipient is a conscientious student who has applied himself diligently in all subject areas. His HSC results reflect his efforts; he has always strived to do his best and has consistently finished in the top 10% of his cohort.

In the co-curricular sphere, he has participated widely and competently. His activities have included a wide array of sports including rugby, basketball and surf life saving. He has accumulated several awards including Captain of Agriculture in 2018.

Community building has become a specialty for him. His loyalty and affection for his College shine at all times and lead him to include everyone in characteristically enthusiastic activities. Within the Boarding House, his humour and balanced view of the world have been treasured by his companions. He remains modest and acts with compassion. He is grateful for his friendships and this appreciation is certainly reciprocated.

He has served in many different settings, including Bushcare, supporting those with disabilities, helping those in need during the drought and helping Men's Shed volunteers with projects. He has always used his gifts and talents to help those in need.

In terms of his spirituality, his Head of House summarised his faith journey most articulately when he wrote:

"He has been an important and constant figure of support in the House. Since joining in Year 9, he has been present and engaged. He has consistently looked out for the younger boys in his Mentor Group and House, especially the boarders who have experienced homesickness and hardships. He is a young man who has engaged deeply in his own faith formation, through service, retreats, Masses for boarding and whole-school events, and as a Minister of the Eucharist. His calm demeanour diffuses tension and he models the best qualities of a Riverview man for his peers, a man of great conscience and compassion in his decisions and interactions with others. A man of commitment and competence across all spheres of his life, including academics, sport and leadership."

The recipient of the Gordon Oxenham Prize for Senior Boarders in 2019 is the Vice-Captain of the College and Captain of Boarders, James Garnsey of Yerong Creek.

Outstanding Academic Achievement: Alexander Morton

When this recipient of the Prize for Outstanding Academic Achievement joined Riverview in Year 5, his teacher commented that "he is a sincere young man of generosity who displays determination in academic and sporting pursuits." Fast forward to Year 11, where he joined the Boarding community and his Division Master described his personal presentation being of the highest order, whilst his commitment to study was evident in his academic achievements.

In his HSC year, this recipient has achieved 1st place in Physics, 4th in Mathematics Extension 1, Mathematics Extension 2 and Chemistry, 17th in Catholic Studies and 29th in English Advanced. This impressive list of results is a clear reflection of his hard work, a deep regard for scholarship and an academic drive to be successful.

In addition to this impressive list of achievements, this recipient has demonstrated commitment to sportsmanship with his involvement in rugby, cricket, swimming and water polo.

Alexander Morton is the recipient of the Prize for Outstanding Academic Achievement.

Outstanding Academic Achievement: Declan Rickard

This recipient began his academic journey at the College in an admirable fashion, with his Year 5 Homeroom Teacher describing him as a student "who approached all aspects of school life with a modest but confident attitude." His academic achievement was recognised early with Dux of his class in Year 5 and Proxime in Year 6. He has continued to be recognised throughout his schooling career with top 10% recognition in 2015, 2016, 2017 and 2018.

This recipient has engaged in a range of co-curricular activities including athletics, tennis, rugby, cricket, futsal, football, basketball and debating. He was fortunate to attend the Central Australia Country Placement and the India Immersion in 2018 and has responded fully to Ignatian Service commitments each year, completing his Year 11 hours in the Starlight Room.

In 2018, he has achieved second place in Chemistry, Latin, Latin Extension, Mathematics Extensions 1 and 2, and ninth in English Advanced. He is on track to receive an ATAR that will recognise him as one of the most accomplished students among his cohort.

The winner of the Prize for Outstanding Academic Achievement is Declan Rickard.

Outstanding Academic Achievement: Julian Edwards

This young man began his schooling at Riverview in Year 5 in 2012. Over his time at the College, he has participated in the full range of Co-Curricular, Service and Academic pursuits. He has been an active debater, part of the guitar ensemble and dabbled in clarinet. He was also a member of the musical cast of *Beauty and the Beast* in Year 7.

For summer sport, he began on the tennis court, but on movement to the senior campus, basketball was calling him. In winter sports he enjoyed success in both football and volleyball, with selection to the 1st Volleyball team in 2018.

This student has participated fully in the Ignatian Service Program, the Smith Family Reading Program, Sydney Story Factory, Banque Alimentaires in France and the Starlight Room. In 2018, he undertook an Immersion experience to Cambodia, he was an Arrupe Academy participant and an Eucharistic Minister.

As Vice-Captain of his House his leadership qualities were also recognised.

His academic ability showed itself early and he has been the recipient of prizes as a top 10% student in Year 8, Year 9, Year 10 and Year 12. Awards for application to studies have also been received in all years of his schooling on the senior campus.

With the rank of 1st in English Extension 1 and Chinese Extension; 2nd in Chinese, 3rd in English Advanced, and 10th in Mathematics and Economics, at this year's Memoriale Assembly he was awarded a Mark Robinson Prize for Endeavour and Service.

Julian Edwards is awarded the Prize for Outstanding Academic Achievement.

Outstanding Academic Achievement: Thomas Neaverson

This recipient joined Riverview in Year 5, and from the start he proved himself to be a capable student of maturity, with vast general knowledge. His efforts were rewarded in 2014 when he was awarded a Gold Certificate for Application in Studies in Year 7. Throughout Years 8, 9, 10 and 11, he received recognition for being in the top 10% of students in each year level.

In the area of co-curricular involvement, he has been a member of tennis, football, debating, drama and Theatresports in his early years, but then devoted himself fully to basketball and rugby union.

His service has drawn him to be involved in aged care at Willoughby and the Starlight Room. In 2017, he attended the Bathurst Island Country Placement, in 2018 the Nepal Immersion and a Kairos retreat. This year, he has also Wondered about Wonder.

The outstanding feature of his academic pursuits is that he has proven himself to be a consummate academic all-rounder. This year he is ranked 1st in Chemistry, 4th in Economics, 6th in Mathematics Extension 2, 8th in Mathematics Extension 1, 13th in English Advanced and 19th in Catholic Studies.

In Leadership, he has been a Vice-Captain for Smith House.

The Prize for Outstanding Academic Achievement is presented to Thomas Neaverson.

Speech Day

Speech Day

HER EXCELLENCY THE HONOURABLE MARGARET BEAZLEY AO QC
GOVERNOR OF NEW SOUTH WALES

It is a surreal experience to be standing here presenting at Speech Day, when my previous forays to the College were either at parent/teacher night, listening to the teachers' frustrations at my son's more-than-occasional lack of attention in class, or to convey him to hospital after just one more football injury – until he found basketball, which he still plays both with his friends from Riverview and friends who were once on opposing teams.

This tells a number of things about Riverview. It is a school that cares whilst you are students here. It is a place where longstanding friendships form. The same boys who came into our home when they were in 5th and 6th class continue to do so 10 years after they have left school. Importantly, it is a place where your co-curricular activities, whether they be sport, debating or the school musical, will open up an even wider range of friendships.

For me, one of the attractions of Riverview is the school motto which raises the same personal challenge as does the motto of the Sisters of St Joseph by whom I was educated: "never see a need without seeking to do something about it". However, my background was simple, and my schooling could not have been more different to what you have here.

My father worked two jobs that no longer exist. His main job was a milkman delivering milk in glass bottles to the front door of most houses in the street. His backup job was as an iceman delivering ice to about the last 100 houses in Sydney that didn't yet have a refrigerator. He was educated until age 15 and even while at school, he rose at 4am every morning to work on his uncle's milk run to help his parents support three younger brothers and two sisters.

My mother's story is as remarkable. She was educated until 6th class, though like other girls from families who didn't have any money due to the depression, was allowed to go into year 7 until her 13th birthday and then leave school to get a job. She was very talented, particularly in anything that involved working artistically with her hands.

My school fees, which my mother piled up out of the spare change, were 1 shilling and threepence per week. On the Reserve Bank's Pre-Decimal Inflation Calculator, that's about $2 a week and I estimated my school fees were about $80 a year. At high school there was no sports coach, no debating coach, and no immersion programs to Cambodia. In a girls' school, you were thought to be one of the bright students if you did French. Otherwise you were in the sewing and cooking class.

There are two constants. Parents whose priority was their children and their children's education, and some outstanding, committed teachers. All of that is replicated in this room. What may be different is that there was no talk about resilience. You simply had to be resilient and you had to be a self-starter.

I was fortunate to be quite good at school and likewise fortunate, I think I can say this, that I turned out to be not a bad lawyer. I was even more fortunate to love what I did. If anything, it was at law school and at the bar where resilience came in. The constitutional law lecturer used to call the female students "girlie". David Jones refused to make me a bar jacket, an essential part of the 'court attire' for barristers. I engaged in a bit of civil disobedience and ignored that requirement. I had work pulled from me when senior partners realised that I was a female barrister.

However, none of that took away from my love of the profession. I loved the cut and thrust of the legal argument and I loved the intellectual challenge the law provided on a daily basis. What developed was a deep belief in and respect for the rule of law – a belief that our society functions very well provided everyone, from the politicians down, respect the law.

I would like to suggest that the recent debate about parliamentarians not being eligible to be elected to Federal Parliament because they had a second nationality, was a rule of law issue. That was a law that had to be obeyed. To that extent, it was the end of the story.

Whether it is a law that ought to be changed is a different question altogether. Not every law that is passed necessarily works well and laws also need to change as society changes. The challenge there, is to have an informed and civil debate so as to get the best possible outcome for the community.

To think that, from playing cricket with my siblings on the driveway or riding my bike around the local streets in the days before mobile phones, or helping my father on his milk run, indeed right up until after I had started as a barrister, I might be appointed Governor, could be described as surreal. But it is a story of what Australia and education and a value system opens up for each and every one of us.

The role of Governor has three aspects: constitutional, ceremonial and community. It is the community role that is particularly rewarding, especially the interaction we have with the medical, scientific and engineering communities. If there is one career direction that I encourage it is in these fields where Australia is a world leader.

In any one day, the experience can go from the sad to the sublime, from the terrific to the tragic. I have worked in a pretty tough profession, but there has been more than once in the last six months when I have found it difficult to hold it together as homeless people tell me how rapidly their mental health deteriorates once they become homeless, or the ongoing trauma of women who have been sexually abused as children, often by a relative including, sometimes, a father.

However, when engaging with the sad and the tragic aspects of life and there are also many uplifting stories where sections of the community band together to provide safety nets for those who are down on their luck.

I know that there are families here who are severely affected by the drought. As "city siders" we can look at television footage and be concerned, however the impact of being on the ground is almost beyond words. As one property owner said, "it is as though the sheep are too depressed to stand up".

Let me conclude with these couple of observations. First, the way I perceive the role of Governor is to see society as it is and to promote and encourage the way we would like society to be. What do I hope to achieve? That is a difficult question, if I am able to make the people I meet, whether that be a scientist or a homeless person or an indigenous person, or a young person in juvenile justice, if I can make those people feel valued, I trust I will have achieved something.

YEAR 12 COLLEGE LEADERS

REGIS LEADERS

Boarding

Boarding

DIRECTOR OF BOARDING: MR ADRIAN BYRNE

2019 was a year when the student body in boarding led from the front. Captain of Boarders James Garnsey and Jack Rooney (Beadle) did an amazing job. They led a cohesive Year 12 group and this filtered down to the young men in the years below. It was also a year where the drought really took hold and we all learnt lessons in regard to the resilience of the young men in our care and their families.

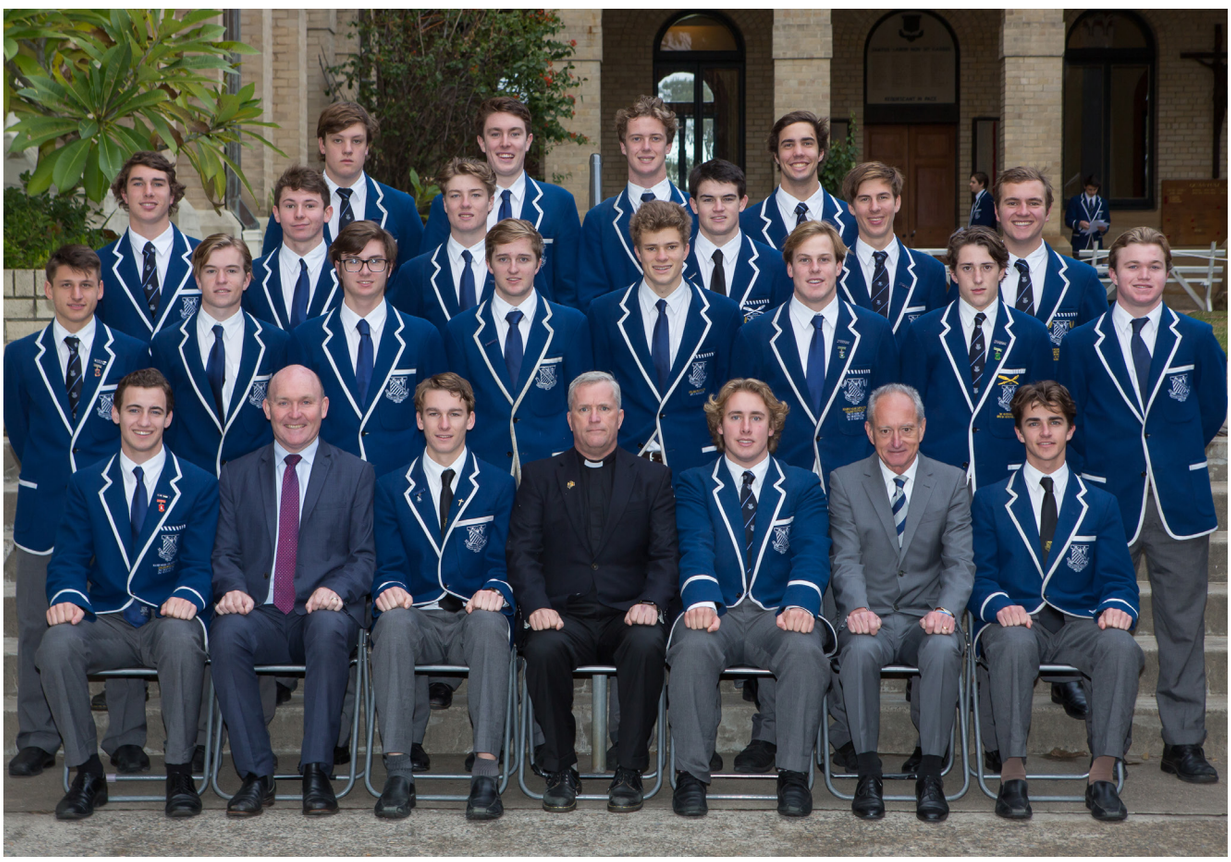

There were many community events where the boarders demonstrated yet again that they are still the heart and soul of the school. Events at the College included BBQs on Second Field to war cry practice leading up to GPS Rugby and Football games. Off-site we will never forget the boys leading the war cries at Head of the River, GPS Swimming and Athletics. It is an honour to stand with them and listen to their passion as they support their mates.

We hit the road and were privileged to meet old boys, current and future parents in Louth, Dubbo, Nyngan, Warren, Newcastle, Coonabarabran, Mudgee, Tamworth, Gunnedah, Griffith, Goulburn, Jugiong, Temora, Forbes, Merriwagga and Hillston. We were warmly welcomed into communities and homes and given a great insight and connection to our boys and their families. The Boarding Roadshow remains an integral part of the boarding program.

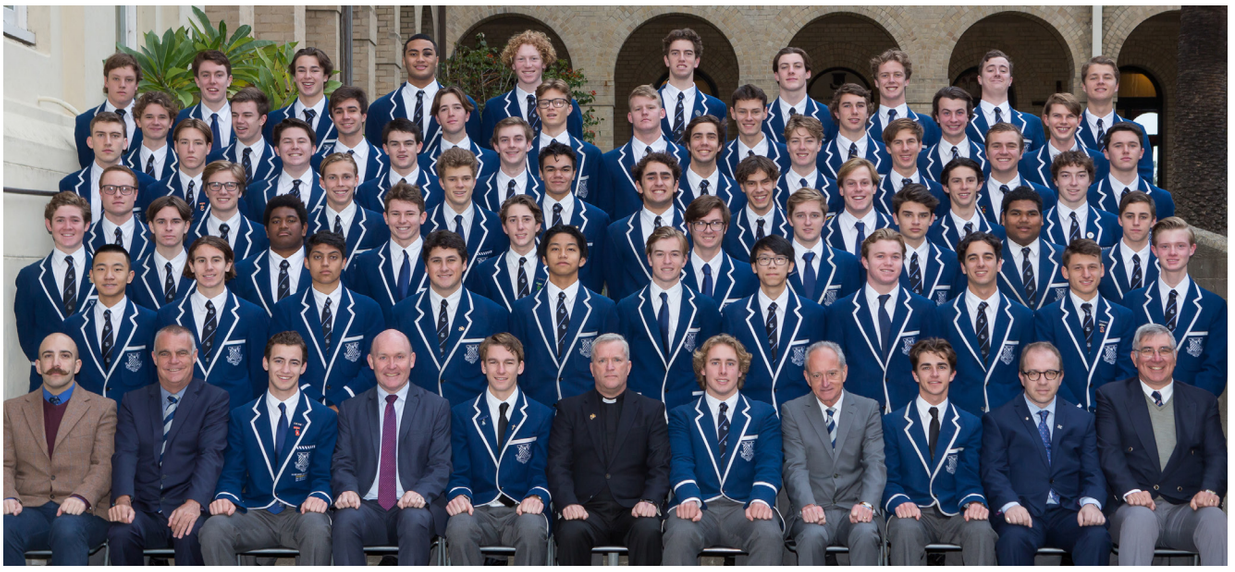

Internationally, I represented the College on our trip to Singapore and Hong Kong. There was a great deal of storytelling from old boys at our functions in both countries and we are forever grateful for the hospitality of our current parents who looked after us so well. The Principal Dr Paul Hine and his wife Ann went onto to host functions and meet prospective families in Shanghai and Manila.

As the school year came to a close, we went on holidays in the face of terrible bush fires, and once again our parent community rallied around to help and support each other.

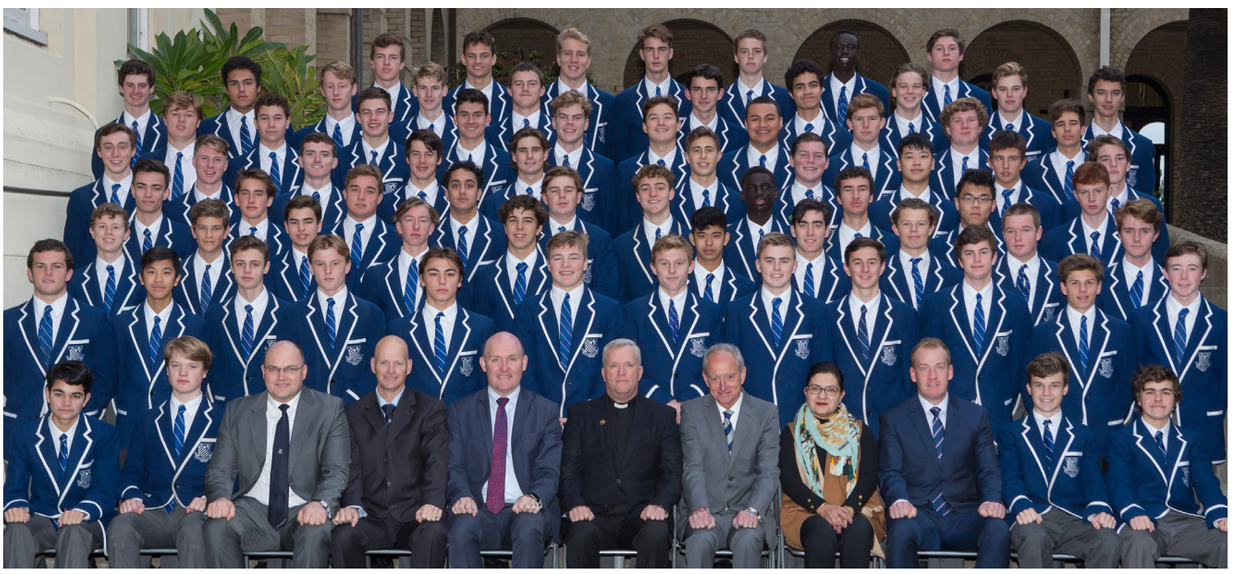

I would like to take this opportunity to thank all of the families for entrusting their sons into our care. Thank you to Justine Makeham and the BPA for their continued support. I am able to lead an amazing group of dedicated professionals and I particularly thank the Heads of Division team for their support. We are a strong community due to the strength and resilience of all of our families.

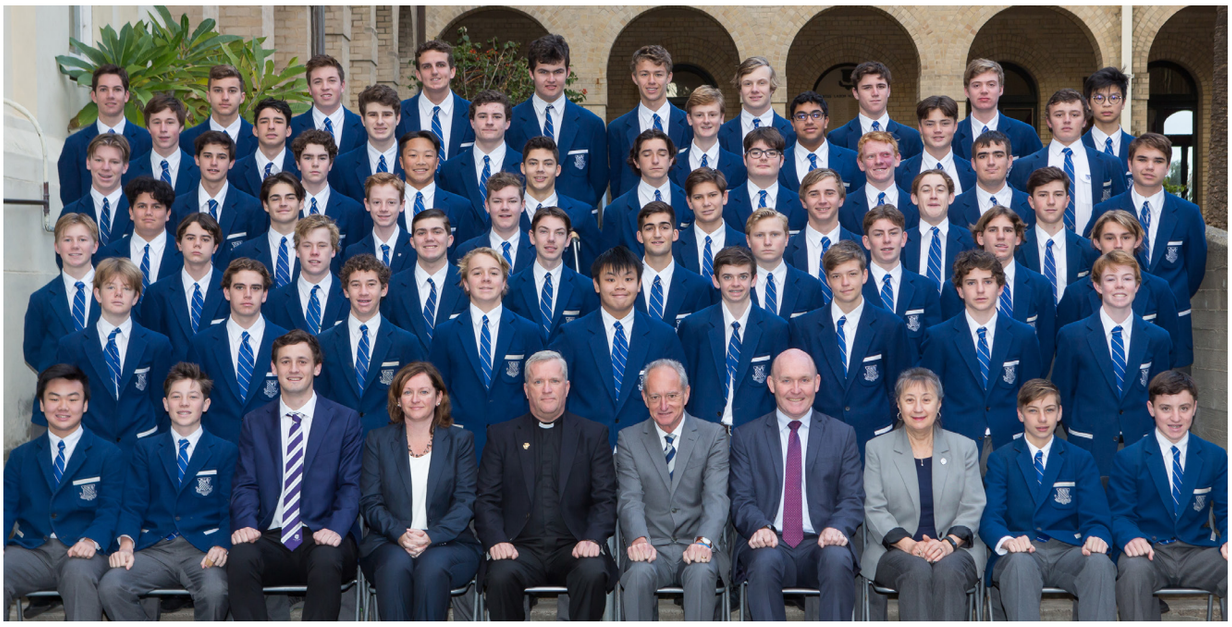

PROCTORS Back Row: Henry Hobson, Archibald Collins, Harry O'Mally, Rhett Wheelhouse **Third Row:** Sean O'Brien, Sandy Flagg, Henry Ryan, George Clark, Nathan Weston, Benjamin Tuckfield **Second Row:** Jackson Austin, Wiley Anderson, Joseph Galvin, Benjamin Locke, Thomas Acton, Cass Clinton, Douglas McGrath, Benjo Makeham **Front Row:** Jack Rooney (Beadle), Adrian Byrne (Director of Boarding), James Garnsey (Captain of Boarders), Fr Jack McLain SJ (Rector), Hugh McCormack (Sacristan), Dr Paul Hine (Principal), James Debus

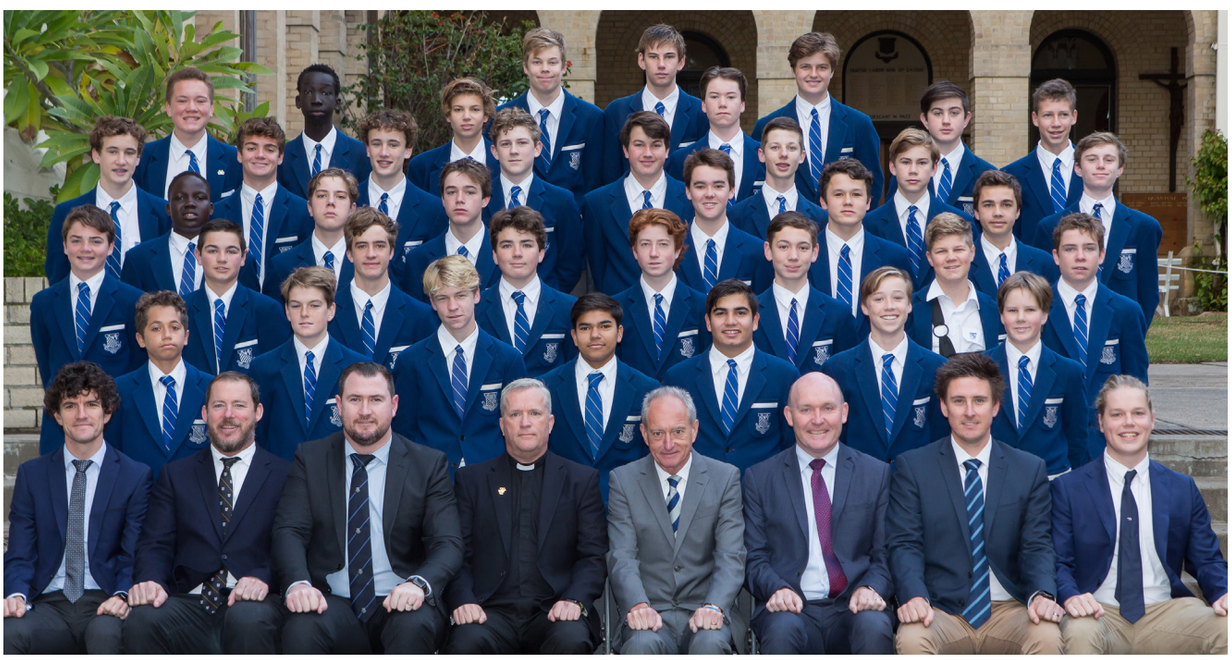

YEAR 12 DIVISION Back Row: Henry Hobson, Archibald Collins, Callum Peacocke, Simeone Schmidt, Harrison Tate, Joseph Wotherspoon, Xavier King, Harry O'Mally, Lachlan Stocks, Hugo van Haren **Sixth Row:** Seamus Donohoe, Patrick O'Connor, Alexander Morton, Alexander Johnson, Jude McDermott, Braiden Williamson, Finn McDonald, Sean O'Brien, Will Metcalfe, Patrick Tucker **Fifth Row:** William Jones, Will Simpson-Docker, Fionn Mahoney, George Clark, Angus Skipper, Rhett Wheelhouse, Henry Ryan, Nathan Weston, Benjamin Tuckfield, Jordan Rashleigh-Crane **Fourth Row:** Jono Lucas, William Dimoff, Jacob Campbell, Thomas Acton, Khy Ord, Jack Stone, Joseph McDonald, Cassius Clinton, Hamish Murphy, Harrison Geale **Third Row:** Sam Lenehan, Lincoln Crimmins, Claude Kalfabun, Sandy Flagg, Douglas McGrath, Joseph Galvin, Benjamin Locke, James Kay, Ezekiel Billy, AJ Weinress **Second Row:** Leon Qin, Jon Taylor, Romesh Jayasekera, Matthew Riley, Michael Milan, Wiley Anderson, Linus Yang, Benjo Makeham, Matthew Simmon, Jackson Austin, Samuel Johnson **Front Row:** Mr Paul Achmar, Mr Gerard Carson (Head of Year 12 Division), Jack Rooney, Mr Adrian Byrne (Director of Boarding), James Garnsey, Fr Jack McLain SJ (Rector), Hugh McCormack, Dr Paul Hine (Principal), James Debus, Mr Tom Riemer, Mr Peter Steffan

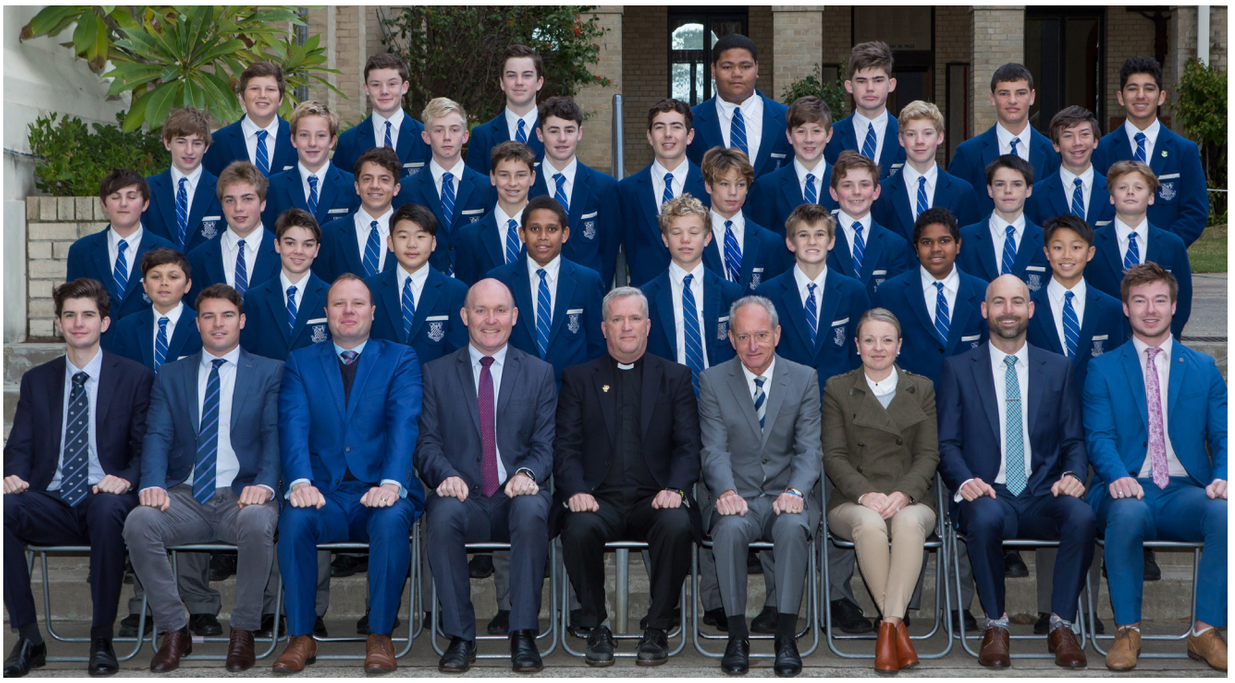

YEAR 11 DIVISION Back Row: Charlie Duff, Harvey Parmenter, Benjamin Luckman, Samuel Kelly, James Fenn, Chan Deng, Angus McBean **Seventh Row:** Samuel Leonard, Kiyan Jahromi, Lachlan Hammond, Noah Mansbridge, Ned Power, Oscar Williams, Connor Bower, Timothy Thackray, Oliver McGilvray, Joseph Radford **Sixth Row:** Fergus Back, William Makim, Taine Woodford, William Polich, Tobias McDonald, Niall Meehan, Jarvis Lake, Matthew Macey, Archie Collis, James Weston **Fifth Row:** Nicholas Leonard, Angus Whiteing, Maxwell Fisher, Christian Knight, Angus Rose, Christian Bunn, Archie Orrock, Benjamin Lin, Charles Smith, Fletcher Ryan **Fourth Row:** Jude Pascoe, Gabriel Prichard, Samuel Phillip, Ricky Crawshaw-Tomlins, Nicholas Brooks, Thomas Andrews, Edwin Akol, Patrick Macken, Nathan Lu, Andrew Warren **Third Row:** Charles Stretch, Matthew Steffan, Austin Martin-Weber, Tom Greenaway, Brock Twigg, Lorenzo Borromeo, Xavier Bryant, Thomas Ell, Patrick Grant, Damon O'Sullivan **Second Row:** Thomas Mercer, Magnus Yim, Matthew Scremin, Henry Taylor, Tyler Andreazza, Benedict Bonsembiante, Oliver Taylor, Hunter Hartwig, Isaac Papasidero, Jack Druce, Jordan Austin, Edward Graham **Front Row:** Jai Biddulph, George Geddes, Mr Damien Reidy, Mr Brett Benkenstein (Head of Year 11 Division), Mr Adrian Byrne (Director of Boarding), Fr Jack McLain SJ (Rector), Dr Paul Hine (Principal), Ms Antoinette Yarak, Mr Jeff Myles, William Thorp, Luke Russell

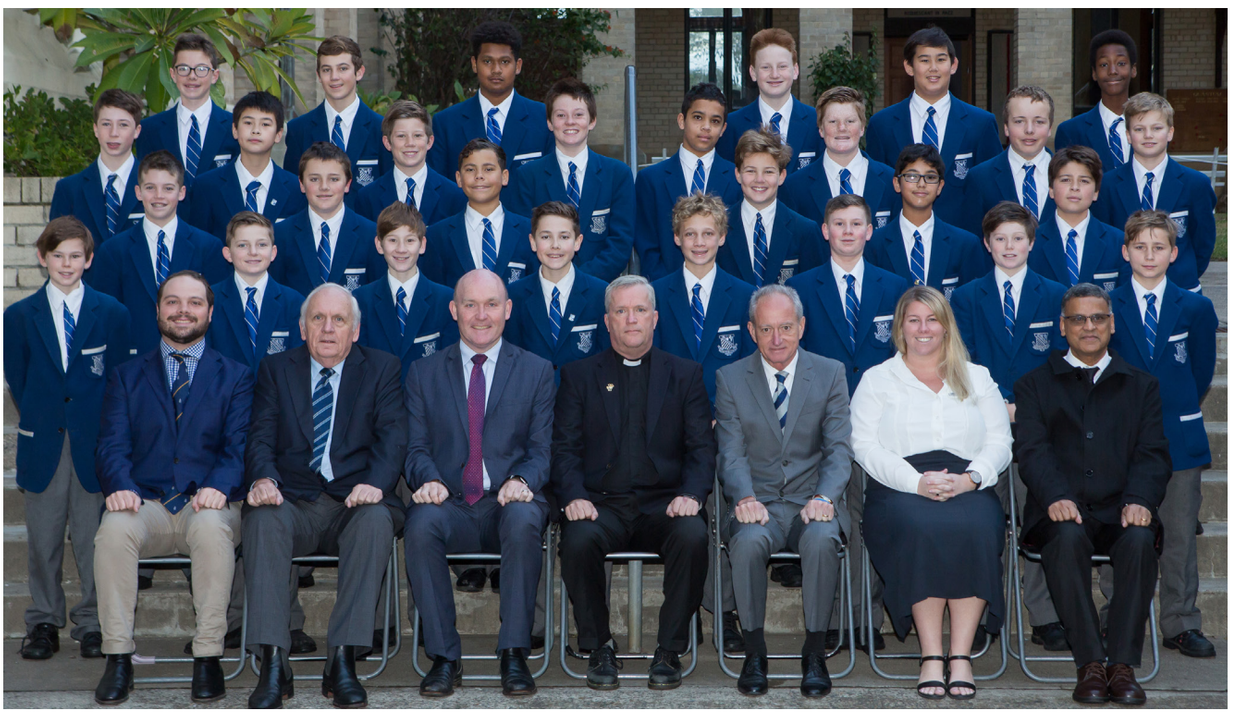

YEAR 10 DIVISION Back Row: Jack Matthews, Nicholas Zanatta, Harry Ford, James Henville, Nicholas Le Lievre, Joel van Haren, Edward Walker, Felix Connors, Tristan Kelleher, Vincent Lin **Sixth Row:** Oscar Brady, Sam Watt, Luca Gleeson, Lewis Brunton, Angus Roche, Yuvraj Garg, Oliver Cain, Harrison Monie **Fifth Row:** Oliver Ferencz, Henry Williams, James Martin-Weber, Hans Wong, Liam Dempsey, Sam Hayson, Pierce Kenny, Rex Collins, Milo Hunter, Chris Jones **Fourth Row:** Denzel Crawshaw-Tomlins, Ashton Horgan, Lucas Brunton, Tyson Reichelt, Henry Francis, Harry Spora, William Burraston, Hugh Samsa **Third Row:** Nicholas Long, James Hawley, Jackson Mitchell, Lee James, Max Schliemann, Jonathan Codemo, Lachlan Bridger, Harry Jensen, Charlie Brooks, Charley Cassim **Second Row:** Joseph Langfield, Archie Quirico, Matthew Macken, Charlie McGowen, Felix Leung, Benjamin Leonard, Ashton Hooper, Jack Montague, Toby Smith **Front Row:** Jason Chau, Hugo Matthews, Mr Charlie Reneker, Ms Christina Mikan (Head of Year 10 Division), Fr Jack McLain SJ (Rector), Dr Paul Hine (Principal), Mr Adrian Byrne (Director of Boarding), Ms Denyse Gibbs, Dominic Ryan, Augustin McColl

YEAR 9 DIVISION Back Row: Angus Fox, Jack Baker, Harrison Hartnell **Sixth Row:** Amos Blacklock, Akol Akol, Marley Howe, James Whiteing, Patrick Condon, Angus Holmes **Fifth Row:** Harry Hehir, Lachlan Price, Oliver Hehir, James Dillon, Sam Smith, Harrison O'Kane, Henry Madigan, Ryan Dobson **Fourth Row:** Juach Juach, Harry Ryan, Otto Makeham, Jack O'Brien, Patrick Pearman, Oscar Stevenson **Third Row:** Lachlan O'Brien, Richard Kelly, Dougal Lane, Harrison Hadley, James Caspers, Matthew Selkrig, Matthew Matuszny, Ben Hallam **Second Row**: Graham Duckett, Oliver Graham, Oliver Anderson, Kelvin Howard, George Pencheff, Xavier Graham, Charles Mason **Front Row:** Mr Dale Clarke, Mr Angus Arnell, Mr Joshuah Morris (Head of Year 9 Division), Fr Jack McLain SJ (Rector), Dr Paul Hine (Principal), Mr Adrian Byrne (Director of Boarding), Mr Sean Bowmaker, Mr James Kelly

YEAR 8 DIVISION Back Row: Thomas Finlayson, Daniel Haire, Maxwell Whittaker, John Havili, Arthur Webb, Leon Mason-Bunton, Romeo Atra **Fourth Row:** James Gooden, Archie Matthews, Patrick Spora, Oliver McColl, William Ryan, Zachary Woodburn, Finlay Ross, Jack Macken **Third Row:** Jordan Reichelt, George Dummer, John-Paul Colosimo, Charles Bull, Oscar Odell, Mac Collins, Lochlan Philp, Tom Taylor **Second Row:** Deja Dzarir Zohs, Toby Drew, Jean Ahn, Mismam Kris, Daniel Keirle, Alexander Harper, Russell Whap, Denzel Wong **Front Row:** Mr Sam Zimbulis, Mr Toby L'Estrange, Mr Michael Webb (Head of Year 8 Division), Mr Adrian Byrne (Director of Boarding), Fr Jack McLain SJ (Rector), Dr Paul Hine (Principal), Mrs Ashleigh Morrison, Mr Nathan Strempel, Mr Luke Clohessy (Gap Student)

YEAR 7 DIVISION Back Row: William Walker, Alexander Yeo, Joseph Paii, Isaac Ford, Tana McCleary, Daniel Byimira **Fourth Row**: Hugh Waldren, Sebastian Filla-Duan, Angus Lenehan, Henry King, Christopher Swan, Frederick Stuckey, Patrick Ryan, Christopher Blencke **Third Row:** Jeremy Holmes, Max Mason, Jerimiah Hardy, Benedict King, Aaron Malla, Hudson Alexander **Second Row:** Joseph Madigan, Darcy Hallam, Oliver Woodburn, George Daly, Sam Ball, Nicholas Dougherty, Hugh Graham, Shannon Haynes **Front Row:** Mr Joshua Allen, Mr James Busteed (Head of Division), Mr Adrian Byrne (Director of Boarding), Fr Jack McLain SJ (Rector), Dr Paul Hine (Principal), Ms Cassie Crompton, Dr Mathew Furtado

Hot Potato Shop

CO-ORDINATOR: MR PAUL ACHMAR

Hot Potato Shop Team 2019: Mr Paul Achmar, Bas Braham, Louis Callanan, Harry Duffy, Julian Edwards, Josef Finsterer, Timothy Hurford

Our goal in the Hot Potato Shop is to inspire, challenge, and encourage our boys and staff, always inviting them deeper into their own self-awareness as they listen to the stories of those who have travelled sometimes very different paths. The Hot Potato Shop was successful in 2019 on this front, with a variety of guests involved in professional sport, entertainment and philanthropy. Our community continues to be enriched as we look at our privilege and work to educate our hearts and minds to understand our gifts and use these to build God's Kingdom.

Gemma Sisia AM and Godwin

"Chase your passion, not the money" - Gemma Sisia. Gemma opened the School of St Jude in Tanzania in 2002 with nothing more than a $10 donation. Today, St Jude's educates 1800 of Tanzania's brightest yet poorest children, run entirely on private donations. Travelling with Gemma was Godwin, a recent graduate of St Jude's, and he spoke of his childhood and the significant impact that St Jude's continues to have on his life. This was one of the most important Hot Potato Shop events we have hosted at Riverview.

Pascal Herington (OR2003)

Pascal is a professional opera singer who has lived and worked in Germany for many years. He spoke of his time at Riverview, completing multiple Masters degrees in accounting and opera, having a successful international career in accounting, and the moment he decided to pursue opera, leaving the 'safety' of his finance career behind. Pascal captured so perfectly the essence of Jesuit Education, explaining in great depth and authenticity his own process of discernment in following a path that best led to the fulfilment of his God-given talents. The event was closed with a very special operatic performance by Pascal, which moved the entire audience.

George Gregan AM

By Harry Duffy

Decorated Wallaby veteran George Gregan offered great insights as he responded to questions. The most capped Wallaby player in history, George spoke of his childhood idols, the current state of Australian Rugby and of the many lessons he has learnt as a sportsman and in life after his career as a rugby player. He mentioned his childhood role models, including a Science teacher, from whom he learned a solid work ethic, to dream big and resilience. George radiated a relaxed, confident and generous aura which translated to an awesome response with the boys, who had only good things to say about his ideas and experiences.

Sarkis Achmar

By Bas Braham

Sarkis has been a social worker for over 20 years, working with some of the most marginalised Australians, de-radicalising young people and being a figure of trust and respect in his communities across south-west Sydney and Bathurst. Sarkis spoke candidly of things he has seen and experienced, including stories of highly radicalised youths and the extent to which their minds have been manipulated. Each person present left the Theatrette more educated and with a new perspective on the country we live in. Many people approached the team and commented how this was "the best Hot Potato Shop yet" – high praise.

Pyjama Sundayz

Riverview and Joeys' Old Boys make up Sydney band Pyjama Sundayz: Bernie Bolger, Sean Conlon, Hugh Raper (OR2014) and Charles Waldren (Joeys 2014). With a unique flair for the quirky, one might assume this band's success lies only in its gimmicks. But only a fool would miss just how deep the creative and musical talent and charisma runs in the blood of these four men. They put on quite a show on the Canteen Steps, followed by a heartfelt Q&A which demonstrated their values-based education at Riverview and St Joseph's. These men are outstanding role models for our students and were a hit with the whole community in this special Hot Potato Shop Concert Edition.

Teaching and Learning

Teaching and Learning Report

DEPUTY PRINCIPAL TEACHING AND LEARNING: MR RUSSELL NEWMAN

As I reflect on another year of outstanding student achievement, I cannot help but feel continually blessed by the dedication and commitment of the staff of the College who teach our young men to be capable advocates and agents of change, ready to take their place in the world.

I say 'staff' deliberately because I feel that every adult member of this community is a teacher and every one of them contributes to the growth of our students, whether that be in the classroom, on the fields, in the boarding house, the Chapel, the Health Centre, refectory, on retreats, on excursions, writing for them in an exam or talking with them as they pass by. It takes a village and Riverview, perhaps a very large one, is the kind of village which successfully builds community in a world where young people are continually told not to trust in anything or anyone.

For all of this, I applaud the great work of all the staff of the College. In particular, I'd like to commend the teachers for their efforts in 2019 to refine and share best practice in the classroom.

2019 was spent honing skills of understanding, interpreting and making effective use of learning data. Our focus was on 'data informed practice' and teachers had the opportunity to identify their own aspect of data from observations to intricate deep diving into HSC results analysis. From there, teachers shared their learnings of how they modified their strategies and content in the classroom to address areas of weakness identified by the data.

Teachers have always been experts in identifying what their students can and can't do and in planning activities to help students close their learning gaps. However, when 'data-informed practices' are employed, they are also able to articulate these processes to students and each other. They are also able to use data to determine benchmarks and indicate when and how students have mastered certain skills. This assists students and faculties to ensure that the learning is continually moving forward.

In 2020 we will be working towards developing a College-wide 'Teaching and Learning Framework' so that we can bring all of the great work over the past five years together into an articulated common approach.

Faculties

Drama

CO-ORDINATOR:
MS LOUISE ARNOTT

2019 marks another highly successful year in Curriculum Drama. We are blessed at the College with an abundance of talent and passion amongst the students who have continued to produce inspiring and sophisticated performance work in all Elective Drama classes from Year 9 to 12. Students have thrived with opportunities to view professional theatre productions in our Sydney theatre. They have enjoyed opportunities to extend their acting skills working with professional theatre directors and practitioners at the College who provided workshops in specialised skills for all Elective Drama students. Through these workshops in curriculum Drama we have continued to reinforce our connections with the professional theatre world and are in debt to many old boys currently working in theatre who have generously given their time to conduct workshops and rehearsals.

We began the year with notification of the outstanding 2019 HSC Drama results. The hard work these Year 12 students devoted to both the rehearsal of their HSC Drama performance pieces as well as diligence towards the written component on the Drama course was rewarded with almost all students placed in Band 5 and 6. This placed them well above the state average and was reinforced with the largest number of nominations ever received at the College for the NESA showcase of exemplary work, OnSTAGE. The College received 17 nominations with nearly all students in the cohort receiving a nomination for their Group Performance and three students receiving nominations for both exemplary Group Performance and Individual Performance work.

Viewing live theatre productions is an important part of the Curriculum Drama syllabus and is always reflected in the high standard of performance work currently at the College. In Term 1, students in Year 12 attended OnSTAGE, a presentation of a select group of outstanding solo and group 2018 HSC performances at the Seymour Centre. One of the highlights of the year included the opportunity for Year 11 Drama to view the Sydney Theatre Company's wonderful comic

HSC Drama

adaptation of Dario Fo's *Accidental Death of An Anarchist*. To extend their work on physical theatre, Year 10 Drama enjoyed the incredible Riverside Theatre production of *Jump First, Ask Later* produced by the Urban Youth Theatre company Dauntless Crew. Year 9 Drama were extremely privileged to view the production of *Charlie and The Chocolate Factory* at The Capitol Theatre.

All elective Drama students were thrilled this year to have professional theatre directors conduct workshops teaching specialised skills in class time. Year 10 Drama students gained invaluable techniques in clowning and comedy with professional NIDA acting coach, Guillaume Barriere. The Year 12 Drama classes were led through a series of practical classes with Russell Cheek who began his career at NIDA and then trained at the famous acting school founded by Lecoq in Paris. Russell led the students through the physical theatre acting skills of Jacques Lecoq, one of the key topic areas in their HSC Drama studies this year.

The year concluded with a selection of Year 9, 10,11 and 12 Elective Drama students performing in our Elective Drama Showcase. The young actors thrilled audiences with a wide range of performance styles learned through their studies. The evening began with Year 9 Drama students demonstrating their skills in mime and movement through the use of natural masks and individual comic mime pieces. Audiences were then treated to some wonderful moments of comedy from Year 10 who showcased skills learned from

HSC Drama

DRAMA: Conrad Page, Louise Arnott

clowning teacher, Guillaume Barriere. The evening concluded with some of the more sophisticated work from Year 11 and 12 with monologues and farce scripts.

There is much to celebrate and acknowledge in Drama this year. We are truly blessed with such richness of talent and enthusiasm for performing on stage at Riverview. The young men are passionate, creative and most importantly love theatre.

Economics, Business Studies, Legal Studies and Commerce

HEAD OF FACULTY:
MR LLOYD WALKER

ECONOMICS, BUSINESS STUDIES AND COMMERCE Back Row: Joshua Allen, Adrian Byrne, Suzanne Silk, Stephen Croker **Front Row:** Nathalie Guesry, Lloyd Walker, Andrew McGovern

Overview

Throughout 2019, the Faculty continued to produce rich and engaging lessons with a focus on assisting students in applying their knowledge through authentic assessment. The students responded to the energy and enthusiasm demonstrated by our staff with some outstanding academic results. A strong catalyst for these excellent results was a sustained focus on collaborative professional learning directed towards improving student performance with formative assessment and innovative feedback techniques that allowed us to build assessment capable learners. Special thanks to Mr Stephen Croker, Mr Joshua Allen and Ms Suzanne Silk for leading these formative assessment and feedback initiatives.

Economics

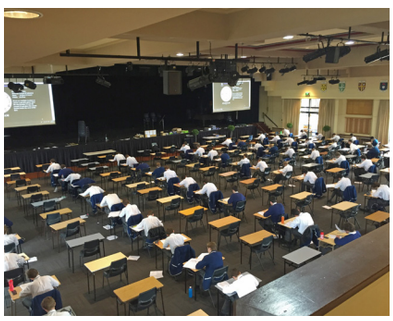

The Faculty continues to produce excellent results in the HSC Economics Examination with 33% of our candidates receiving a Band 6 result (double the state average) and 43% receiving a Band 5 result. These strong results come from our dedicated and passionate teachers who have developed their expertise in this subject via their professional learning in areas such as HSC textbook writing, HSC marking and HSC Examination Committee experience as well as a strong culture of collaboration and upskilling of staff. As a result of many years of dedication, the subject has taken on a life of its own with 105 students doing the Year 11 course at a time when the overall cohort numbers for the course are down state-wide.

Business Studies

Our Business Studies teachers consistently bring the subject to life via a high level of engagement with real-world contemporary examples and a focus on delivering HSC content in an authentic and topical manner. The 2019 cohort performed very strongly at HSC level with 30% of our candidates achieving a Band 6 result (three times the state average) and another 40% of the cohort achieving a Band 5 result (double the state average). These results are a reflection of the strong focus on feedback and formative assessment culture that the Faculty continually applied throughout the HSC course.

Legal Studies

Legal Studies was introduced to the College in 2016 and since that time the course has gathered in momentum being enriched by the addition of Mr Andrew McGovern who joined the Faculty as a specialist Legal Studies teacher this year. Together with Ms Tessa Nelmes, the course has been delivered in an innovative manner that sees a focus on evaluating arguments and evidence for various assertions in relation to interesting topics in family law, contemporary events that impact world order and the fairness and equity of various elements of our criminal justice system. The 2019 cohort produced strong HSC results with 30% of our candidates receiving Band 6 results (double the state average) and a further 43% receiving a Band 5 result. These results are a credit to the dedication and passion that Mr Govern and Ms Nelmes bring to the classroom as well as a reflection of the work ethic and determination that these students brought to their studies in this subject.

Year 11 Economics exam

Commerce

Commerce continues to be one of the most popular electives for students at Riverview in Stage 5. The Year 10 students enjoyed an introduction to the legal system via their visit to the Downing Centre Law Courts and got a taste of what it might be like to study Economics via their immersive experience in the "Our Economy" elective. In Year 9 students impressed us with their entrepreneurial spirit via the products generated through their Shark Tank Assessment. Their ability to apply their knowledge and commercial acumen together into a coherent and compelling investment opportunity was inspiring. The staff are looking forward to implementing the new Commerce curriculum in 2020.

English

HEAD OF FACULTY: MRS DEBRA WILLIAMS

The Poets light but Lamps —
Themselves — go out —
The Wicks they stimulate
If vital Light

Inhere as do the Suns —
Each Age a Lens
Disseminating their
Circumference —
(Emily Dickinson)

Emily Dickinson's representation of the way words ignite and exist beyond the reach of the poet is reminiscent of English teacher desires. If the 'Light' or love of learning and literature we instil is 'vital' it will cling and be applied in new contexts. It's one thing to light a lamp, it's quite another to have that light continue independently.

With a focus on independence, we targeted improving quality feedback to build self-regulated learners in 2019. We turned to Glenn Pearsall's analysis of effective formative and summative assessment, experimenting with and later evaluating the efficacy of his strategies. The year concluded with some agreed assessment parameters to incorporate into our practice in 2020. We also revisited the flipped classroom approach; a pedagogical model which inverts the role of homework and direct instruction. Relying on research and an evidence-based approach, instructional videos were created for our newer Year 12 modules, thereby bolstering critical thinking through application in the classroom. Pleasingly, the targeted modules were our highest performing sections in Paper Two of the HSC.

Unprecedented results in the Advanced and Standard courses in the 2019 HSC proved our new syllabus litmus test was passed with flying colours; ongoing professional development throughout the year and an adaptive response to student needs helped prepare our students. With 87% of our Advanced cohort achieving a Band 5 or 6, and our Standard cohort attaining an outstanding number of Band 5 and 6 results, including one student – Ben Tuckfield – achieving 3rd place in NSW out of 30,000, the faculty can move confidently into 2020. Five of our seven Extension Two students achieved an E4, our Extension One students came close to our 2017 precedent, and our first English Studies ATAR student achieved an astonishing 15% above the NSW average. We are so very proud of all our students and wish them well.

Various learning opportunities were provided to increase engagement and extend students. The performers from Poetry in Action delivered *Words of War* to our Year 11 Standard cohort, an exploration of Wilfred Owen's poetry; *Words that Changed the World* to Year 9; and *Rhyme and Punishment* to Year 7. The Year 10 extension students completed the course *Literary Movements and Thinkers*; our Year 9 extension students explored appropriations; and the Year 8 extension students completed a day-long workshop with guest writer, James Knight. Our Year 10 project-based learning initiative, co-designed with Jesuit Mission, culminated in the successful campaign 'Canteen for Cambodia'. The winning group worked with our gracious canteen staff to supply the Cambodian dish, beef Lok Lak, every Wednesday during Term 4 to raise awareness of and funds for the work of Jesuit Mission. Congratulations and a warm thank you to all involved. Furthermore, our Year 9 NAPLAN Bootcamp and the Year 7 Literacy Intervention Program strengthened writing skills, and our celebration of World Poetry Day, with staff-selected poems on display, a haiku competition, and poetry integrated into our curriculum, focused attention on the power of words to inspire.

The faculty welcomed two new staff in 2019, Noah Hodge and Stuart McRae. These wonderful teachers enriched the staffroom and classroom alike with their knowledge and enthusiastic contributions. Dale Clarke, who has been a role model for SIC students, returned to his home state of South Australia at the end of 2019 to take on a Head of House role at Sacred Heart College. We wish him every future happiness.

And so, we conclude the year feeling revitalized by new texts and encouraged by grateful students. Our deliberate focus on feedback to encourage independence harkens back to that wonderful circumference in Dickinson's poem; we might light a lamp, but our students will continue to thrive, shedding their own light in exciting new ways.

ENGLISH Back Row: Dale Clarke, Timothy Byrne, Rosanna Comastri, Erin Johnson, Nick Heydon, Patrick Lowe, Stuart McRae, Noah Hodge **Middle Row:** Jennifer Jackson, Alice Ossowski, Rosie McKay, MaryAnne Humphrey, Sophie Kelly, Natalie Baines, Justine Murray **Front Row:** Marilyn Fitzgerald, Debra Williams, Daniel Kent, James Rodgers

Geography

HEAD OF FACULTY:
MR REX COOKE

Global Perspective

Throughout 2019, the Geography department wanted to increase the exposure of our students to a greater global perspective of issues and places around the world. Within each year group the teachers integrated a range of global case studies and examples to illustrate to the students how there is a much greater level of complexity within geographical issues once you start assessing them at a global scale.

Year 8 students looked at how water scarcity in the United Arab Emirates has been solved through the creation of desalination plants and how there is an uneven distribution of fresh water throughout the world. They also studied the global nature of coffee production, distribution and consumption. This showed the students how there are only certain conditions that coffee can be grown in and how it has become such a global commodity and consumption rates around the world vary greatly. Additionally, the students looked at global cities and investigated what makes certain cities more liveable than others by identifying characteristics that enhance liveability.

Year 8 students at the Blue Mountains

The Elective Year 9 Global Studies course has a strong global perspective. The students start off by investigating the oceans and how there are political issues around global commons in the oceans and the impact of overfishing on certain areas in the world. The students also studied the complexities of terrorism around the world, looking into the gun control issues in the United States and Brexit in Europe.

In Year 10, Geography students studied Human Wellbeing and within that topic the students had to conduct an investigation of the income distribution along a subway line through New York. Students had to spatially map the income along a north-south route and provide reasons for the variation in income. Additionally, during the Biomes and Food Security topic, students looked at a range of issues influencing food production and the impact it has on the environment such as palm oil production in South East Asia, desertification in Senegal and the exploitation of the Aral Sea in Kazakhstan.

Year 11 students at Narrabeen Beach

In Year 11 and 12 Geography we used a range of global case studies and examples to help the students understand the senior geography course. For Year 11 students, these ranged from China's One Child policy, the development of hydroelectricity stations along the Mekong River, mining of lithium in Bolivia and the fight between USA and China for oil reserves around the world. Year 12 students explored the global viticulture industry and the variety of countries that grow and develop wine around the world. The students also explored a range of responses to issues occurring in large mega cities in the developing world such Dhaka in Bangladesh, Karachi in Pakistan and Mexico City in Mexico.

GEOGRAPHY Back Row: Rex Cooke, Michael Webb, Peter Steffan **Front Row:** Sarah Cullen, Cassie Crompton, Dominique Marturia

History

HEAD OF FACULTY: MRS ANNETTE SWINFIELD

2019 saw development in a variety of new pedagogical approaches taken up by the History staff in the still very new Therry Building. As staff grew accustomed to the new classrooms and spaces surrounding them, a greater recognition of the opportunities that such rooms provided became more and more apparent. Staff willingly opened up classrooms, combining classes and providing opportunity for more students to work together beyond their regular class. Staff engaged in team teaching and students benefitted from the expertise and greater exposure to a variety of History staff. As classes spilled into the amphitheatre and outside spaces, it was pleasing to witness the ease and fluidity with which staff and students permeated the educational precinct.

Students supplemented their learning through a variety of successful excursions and incursions. Year 7 enjoyed their visit to the Museum of Ancient Cultures at Macquarie University. Students enjoyed an interactive guided tour of the Museum and engaged with ceramics, coins and inscriptions from Ancient societies. They were encouraged to analyse an Egyptian coffin and observe some mummified Egyptian human remains. Year 8 History Elective students further developed their knowledge of Medieval Europe with a visiting guest speaker who placed on display a remarkable array of replica weapons and armour and explained the function and materials of each. Student understanding of the Ancient and Medieval World was further deepened when several students were suited up in mail and plate armour and mock combat scenarios were staged as frozen moments.

During the Year 9 Challenge in Term 4 students had an opportunity to travel to Canberra to visit the Australian War Memorial and Shrine of Remembrance. Students identified those from their families who fell during wartime and stopped to reflect on the incredible loss of so many. This visit particularly complemented and supported their unit of work on Australia's involvement in World War I. To support the Year 10 course work on World War II, the students visited the Sydney Jewish Museum. Staff and students were fortunate to meet with, be guided by and listen to Holocaust survivors and members of their families. This visit to the Museum was impactful and the students were deeply moved.

The Year 12 Aboriginal Studies class engaged in a number of excursions to enhance their learning. They visited the Heritage site at Balls Head Reserve, known by local aboriginal people as Yerroulbine, and took a guided walk with a member from the Aboriginal Heritage Office, discovering middens, art sites and rock engravings. They also visited key sites around the College visiting the rock carved emu and local middens. Lastly, the cohort visited The University of Sydney for an HSC study day to support the development of their Major Projects and how best to conduct their community consultation.

HISTORY Back Row: David Wales, Peter McNamara, Guy Masters, Trent McAllan, Panayiotis Diamadis, Michael Turner, David Posker-Hill **Front Row:** Vanessa Blake, Kim Romeo, Annette Swinfield, Tessa Nelmes

Year 11 Aboriginal Studies excursion at Balls Head Reserve - Ethan Levens, Ricky Crawshaw-Tomlins, Jarvis Lake, Noah Allan, Taine Woodford

I would like to acknowledge the work of the entire History and Aboriginal Studies Faculty staff. Their dedication, diligence, tireless and wonderful work with the students is apparent on a daily basis. Their devotion to and passion for History and Aboriginal Studies is impressive. Their willingness to share their expertise and resources has been stimulating and rewarding. I would like to thank them for their collegiality and support and wish them continued success, along with the students, during their time at Saint Ignatius' College. I leave the College at the end of 2019 and will fondly remember my time as a part of this very special community. I have thoroughly enjoyed working alongside staff and students in the capacity of colleague, Companion, leader, Mentor and teacher. I have relished working on endeavours, namely *The Kircher Collection* and overseas Academic tours. For all of the opportunities afforded to me, I am truly grateful and wish the community of Saint Ignatius' College farewell.

The Faculty produced a number of fine examination results, with all subjects trending considerably higher than the state average. In Ancient History, 25% of students were awarded Band 6, and 63% achieved Band 5. Modern History saw 19% of students achieve Band 6, and a further 62% achieve Band 5. Extension History saw exceptional results with two thirds of students achieving E4, and all others E3. In all, a splendid set of results, and some of strongest in the past years, which are a testament to the hard work and dedication of the History staff and students.

Finally, the Faculty wishes to thank Dr Panayiotis Diamadis for his expertise and collegiality over the past decade. His efforts to develop the Extension History course, and in particular the *Kircher Collection*, are highly appreciated, and we wish him the best in his future pursuits.

Languages

HEAD OF FACULTY: MRS LOUELLA PERRETT

The release of the 2019 HSC results gave great cause for celebration in the Faculty, with the news that our Languages students had gained four state places. Bas Braham was ranked first in the state in both Classical Greek Continuers and Extension, as well as seventh in Latin Extension. Declan Rickard was ranked ninth in Latin Continuers. The achievements of both students were recognised with certificates from the Classical Languages Teachers' Association. Bas Braham was also presented with two Athena Awards by the Australian Hellenic Educators' Association at their 25th Annual Presentation Ceremony. Our teachers were not forgotten; at the same ceremony, Mr James Rodgers' years of faithful service to the teaching of the Classics were recognised with the Ayios Kosmos o Aitolos Award.

Our students were involved in the usual yearly round of activities, including special Language Activity Days, the Latin HSC Seminars in June, the Year 8 Latin Camp in September and the Chinese Spectacular in October. In May our Chinese students competed in the Chinese Eisteddfod: George Connolly (Year 9) secured 3rd prize; Patrick Connell (Year 8) 2nd prize; Alexander Cronin (Year 8) 3rd prize; and Jean Ahn (Year 8) the Encouragement Prize. Also, in May Hugh Ross and Jack Lester came second in the NSW Chinese Bridge Speech Competition, while Matthew O'Dea came third. In August Riverview hosted the Classical Greek HSC Seminars, with schools attending from both NSW and Victoria. In October Ms Maria Skouras and Dr Luca Asmonti led a successful Study Tour to Italy.

In 2019 the focus of the Languages staff was firmly set on curriculum development as we implemented new syllabi in Years 7 and 9 in French, Italian and Chinese. We expanded our use of Language Perfect, an online application which not only has the benefit of increasing student engagement, but also facilitates the monitoring of student work for the teacher. Since its successful re-launch two years ago, the Regis Languages Program also saw some adjustments, resulting in all students having access to both Chinese and Italian.

LANGUAGES Back Row: James Rodgers, Luca Asmonti, Victor Zhang, Micol Pagani, Maria Skouras, Fang Qian **Front Row:** Christine Moriarty, Louella Perrett, Myriam Moysey, Maya Saker **Absent:** Sandra Kelly

Much of our time and effort, however, was taken up in a Faculty project on the development of writing skills. Language courses are too often focused on discrete components such as vocabulary, spelling, syntax and language structures targeting very specific functions. These are all crucial elements, but our data analysis confirmed that students also need explicit instruction on how to manipulate these to create a coherent text, be it spoken or written. As a Faculty we explored new strategies and much of our direction came from the research and writings of Dr Gianfranco Conti, a leading expert in the field of language teaching methodology. An important component of the project was the evaluation of our current course books, as we applied rigorous value-add criteria. The outcome of the project was most encouraging. There was widespread improvement in results as students became more adept at integrating new structures and vocabulary into their tasks, and more confident in the use of scaffolds. Teachers challenged students with a more sophisticated level of language and more complex tasks, encouraging them to experiment both within and beyond the confines of familiar structures. As the link between language learning and literacy in English is well established, it is hoped that such linguistic gains will also transfer to the students' competence in English.

At the end of the year we sadly farewelled Mrs Myriam Moysey. Mrs Moysey began teaching in the Languages Faculty in 1997. A keen linguist, with a mastery of no less than five languages, Mrs Moysey held the positions of Acting Head of MacKillop House, Assistant Head of Languages and MIC of Costume Design for the College's drama and musical performances.

Learning Enrichment

HEAD OF FACULTY: MR DOMINIC WILKINSON

2019 has seen the team continue to focus on building an inclusive teaching and learning culture across the College. In particular, the team has worked hard on embedding a framework for the Nationally Consistent Collection of Disability Data (NCCD). The team has continued its focus on a multidisciplinary model of support and collegial partnerships across the College, which continues to make a significant contribution to the students' academic and personal growth. Stretching from Year 5 at Regis to Year 12, the team has provided specialist support to students, parents and staff aimed at supporting the inclusive philosophy that lies at the heart of the Faculty and College. With an overarching commitment to diversity, the team has worked hard to create a learning culture that promotes the development of personal bests and a commitment to high expectations for all learners. Specific work on developing adjusted curricula has been integral to the process of increasing student engagement and curriculum access.

2019 has seen the continuation of the AISNSW transition project aimed at supporting the outcomes of the indigenous cohort at the College. The Indigenous Transition Project which saw the College act as a hub school for Loreto, Knox Grammar and Barker College has been well co-ordinated by Kate Hilyard. The collaborative nature of this project and the multi-disciplinary frameworks of support which have been developed from it have set a benchmark for individualised support and transition processes for indigenous students entering the College. More broadly, Kate Hilyard and Stefan Pulpitel have also provided dedicated, specialised curriculum support across Years 7 to 12. They have approached this complex work with dedication to best support the pastoral, cultural and academic needs of the students.

Mention must also go to the support provided at the Regis Campus which so vitally provides the building blocks for learning as students start on their journey at the College. The dedicated support provided by Jane Crouch and Kerry Dean has ensured students are able to develop the skills, confidence and emotional regulation for learning. In particular, the development of the targeted literacy programs MultiLit and MacqLit have continued to be effective in raising literacy standards. The specialised transition program designed by Kerry Dean, Jane Crouch and Rhian Lovell has also been most effective in supporting students moving from Year 6 to Year 7.

In the senior school, the support offered across Years 7 to 12 by George Cassar, Susan Potter, Rhian Lovell, Elin Mortimer, Paul Bevis and Danielle Affleck has continued to support the curriculum engagement and subsequently the self-esteem of students with additional learning needs. Their highly skilled and professional support for both students and teachers makes an enormous difference to building academic skills and executive functioning required as the students meet the demands of the respective stage curricula. The staff are able to connect curricula, students, parents and teaching staff, and their work is incredibly important for building capacity for learning across the College.

The Faculty for Learning Enrichment also continues to provide support for students requiring Disability Provisions for the Higher School Certificate. Paul Bevis and Kim Prodinger manage this process incredibly well and must be commended on their diligence for making this complex process run so smoothly. It is clear that over time this process has become more demanding as student numbers increase and the associated administrative and expectational pressures mount.

It is clear that the demands on the Faculty for Learning Enrichment continue to grow year on year. Whilst so, the team continue to show wonderful commitment to inclusive education and professional development in their support for students with additional learning needs and the staff educating them. The team optimise the concept of *Cura Personalis* that sits at the core of the College. I have enjoyed seeing the professional growth of staff and the influence of the team across the College. The multidisciplinary approach to your practice is an example of best practice and provides all our students with the best possible support available. I would like to thank each member of the Faculty for your dedicated work. You continue to make a significant impact on student learning outcomes and the broader inclusive culture across the College.

LEARNING ENRICHMENT Back Row: Kerry Dean, Danielle Affleck, Paul Bevis, Stefan Pulpitel, Elin Mortimer, Rhian Lovell **Front row:** Erin Johnson, Kate Hilyard, Dominic Wilkinson, Jane Crouch **Absent:** Susan Potter

Mathematics

HEAD OF FACULTY: MR GLENN ABRAHAMS

A key College focus in 2019 has been reflection and deeper understanding of how all students can access the Mathematics curriculum at their most appropriate level. The more formal title is 'Curriculum Adjustments' or 'Differentiating the Curriculum'. This year we have explored this ideal in several different areas.

Mr George Cassar has developed a numeracy role where he is able to support students in conjunction with the Maths classroom teachers to encourage students to engage with Maths at their point of need. Mr Cassar not only goes into rooms with students to assist with concept understanding and skill development, but also hosts afternoon and evening tutorials to assist students to maximise their learning potential. This model has been extended to Years 7 to 10 where Ms Haxby, Mr Newey and myself have worked with Maths teachers to give students in classrooms individualised teacher support.

Two other areas of providing student assistance has been adding additional detail to our Mathematics programs and attention towards our online learning platform (CANVAS). Mathematics Faculty staff have continued to embrace CANVAS to make learning more visible to our students. Staff complete their preparation, planning and lesson requirements in an open medium. It is the key resource for students to review lesson content (frequently accessing revision videos), prepare for assessments and review maths concepts with worksheets or booklets

The Mathematics Department welcomed the new academic year with impressive news from the 2019 Higher School Certificate (HSC), recording an impressive tally of E4 / Band 6 examination results. It continued the excellent standard of Mathematics results achieved by students at the College.

As part of each teacher's professional development, I have been fortunate to observe lessons from Maths faculty members. Teachers have continued to engage with student data to inform their teaching practice. Examples included staff recognising a need for students to improve their mental arithmetic skills, others have explored 'exit tickets' to gauge student understanding of key concepts covered in the lessons. Another teacher identified the Algebra capabilities of students her classroom from previous formal assessments and created different focus questions to meet student needs. Also, an exploration of different teaching styles using relevant online video material (www.mathsonline.com.au) to explain student content within a topic, allowed the teacher to engage with students in higher order problem solving. Finally, in terms of the HSC, staff have analysed Results Analysis Package (RAP) data to concentrate on improving areas where our students require extra attention.

The program for gifted and talented students continues to operate under the administration of Mr Daniel Hyde. Students engage in the Australian Mathematics Competition. The College has developed structures where selected students in Regis, Years 7 and 8 are part of enrichment groups. Mrs Jacinta Barlow and I have provided an interesting and challenging curriculum for the Regis students, while Father Gerald Brennan and Ms Helen Haxby have led the Year 7 and 8 Mathematics enrichment groups through problem solving activities.

The Mathematics teaching staff has updated their skills through in-services and ongoing professional development. Most of the Mathematics faculty attended the MANSW annual conference (Terrigal) for a three-day weekend in September to enhance their professional learning. NSW Senior Mathematics Courses have undertaken a major curriculum change in the past 12 months. Teachers went to workshops to deepen their understanding on recent topic inclusions such as Networks and Vectors.

I would like to commend the efforts of the entire Mathematics staff for their commitment to preparation, pedagogy, assessment and reporting in 2019. They are a dedicated, inspiring group of teachers who are not just committed to classroom teaching but to the Ignatian ethos of the College through their extra involvement in boarding, the House system and co-curriculum pursuits.

MATHEMATICS Back Row: Jeff Myles, Paul Collins, Kathleen Mullan, Robert Maxwell, Christopher Wright, Neil Mushan, Peter Colledge, Angy Newey, Mathew Furtado, John Newey **Front Row:** Fiona Yates, Helen Haxby, Daniel Hyde, Adrian Chan

Music

HEAD OF FACULTY: MR PETER WATTERS

2019 has been a year of growth and development. We have welcomed new Music teaching staff including Ms Maria Lee, who joined the Regis Campus, further developing the Classroom Music program, as well as overseeing the Music Activities. Mr James Walder joined our Senior Campus teaching staff, and Mr Patrick Nam joined us in a temporary capacity for 2019.

The Stage 4 (Years 7 and 8) Music students have been engaged in the implementation of a new program using Formative Assessment. This involves students regularly completing and uploading their classwork to Google Drive to receive feedback. The students then reflect upon their work ("What did I do well? What could I do better?") and have the opportunity to submit further work. This allows students to see their learning gain, as well as giving them a greater understanding of their work prior to the final submission. We have been seeing excellent results using this method of assessment. We have added some additional resources to aid the boys' learning which include new percussion instruments, midi keyboards for composition and keyboard activities, as well as some new guitars that have been helpful for the Year 8 performing units.

Years 9 and 10 students in the Stage 5 Music program explored a variety of music contexts from Baroque, Classical and Romantic music through to more popular styles such as Jazz, Popular and Theatre music. They have developed a range of skills in performing, composing and listening activities. Outstanding performances by Oliver Ell (Year 9) on trumpet, Will Austin (Year 9) on piano/vocals and Xavier McLachlan (Year 10) on clarinet saw them included as solo performers in this year's Chapel Concert.

Year 11 Music 1 and Music 2 students were all heavily involved in both music curriculum and music co-curricular events. They have produced a high standard of work in all areas of the curriculum and have set a strong foundation for their HSC studies.

MUSIC Back Row: Dacia Thomson, Kirk Hume, Patrick Nam, Trish Schwager, Kimberley Jonceski **Front Row:** James Walder, Peter Watters, Sue Thomas **Absent:** Michael Bellemore

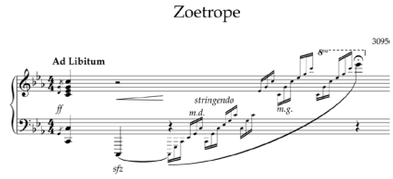

Our Year 12 2019 cohort produced excellent HSC Results. Amongst this group we were thrilled to have three ENCORE nominations. Jeremy Luey (Music 2 - Piano) and Henry Willis (Music 1 - Alto Saxophone) were nominated for their performance programs and Thomas Tucker (Music 2) was nominated for his Composition. Thomas has also been accepted into the Sydney Conservatorium of Music to study a Bachelor of Music – Composition in 2020.

Music students had many opportunities to perform for College Assemblies, Masses and Liturgies and Functions, as well as the Annual Solo Recital Evening in October. These students included;

- **Henry Willis** (Alto Saxophone) – 'Aria' Eugenie Bozza for the Laureate Assembly;
- **Harrison Tate** (Voice) - 'Everybody Hurts' by Bill Perry for the Friends Listen Assembly;
- **Thomas Hatzidis** (Snare drum solo) for the Refugee Assembly;
- **Patrick Grant** (Tuba) - 'Macushla', by Dermott MacMurrough for the Leadership Assembly;
- **Ethan Surya** (piano/voice)- 'Don't look Back in Anger' by Noel Gallagher for the Memoriale;
- **Patrick O'Connor** (Guitar) – 'SRV' by Eric Johnson for the Valete Assembly; and
- **Christopher Peters** (French Horn) – 'Nocturne Horn Concerto Op 35' Reinhold Gliere for the Speech Day Assembly.

In September, 29 students and four staff set off on a trip of a lifetime for the Music and Drama Tour to New York and Los Angeles. The boys were immersed in the professional world of the performing arts, experiencing Broadway shows, acting workshops, backstage tours, music recording studios and major performing venues, as well as spending time in two New York high schools and participating in service opportunities. They enjoyed musical theatre performances of *Beetlejuice* and *Dear Evan Hansen*, the Blue Man Group, joined the Amateur Night at the famous Apollo Theatre and witnessed Jeff Daniels in *To Kill a Mockingbird*.

I would like to thank the dedicated, knowledgeable and creative teaching staff in the Music faculty for continuing to provide the students with quality Music education.

Thomas Tucker Encore Nominee Composition Music 2

Henry Willis Encore Nominee Performance Music 1

PDHPE

HEAD OF FACULTY: MR PETER KOVACS

The PDHPE staff tackled a busy year with enthusiasm and good spirit. This was well tested through the on-going development of programs around the new syllabus in Years 7 to 10. I am thankful to a number of staff who have led the way with innovation and initiative. The PDHPE faculty has continued to provide wide-ranging units that provide opportunities to develop knowledge and understanding of and skills in important health and physical activity concepts and skills in critical thinking. Both the practical and theory components of PDHPE play a significant role in the development of the boys' physical, cognitive, social, emotional and spiritual health.

A variety of activities introduced some great learning experiences that students can take with them throughout life. In the theoretical unit 'The Party', Year 9 explored safe partying, addressing drugs and alcohol, respectful relationships and safe driving to and from celebrations. Within the unit, students evaluate factors that can influence a party situation and prioritise strategies that help to manage and respond to unsafe situations. Linking in with the unit, Year 9 heard from the 2016 Senior Australian of the Year, Professor Gordian Fulde, who shared his experience working in the St Vincent's Emergency department in relation to drugs, alcohol and violence. Further, via the Red Frogs organisation, the students participated in a 'Safe Party' workshop giving tips, skills and ideas to help young people stay safe within potential harmful situations. Following on from this, the students looked at the role that power plays in relationships. These newly developed units certainly have invigorated the program and been of great relevance to the students.

Practical units have developed a variety of skills that can benefit others as well as the students where skills such as performing CPR and planning and implementing fitness programs were a highlight. Swimming and lifesaving skills have been a vital element of programs across all stages and the majority of boys in Year 9 achieved the Bronze Medallion award.

We have given thought to how we can best continue to develop programs around the new syllabus. One approach the faculty took around the topic of mental wellbeing was tied in with RUOK Day, and involved dedicating PDHPE lessons to looking at some stimulus material, examining the signs to look for in others and just having conversations in class while sitting around and sharing some food. Some great discussion and interaction among the students occurred.

In the Physical Activity and Sports Studies elective, the students are presented a broad view of physical activity and the many possible contexts in which individuals can build activity into their lifestyle. Our program incorporates a wide range of lifelong physical activities, including recreational and leisure pursuits, competitive and non-competitive games, individual and group physical fitness activities, and the use of physical activity for therapy and remediation. In Year 9, the boys enjoyed examining the body systems and applied this knowledge to developing personal training programs focussing on specific components of fitness. They also examined the fundamentals of skill movements and applied this to the skill of juggling.

Year 7 'This is me' collages

Year 7 students doing fitness training at the Boathouse

It was always going to be a difficult task to keep improving on our highly successful HSC results. With a large cohort, we achieved very strong numbers with over 60% gaining Band 6 or 5 results, which is well above the State average of 32%. The wisdom of the boys to choose, and maintain, subjects that they were interested in and enjoy was rewarded by a large number of the boys having PDHPE among the top of their HSC subjects contributing to their ATAR.

The rationale of the PDHPE faculty is to attempt to develop our students into resilient young men, conscious of their own and others' all round health. A variety of activities are used to achieve this, with some highlighted above. In planning for next year with the extension of the new syllabus into years 8 and 10, we hope to maintain the current great learning environment which exists and add new experiences to enhance the boys' appreciation of all the aspects required to build and maintain a healthy lifestyle.

PDHPE Back Row: Ashleigh Morrison, Anthony Cook, Jonathan Harvey, Ben Carolan, Sally Munro
Front Row: Debra Melrose, Tony Morris, Peter Kovacs, Chris Baxter

Religious Education

HEAD OF FACULTY: MS ANTOINETTE YARAK

One of our Faculty goals was to develop our own mission statement, one that would reflect our identity and purpose as educators of a religious worldview in the 21st Century. The process was year-long and filled with inspirational conversation, empowering collaboration and prayerful discernment. We hope that it represents and permeates our ways of teaching and learning and engages all involved in their religious, faith and spiritual development.

"I have come that you may have life and have it to the full." (John 10:10)

Religious Education is fundamental to the Educational Apostolate of the Society of Jesus. While the apostolate looks forward to academic excellence, it is one that is anchored in faith and human excellence.

Inspired by the mission of God, our "theological enterprise" (Adolfo Nicolas SJ) is to:

- Promote an understanding of our Catholic faith within a teaching and learning environment that nurtures *Cura Personalis* and engages young minds and hearts through conscious inquiry and critical thinking.
- Invite students into a faith experience that is Christ-centred and Ignatian in its worldview and pedagogy through offerings of prayer and reflection.
- Foster a sense of connectedness with our Catholic faith as it is integrated with other disciplines and cultures through our participation in an informed exploration of faith and justice from ecumenical, interreligious, and global citizen perspectives.

Our hope is to help in the formation of men for others...

"*men and women who will live not for themselves alone but for God and Christ; men and women who cannot even conceive a love of God which does not include love for the least of their neighbours; men and women who are completely convinced that love of God which does not issue in justice for others is a farce*" (Pedro Arrupe SJ).

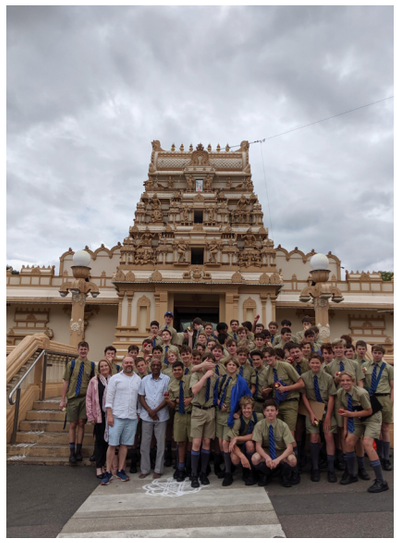

RELIGIOUS EDUCATION Back Row: Dale Clarke, Marty Collins, Cornelius O'Donovan, Therese Herborn, Anthony Reilly, Mark Diggins, Cassie Crompton, MaryAnne Humphrey **Front Row:** Rebecca Marren, John Gilles, Michael Dela Cruz, Antoinette Yarak, Gregg Bryant, Louise Buckley, Paul Achmar **Absent:** Mark Story, Bill Dowers, Claire Burke, Sandra Kelly, Rosemary Laoulach

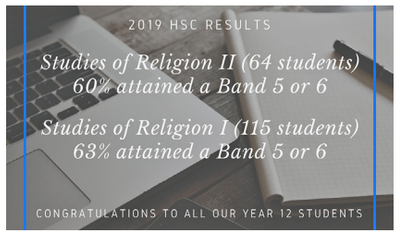

...young men on a journey to becoming more fully human.

Also, this year, Fr General Arturo Sosa SJ announced the four priorities that would guide the work of the Society of Jesus over the next decade. In light of our mission statement, we hope to find ways of explicating these Apostolic Preferences in our future work.

Everything happens in our Faculty because of the competence and commitment of staff who live in authentic witness of the mission entrusted to us. I feel privileged and grateful to call them my colleagues. Along with Louise Buckley, whom we welcomed this year, we all hope to continue our engagement in and with God's mission in our world.

Year 9 Discovering World Religions

"I feel that I have gained a greater appreciation and understanding of other religious beliefs, and I feel more informed to the point where I'm less prone to make assumptions in the event of religious extremism." **- Year 11 student**

"This year, RE has been a spiritual journey for me and my peers. Learning about what it means to be Catholic, Gospel stories that identify Jesus as the Messiah and the characteristics of the Kingdom of God, exploring perspectives on masculinity and what it means to be an Ignatian Graduate... it has really improved my outlook on Christianity". **- Year 9 student**

"Paul Sinclair deepened my knowledge about Aboriginal spirituality. I really thought it was a valuable experience, deepening my understanding of Aboriginal beliefs, values and stories." **- Year 11 student**

"Setting up a hypothetical Jesuit community in a disadvantaged region of Australia based on the values highlighted through our study of Eucharistic Theology was a thought-provoking assignment. It led us to consider the circumstances of marginalised communities and the activities or programs that can help improve their situation". **- Year 10 student**

Science

HEAD OF FACULTY: MR MATTHEW BENTLEY

2019 was an exciting year with our biggest ever Science Week extravaganza and the first external HSC examination in the new curriculum. The Science Faculty put science at the forefront of faculty-based activity around the College and the high level of student engagement was a great reward for the effort.

In Term 1, Year 7 investigated the impact of our habitation on a local ecosystem when they participated in a field trip to Tambourine Bay. Classes prepared a variety of water quality tests and other measures, then conducted them in the natural environment to collect data and samples. These were later analysed in our laboratories. This is an activity we have repeated over a number of years and the students are happy to report the local ecosystems are healthy and showing less signs of human impact than ever before.

Science students engaged in a range of academic opportunities for extension. Once again, we contested the Big Science competition, an internationally recognised critical thinking and problem-solving competition. This year, 19 High Distinctions and many Distinction grades were awarded to students in Years 7 to 10. The feedback from this competition is also useful in fine tuning our programs.

Over 120 Year 11 and 12 students volunteered to attempt practice exam papers in strict examination conditions. These were then marked and critiqued by external examiners to provide an unbiased perspective on their achievement relative to the rest of the state. Having this experience allowed students to test their study plans, identify strengths and weaknesses as well as improve resilience in the examination environment.

Science Week provided opportunities for students to engage in a celebration of the achievements in space exploration and in particular that of NASA's Apollo Program. The theme was 'Destination Moon - More Missions, More Science'. This theme tied in historical aspects of lunar exploration, celebrating the 50th anniversary of the Apollo Moon landings as well as discussing new technology and the merits of missions to return to the moon and explore further in our Solar System.

We planned a week of fun and engaging opportunities. From moon boot races, mimicking the 1950s 'space race' to a Sphero robot programming challenge retracing expeditions on the surface of the moon, the historical aspects were explored with amazing props and sets constructed by our technical staff. Year 7 designed model rockets and launched them on Fourth Field, while Years 9 and 10 visited the Sydney Observatory to view the night sky and learn about the extent of space we cannot see. There were also several College wide activities such as a solar system exploration drone race, an amazing Chemistry Show and the Therry Hall activity centre where students could learn about unusual space chemistry, watch moon documentaries, experience virtual reality moonscapes and get their photograph taken with our astronauts and aliens. Above all, the purpose was to bring staff and students together, to have fun in an engaging context, and to talk about and experience Science.

Staff also had unique opportunities on site as we hosted a number of Professional Development days which up to 40 specialist teachers from other schools attended to collaborate on preparation for the new Science curriculum exams. Riverview was represented in each of these sessions, strengthening our programs through a rich exchange of ideas and best practice among schools of all backgrounds.

This year's HSC cohort was the first to complete a highly engaging and very challenging new curriculum which valued critical thinking and problem-solving as the greatest outcomes of studying science. To the teachers' delight our students emerged from their exams satisfied the test was fair and that they were well prepared. The results told the true story with both Physics and Chemistry achieving a pleasing number of Band 6 performances; Chemistry saw more than 90% of students performing in the top 2 Bands. Physics achieved 33% of students in Band 6, and the next 33% in Band 5. Biology had more than 31% in Band 5, this was significantly above state average. We took great satisfaction in knowing our students rose to the challenge and gained a great sense of achievement, whatever their level; to be acknowledged with great scores is but icing on the cake.

SCIENCE Standing: Timothy Lee, Brian Piper, Jo Walker, Russell Kam, Bruce McKay, Jeff Myles, Jane Rorke, Joannah Kennedy, Vanessa Petersen, Toby L'Estrange **Seated:** Kimberley Davey, Ursula Sequeira, Matthew Bentley, Nancy Flynn, Bronagh McCue

Special Education Inclusion Program (SEIP)

HEAD OF FACULTY: MR TOBY MARTIN

2019 was another big year in the Inclusion Program, as we embraced a 'holistic view' of educating the students in our charge. The faculty is forever challenged by the constant need to provide students with the most inclusive and organic experience of College life. The staff challenge the students on a daily basis to grow by embracing uncomfortable situations and the students rose to the occasion.

We embraced the challenge laid down through the words, 'Not for ourselves alone'. We aimed to create a global conscious amongst the students and units of study were written with an underlying sense of social justice. For the 12 students within the program, their collective efforts have been impressive:

- Students massed a total of 149 Ignatian service hours achieved in a multitude of ways, including cooking over 250 individual meals for indigenous communities, completing the Sydney Tower Challenge and volunteering in both aged care services and the Starlight Foundation.
- Through running the Blue and White Café each week, senior students raised in excess of $800 for community groups in India and Autism Awareness Australia. The Blue and White Café is multi-faceted as it also allows students a functional opportunity to learn skills they need following their time at the College.
- Raising a further $2,500 through an organised Walkathon and the selling of their Christmas cards. Money raised from these events is taken to India by faculty staff as members of the Indian immersion group.
- Tom Perrott and Ethan Lanigan once again distinguished themselves as members of the Swimming Teams and represented the College at the GPS Championships.
- Senior students of the Inclusion Program were represented in 11 of the 22 sporting options that the College co-curricular program offers.
- Senior students in the Inclusion program completed 14 work experience placements as part of their Transition2Work program.

In keeping with tradition, the Student of the Year Award was presented at the annual Christmas lunch. This year, the parameters of eligibility changed slightly, and the award was presented to the student who best displayed consistent application to inclusion in the College Community. Despite all the boys making a conscious effort, the winner for 2019 was Liam Peake. Liam immersed himself in all facets of College life; he completed 23 hours of Ignatian service, performed in the Year 11 production of *One Flew Over The Cuckoo's Nest*, was selected by staff as the manager of the 1st and 2nd XI football teams, received glowing reports as a valued member on the Drama/Music tour to the USA and received a rousing reception when he was voted in by his peers as Prefect for Gonzaga House. This year Liam has been inclusion personified and few students in the College better exemplify what it means to be a 'man for others'.

To the staff who are unwavering in their support of the students within our program, I am full of both gratitude and admiration. Our program is testament to your willingness to put the needs of our students before all else.

Finally, the Inclusion Program and the students within was best summed up by Jack Farhat, a student in the program who in a conference speech this year profoundly said, *"I am different and different is okay, because it makes me the same as everyone else. I am the lucky one, I am part of something great and I love my life."* As the program moves towards 2020 with 'one foot raised', we will continue to embrace our differences in order to create something great for our students.

SEIP L-R: Jackie Mead, Greg Jones, Lisa Ming, Jeannine Dal Maso, Kathleen Hunt, Kim Prodinger, Toby Martin

Sydney Tower

War Memorial

Technological and Applied Studies

HEAD OF FACULTY: MR PETER MCMILLAN

Stage 4 Technology students fully embraced the new syllabus 'Digital Technologies' Unit and leapt into the world of computer language with gusto and vigour. Students discovered what really happens behind the scenes in the computer coding world and experienced both block and line coding. Challenges were side-stepped and 217 digitally programmed bedside lamps were created. I'm sure all students now have a deeper understanding of all things digital and a new-found respect for the effort and complexity which goes into them. Year 8 students focused on aerodynamics and solar power as they designed and created their very own solar cars, quickly discovering the importance of how drag and weight is directly related to speed.

Our Year 9 engineers thrived and celebrated with laughter as they watched their scaled timber bridges being destroyed as they were tested until complete failure. Trusses 'popped' as the energy was released from individual members experiencing maximum applied loads. Students gain an understanding of basic truss analysis and Newtons third law. Calculation of strength to weight ratios were created to form a rank order list, introducing a pinch of healthy competition giving students kudos and bragging rights in the school yard.

The Year 10 Engineers undertook a slightly different dynamic with our EV3 Lego Mindstorm robots and programmed their CPUs to become unstoppable battle bots. The robots entered pre-programmed battle sequences with the victors decided by being pushed out of the battle arena as well as an attack counter. Students along the way gained a further understand of block and line coding.

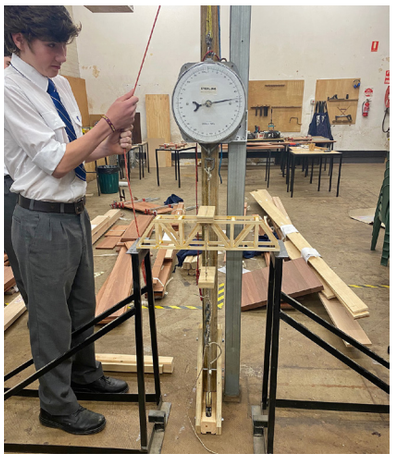

Congratulations to Nicholas Leonard, a Year 11 Accelerated Engineering HSC student who achieved a state ranking of 5th in Engineering Studies. Nicolas never wavered from his highly dedicated commitment to the subject and demonstrated an exceptional level of understanding complex engineering principles. The Stage 6 Engineering Studies course has now achieved a state ranking four years in a row. Huge thanks must go the staff who year after year dedicate their time and years of experience to hard working students.

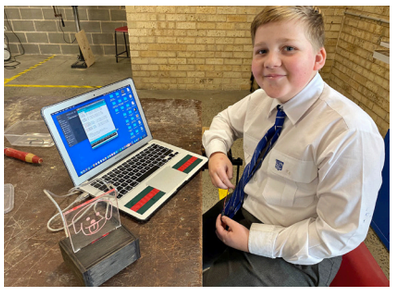

Our Design and Technology courses continue to grow and flourish. 2020 will see the first Year 12 class consisting of Major Works here at the College in more than a decade. A very exciting prospect for all. A Design and Technology Major Work must consist of an innovation or invention that has never been seen before! Our young designers never cease to amaze the staff in the designs and creations that end up being the final prototype or production article.

The Farm undertook a mild expansion which incorporated a new outdoor learning space. Here, all agriculture and Year 7 students were able to experience the full learning hub of the farm atmosphere such as growing crops and cattle on a small scale. It quickly turned into one of the busiest and most popular learning spaces in the TAS Faculty. Year 7 students were able to accurately measure and graph the growth of their herbs all within the positive farm learning environment. Eight cattle came in at approx. 200kg and left approaching 550kg, all the while being cared for and broken in by the students.

Visual Arts and Media Studies

HEAD OF FACULTY: MS JULIE STEVENS

VISUAL ARTS AND MEDIA STUDIES L-R: Mary Dorahy, Justine Bartelme, Katia Durst, Mark Anderson (Acting Head of Faculty), Dean White **Absent:** Julie Stevens (Head of Faculty)

Students worked with various philosophical perspectives to gain insights into the works of traditional, contemporary and First Nations artists. Each year group exhibited their artworks throughout the Visual Arts facilities and these wonderful exhibitions showed the irrepressible creativity and exuberance of our students. The young men attended workshops and lectures run by artists and visited gallery exhibitions. In artmaking, students worked in imaginative and interpretive ways to present many different understandings of their world. Their artworks as well as their written text presented interpretations connected to that which is spiritual and personal. As they created drawings, paintings, sculptures, prints, digital works, ceramic masks, assemblages and installations, they investigated aspects of the physical contexts and many different conceptual focuses.

Highlights of the Year

- Year 12 students participated in an excursion to see Masters of Modern Art from the Hermitage and the ARTEXPRESS exhibition at the Art Gallery of New South Wales (AGNSW). This excursion presented a rare opportunity for students to see the magnificent selection of works from the towering figures of modern art such as Monet, Cezanne, Matisse and Picasso.
- Year 11 students participated in an excursion to see the An Gorta Mor, a public installation artwork at the Hyde Park Barracks, as well as Masters of Modern Art from the Hermitage and ARTEXPRESS at the AGNSW.
- Year 9 students participated in an excursion to see the Archibald, Wynne and Sulman prize exhibitions at the AGNSW. This chance to see contemporary Australian portraiture was the highlight of the semester dedicated to the study of portraiture.
- Year 12 students exhibited their sophisticated and thought-provoking HSC artworks in the 2019 HSC Bodies of Work Exhibition. The Memorial Hall hosted these conceptually and technically refined artworks on Opening Night and the following week. The College community and many students, family members, friends and staff frequently re-visited their favourite artworks. The exhibition was opened by Old Boy Benjamin Clarke (OR2014), who is committed to the Visual Arts as an intellectual domain that can provide practical and theoretical experience to facilitate successful engagement in other areas. Benjamin is currently pursuing studies in a Masters Degree at the University of Edinburgh, UK, after very successful studies in the Visual Arts at the University of Sydney.
- Year 11 students participated in the annual two-day Year 11 Visual Arts Workshop incursion. The workshops are taught by practising artists and provide the boys with the opportunity to work in artmaking in uninterrupted ways at a professional level. The workshops are a fantastic opportunity for the boys to greatly increase their technical and conceptual expertise and gain greater confidence in artmaking as they move into the HSC course.
- Year 10 students visited the Brett Whiteley studio in Surry Hills to experience the private working context of one of Australia's most famous modernist artists. The studio visit, guided tour and discussion sessions enabled students to develop an understanding of Whiteley's passionate artmaking practice and its close connection to Australian cultural interests and valuing of unique Australian landscape, famous vistas, flora and fauna. On the excursion, students also visited the AGNSW and extended their knowledge of modernism by viewing seminal modernist artworks that are part of the gallery's renowned collection.

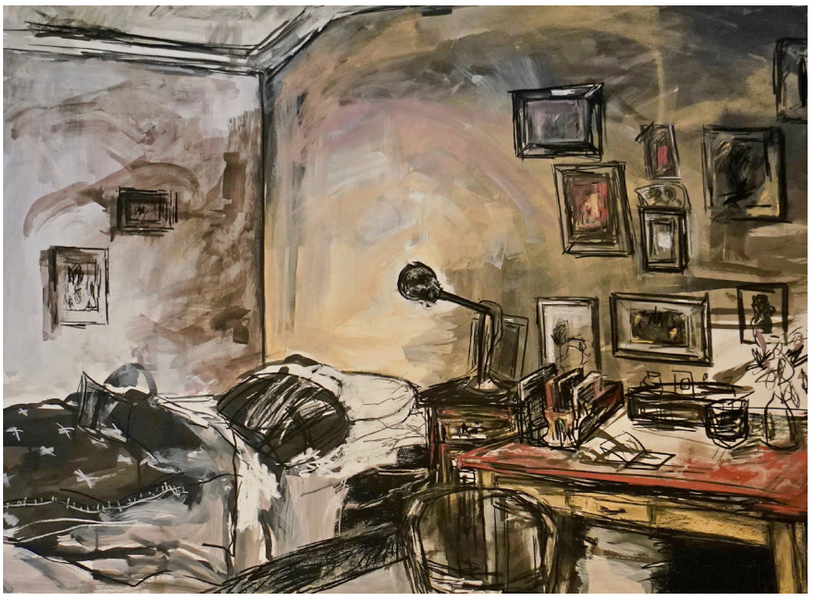

In late November, the College was notified that two of our HSC students, Louis Callanan and Seamus Byrne, were pre-selected for 2020 ARTEXPRESS. This is a wonderful success for the Visual Arts program! In December, the College was again notified that Louis Callanan's HSC body of work was selected for inclusion in the AGNSW ARTEXPRESS exhibition. This is a fine achievement which later saw Louis win the coveted 'Julian Ashton Art School Full Year Scholarship' prize at ARTEXPRESS. The College congratulates Louis for this outstanding achievement.

The faculty bid farewell to Mrs Katia Durst and Ms Mary Dorahy. Mrs Durst and Ms Dorahy have made many inspirational contributions to the professional life of the Visual Arts and Media faculty. We wish these highly qualified, talented, keen educators every success and happiness in all their future endeavours.

Photographic and Digital Media

CO-ORDINATOR:
MRS JUSTINE BARTELME

On Friday 1 November, the 2019 Media Show was hosted by Canon and Sun Studios in Alexandria. The show was opened by accomplished media producer and film maker Old Boy Joe Machart (OR2007). It was a very exciting event for all the media students from Years 5 to 12 who exhibited their photography and video works in a professional exhibition space. We thank Canon and Sun Studios for generously providing the venue and the Media Competition prizes.

Exhibitions act as the catalyst of art and ideas to the public. The 2019 exhibition of student work documented personal student experiences by conveying real and relatable emotion. There was an establishment of a connecting relationship between artist and audience through the diversity of exhibited artworks. Stories were told and questions posed that left the viewer thinking. The students aimed to create media works that impacted the viewer's perception. The exhibition allowed students to speak through their creative work and respond creatively and intelligently to the ever-changing world around them.

Year 12 students paid homage to Alfred Hitchcock through works that employed psychological suspense to manipulate audiences. Year 11s created Netflix title sequences and experimented with light in their digital photography representations. Year 10s screened their film trailers and exhibited their photojournalism series from their research on the World Press Photo awards. Year 9 students presented alien invasion mini drama films utilising visual effects and produced a live news broadcast. The SEIP students captured the alphabet in photographs and experimented with digital animation portraits using Megaphoto.

Excursions and industry visits supported the learning for students to develop ideas and technical production skills in the development of their works. Year 9 students visited ABC Studios and SAE Creative Institute to witness professional media production. Year 12 filmed on location through the Historic Trust at Cockatoo Island. The Year 11 group captured Sydney's Vivid Festival with the Canon Collective and shot on set at Sun Studios with Lucida Learning. Australian cinematographers and film directors provided incursion experiences for our Year 10 students to learn valuable lessons from industry professionals. This variety of technical and creative challenges extended students' creativity and passion in photography and media production.

For the 2019 Media Competition we received over 800 entries that were shortlisted by a panel of industry photographers and Riverview Old boys. 51 photos and three videos were selected for the exhibition. Congratulations to all students who entered. The judges were very impressed by the high standard of work submitted. The finalists were judged by Canon Australia and the winners were announced at the Media Show. We acknowledge the impressive photography and video work by our students and congratulate all exhibiting students who created such a wonderful show.

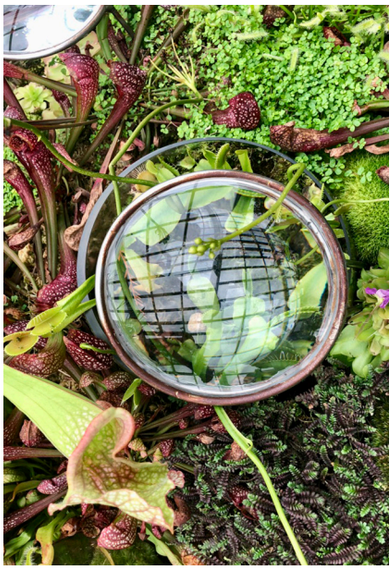

Iggie Award - Most outstanding Media students: Samuel Hynes (Year 9), Nicholas Lowrey (Year 9), Luca McDonald (Year 10), Ryan Hogan (Year 10), Joseph Radford (Year 11), Jameson Smith (Year 12)

Media Competition Canon and Sun Studios Award Winners - Photography: Joshua Saunders (Year 7) *'Through The Looking Glass',* Max Watkins (Year 10) *'Wasteland'*

Media Competition Canon and Sun Studios Award Winner - Video and The Joe Machart 'Most Promising Student' Award: Harrison Upfold

Jack Horgan (Year 12) *Hitchcock Homage*

Media Competition winner - Joshua Saunders (Year 7) *Through The Looking Glass*

DEPUTY PRINCIPAL STUDENTS: MR PATRICK LOWE

'Not for Ourselves Alone'

It was this motto, introduced by College Captain Louis Callanan, that shaped the student-led pastoral initiatives in 2019. The Student Leadership Group identified the phrase 'Not for Ourselves Alone' from the language of Cicero as it drew seamless connections to the very core of Ignatian leadership. It served as a motif imbuing each member of the student community with an obligation to act with the greater good of humanity at the forefront of their minds.

Louis, along with Vice-Captains Oliver Mulhearn and James Garnsey, led a student leadership team that not only sought to ensure each student felt safe and connected, but also to be active participants in a faith that does justice. A range of student-led lunchtime activities led by the leadership group traversed a variety of experiences and the fundraising that accompanied it ensured that the students continued to link their social interactions back to the needs of marginalised groups. Further, the student leaders embodied the notion of service leadership by arranging year group activities, guiding the students around the vast campus and serving barbeque lunches while the staff conducted the Year 5 and Year 7 Camps to facilitate an effective and holistic induction process.

The annual 'Friends Listen' Assembly where students deliver messages aimed at highlighting how their stories can help others sustain their mental health and wellbeing was again held. Senior students James Garnsey, Josef Finsterer, Jacob Campbell and Simeone Schmidt explored how social connectedness is more about the little acts of kindness and therefore as a community we should seek to support each other even in the smallest of ways. The courage of the four young men no doubt left a very positive message for the younger students.

A key initiative in pastoral care was the intention to highlight to all students the interplay between personal wellbeing, good habits and effective learning processes, thus ensuring a holistic educational experience. Through the House system, students were encouraged to reflect on their academic reports with a particular focus on the learning profile grades. They were then able to make assessments on their learning processes and take into consideration how their daily practices influenced these habits. Through pastoral conversations with Heads and Assistant Heads of House, students then formed goals around their habits both inside and outside the classroom. It is the hope of the College that practices such as this will serve the students well into the future.

The pastoral model embraced by the College seeks to ensure each student feels connected and appreciated as a unique individual so they can flourish as a learner and embrace healthy choices as they encounter the challenging adolescent years. The pastoral care team, consisting of the House leaders, the counsellors and student office administrative team, work tirelessly under a shared concern mode of care to support the students where they can. Their work is appreciated by the students who feel a great association with their House and seek to represent it in an outstanding fashion.

Looking to 2020, the student leaders are working under the motto, 'One Foot Raised' a phrase that lies at the very heart of Ignatian practice as it speaks to an idea of being mindful and cognisant of where a need may exist.

Campion House

Head of House: **Mr Paul Achmar**
Assistant Head of House: **Mr Anthony Cook**
Mentors: **Ms Louise Buckley, Mr Peter Kovacs, Mrs Angela Newey, Mr James Rodgers, Mr Peter Watters, Ms Antoinette Yarak**
House Captain: **Sebastian Braham**
House Vice-Captain: **Cameron Noud**
House Vice-Captain: **James Sammour**

The unofficial Campion House Motto for 2019 was 'You're in Campion, Be a Champion', and we need look no further than the involvement and attitude of our 96 Campion students and eight staff to see this motto lived out.

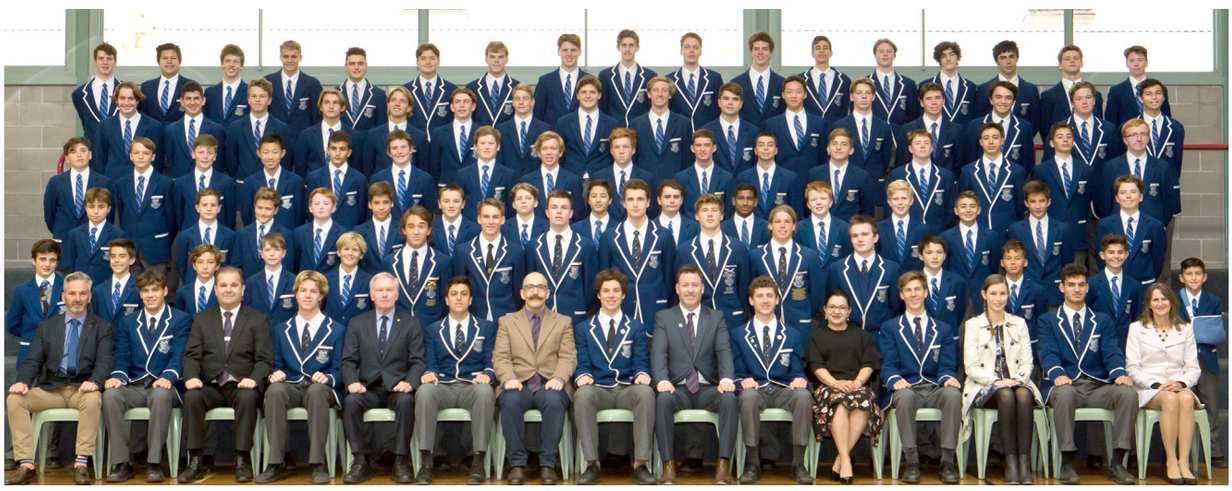

Leadership was not a problem in Campion House. We boasted James Garnsey, Vice-Captain of the College and Captain of Boarders, and our courageous and lively House Vice-Captains, Cameron Noud and James Sammour. The entire Year 12 Campion Cohort led with energy and enthusiasm and our House found enormous success under the auspicious leadership of these young men.

Our House Captain, Sebastian 'Bas' Braham must be acknowledged here for his exceptional and exciting leadership, amplified by his astounding oratory skills, used to shepherd and entertain our House at each gathering of the community. Bas was crowned champion of the highly competitive 2019 Lawrence Campbell Oratory Competition, Riverview's first victory in 25 years, and later the Dux of his 2019 Riverview cohort, and Campion House could not be prouder of our fearless Captain.

2019 was a year of milestones and change. We celebrated the 21st birthday of Campion House's most popular and visible service contribution, Campion Kebabs. We donned our chef hats and harnessed our philanthropic and business acumen to advertise, cook and sell the kebabs to hundreds of hungry Riverview men. This year we raised over $1700, thanks to the ongoing generosity of the Camilleri family, the Campion Year 11s and staff.

St Ignatius' Day saw our entire House travel to Bankstown, where we spent a day learning about the social issues faced by the people of south-west Sydney. Sarkis Achmar, manager of the organisation Humanity Matters, welcomed us and his staff guided, educated and introduced us to community members with whom we shared a meal and our stories. For the Campion men, the 25km bus ride to their own backyard proved to be an eye-, mind- and heart-opening experience, hallmarks of authentic Jesuit education. On the bus ride home, a number of boys requested that we return in 2020. Should the conditions allow, we would love to continue our relationship with Humanity Matters.

Our House found varied success in inter-House competitions. Campion was represented across the age groups in basketball, cricket, and chess - among others. It was in the College inter-House Athletics Carnival that we placed (a confusing) 9th but upheld a Campion tradition dating back to our earliest days in the 1980s of taking out the Tug-o-War competition across several age groups. Despite a questionable disqualification in a younger age group, our Senior Team maintained its five-year victory streak, which has now become a cross-generational Campion tradition. At the Swimming Carnival in October, we finished in an impressive 2nd Place. Our House's success lay not in our gifted athletes but in the sheer

force of manpower, driven by a willingness to represent our House with pride whilst wearing our black and red polos and our Riverview blue and whites.

Campion House is unique. Its generation-spanning culture places us in a more privileged and special position at Riverview, one in which we look to the wisdom of our forebears as we move bravely into the future, reading the signs of the times and ensuring care for each individual student and staff member is achieved. I am proud of our accomplishments in 2019, chief among them that our community has continued to grow and deepen. My prayer for Campion House in 2020 is one of gratitude for what we have and that we remember our privilege always so that we continue to 'lead by example'.

Cheshire House

Head of House: **Mr Sean Bowmaker**
Assistant Head of House:
Ms Vanessa Petersen
Mentors: **Mrs Louise Arnott, Mr Gregg Bryant, Mr Peter Colledge, Mrs Liz D'Arbon, Ms Brooke Hillsdon, Michael Turner, Mrs Toranz Wildie-McDaid, Mr Paul Williams**
House Captain: **Oscar Drew**
House Vice-Captain: **Alexander McCredie**
House Vice-Captain: **Tom Roche**

"Fire is the test of gold; adversity, of strong men."

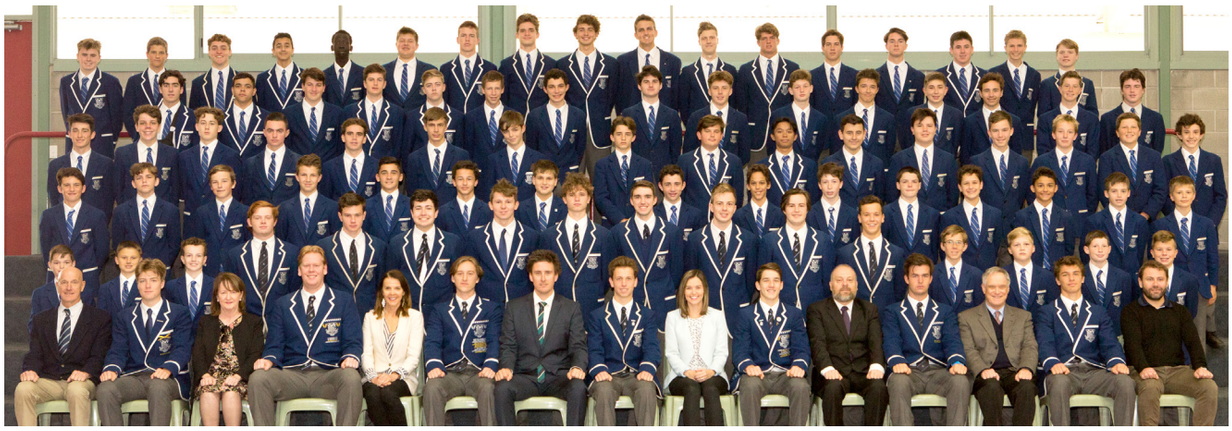

Our House theme, Strength in Adversity, provided an apt sounding board for each member of the Cheshire House community as he moved through the ebbs and flow of the academic year. This was reinforced early on by a guest speaker who spoke at our House Meeting and encouraged each student to remain dynamic in the face of hardship, to draw on his support system, and at all times to display integrity of character. It has been pleasing to witness the young men of Cheshire heed this message, not only during the tough times but also by extending it in support of others, further strengthening our House motto: To Give Is to Grow.

I'm constantly amazed at the outpouring of support for our annual House fundraiser, Cheshire Pancakes. On Shrove Tuesday, plates upon plates of pancakes came streaming through the door, ready to be packaged and sold to the masses at lunchtime, all in support of the Ryder-Cheshire Foundation. Once again, we managed to raise a considerable amount of money, a testament to the obligation these young men feel to provide to those on the margins, for the relief of suffering. Each young man met his service commitment with interest and enthusiasm and was able to develop a breadth of empathy whilst making a difference in the world. Service reflections form the basis of my meetings with the boys and offer insight into each young man, his perception of the world around him, and ultimately his faith.

A highlight of the year is always the House Mass and Supper, a chance for Mentors, parents and students to come together and rejoice in all things Cheshire. Talents abounded as a range of students displayed their musicianship and artistic flair, as well as reading prayers of the faithful and reflections. We welcomed the youngest members of our community from Regis Campus and relished in the chance to show them what Cheshire is all about. The supper allowed an opportunity for all to relax and share a meal, a rare chance for our city and country families to come together. This display of solidarity and spirit is always affirming, a true representation of our robust community.

We were blessed to boast willing and able student leaders in Oscar Drew, AJ McCredie and Tom Roche, who always put the interests and wellbeing of others in the House first, drawing on the wider Year 12 cohort for support. I'm confident that our outgoing group of 17 young men will be moved by their Riverview and Cheshire experience and, ultimately, will strive to change the world through service to others. Each is unique and although they now move in different directions, they will forever be tied to this House through a deep sense of camaraderie and connectedness.

Saint Ignatius' Day is always something to look forward to each year. In 2019, we continued to strengthen our relationships with Sir Eric Woodward School, Inala Disability Care, Ryde Council Bushcare and House with No Steps. It is abundantly clear in reading the reflections of those who engaged in differing capacities, that as much as we set out to make a difference in the lives of others,

we return with a renewed sense of perspective and a refined intent to live out the Magis in all that we do; what better way to further the works of our House patron, Sir Leonard Cheshire.

One of the strengths of Cheshire House is the group of Mentors who care for the boys on a daily basis. They continually preference the wellbeing of every student, lead and deliver our pastoral care program, and ultimately foster an immense sense of self-worth in each student in their care. I would like to extend my sincere thanks to Michael Turner, Liz D'Arbon, Gregg Bryant, Louise Arnott, Peter Colledge, Brooke Hillsdon, Toranz Wildie-McDaid and Paul Williams for all that they do for this community. I would also like to thank Assistant Head of House, Vanessa Petersen, for her continued leadership and support in 2019. Vanessa is the embodiment of our House motto, consistently acting as a pillar of support for each member of our community, and for this, I am most grateful.

Finally, as I reflect on the year that has been, I am humbled as I read through each article submitted to our Cheshire Chronicle, particularly those centred around service. It is clear that the young men of Cheshire House possess a depth of reflection beyond their years, and in these times of crippling drought, economic hardship, refugee displacement and ultimately, adversity, they remain steadfast in their resolve to build a more liveable future.

Chisholm House

Head of House: **Mr Peter Wakeling**
Assistant Head of House: **Ms Rhian Lovell**
Mentors: **Mrs Rebecca Bray, Ms Mary Dorahy, Dr Paul Hine, Ms Sophie Kelly, Mr Peter McMillan, Mr Michael Roffey, Ms Julie Stevens**
House Captain: **Edward Bell**
House Vice-Captain: **Mackenzie Ekert**
House Vice-Captain: **Christian Taylor**

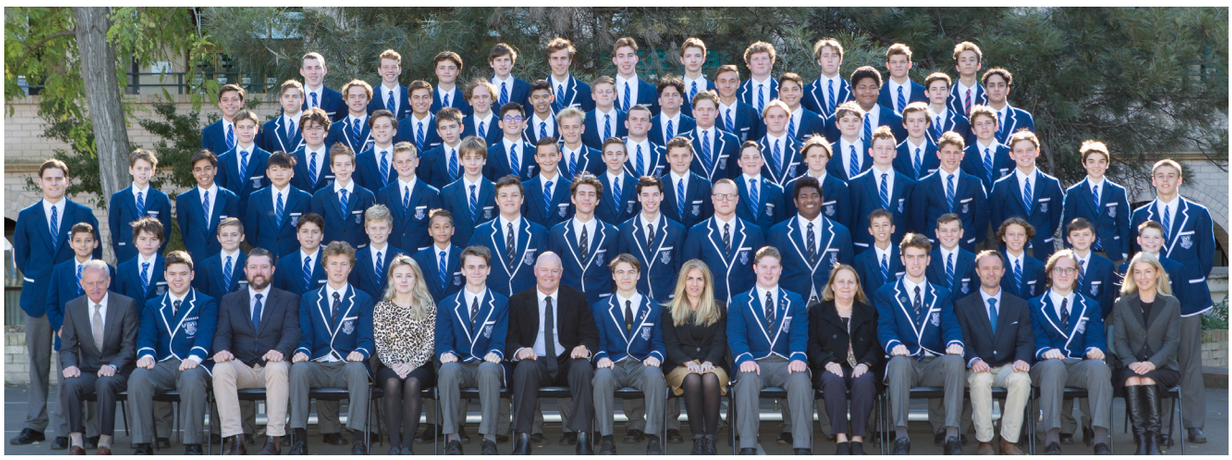

Chisholm has well and truly settled into our "new digs". The year saw the change-over once more with our new leaders for 2019/2020 being elected by the House in late Term 2. House Captain Edward Bell and Vice-Captains Mackenzie Ekert and Christian Taylor took over from Joe Finsterer (House Captain) and Angus Dinnell and Harry Macleod (Vice-Captains). The one thing that must be mentioned is how well our outgoing Year 12s for 2019 became real Mentors for the younger members of the House. In conversation with many of our junior House members comments were common about how our older students had made life that much better for our junior members of the House. This in its truest sense is the whole purpose of our vertically streamed Mentor Groups where the "older" heads share their experiences with the "newer" members of the Chisholm community.

Early in Term 3, we came together as a House community to share our House Mass and Supper. It is always a special occasion and this year was no different. Fr Jack celebrated Mass with us followed by a fabulous supper in the Memorial Hall. This year's guest speaker was Mr Jon Owen from the Wayside Chapel. Earlier in the year, Zuelma Sterling (mother of Liam Skender in Year 10) had spoken to Rhian and I about knowing someone who would be perfect for our House Mass and Supper and "wow!"; that was really an understatement. Jon spoke about his early days of study and travel and how he came to eventually to walk the path that would see him take on the mantle of Pastor and CEO of the Wayside Chapel. Those who were able to join us on the night came away feeling very humbled and touched by the stories that Jon shared. Of course, the work of the Wayside Chapel is very much a part of what we inspire our own young men to do, the *Magis* – *"Ad Majorem Dei Gloriam"*, "for the greater glory of God", the motto or, some would say, life's mantra of the Society of Jesus. Magis refers to the philosophy of doing more for Christ, and therefore doing more for others. What better way to finish our supper than listening to Jon tell us real life stories of the *Magis* in action every single day at the Wayside Chapel.

Saint Ignatius' Day saw us return to Vern Barnett School in Forestville where the work that was done both inside and outside the classrooms was very rewarding. We thank the staff of Vern Barnett for allowing us to share a day with them and the students who rely so much on the wonderful education and care that a place such as Vern Barnett provides.

Our Mentors this year, Ms Julie Stevens, Ms Mary Dorahy, Mr Michael Roffey, Mr Peter McMillan, Dr Paul Hine, Mrs Rebecca Bray and Ms Sophie Kelly, as always were the heart and soul of the House. The warmth and care that they bring to the boys in their Mentor Group is always inspiring and the House could not function as a "home away from home" without the dedication that this group of outstanding people bring to Chisholm House. Rhian and I are always grateful for being able to work so closely with all our Mentors.

As 2019 draws to a close, we wish our outgoing Year 12 students all the best for the future.

Claver House

Head of House: **Ms Denyse Gibbs**
Assistant Head of House: **Mr Chris Bishara, Mrs Katia Durst, Mr Noah Hodge, Mr Russ Kam, Mrs Debra Melrose, Ms Anastasia Poulos, Ms Jennifer Richardson, Mrs Cassandra Winfield, Mrs Christine Zimbulis**
House Captain: **Harry Duffy**
House Vice-Captain: **Brendan Robinson**
House Vice-Captain: **Xavier King**

2019 ended on a very high note with Claver taking out the Inter-house Basketball Competition for the first time in living memory. This was a wonderful way to end another great year in Claver House and the excitement of all boys and staff was exceptional as we watched the final moments to see us claim the grand final win over Owen House.

We began the year by welcoming our new Year 7 students and new members of the Pastoral Care team, Mr Chris Bishara, Mr Noah Hodge, Ms Fang Qian, Ms Anastasia Poulos and Mrs Christine Zimbulis who joined Mrs Katia Durst, Mrs Cassandra Winfield, Ms Jennifer Richardson and Mr Russell Kam. We are truly fortunate to have such a dedicated group of staff to work with the boys, along with our Claver Assistant Head of House, Mr Jeff Myles, who in addition to assisting with all House related matters, has special responsibility for the Year 7 group of students, many of whom were new to Riverview this year.

Claver House Captain for 2019 was Harry Duffy who was capably supported by Vice Captains, Brendan Robinson and Xavier King.

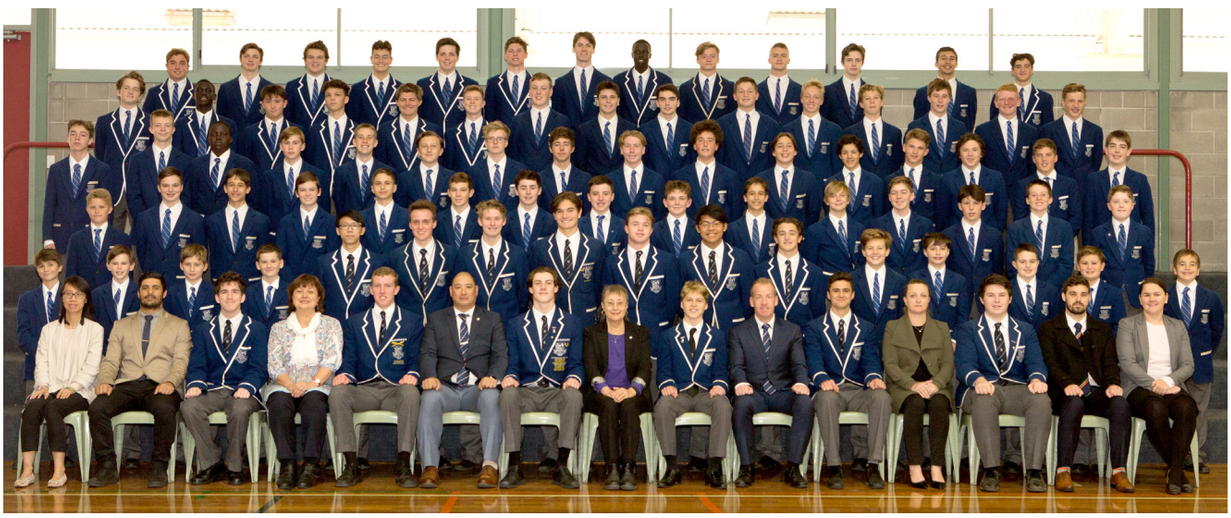

Days of reflection were shared across all year groups and the Claver House Mass and Supper was once again a wonderful event where we came together to meet with families new and longstanding to celebrate the start of the final year for our Year 12 students and present them with their Claver House Candle.

Great spirit and enthusiasm were shown in the College Athletics and Swimming Carnivals with Claver boys showing great pride in our House and supporting each other. No matter the result, there was always a big cheer from the Claver crew.

The purple theme once again proved very successful at the Indian Bazaar where we sold over 600 milkshakes. It was a great success this year and our Claver students put in a great effort on the day to raise money for the Jesuit Mission.

Saint Ignatius' Day saw our students providing assistance to an Inner West iconic institution, Reverse Garbage in Marrickville. As a not-for-profit co-operative, Reverse Garbage relies on the manpower of volunteers to rescue over 260 tonnes of waste from landfill each year, so they had no trouble finding tasks to keep the boys busy for the day. Over 70 boys and nine teachers were divided between painting fixtures for the warehouse; tidying the 'Secret Garden'; sorting, measuring and folding endless boxes of fabric; preparation for education workshops; upcycling prototypes; and letterbox dropping flyers to encourage votes to obtain government grant funding.

Term 4 saw us farewell our Year 12 students with the House Valete, House farewells and the Blue and White Ball, and Year 9 enjoyed the annual Challenge Program, with Bush Week again providing a challenging experience of growth and reflection.

Back Row: Samuel Phillip, Samuel Harrop, Ned O'Rourke, Oscar Smith, Lucas Perrignon, Angus McBean, Liam Egan, Chan Deng, Ethan McGuiness, John McCaffrey, Flynn Wilkinson, Maurice Abou-Antoun, Oliver Lenzner **Fifth Row:** Thomas Bowie, Edwin Akol, Harri Lee-young, Charlie Huttary, Benjamin Rathborne, Charles Stretch, Isaac Bissell, Hunter Thompson, Riley Burne, Ewen McBean, Charlie Rathborne, Tom Duffy, Oscar Brady, Rex Collins, Ash Bowie **Fourth Row:** Otto Makeham, Jack Grattan, Juach Juach, Henry Madigan, Angus Green, Casimir Lyone, Padraig Frewen, Ned Kirkby, Hugo Kerr, William Montano, Lachlan Howarth, Patrick Lenzner, Liam Grover, James O'Rourke, Hamish Grover, Lachlan Bissell **Third Row:** Callum McCaffrey, Thomas Harrop, Damian Abou-Antoun, Alexander Cronin, Thomas Klostermann, Alexander Yeo, Oliver McColl, Augustin McColl, Mac Collins, Jerome Abou-Antoun, Andrew Martin, Benjamin Baskin, Max Huttary, Henry King, Edward Roach **Second Row:** William Grattan, Joseph Madigan, Shannon Haynes, Gabriel Bennett, Linus Yang, Lachlan Clark, Jameson Smith, Lucas Simpson, Benjo Makeham, Ethan Surya, James Kardachi, Benedict King, Xavier Cunial, Patrick Currie, Alexander Lee-Young, Christian Pierangeli **Front Row:** Mrs Fang Qian, Mr Chris Bishara, Isaac Silva, Mrs Katia Durst, Lachlan Doust, Mr Russell Kam, Xavier King (Vice-Captain), Ms Denyse Gibbs (Head of House), Harry Duffy (Captain), Mr Jeff Myles (Assistant Head of House), Brendan Robinson (Vice-Captain), Ms Jennifer Richardson, Fionn Mahoney, Mr Noah Hodge, Mrs Cassandra Winfield **Absent:** Alexander Appino, James Furlong

For 2020, the student leadership of Claver House passes to a new team led by Claver Captain Samuel Phillip and Vice-Captains, Ethan McGuiness and Oscar Smith. Other Year 12 Claver students also assumed leadership roles this year with Edwin Akol appointed as a Boarding Proctor, Charles Stretch Captain of Liturgies Ned O'Rourke, Captain of Boats and Chan Deng our Environment Leader.

We look forward to the coming year and welcoming the new boys into the House to share the camaraderie and friendship that is Claver House.

Dalton House

Head of House: **Mrs Erin Johnson**
Assistant Head of House: **Mr David Wales**
Mentors: **Mr Ben Carolan, Ms Ashleigh Bierton, Ms Jennifer Jackson, Mr Daniel Kent, Ms Amelia Leason, Mrs Bronwyn Lobsey, Mrs Rebecca Marren, Mrs Heather Mitchell, Mrs Kim Prodinger**
House Captain: **Max Pollard**
House Vice-Captain: **Doug McGrath**
House Vice-Captain: **Michael Yaacoub**

It has been an exciting year for Dalton House as we have engaged in all activities with great passion and a sense of enjoyment. The 2019 Leadership team of Captain Max Pollard and Vice-Captains Doug McGrath and Michael Yaacoub have challenged the boys to think outside the box and increased participation in all inter-House events.

The year began with Mr David Wales supporting our Year 7 students to quickly become Dalton Men forging new friendships and strengthening House bonds while at camp. The boys had a great time at Collaroy spending a few nights together and challenging themselves to leave their comfort zone on the high ropes and many other different activities.

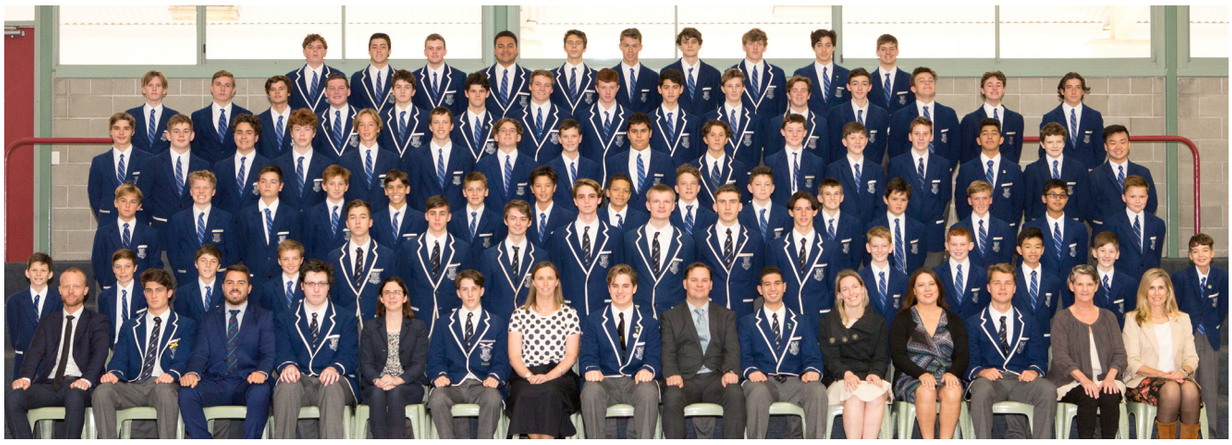

In Term 2, we came together with our families to celebrate House Mass with Father Joe Dooley. Our Year 12 families presented their sons with the House candle to light their journey into the HSC exams and life beyond school. Vice-Captain Michael Yaacoub and Year 7 student Joshua Maiers prepared a thoughtful reflection on the Gospel reading sharing some insights into what it means to be in Dalton House. We moved to the Memorial Hall to enjoy supper together and a special thanks to Mrs Kim Prodinger who specially prepared a glazed ham for us to share. It is always an enjoyable evening and a chance for parents to meet their son's friends.

St Ignatius' Day was again a highlight of Term 3. After a beautiful Mass prepared by Mrs Rebecca Marren we split into two groups to undertake different service activities. Our Year 7 and Year 11 students visited The Wesley Mission in Sydney City, where they learned about the different challenges facing marginalised members of our community and how different people can find themselves unemployed, perhaps homeless and unable to

Year 12

provide food for themselves and their family. After the information session the boys were then placed into small groups and tasked with buying one week's worth of non-perishable food with just $5 each. It was a difficult challenge and really highlighted the plight of many people who live in Sydney. Everyone else travelled to Banksmeadow to work with a charity called 'Thread Together' who take donations of new clothes from a variety of businesses and redistribute them to people in need living in Sydney. Here we split into two groups, one group spent the morning sorting men's suits, shirts and ties ready to be donated to men looking for work. The other group stayed downstairs and prepared meals for the Addison Project in Kensington, which provides temporary safe and affordable housing for young people in Sydney. It was a

Back Row: Nicholas Brooks, Samuel Lo, Thomas Lacey, Jarvis Lake, Thomas Sheridan, Joel van Haren, Fraser McLaughlin, Henry Payne, Jonathan Clinton, Rocco Rizzo **Fifth Row:** James Purcell, Cormac Kelly, Joshua Klobusiak, Archie Orrock, Lachlan Wilcox, Timothy Dalton, Remy Driessen, Andrew Warren, James Casey, Matthew Dardis, Aiden Sinfield, Oliver Daley, Samuel Allsopp, Jack Aman, Sam Hayson **Fourth Row:** Daniel Klobusiak, Gus Oxenham, Benjamin Knappick, Charles Rae, Ewan Randell, George Kelly, Charlie Brooks, Edward Kelly, Michael Opoyan, Matthew Mildren, Daniel Haire, Zachary Woodburn, Lachlan Wright, Romeo Atra, James Roche-West, Jason Chau **Third Row:** Shea Berry, Matthew Brakey, Richard Kelly, Tristan Dardis, Max Blakers, Samuel Blakers, Charlie Watson, Roman Perez, Benjamin Noble, Sullivan Twill, Alexander Harper, Walter Walker, Liam Randell, Aaron Malla, Digby Gillespie-Jeffrey **Second Row:** Joshua Maiers, Jacob Kulukovski, Marcus Kulukovski, Austin Orsini, Benjamin Lo, Alexander Weinress, Thomas Jamieson, Myles McLaughlin, Rory Kelly, William Jones, Hamish Murphy, Lachlan Martinez, Jack Caine, Joshua Yap, Oliver Woodburn, Jerome Nearhos **Front Row:** Mr Daniel Kent, Daniel Allsopp, Mr Benjamin Carolan, Sebastian Fabrizio, Mrs Rebecca Marren, Douglas McGrath (Vice-Captain), Mrs Erin Johnson (Head of House), Max Pollard (Captain), Mr David Wales (Assistant Head of House), Michael Yaacoub (Vice-Captain), Ms Amelia Leason, Mrs Heather Mitchell, Hugo van Haren, Mrs Kim Prodinger, Ms Jennifer Jackson

busy day that provided the time to reflect on all the gifts we are given on a daily basis, some of which we may not recognise.

The Indian Bazaar kept all of us busy and this year we joined with Gonzaga House. This proved to be a great success as we raised the most funds since starting the stall five years ago. Thank you to Mr Wales and many Boarders who arrived early, to set up the stall and get things underway early and all the boys who arrived throughout the day to keep the excitement going. It was again an enjoyable experience for all involved.

We ended the year by farewelling our much-loved Year 12 students as they embark on further study, travel and employment opportunities and we welcomed our new student leaders for 2020, Thomas Sheridan, Matthew Mildren and Aiden Sinfield.

Many thanks to the Dalton House Mentors, Mrs Kim Prodinger, Mrs Rebecca Marren, Mrs Bronwyn Lobsey, Mrs Heather Mitchell, Mr Daniel Kent, Mr Ben Carolan, Ms Jennifer Jackson, Ms Ashleigh Bierton and Ms Amelia Leason. Their continued interest and support of the students in their care is inspiring.

A final thanks to the tireless Mr David Wales, Assistant Head of Dalton House, your support and encouragement ensured all the Dalton men enjoyed a positive 2019.

Fernando House

Head of House: **Miss Maria Skouras**
Assistant Head of House: **Miss Helen Haxby**
Mentors: **Ms Peta Bird, Mr Padraig Connolly, Mr Michael Dela Cruz, Ms Amy Lester, Mr Patrick Lowe, Mr Matthew Parsons**
House Captain: **Will Simpson-Docker**
House Vice-Captain: **Xavier O'Grady**
House Vice-Captain: **Harry Culican**

In 2019, the students in Fernando House were adeptly led by our student leaders Will Simpson-Docker, Harry Culican and Xavier O'Grady.

St Ignatius' Day sees the Riverview community move beyond the gates of the College and young men in Fernando supported Salvation Army Aged Care Centres around Sydney, Camp Quality, and the Shepherd Centre. St Ignatius' Day captures the 2019 College Motto, 'Not For Ourselves Alone'. As a community, we are acknowledging the capacity of our ability to support the needs of those around us.

Members of Fernando House are cognisant of the environmental impact we have on the planet, so we participated in the Return and Earn program by setting up a bin in the House area. Funds were raised for Cambodia and other Jesuit services.

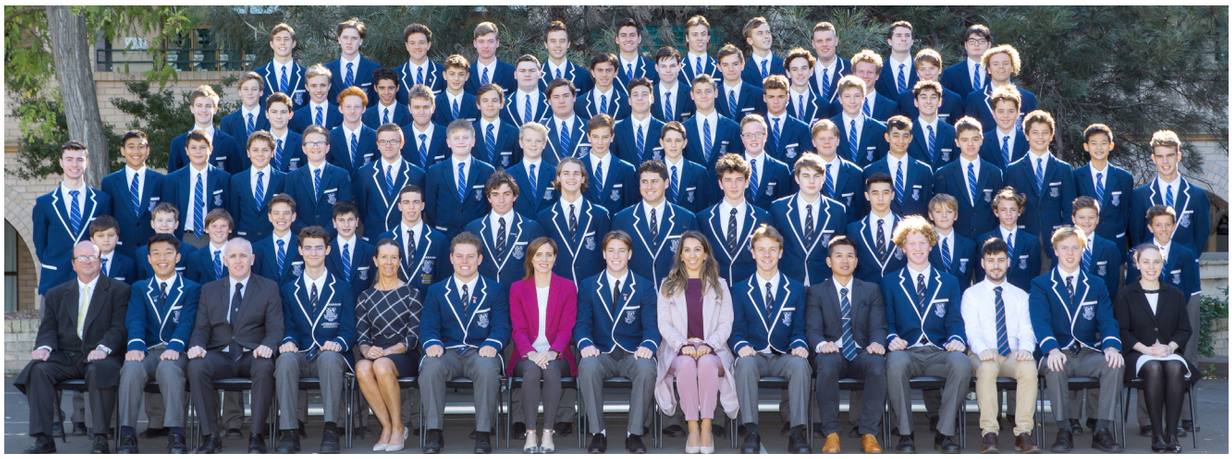

During 2019 there were some significant achievements by Fernando students. For a number of others their achievements in 2019 have been to ameliorate their behaviours and to improve their and others' learning environments. These actions typify that we are developing men who are outwards looking in the same manner as our patron, Brother Richie Fernando.

Fernando has been a strong participant in all inter-House events this year. The Athletics and Swimming Carnivals gave a great opportunity for our boys to demonstrate not only their individual skills but also their collective spirit. The leadership team structured the events so that each boy was encouraged and given equal opportunity to participate in the selected activity. A highlight was Benjamin Parsons (Year 9) playing the grand final inter-House Chess competition against a Year 12 student. Benjamin's poise before highly charged crowds was just as remarkable as his proficiency in the game.

In Term 2, we also started an initiative to raise student awareness on the growing amount of research that indicates a correlation between poor diet and lower mood through organising a healthy food day. During this mentor time, we discussed the importance of a healthy and well-balanced diet and how this impacts the students' mood, ability to learn and focus in class. The students in Fernando were provided with an array of healthy food options. By showing the boys what healthy food looks, and tastes like, we hope to encourage better choices in their diets.

Registration is a key period of time for each student as well as the Head of House and Assistant Head of House. Through greeting each other on a daily basis, each Fernando student feels embraced in the House culture. Over the past year, we have seen the House leaders assist with registration. This gives the opportunity for the senior students to interact with the younger students of the House, furthering the feeling of welcome into a wider community. This links to the College motto, through the idea of a group moving together, ensuring that no one is left behind.

Of course, Fernando House is not just about our students. It is also about our team of mentors. The culture of our House is a testament to their willingness to invest not only their time, but also their wisdom, morality and above all, their character. The talents that they display when establishing strong connections with students shows in the formation of

Back Row: Christian Bunn, Hamish Madden, Zachary Kalogerou, Tristan Kelleher, Lachlan Croll, William Polich, Charlie Rossi, Huon Croll, Edward Lenehan, Lewis Brunton, Pierce Kenny **Fifth Row:** Joseph Curtin, Harrison Loiterton, Luka Milozzi, Luke Uzunovski, Spencer Dean, Gabriel Wood, Rory Silk, Felix Dickinson, Sebastian McCabe, Thomas Hamer, Grattan Rutherford, Jett Mansfield **Fourth Row:** Jack Treacy, Archie Culican, Finnbar Barry, Luke Nicholson, Xavier Russell, James Masters, Raphael Giles, Rory Curtin, Lachlan Price, Anderson Porter, Sean Beaumont, Miles O'Grady **Third Row:** Lachlan Dalton, Jacob Magsakay, Max Macedone, William Collins, Benjamin Parsons, Tom Turner, Liam Treacy, Sam Terry, Stefan Wood, Loic Walford, Owen Griffiths, Jack Roe, Joseph Salameh, Liam Hayes, Oliver Croll, Patrick Lie, Samuel Kelly **Second Row:** Milan Sundaraj, Thomas Schell, Tomas Cheetham, Samuel Polich, Ethan Lanigan, Shuaib Rhodes-Swain, Sebastian Cooper, Matthew Riley, Conor Rush-Fellay, Lachlan Alexander, Sean Welsh, Dashiell Russell, Benjamin Barry, Luke Brady, Thomas Kalogerou **Front Row:** Mr Matthew Parsons, Clayton Lie, Mr Patrick Lowe, Benjamin Curtin, Ms Peta Bird, Xavier O'Grady (Vice-Captain), Miss Helen Haxby (Assistant Head of House), Will Simpson-Docker (Captain), Miss Maria Skouras (Head of House), Harry Culican (Vice-Captain), Mr Michael Dela Cruz, Harrison Tate, Mr Padraig Connolly, Sam Moloney, Ms Amy Lester

relationships of positive influence between them.

Ms Maria Skouras, in her first year as Head of House, has had a major influence in the manner in which care is given to our students. Ms Skouras possesses a triumvirate of skills in being a creative innovator, careful listener and, most necessarily, she has a prescient ability to read students.

Our 2020 student leadership team of Charlie Rossi, Zachary Kalogerou and Lachlan Dalton will bring with them fresh ideas and enthusiasm. However, the House will remain constant in prioritising the development of men of compassion, conscience, sacrifice, and vulnerability.

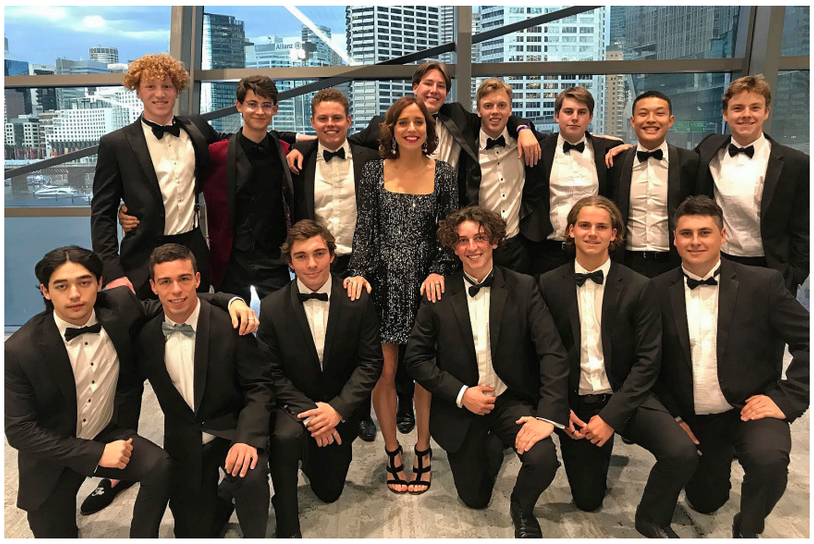

Fernando Forever.

Fernando house participates annually in the Sydney Tower Stair Challenge in support of the Giant Steps. Over 1504 Steps and 309 meters of Vertical Height.

Gonzaga House

Head of House: **Mr Peter McNamara**
Assistant Head of House: **Mr Mark Story**
Mentors: **Mr Chris Baxter, Ms Vanessa Blake, Mr Paul Collins, Mr Gus Masters, Mr Stuart McRae, Mr Conrad Page, Ms Kimberley Romeo**
House Captain: **James Greenslade**
House Vice-Captain: **Alexander Sidhu**
House Vice-Captain: **Flynn Twomey**

2019 was a successful year for the young men of Gonzaga House who committed themselves to developing a welcoming and inclusive House which was challenged to live up to our motto of 'I seek higher things'.

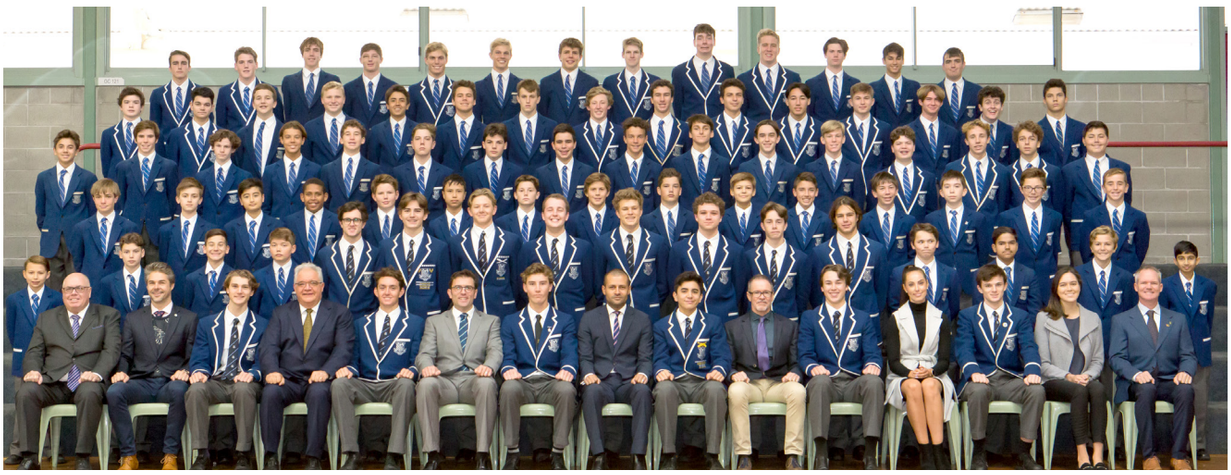

As always, one of the most significant events is welcoming the newest members of the House, this is largely our new Year 7 students, and at times students who join us in different year groups. Our Year 12 leadership team ably led by James Greenslade, Alex Sidhu and Flynn Twomey were extremely successful in ensuring that those new members of the House felt that they had boys who they could talk to and would have their back if they should need anything. This feeling of belonging was galvanised in our Mentor groups where the students met and enjoyed the company of new friends.

The Gonzaga House Cup is into its third year and it was great to see the competitiveness of each Mentor group challenging each other across a range of activities and sports. The Gonzaga House Cup was created to help foster and build on relationships across the year groups, the Year 12 leaders continued with this in mind as the boys competed in touch football, ultimate frisbee, trivia, football and tennis. Congratulations to Ms Romeo and the members of her Mentor group for successfully lifting the Gonzaga House Cup for the first time.

In the inter-House competitions, the young men of Gonzaga House competed valiantly and wholeheartedly. Despite once again looking very competitive in football and cricket, we fell short of taking away the top points, however this is hardly how we could judge the success of watching boys from Year 7 to 12 cheering each other on and most importantly encouraging each other regardless of the score. I must congratulate our Year 12 leaders and James in particular for this, as it was the behaviour and attitude modelled by them which clearly guided everyone in the House. At the College Athletic and Swimming Carnivals, the boys improved on the previous year coming fifth at the Athletics Carnival and sixth at the Swimming Carnival; congratulations to everyone who competed.

For St Ignatius' Feast Day the boys made their way to North Sydney to continue our longstanding relationship with The Cerebral Palsy Alliance. On what was a beautiful winter day the boys did an amazing job raising $2,640, which brings the total that Gonzaga House has raised for the Cerebral Palsy Alliance to $47,000; an amazing amount of money that makes a huge difference in funding the programs run by the organisation.

Our House Mass and Supper is always a highlight and this year was no different. A sincere thanks to all of those who were involved in making the evening possible including Fr Joe Dooley, Ms Moriarty and the students who contributed to the Mass. We were fortunate to have as guest speaker, former Gonzaga House Captain Tom Coolican. Tom was very generous with his time and advice to those in attendance, he spoke of making the most of his opportunities and shared some of his experiences representing the USA in rugby. Tom has

Back Row: Jack Cameron, Fletcher Ryan, Thomas Goodman, Timothy Sekel, Thomas Jewell, Charles Jewell, Joseph Meagher, Noah Mansbridge, Liam Peake, Benjamin Luckman, Daniel Bridger, Sebastian Ballantine, Milo Hunter **Fifth Row:** Hugh Fitzgibbon, Jai Biddulph, Leo Egerton-Warburton, Lachlan Bridger, Adam Sidhu, Nathaniel Graves, Sam Acton, Tom Moore, Adam Galizia, Riyan Minaee, Isaac Duncan-Daley, Joseph Roddy, Hugo Walsh, Liam Dempsey **Fourth Row:** Matthew Sidhu, Charles Goodman, Ethan Brumley, Macgregor House, Matthew Macken, Harrison Ryan, Angus McCaffrey, Max Ghiazza, Daniel Cummins, Henry Franklin, Nicholas Garling, William Jewell, James Fitzgibbon, Jude Egerton-Warburton, Oscar Franklin, Isaac Yassa **Third Row:** Matias Danziger, Spencer Solomons, Mark Musumeci, Mismam Kris, Archie Moore, Calvin Smith, Oliver Hinchliff, Daniel Saunders, Conor Dempsey, Xavier Masztak, Lucas Ballantine, Jack Macken, Pearce Cole, Bill Walker, Jeremy Healy **Second Row:** Oliver Whiteley, William Pettiona, Nicholas Ode, Finn Tyrrell, Jasper Walsh, William Garling, Joseph Bradshaw, Jack Cameron, Thomas Acton, Michael O'Brien, Thomas Gorman, Jack Horgan, Joseph Graves, Kelvin Howard, Kristian Armstrong, Daniel Sequeira **Front Row:** Mr Gus Masters, Mr Stuart McRae, Joseph Wardle, Mr Paul Collins, Flynn Twomey (Vice-Captain), Mr Mark Story (Assistant Head of House), James Greenslade (Captain), Mr Peter McNamara (Head of House), Alexander Sidhu (Vice-Captain), Mr Chris Baxter, Callum Peacocke, Ms Vanessa Blake, Louis Maciejowski, Ms Kimberley Romeo, Mr Conrad Page

continually strived to do his best in all he has applied himself to, living up to the House motto of 'I seek higher things'.

It is imperative for me to emphasise the importance of the House Mentor system and I must sincerely thank Mr Gus Masters, Mr Stuart McRae, Ms Kim Romeo, Ms Vanessa Blake, Mr Conrad Page, Mr Paul Collins and Mr Chris Baxter for the care, compassion, empathy and energy they put into their role as mentor. The young men of the House are extremely fortunate to have such a professional team watching over them. Thank you to Mr Mark Story for his passion and energy that he brings to his role; I know the boys greatly appreciate the time and conversations which help direct and guide them through challenges and obstacles.

MacKillop House

Head of House: **Mr Timothy Lee**
Assistant Head of House: **Mrs Jane Rorke**
Mentors: **Mr Mark Anderson, Mrs Marilyn Fitzgerald, Mr Nick Heydon, Mr Daniel Hyde, Ms Sandra Kelly, Madame Myriam Moysey**
House Captain: **Oscar Wehbe**
House Vice-Captain: **Finn McDonald**
House Vice-Captain: **Jackson Austin**

2018 had been a special year in the history of our great House, however, being able to win the Athletics Carnival for a second consecutive year in 2019 was an amazing achievement. This demonstrates the balance we have in both ability and commitment which are both necessary to achieve such a feat.

When you win a College event such as the Athletics Carnival there are a lot of Houses who want to beat you. The young men in MacKillop were not fazed by this and worked immensely hard for each other. They also conducted themselves very well in victory and were humble in their achievement.

This enthusiasm wasn't isolated to the track. We went deep into a number of competitions led by our Year 12s. This enthusiasm was infectious as everyone was encouraged to be a part of the team.

St Ignatius' Day saw us serve in a slightly different way. In 2018, we learnt about the homeless through the Wesley Mission. We again worked with this group of people but in an indirect way. The majority of the House went to Our Big Kitchen in Bondi to prepare food. The boys worked together across three different stations to produce meals which were distributed later that week. Meanwhile, our Year 7s went to Mary MacKillop Place to learn about our House patron and to assist with chores. This is something we have done for a number of years and we really value the relationship and connection with this place. Our Year 10 Peer Support Leaders were also in attendance to help our new members learn what St Ignatius' Day is all about.

House Mass was, as always, a great community event and a highlight in the calendar. We once again enjoyed the musical talents of Finn McDonald on the violin and Will Metcalfe on the trumpet. This was the last year that they will play for us and I am immensely thankful for their commitment to play and talents.

This year saw us have some much-needed stability as both Jane Rorke and I remained in our roles in a permanent capacity. We were once again supported by our devoted House Mentors Mr Mark Anderson, Madame Myriam Moysey, Mr Nick Heydon, Mr Daniel Hyde, Ms Marilyn Fitzgerald and Ms Sandra Kelly. This year sees Madam Moysey retire from the College; we will be losing our longest serving mentor. She was there when the House was first established and has made a huge contribution to all those who have been fortunate to be in her group. We wish her all the best in the next chapter of her life.

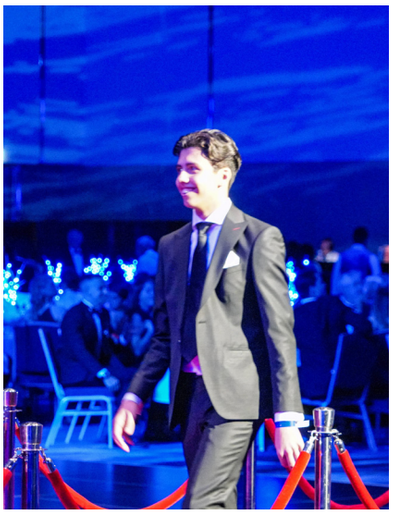

The Year 12 group is one of the best I have seen. A real mix of strength and character and the ability to support each other and bring the best out of each other. Both our Vice-Captains, Finn McDonald and Jackson Austin, approached everything with enthusiasm despite the enormity of their own studies in order to support their Captain.

Back Row: Maximillien Petchell, Felix Connors, Luca McDonald, Conor John, Connor Bower, Lucas Visscher, Harvey Parmenter, Thomas Wilson, Stefan Visscher, Tom Walker, James Lyon **Fifth Row:** Kristian Edgecombe, William Miller, Patrick Byrne, Dominic Ryan, Alexander Hoffman, Jaimeson Bannister, Bray Downing, William Granger, William Hopper, Adam Fine, Joshua Maher, Felix Harding, Jonathan Tapia, Jack Baker, Dominic Gressier **Fourth Row:** Thomas Heffernan, William Petchell, Harry Hogan, Leon Mason-Bunton, Hugh John, Jordan Austin, Tyler Andreazza, Brock Twigg, Samuel Douglass, Joseph Ruddick, Joshua Arcus, Patrick Harris, Fynn Leach, Kristian Calic, Charlton King, Marley Howe **Third Row:** Frederic Nery, Ryan Devlin, Thomas Lee, Nick Neal-Bartier, James Sneddon, Malachi Lindsey, Alec Gibbs, Lochlann O'Callaghan, Samuel Beaman, Luca Maher, Ethan Brown, Benjamin Hallam, Miles McKeon, Cameron Liu, Hugo Holt **Second Row:** Oliver O'Callaghan, Darcy Hallam, Oliver Lambert, Thomas Hudson, Daniel Dougan, Conor McCoy, Daniel Freidman, Khy Ord, William Metcalfe, Thomas Hopper, Nicholas Armstrong, Zachary Nandlal, Charlie Barwick, Sean McKeon, Jack Thompson, Luca Crawford **Front Row:** Oliver Arcus, Mr Nicholas Heydon, Patrick Tucker, Madame Myriam Moysey, Finn McDonald (Vice-Captain), Mrs Jane Rorke (Assistant Head of House), Oscar Wehbe (Captain), Mr Timothy Lee (Head of House), Jackson Austin (Vice-Captain), Mr Daniel Hyde, Aaron Visscher, Ms Sandra Kelly, Rory Burke, Mr Mark Anderson, Jack Walker **Absent:** Mrs Marilyn Fitzgerald, Hamish Evans, Luca Gleeson, James Greenup, Benjamin Tavano, Max Walker

Oscar Wehbe really encapsulated Mary MacKillop ideals of never seeing a need without doing something about it. He was the first person to registration each morning and always found time for everyone. He has laid a great foundation for those in the future but also set an incredible challenge to the leadership group of Joe Ruddick, James Greenup and Harvey Parmenter in 2020.

I would like to thank all the students, parents and teachers of MacKillop for making our House what it is today.

More House

Head of House: **Mr Dane Inman**
Assistant Head of House: **Ms Alice Ossowski**
Mentors: **Mr Matthew Bentley, Mr Dale Clarke, Mr Rex Cooke, Ms Sarah Cullen, Ms Nathalie Guesry, Ms Joannah Kennedy, Ms Suzanne Silk, Mr Christopher Wright**
House Captain: **Sam Austin**
House Vice-Captain: **Jack Pittman**
House Vice-Captain: **Thomas Pittman**

More House was ably led by Sam Austin, Jack Pittman and Thomas Pittman and an inspiring group of Year 12 men in 2019. Our Year 12 students were excellent role models for the younger boys and put in place many new initiatives including homework support, which was gratefully received. Our Year 12 group had a diverse range of talents and led the House Meetings with enthusiasm. We thank them for their friendship and the positive example that they always set. The Year 12 House Valete and Dinner were fitting celebrations of their contribution to More House over their time at the College.

Our Year 10 students also showed their developing leadership skills as Peer Support Leaders, offering support and a friendly welcome to the new Year 7 group. Our Year 7s settled in quickly, no doubt due to the welcome given to them by our leaders and by all members of the mentor groups.

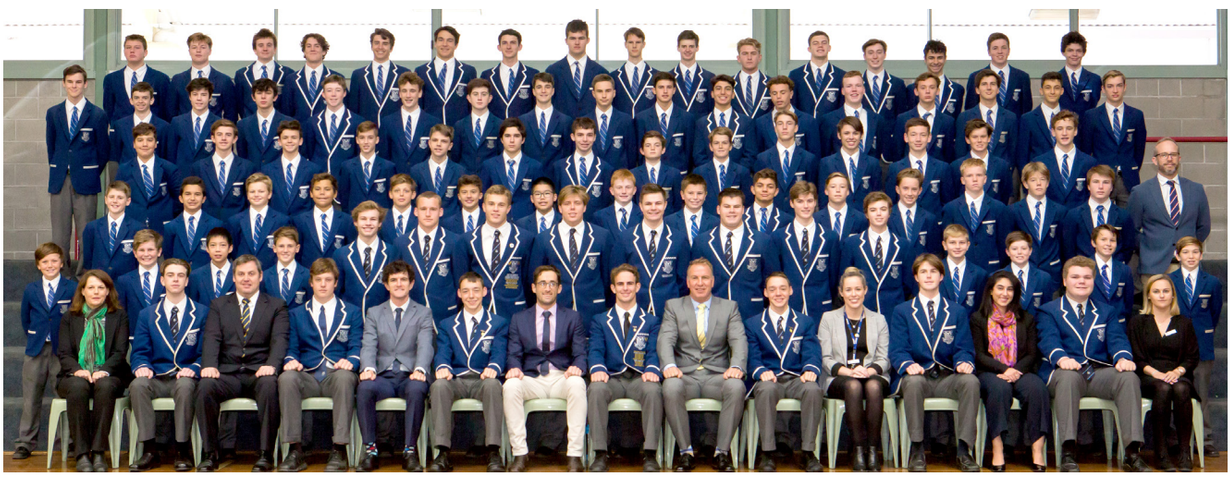

Year 7 started the year with their camp at Narrabeen and enjoyed doing a wide variety of activities. The aim of the camp is to form strong bonds within the House group, and it was wonderful to see this happen with all of the students working together as a team.

Our Year 9 students represented More House with pride as they set off on the Year 9 Challenge, participating in a wide range of activities and service opportunities. They were accompanied by Ms Joannah Kennedy on 'Bush Week' and proved themselves to be capable and resilient as they canoed, cycled and camped. Providing support and encouragement to each other along the way, they reinforced the bonds within the group and formed memories that will last for many years. A huge thank you to Ms Kennedy for accompanying them.

The celebration of the House Mass and Supper was a wonderful event, with our families joining us to remember our founder St Thomas More and celebrate the spirit of the More House family. Many thanks to the Austin family and all their helpers who transformed the Ramsay Hall into a sea of gold and black and who put together a sumptuous supper for us all to enjoy. As always, we were treated to the incredible talent of the More boys as they played, sang and acted for their appreciative audience. This is one of the most special events of the year.

For St Ignatius' Day we once again hosted students from Warrawee Public School's Inclusive Education Class and Alice Bettridge School at RIDBC. The jumping castle, Wii games, obstacle course, face painting, arts and craft and petting zoo were a huge hit with all our visiting children. We were so proud of our More students for being such thoughtful and generous hosts. This was a truly amazing day with dozens of happy, smiling faces showing how much fun was had.

House Meetings, the Athletics and Swimming Carnivals, and inter-House competitions all provide an opportunity for the young men to represent their House and form strong friendships across the year levels. This is

Back Row: Charles Radocaj, Fergus Back, Finlay Harris, Joseph O'Brien, Tom Cubis, Thomas Hatzidis, Oscar Williams, Nick Le Lievre, Matthew O'Dea, Samuel Leonard, Nicolas Bernauer, Taine Woodford, Nicholas Leonard, Christopher Peters, Harry Ford, Charlie Martin-Jury **Fifth Row:** Joshua O'Dea, Benjamin Leonard, Joshua Wren, Flynn Sakell, Edward Graham, Oliver Hehir, Patrick Condon, Thomas Dredge, Joshua Morahan, Henry Williams, Alexander Khachigian, Max Blackley, Jack Mair, Daniel Dickinson, Mason Pisani, Taylen D'Amico, Charles Dinning **Fourth Row:** Owen Parrett, Will Austin, Samuel Dickinson, Evan Dransfield, Christopher New, Jackson Furlong, Alexander Peters, Lachlan Harris, Oliver Graham, William Perkins, Max Anderson, Matthew Selkrig, Charlie Simmonds, Harry Hehir **Third Row:** Lachlan Thomas, Tom Furlong, Christopher Blencke, Jerimiah Hardy, William Hodge, James Cameron-Smith, Marcus Sim, William Paterson, Oscar Blackley, Adrian Schembri, Xavier Graham, Daniel Hopper, Hamish Long, Joseph Langfield, Hayden Ryan, Mr Matthew Bentley **Second Row:** Benjamin Harris, Thomas McNamee, Lucas Ning, Thomas O'Connor, Nicolas Robertson, Pierce Roseby, Hugo Blackley, Oliver Hannan, James New, Nicholas McGrory, Jamie Dennis, Jonathan Dennis, Patrick Ward, Hugh Graham, Alexander Simmonds, Daniel Rigney
Front Row: Ms Suzanne Silk, Luca Pannozzo, Mr Rex Cooke, Henry Hobson, Mr Dale Clarke, Jack Pittman (Vice-Captain), Mr Christopher Wright, Sam Austin (Captain), Mr Dane Inman (Head of House), Thomas Pittman (Vice-Captain), Ms Joannah Kennedy, Nicholas Humphrey, Ms Nathalie Guesry, Matthew Croker, Ms Sarah Cullen

the strength of the House system. None of these events would be possible without the ever-enthusiastic support of our dedicated Mentors. We are very grateful to them for their care and concern for the boys. Thank you to Joannah Kennedy, Christopher Wright, Dale Clarke, Matthew Bentley, Rex Cooke, Sarah Cullen, Suzanne Silk and Nathalie Guesry for everything that they do for the students, from celebrating birthdays to Food Day Thursday, and cheering our young men on at all their events.

More House is a happy House where everyone is valued. We are proud of all of our students and everything that they achieved in 2019.

Owen House

Head of House: **Mr Jeremy Bennett**
Assistant Head of House: **Mrs Rosie McKay**
Mentors: **Mr Glenn Abrahams, Dr Mathew Furtado, Mrs Debra Williams, Mrs Justine Bartelme, Mr Tim Byrne, Mr Adrian Chan**
House Captain: **George Clark**
House Vice-Captain: **Liam Biddle**
House Vice-Captain: **Jack Pringle**

This year has been exciting with the appointment of Mrs Rosie McKay as Assistant Head of House. She has lifted the bar even higher than was set by Ms Kobe Perdriau. Sadly, for Owen House, Mrs McKay will be the Assistant Head of English in 2020. We wish her great success. We also saw the permanent appointment of mentor Mr Tim Byrne who has been fantastic. Apart from the new Year 7 students we also welcomed Andrew Aller into Year 11.

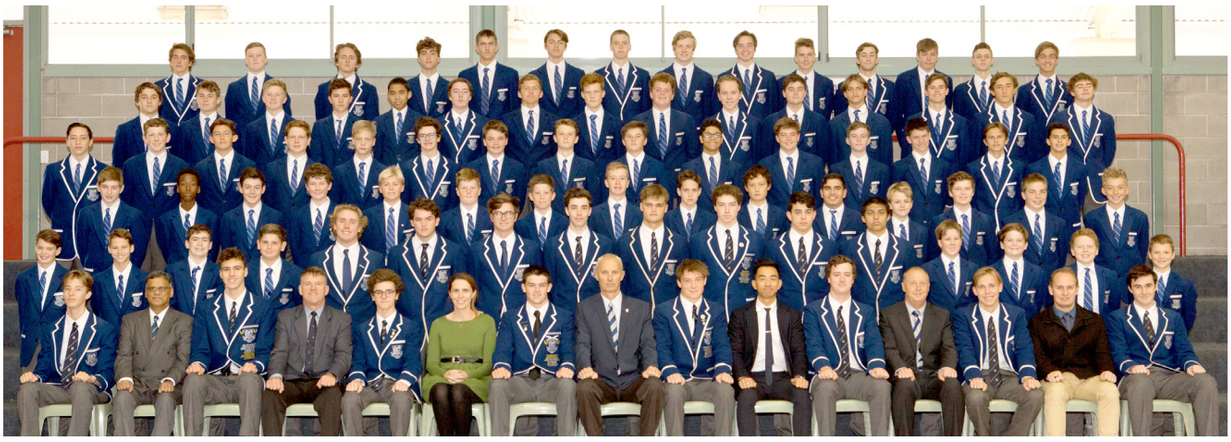

The sporting achievements of Owen House followed on from our success last year. Every student had a fun day at the Athletics Carnival where participation and enjoyment were the main focus. Inter-House Cricket and Basketball is where Owen had great success finishing third and second, respectively. At the Swimming Carnival we showed our strength in the pool with fourth place.

The Year 12 group was full of outstanding sportsmen led by one of the College's best athletes in George Clark. As a leader, George did not need to say much because his actions were worth much more than anyone could say. The Year 12 boys had wonderful success on the rugby field, in the swimming pool, on the basketball court, on the football field, in music bands and drama productions as well as outstanding representation in College immersions, Arrupe Academy and organisation of College Masses and College Speech Day prizes for academic success. Without the outstanding leadership of George, Liam and Jack, none of the Owen House success in 2018/19 would have been possible.

Two main objectives of any student in Owen House is to do his best in all he attempts and to do his utmost in service of others. When these two objectives are achieved then the outcome is enjoyment and happiness. This is why service for others and participation in all House activities is very important. On St Ignatius' Day the students spent three hours collecting donations for the Starlight Foundation from members of the public in the city. The money raised for Cancer treatment was very gratefully received. House meetings are organised by the House leaders and the goal is total participation and enjoyment. Each year we have a special House meeting called "The O Factor" where boys share their special talent, be it musical, dramatic or magic.

At the Owen Mass and Supper, sons, parents and Owen House mentors get together to meet each other and celebrate being a member of the House. Here are excerpts from the speech presented at the House Mass by George Clark:

Humbly and Faithfully, is the Owen House motto taken after our patron Nicholas Owen who was a skilled carpenter, building the famous hiding holes for the priests during the persecution. And he was chosen as a House Patron for being an example of a man dedicating the spiritual and manual gifts to the service of God all in humility. Every day we see boys who exemplify Nicholas Owen through their own humility and caring actions towards others. It can be identified where every morning you will find about 50 boys crammed into Mr Bennett's office all casually talking among each other. This relates to the theme of this evening 'everyone is welcome' because Mr Bennett is inviting us to communicate and is happy to be surrounded by people all in goodwill.

Back Row: Gabriel Prichard, Kent Churcher, Tommy Roche, Hugh Fielding, Mitchell Rutherford, Orlando Carr, James Fenn, Edward Walker, Henry Pringle, Jack Curren, Andrew Aller, Alexander Spong, Matthew Scremin, Alec Swan **Fifth Row:** Edward Bowrey, Declan Elliott, Nicholas Long, Hugh Samsa, Noah McCarthy, Samuel Geale, Tomas McNeil, Patrick Egger, Matthew Fielding, Jonathan Toon, Hugo Pringle, Jared O'Donnell, Hugo Darin, Andrew Spring, Dermot O'Brien **Fourth Row:** Patrick Lucas, Jack Morton, Peter Spring, Edward Ryan, John Re, Oscar Biddle, Lachlan O'Brien, Luke Hildebrandt, Samuel Clark, Jayden Johnston, Samuel Hynes, Ryan Dobson, Benjamin Spicer, Damian Sullivan, Alexander Hutton **Third Row:** James Gooden, Daniel Byimira, Nicholas Pignone, Joseph Carney, Jett Whaite, Frederick Stuckey, Angus Lenehan, Jack Davies, William Cashion, Ryan Hunter, George Pencheff, Austin Alexander, Connor Egger, George Dummer, Callum Mitchell **Second Row:** Harrison Sealey, Alexander Harvey, Robert Boyd, Joshua Engelman, Hugh McCormack, Jack Bowrey, Joseph Galvin, Maximilian Musson, Christian O'Donnell, Harrison Geale, Alexander De Luca, Romesh Jayasekera, Charles Mason, Xavier Hynes, Archer Potts, Oscar Davies **Front Row:** Henry Willis, Dr Mathew Furtado, Archer Woodhill, Mr John Newey, Liam Biddle (Vice-Captain), Mrs Rosie McKay (Assistant Head of House), George Clark (Captain), Mr Jeremy Bennett (Head of House), Jack Pringle (Vice-Captain), Mr Adrian Chan, Lachlan Stocks, Mr Glenn Abrahams, Jacob Campbell, Mr Tim Byrne, Dylan Elliott

Henry Willis has just read Paul's letter to the Romans. And what stands out for me from the passage is 'love one another with mutual affection' and this is because as males there is not a clear acceptance that we should love as much as we should. However, love is a form of a welcoming expression to one another, whether it be saying to a mate, 'how have you been?', 'how's school going?'. This is something we especially in Owen House can incorporate as blokes who are truly there for one another.

Since the start of 2019, I have noticed throughout the House a welcoming relationship from the older boys to the new Year 7s who have just started their schooling life at Riverview. This relates to the feeding of the 5000 that the idea that God's love for us is super abundant and in Owen House the love for others is super abundant creating a welcoming environment. This coincides with this year's motto 'Not For Ourselves Alone' decided by the Year 12 cohort, as someone who is willingly happy to be surrounded by people.

To conclude my reflection, I ask you to reflect on this quote by Roald Dahl, "There are no strangers in this world, only friends you haven't met".

Year 8 mates: George Dummer, Callum Mitchell, Mitch Rutherford, Jack Davies

Year 7 at the Athletics Carnival: Fred Stuckey, Angus Lenehan, Harrison Sealey, Nick Re, Oscar Davies, Alex Harvey, Xavier Hynes, Bobby Boyd

Ricci House

Head of House: **Mr Bill Dowers**
Assistant Head of House: **Mr Josh Allen**
Mentors: **Mrs Jacinta Barlow, Mrs Suzie Marks, Ms Elin Mortimer, Mr Russell Newman, Mrs Annette Swinfield, Mrs Sue Thomas, Ms Bianca Tsimnadis**
House Captain: **Thomas Benson**
House Vice-Captain: **Julian Edwards**
House Vice-Captain: **Jack Feilen**

Audere egregia 'Dare to be different'

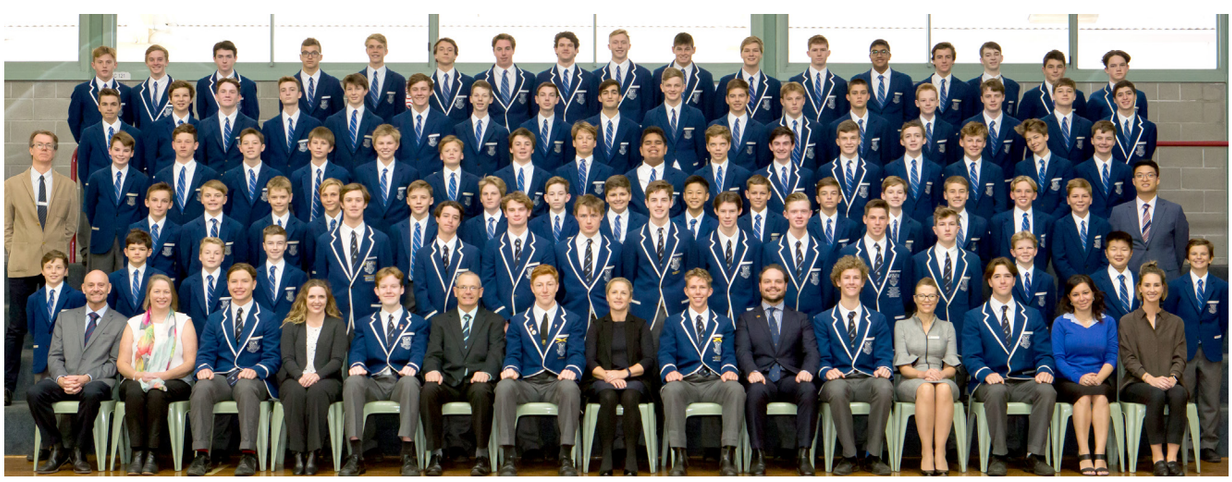

Ricci House is a truly remarkable community. Again, in 2019, this has been reinforced through the actions of the young men and all the wonderful families within our community.

At the helm of the House were our captains, Tom Benson, Julian Edwards and Jack Feilen. Each one of these men were fantastic leaders, from running House meetings to organising House participation in inter-House activities, to putting together Ricci's participation in the House Swimming Carnival and the House Athletics Meet. These men showed particular leadership by setting high standards for the men of Ricci House and holding them to those standards. Along with their Year 12 brothers, they set a strong tone of always striving for excellence with the 2019 House motto, 'Act or Accept'. Most impressive was simply the way they, as a cohort, led by example and behaved towards the members of the House from the seniors to the younger members of our community. The Year 12 group were outstanding. Whether it was in the classroom, on the sporting field or in social justice activities, they were always humble and always determined to pursue excellence in all that they did.

Each year Josh and I are continually amazed by the work of the Ricci House Mentors and Associates. The way that they interact every day with the young men of our House develops strong relationships and provides a level of care second to none. I extend my thanks to Mrs Annette Swinfield, Mr Kirk Hume, Mrs Susan Thomas, Mr Patrick Nam, Mrs Suzie Marks, Mr John Gilles, Mr Russell Newman, Mrs Jacinta Barlow, Ms Elin Mortimer, Ms Alyce Muldoon, Mr Dan Noonan, Mr Gerard Carson, Mrs Christina Mikan, Mr Brett Benkenstein, Mrs Jude Southon and Dr Cornelius O'Donovan. We are fortunate in Ricci House to have these Mentors and Associates, who have a great blend of experience and skills and the boys have been well served by these hard working and caring companions.

A highlight of the year is always the House Mass and Supper; a chance for Mentors, parents and students to come together and rejoice in all things Ricci. Talents abounded as a range of students displayed their musicianship, as well as reading prayers of the faithful and reflections. We welcomed the youngest members of our community across from Regis Campus and relished in the chance to show them what Ricci is all about. The supper allowed an opportunity for all to relax and share a meal, a rare chance for our city and country families to come together. This display of solidarity and spirit is always affirming, a true representation of our wonderful community.

St Ignatius' Day is always something to look forward to each year. This year, we continued to strengthen our relationships with Arranounbia School, St Edmund's, St Lucy's, Giant Steps, Cromehurst School and St Gabriel's. It is abundantly clear in reading the reflections of those that engaged in differing capacities, that as much as we set out

Back Row: Oliver Taylor, Charles Ward, Angus Warren, Nicholas Zanatta, William Wright, Dominic Marshall, Thomas Easy, Max Holmes, Lachlan Swinfield, Hamish Cressey, Edward Fleming, Matthew Macey, Yuvraj Garg, Toby Mills, Thomas Robbins, Thomas Gaha, Jonathan Marshall **Fifth Row:** Oscar Stevenson, William Smythe, Declan Mackey, Evan Boniciolli, Charles Ballhausen, Joe Harrison, Harrison O'Kane, Max Schliemann, Jonathan Codemo, Nicholas Lowrey, Will Southon, Henry Taylor, Max Christie, Lucas Brunton, Daniel Rees, Seamus Quealy, Oliver Williams **Fourth Row:** Mr. Kirk Hume, Patrick Ward, Harry Spice, Hugo Matthews, Charlie Christie, Frederick Lennon, Tom Taylor, Joseph Dillon, Oscar Odell, Edward Riley, Gabriel Quoyle, Declan O'Donovan, William Thorp, Cooper Williams, Charlie Harrison, Samuel Fleming, Liam Rees **Third Row:** Joshua Tucker, Oscar Ell, Raphael Quoyle, Sam Wright, Gruffydd Palmer, Nicholas Hyde, Charlie Robbins, Marko Zdrilic, Sebastian Wong, William Mason, Alexander Iacono, Edward Dunstan, Oliver Ell, Nichols Smyth, William Brooks, Mr Patrick Nam **Second Row:** Edward Thorp, George Gaha, Thomas Mitchell, James Thorp, George Rector, Nicholas Plazas, Alexander Boniciolli, Seanan Byrne, Gregory MacQuillan, Harry Ballhausen, Samuel Johnson, Thomas Tucker, Edward Goodman, Lachlan Smythe, Vincent Huang, Lachlan Iacono **Front Row:** Mr Russell Newman, Mrs Annette Swinfield, Jake Carr, Mrs Jacinta Barlow, Julian Edwards (Vice-Captain), Mr Bill Dowers (Head of House), Thomas Benson (Captain), Mrs Sue Thomas, Jack Feilen (Vice-Captain), Mr Josh Allen (Assistant Head of House), Kieran Gates, Mrs Suzie Marks, Alexander Johnson, Ms Bianca Tsimnadis, Ms Elin Mortimer **Absent:** Mr John Gilles, Sam Watt, Patrick Johnston, Jack O'Brien

to make a difference in the lives of others, we return with a renewed sense of perspective and an awareness of the impact these young children and carers have on our own lives and attitudes. Josh and I are very grateful to the men of Ricci House for the commitment they do make to their service obligations. We rarely have to 'chase up' students concerning their Ignatian Service hours or participation in the Indian Bazaar and the Sydney Tower Stair Challenge. Service is one of the pillars of Saint Ignatius' College and something the men of Ricci House 'hang their hat on'.

Finally, I want to thank Mr Josh Allen for all his assistance during the year. I greatly appreciate his dedication and hard work he gives to the young men of Ricci House. For someone new to the pastoral care domain, Josh displays great care to the students and makes a positive contribution to Ricci House.

God bless and live Jesus in our hearts forever.

Romero House

Head of House: **Mr Trent McAllan**
Assistant Head of House: **Mrs Kathy Mullan**
Mentors: **Mrs Claire Burke, Mrs Lynda Challenger, Dr Panayiotis Diamadis, Ms Rebecca Hoad, Mrs MaryAnne Humphrey, Ms Kimberley Jonceski, Mr Jason Lucia, Mrs Janet Michaelian, Mrs Justine Murray, Mr David Posker-Hill**
House Captain: **Cassius Clinton**
House Vice-Captain: **Sam Lenehan**
House Vice-Captain: **Archibald Collins**

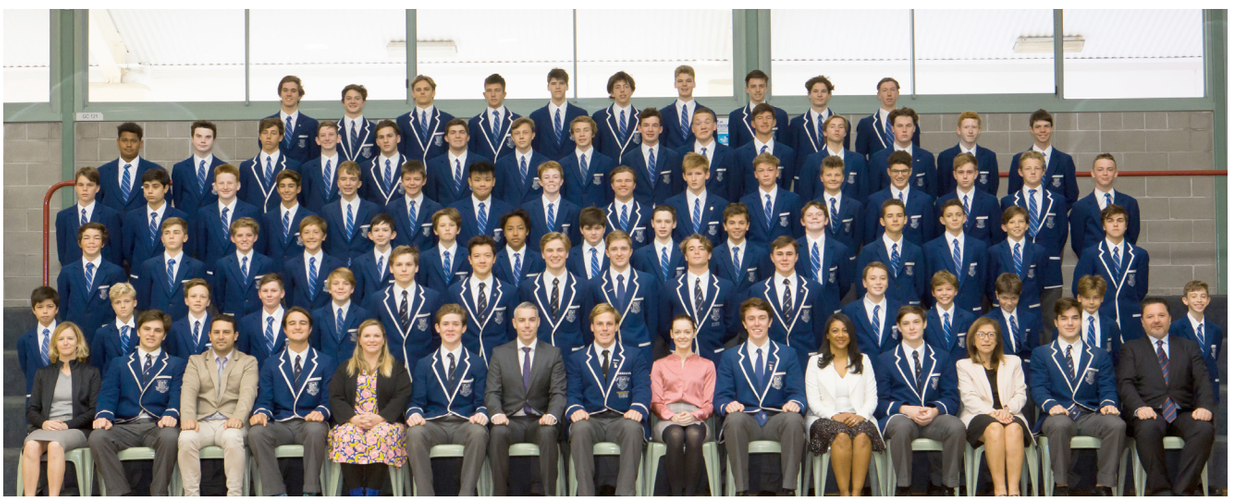

This year Romero House welcomed 14 nervous but excited Year 7 students from all areas of NSW who quickly established themselves as an inclusive and collaborative group. This was evident in their interactions at the highly anticipated Year 7 Camp where they were very impressive in how they supported each other through activities such as abseiling, rock-climbing and the high ropes. The deeper friendships formed at camp flowed into the daily life at school as many of the Year 7s enjoyed socialising together over a game of Uno each morning at registration. This inclusive culture is highly valued in the Romero House.

House Captain Cassius Clinton, supported by Vice-Captains Archibald Collins and Sam Lenehan, led a change in Romero House. They took over hosting our regular Mini House Meetings and were creative in arranging House Meetings where we enjoyed time with our friends, hosting barbecues, mini-sports competitions and other games ensuring that all boys were included and encouraged to participate.

In Term 2, we held our House Mass and Supper celebrated by Fr Joe Dooley with Cassius reflecting on 2019's House motto of 'Have Less, Be More'. Year 12 began their farewells to school life as they were presented with their House candles by their mentors and parents. The House Supper was a wonderful event allowing families from far and wide to come together to share a meal and catch-up with the events of the House.

Term 3 saw Romero House celebrate St Ignatius' Day with Years 7 to 10 visiting a range of Catholic Healthcare age care facilities around Sydney. The students immersed themselves by preparing meals, sharing stories and playing games with the residents. Year 11 and 12 students spent St Ignatius' Day at Jarjum College, Redfern. Under instruction from Mr Tom Bourne and Mr Matthew Smith, former Riverview teachers, the boys were taken on a tour of the school, and spent time becoming aware of the needs of the indigenous community in Sydney. Our students spent time cleaning, painting and laying astro turf around the Jarjum campus. During the simple act of beautifying the playgrounds and brightening the classrooms, the young men connected with some of the Jarjum staff, and further broadened their understanding of the school, the background of the students, and their hopes for the future. The day ended with a cultural walk around the Redfern area. Mr Smith and Mr Bourne outlined the history of the area, showed the boys where some of the Jarjum students came from, and opened their eyes to the reality of need within our own community. It was an enlightening, hard-working, and emotional day, one which will long be treasured by our students.

Term 4 saw a weather impacted Year 9 Challenge with devastating bush fires meaning a change of venue for the Bush Week component. Despite the last-minute change, Year 9 headed to the Illawarra and southern

Back Row: Harry Blair-Rath, Sebastian Wood, Angus Dougall, Charles Smith, Angus Holm, Sam Pearson, Christian Hely, James Tannock, Oliver Shackell, Tom Greenaway **Fifth Row:** Joseph Paii, Toby Ward, Alexander Schmidberger, Christopher Martin, Oliver Sheahan, Lee James, Joshua Johnston, Toby Howard, Charles Cook, Amos Blacklock, Charles Cooper, Charles Lemieux, Miles Ward, Flynn McGoldrick, Kieran Sullivan **Fourth Row:** Freddy Reinhardt, Christian Spiropoulos, Isaac Ford, Benjamin Dockney, Daniel Keaney, Riley Cooper, Felix Leung, Toby Smith, Archie Cornell, Joshua Saunders, Liam Sullivan, Maximus Joosse, Kristian Casali, Samuel Stapleton, Harrison Little, Harrison Kelly **Third Row:** Angus Pericak, Lachlan Ambrogio, Joshua Crawford, Matthew Chung, Timothy Martin, Max McCairns, William Fox-Smith, Patrick Short, Declan Stewart, Harry Morton, Connor Ogle, Ethan Novati, Cooper Donald, William Smith, Luke Russell **Second Row:** Jonas Bateman, Edward Carter, Alastair Brown, Nicholas Dougherty, William Howard, Harrison Upfold, James Chung, William Dimoff, Benjamin Locke, Joseph Carter, James Clout, Augustin King, Thomas Smith, Hugo Casali, Vincent Hargreaves, Oliver Edwards **Front Row:** Ms Lynda Challenger, Hugh Holm, Mr Jason Lucia, Hugo Heanly, Ms Justine Murray, Sam Lenehan (Vice-Captain), Mr David Posker-Hill, Cassius Clinton (Captain), Mrs Kathy Mullan (Assistant Head of House), Archibald Collins (Vice-Captain), Mrs Maryanne Humphrey, Samuel Marshall, Mrs Janet Michaelian, Cameron Short, Mr Panayiotis Diamadis

Sydney area for a week of bike riding, coastal hikes and many train journeys. While not the usual physically demanding Bush Week the boys had expected, the group quickly pulled together to work out how to navigate their way to each camp site whether it be by bike, foot or train, set up a tent and share many laughs as they attempted to cook on a trangia. It was a fun week with many experiences that will never be forgotten.

Romero House is fortunate to have an exceptional pastoral care team and my sincere thanks are extended to Mrs Kathleen Mullan Assistant Head House for her assistance all year and especially her guidance of Year 7 throughout the year and to the mentors Ms Rebecca Hoad, Mrs Janet Michaelian, Mrs MaryAnne Humphrey, Mrs Lynda Challenger, Mr David Posker-Hill, Dr Panayiotis Diamadis, Mrs Claire Burke, Mr Jason Lucia, Ms Kimberley Jonceski and Mrs Justine Murray.

Assistant Head of House: **Mr Marty Collins**
Mentors: **Mr Emanuel Comino, Mr Jonathan Harvey, Ms Bronagh McCue, Ms Ashleigh Morrison, Ms Sally Munro, Mr James Russell, Mr Oliver Stenmark, Mr Geoff Tesoriero, Mr James Walder**
House Captain: **Benjamin Tuckfield**
House Vice-Captain: **Nicholas Williamson**
House Vice-Captain: **Thomas Neaverson**

2019 was a year full of wonderful accomplishments in all. Our pillars, established in 2015 and inspired by our revered patron, Mum Shirl Smith, remain our lofty objective at school and in life. After a year's sabbatical, my return was initially one of trepidation but all was soon to be allayed by our new leadership team of Ben Tuckfield, Tom Neaverson and Nick Williamson steadfastly embracing Mum Shirl's mantra of seeing a need in the community and doing everything possible to assist, and they carried all of Smith with them on this important voyage to *'Ad vinctos liberandos'*.

This year also saw our great athletes become representatives of State and National teams. We burst our bellies in laughter watching *The Addams Family Musical* with many young promising Smith House actors amongst the cast and crew. We also trod the boards in our Year drama performances and theatre sports. We spent up big monopoly bucks on food auctions to the glee of some and perhaps not so much those who won the potato.... We sought photos with venerable members of staff such as Mr Rodgers and found many assortments of items in our annual Scavenger Hunt.

Mountains were scaled through our ongoing work with the vulnerable and marginalised in our community where Smith men opened their hearts and hands with charity drives and service. We scaled mountains and shared for a moment in the lives of orphaned children from Nepal and India, learning perhaps the most profound of lessons from them about happiness not being about possessions, but coming from far deeper places. We travelled to remote places for Year 10 Country Placement, Mount Druitt, Bourke, Central Australia, Marlkawo, Bathurst Island and Port Keats, seeing lives that are worlds apart from our own and returning with new minds and hopefulness in making others aware of part of our history and country all too often forgotten and neglected. Our Year 7s got to know each other at the Narrabeen camp and through a series of challenging but enjoyable activities have become one cohesive group.

We assisted in countless events to help the marginalised such as in the T20 Charity Cricket Match raising funds for Jarjum College. Our Indian Bazaar's, 'Things in a Jar' continued to make a significant contribution to Jesuit Mission's many projects. The Smith families as usual joined forces to make each event an incredibly fulfilling occasion, pulling up their sleeves and working hard and giving so very generously to the causes. St Ignatius' Day this year saw us invite our sibling school, Jarjum College, to a lovely day of sports, swimming, jumping castles and craft making joy.

Our House Mass and Supper began with the haunting digeridoo played by Mr Kaleb Taylor and clap sticks played by Jack Stone acknowledging the potent history and ancestors of this place. We gathered as a community to share food and experiences and importantly to wish our Year 12s well on their vast yet unimaginably quick journey to their HSC and out of the gates. We gathered again for Valete at the closing of our year and celebrated the bonding, the striving, the

existing together that forever leads us on to a better world. Apart from farewelling our Year 12s, we also farewelled so many of our Mentor team moving onwards to new experiences; Mrs Sally Munro, Mr Jono Harvey, Ms Bronagh McCue and Mr Geoff Tesoriero. Together with the Year 12s, they have added their own colours and texture to the powerful tapestry of Smith House.

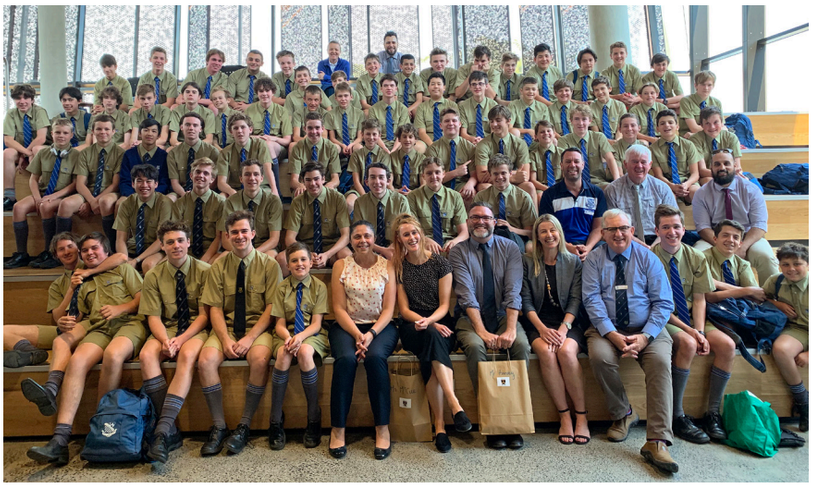

Let us continue in this coming year – hearts open, minds questioning and hands diligent for the greater glory of God.

Southwell House

Head of House: **Mr Damien Reidy**
Assistant Head of House:
Mr Stephen Croker
Mentors: **Mrs Rowena Byrne, Mrs Louella Perrett, Mrs Jess Lonard, Ms Terri Lowe, Mr Thomas Riemer, Ms Margaret Rooney, Mrs Maya Saker, Mr Lloyd Walker**
House Captain: **Samuel Craig**
House Vice-Captain: **Wiley Anderson**
House Vice-Captain: **William Hadwen**

Saint Robert Southwell, our House Patron, penned the lines, "Not where I breathe but where I love, I live". 2019 was a year in which the members of Southwell House showed their love for one another and, as a result, lived life to the full.

Where was that love shown? Most obviously, but also most secretly, that love was demonstrated in the way House members behaved towards each other. A few times each term the House held a BBQ to cap off a House activity before returning to class. On each occasion, six or seven House members would give up the chance to take part in the House activity to prepare, cook and tidy up the BBQs, having made sure that their brothers have had enough to eat and drink.

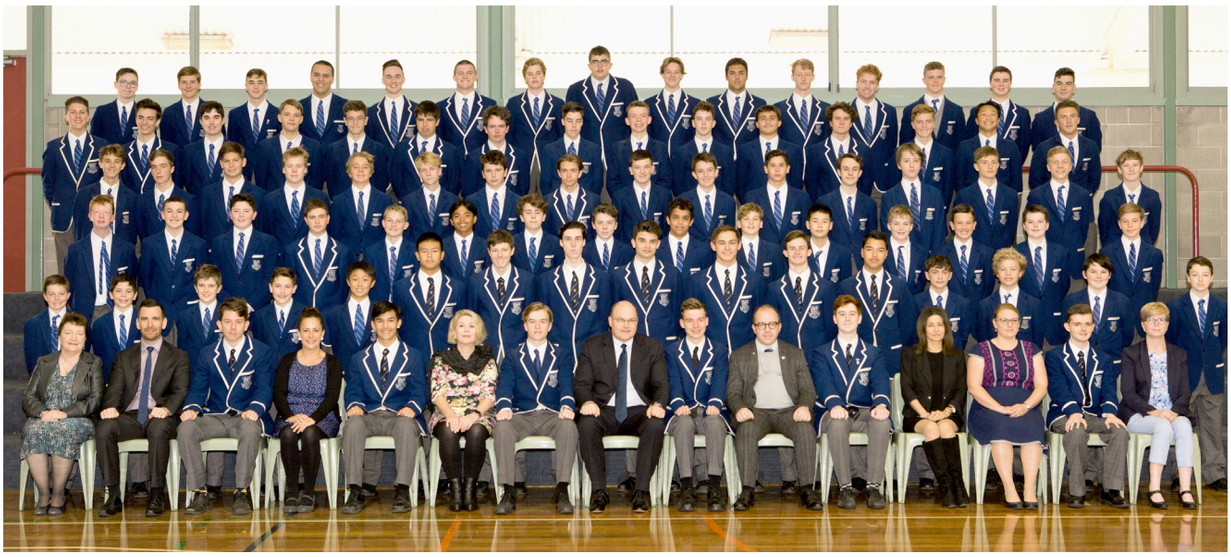

At the helm were our captains, Sam Craig, Wiley Anderson and Bill Hadwen. Each one of these students were outstanding leaders, from running House meetings to organising House participation in inter-House activities, to putting together Southwell's participation in the House Swimming Carnival and the House Athletics meet. These men showed particular leadership on St Ignatius' Day when the House prepared food for the St Vincent de Paul food van.

The Inter-House Swimming Carnival proved to be Southwell's most impressive performance in swimming for many years. This was in large part due to the generosity of numbers of House members who competed in many events. Luca La Spina (Year 7) put in a particularly impressive performance and helped the House to its significant placing.

While the Athletics Carnival did not perhaps lead Southwell to an equally impressive placing, the participation of the House members was at a high both in the track and field, and in the ever-popular novelty events such as the Vortex.

We had representatives in each of the Co-curricular performances, and, most notably, Jude Paddon-Row performed the role of Gomez Addams in the College Musical, *The Addams Family*, and brought the house down with his singing, his comic timing and his snazzy dance moves. Jude was accompanied by supporting actors including Tom Doyle who also participated in Theatresports in his age group. Bill Hadwen was outstanding in the chilling performance of the classic novel-play, *The Lord of the Flies*. Similarly, Will Rayment and Nick Wade put in stellar performances in the Year 10 Play.

Mock Trial was another activity in which House representation was high, involving both William Nuthall and Ben Doyle, both in Year 11. Ben also held the high position of Captain of Table Tennis which is an increasingly popular sport at the College.

Back Row: Dominic Mayhew, Ryan Hogan, James Hayes, Jack Farhat, Cameron Mayhew, Ned Power, Oliver McGilvray, Liam Muir, Timothy Thackray, Kiyan Jahromi, Lachlan Hammond, Charles Beck, Jack Power, William Nuthall, Robert Shishoian **Fifth Row:** Jude Paddon-Row, Jude Pascoe, Thomas Dorahy, William Rayment, Joshua Todd, Rhys Jones, Alexander Cooper, Adam Cesta, James Craig, Maxwell Whittaker, Michael Portale, Aristotle Stathis, Edward Caspers, Hans Wong, Jack Bowen **Fourth Row:** Luke Fish, Dougal Lane, Henry Francis, Jackson Mitchell, Charlie McGowen, Oliver Anderson, William Cooper, Maxwell McAinsh, Harry Groundwater, Fergus Faulder, William Kalkanas, Ben Cameron, Harry Rickard, William Faulder, Hugo Paddon-Row, Harrison Cameron **Third Row:** William Hall, Luca La Spina, Benjamin Nuthall, Nicholas Bunis, William Hayes, Stephen Martin, Nick Taylor, William Lander, Christopher Swan, Nicholas Wade, Sebastian Filla-Duan, Oliver Hunt, Sebastian Todd, Lachlan Doyle, Rupert Fulton **Second Row:** Lachlan Hordern-smith, Harrison Bunis, Connor Forrest, George Daly, Denzel Wong, Matthew Seeto, Clay Bollesen, Andrew Cesta, James Kay, Oscar Booth, Seamus Byrne, Luke Daly, Joshua Cunningham, Daniel Keirle, Thomas Doyle, James Groundwater **Front Row:** Mrs Louella Perrett, Mr Lloyd Walker, Declan Rickard, Mrs Jess Lonard, Nicholas Freeborn, Ms Terri Lowe, Wiley Anderson (Vice-Captain), Mr Damien Reidy (Head of House), Samuel Craig (House Captain), Mr Thomas Riemer, William Hadwen (Vice-Captain), Mrs Maya Saker, Mrs Rowena Byrne, Andrew Smith, Ms Margaret Rooney

We were equally well represented in events outside the College. For example, Sebastian Todd together with Harry Loiterton of (Fernando House) both qualified and represented Australia in multiple speed cubing events at the biennial WCA World Championship 2019. Sebastian says, "Representing Australia at the World Championships was a big thing for me. I had never been to an international competition, ... and I was very proud to represent my country." We also had significant performances on the sporting field. Jack Bowen (Year 10) commenced in the 1st XV showing outstanding skill and talent, and Max Threlkeld (Year 9) has been in the 1sts Basketball squad for the entire season.

No report would be complete without mentioning and thanking the Mentors of Southwell House and particularly our Assistant Head of House Mr Stephen Croker. No query, no call for assistance, no care for students in distress or suffering bereavement, no supporting House Captains in House activities, and no care for all students of Southwell House was too much trouble.

Perhaps the greatest blessing this House has received over the year was to count amongst our number three students from the SEIP Program. The gifts they brought to our community cannot be overstated - their infectious desire to participate in House events, their good humour and, instead of demanding special treatment, looking out for those members of the House Community who were in special difficulty.

All in all, it has been a stellar year for Southwell House. We might not have won much, but we loved much, and that was where we lived.

House Vice-Captain: **Christopher Spanner**
House Vice-Captain: **Harrison O'Mally**

"And indeed there will be time
To wonder, 'Do I dare?' and, 'Do I dare?'
Do I dare
Disturb the universe?"
The Love Song of J. Alfred Prufrock - T.S. Eliot

My parting advice to the Year 12 graduates this year was framed through the voice of another – the persona in T.S. Eliot's early poem, *The Love Song of Prufrock*. Written by a young Eliot when he was a student at University, Prufrock is one of the great inventions of the modern literary imagination: the speaker is trapped in his own mind, so full of hesitation and doubt that he is unable to act. He laments his physical and intellectual inertia, the lost opportunities in his life and lack of spiritual progress.

One of the central questions for Prufrock in the poem is: "Do I dare?" and, "Do I dare?" Do I dare/ Disturb the universe?" '*Quantum Potes Tantum Aude*' - As much as you can do, so much dare to do. The College motto takes up themes central to Jesuit teaching and stresses the traditions of Riverview and the qualities expected of every student who passes through its doors. As Mother Teresa reflected, "Yesterday is gone, tomorrow has not yet come. We have only today, let us begin," and it is through these words that I reflect on the actions of the Teresians this year to "dare" and "begin" to consider those beyond themselves to make a change.

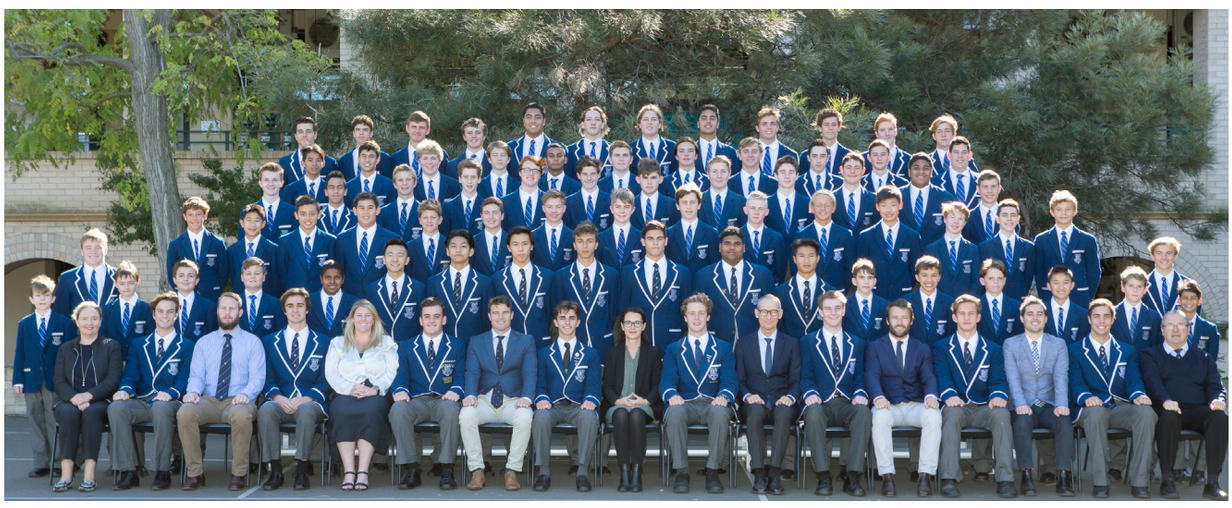

At key events throughout the year, the boys showed their House spirit. Our success across the events was a result of their willingness to participate in all activities, "daring to do more", and establishing an inclusive and positive approach based on encouragement and praise. As a result, Teresa House celebrated winning the Inter-House Competition with James Debus collecting the shield at College Assembly in honour of the students efforts.

On St Ignatius' Day we extended our relationship with community, sending students to engage in service at Canisius House, Tuckwell Park, Men's Shed, Montrose Aged Care and Cana Farm. The students words and actions were defined by conscience, compassion and a recognition that we do not exist for ourselves alone.

We teamed with Cheshire House to support the Indian Bazaar this year. Thanks to generous donations from various parents across both Houses, we raised close to $3,000 through a raffle and human 'Whack a Mole.'

I would like to thank Captains James Debus, Christopher Spanner and Harrison O'Mally for their contribution to Teresa House in the last year; the students have been influenced by their gestures of genuine support, care and compassion. They shaped their leadership with inclusivity at the core of their interactions and organisation of House events and meetings.

Thanks must extend to the parents of the young men in Teresa House who continue

Back Row: Ryan Pascuzzo-Bowditch, Fred Wormwell, Tomas Moxey, Harrison Monie, Ignatius Hill, Joel Smith, Luca Thompson, Xavier Hill, Benjamin Morton, Cian Campbell, Harrison Stannard, Alexander Pettit **Fifth Row:** Max Watkins, Sebastian Ranasinghe, Oliver Keighery, Joseph Rooney, Nilanka Abbey, Samuel Candy, William Price, Harry Spora, James Finnigan, Isaac Papasidero, Oliver Keefe **Fourth Row:** James Costello, Daniel Gedeon, Marc Girard, Daniel Lane, Felix Vudrag, Bryce Crawford, Arthur Webb, Mac Stannard, Matthew Gibson, Jago Lambert, Zachariah Hill, Xavier McLachlan **Third Row:** Hunter Fallins, Jasper Lee, Kai Rose-Sinclair, Tana McCleary, Henry Curll, Thomas Brewer, Christian Stieger, Archie Kind, Marcus Lane, Patrick Spora, Solomon Dunn, Mark Qu, Oliver McLachlan, Joel Russell, Harry Davis **Second Row:** Henry Rooney, Benedict Bonsembiante, James Fraser, Lachlan Cronin, James Rochaix, Russell Whap, Leon Qin, Michael Milan, Jeremy Luey, Jordan Ivancic, Jaxon Rose-Cummins, Ezekiel Billy, Xavier Lee, Benjamin Macdonald, Joshua Jacobs, Archie Harvey, Justin Choy, Johnny Malek, Oscar Davis, Nishantha Abbey **Front Row:** Mrs Sally Wentriro, Joshua Fish, Mr Angus Robertson, Alexander Morton, Ms Cassandra Crompton, Christopher Spanner (Vice-Captain), Mr Toby L'Estrange (Assistant Head of House), James Debus (Captain), Miss Natalie Baines (Head of House), Harrison O'Mally (Vice-Captain), Mr Jonathan Talbot, Angus Skipper, Mr Ben Hughes, Jackson Barling, Mr Joel Budd, Rhett Wheelhouse, Father Joe Dooley

to show generosity of spirit, repeatedly giving their time to support various events throughout the year and through their donations to numerous charities, including the India Immersion, where we gave many resources to those working with the Sisters of Charity.

I would like to extend my gratitude Mr Toby L'Estrange for his leadership and to our team of exemplary mentors, who are also focused on the care of the young men in the House: Mr Budd, Mr Robertson, Father Dooley, Ms Crompton, Mrs Wentriro, Mr Talbot and Hr Hughes.

Looking ahead to 2020, Teresa House will be led by Oscar Davis, Daniel Gedeon and Ryan Pascuzzo-Bowditch. These young men will continue to build on Mother Teresa's message through their chosen theme, 'Walk Beside Me' capturing the importance of a collective leadership within the House, as the students work together to build on the foundational values and beliefs established by those who captained in the previous years.

Xavier House

Head of House: **Mr Rob Stuart**
Assistant Head of House: **Mr Brian Piper**
Mentors: **Mr Luca Asmonti, Ms Kimberley Davey, Mr Tony Morris, Ms Tessa Nelmes, Mrs Ursula Sequeira, Mr Peter Steffan**
House Captain: **Michael Cheok**
House Vice-Captain: **Lachlan Albert**
House Vice-Captain: **Jack Rooney**

Leadership

Our student leaders, Michael Cheok (Captain), Lachlan Albert and Jack Rooney (Vice-Captains), continued the high standards they had set since taking control in Term 3 of 2018. On top of that, Louis Callanan (College Captain) and Oliver Mulhearn (College Vice-Captain) ensured that the whole school student body was heading in a very productive direction.

As we farewelled our Year 12s in September, our new leaders, Fergus Collins (Captain), Bill Delany and Liam Stack (Vice-Captains) were already steering the Xavier ship in a very impressive manner.

Year 7 Camp

by Jack Burden

As an introduction to Senior School, Year 7 Camp was a great way to make new friends. The testing quality of the activities brought to light our strengths and weaknesses helping us to work together as a group.

We had the option to abseil a five or ten metre wall; I abseiled the ten-metre wall, and for a first timer, it was quite hairy leaning backwards with nothing holding you but a rope. Half-way down the wall, however, I was bouncing and swinging.

On the other side of the abseiling wall there was a rock-climbing route. We learnt how to belay each other so that when you were climbing, you would be connected to the rest of your team by a rope that would come from them, over a pulley, then to you. This required a lot of trust because you had to rely on your teammates to encourage, guide and prevent you from falling.

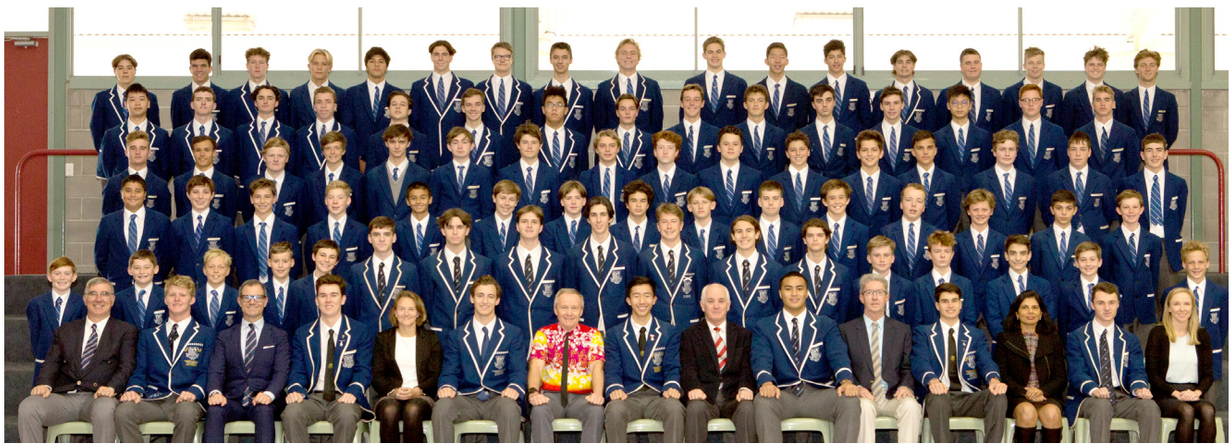

We also enjoyed a knockout archery competition, a ropes course with the highlight an impressive 50 metre zipline, canoeing which was supposed to be a leisurely activity but turned into a competition that was like Mario Kart on water.

Year 9 Day of Reflection with Year 11 Leaders Liam Stack, Fergus Collins and Charlie Alvarez

Year 9 Reflection Day

Year 9 participated in Reflection Day in different parks across Sydney. Xavier House went to Centennial Park and we found that our three Year 11s really helped us through our 'Pilgrimage'. The day ran very well and assisted us with our religious faith. The aim was to talk about our values in each stoppage and have a story shared with us about most aspects of our religious life. At this point in my life, I felt closest to Jesus as I followed in his footsteps. Throughout the day we completed a booklet, to journal about our day and also to look within about our morals and values. Overall, the day was an extreme win and I think that all the boys came out a better man.

Back Row: Ethan Rheinberger, Jack Stone-Heesh, Fergus Collins, Byron Laws, Nicholas Boyer, William Lamming, Charles Alvarez, Joseph Radford, Bill Delany, Hugh Ross, Thomas Cheok, Ashton Cassar, Angus Rose, Jack Thompson, Angus Fox, Harrison Hartnell, Max McKenzie **Fifth Row:** Benjamin Lin, Max Fisher, James Mansour, Liam Stack, Ned Nowlan-Full, Paddy O'Brien, Nathan Lu, Hugo Taranto, Nicholas Newton, Harry Grebe, Paul Tsihlis, Vincent Lin, Oscar Kirk, Zane Faull **Fourth Row:** Daniel Nelson, Kyle Wallace, Daniel Tracy, Ashton Hooper, Lachlan Rooney, Thomas Connell, Evan Watson, Nick Delany, James Caspers, Patrick Pearman, Thomas Bull, Lachlan Easdown, Lachlan Nelson, Daniel Tracy, Dylan Bennett, Willy Ryan **Third Row:** Hugo McCarthy, Thomas Pither, Charles Bull, Finlay Ross, Alexander D'Souza, Cian Moss, Nicholas Lamming, Samuel Mulhearn, Patrick Dunstan, Joseph Thompson, Ambrose Hennessy, Patrick Ryan, Thomas Hartman, Theodore Tsihlis, Jack Burden **Second Row:** Jeremy Studdert, Lachlan Mauleon, Jeremy Newton, Cian McAweeney, Joe Rooney, James Codsi, Lincoln Crimmins, Scott Pinn, Michael Middleton, Flynn Zwinkels, Jon Taylor, Matthew Pinn, Michael King, Fraser Rooney, Charlie Codsi, Patrick Connell, Sam Ball **Front Row:** Mr Peter Steffan, Braiden Williamson, Mr Luca Asmonti, Louis Callanan, Ms Kimberley Davey, Jack Rooney (Vice-Captain), Mr Rob Stuart (Head of House), Michael Cheok (House Captain), Mr Brian Piper (Assistant Head of House), Junior Schmidt, Mr Tony Morris, Oliver Mulhearn, Mrs Ursula Sequeira, Jordan Abrahams, Ms Tessa Nelmes

St Ignatius' Day

by Mr Peter Steffan

Since 2001 Riverview students have been contributing to the replanting of native vegetation in the Ryde City Council area on St Ignatius' Day. There are now numerous locations around the City of Ryde, which have benefited from the toil of Riverview students under the direction of council officers.

Following the St Ignatius' Day Mass, mentor groups from Xavier, Cheshire and Teresa Houses made their way to ELS Hall Park at North Ryde to spread mulch and plant native species to help transform a stretch of unremarkable land adjacent to a creek into a potential corridor for native birds and other wildlife, given the passage of sufficient time for the plants to establish and grow. The enthusiasm and efficiency with which the spreading of the mulch was undertaken drew praise from the council personnel. A large number of seedlings were then planted into the mulched area to complete the phase of the operation that was set out for the day. There is the potential for more work to be done on a return trip in 2020. While the bulk of the party toiled on these tasks, Senior House members tended the park's electric BBQs to provide sustenance for the workers when they took a midday spell.

As the buses arrived to return the workers to the College, the boys who took part could look back on a good day out when they made a visible difference in the service of the community.

Simeone Schmidt's devotion to service was recognised when he was awarded a prestigious Archbishop's Award for Excellence. This award acknowledges students' achievements and contribution to school life in areas including leadership, academic and sporting life, social justice, Parish life and faith, and community service.

CO-CURRICULUM

HEAD OF CO-CURRICULUM: MR ANDREW SZABO

In 2019, Co-curriculum provided many opportunities for Riverview students to extend themselves outside of the classroom and the opportunities continue to be significant contributors to the holistic education that is delivered. Co-curriculum is significant for enriching students on an emotional, cognitive, physical, and social level. This can often be seen in the hidden curriculum (unwritten, unofficial, and often unintended lessons, values, and perspectives that students learn). Co-curricular activities have also acted as a catalyst for the promotion of national integration, co-existence, cultural values, and general health and well-being for all our students.

Riverview competition teams continued to strive for the *Magis* and were rewarded with great success. During the summer season, teams who participated in competitions were highly successful:

- At the Head of the River, the 1st and 2nd IV won trophies.
- The 1st Basketball won an undefeated premiership for the first time in 41 years and then went on to win the CIS and NSW Championships for the first time in the College's history.
- The 2nd V Basketball side won the GPS Premiership for a third year in a row.
- 1sts Golf won the Interschool Competition
- The Mountain Bike Team took home the crown of best School in Australia at the Australian Interschools Championships in Thredbo for the second year in a row.
- In December, 30 senior basketball players travelled to Melbourne to participate in the Schools National Championships. Our GPS and NSW Champion Team had the honour of participating in the Championship Division and finished a creditable 7th place in the country.

During winter:

- The 1st XVIII AFL team finished second in the NSW Independent Schools AFL Competition.
- The 1st XI Football side won the GPS Premiership for the second year in a row.

- Our 1st and 2nd XV Rugby teams both finished in 4th place in the GPS Rugby Premiership.

In the Jesuit Schools' Championships we won the Jesuit Basketball carnival in Adelaide in September, while individual students made Australian sides and won national titles in sports such as Water Polo, Track and Field and Skiing during 2019.

Performing Arts continues to flourish at the College. As per the Jesuit tradition there was a play practised and performed by all year groups from Year 7 through to Year 12. Theatresports, has continued to grow in popularity with numbers of boys participating swelling to nearly 200. In 2019, it was the senior school students' turn to perform in a musical. Over 150 students across Years 9-12 performed the classic *The Addams Family Musical* to sell out crowds over four nights. The expertise on display was evident in the students who participated.

400 boys play musical instruments at the College in over 15 musical ensembles. Most of the ensembles competed in eisteddfods and gained placings and honourable mentions.

Debating and Public Speaking have been traditionally very successful at the College. In 2019, College Dux Bas Braham won the highly prestigious Lawrence Campbell Oratory Competition, bringing the trophy back to Riverview for the first time in 25 years.

Interstate and international sporting and co-curriculum tours are engrained in our Co-curriculum calendar and provide opportunities

for boys to compete and experience life in our diverse world. These tours recorded great success on the field of play, but more importantly, lasting friendships were formed with the students and families who hosted them.

Finally, during 2019 a comprehensive review of Co-curriculum was undertaken at the College. It resulted in a list of recommendations that will form the basis of improvements that will be integrated into our programs in coming years.

FARM MANAGER: MR DAVID DODDS

The 2019 Riverview show team was one of the biggest in recent years with eight steers and around 20 boys participating in Castle Hill Show and the Sydney Royal Easter Show.

This year, steers were again generously donated to the College by a range of families and old boys. Without their ongoing support we could not offer this remarkable learning experience to our students. I would like to thank the following people for their kind donation in tough times in the rural communities:

- Mr Lawrence Toohey and family of Wagga who donated two lovely Hereford steers.
- Mr Noel and Louise Brown and family of Allynbrook Park who donated two well-muscled Angus steers.
- Mr Mark Mason and family of Bathurst who donated an Angus steer.
- Mrs Angela Makeig of Taralga who donated a beautiful little Fleckvieh steer.
- Mr David Dodds and family of Dalton who donated a Speckle Park and Shorthorn steer.

Our first show of the 2019 season was the Castle Hill Show where we entered two steers in the parade ring and our students in the junior parading competition. Both steers and boys performed extremely well however the competition was too strong on the day and we came away without ribbons.

The Castle Hill Show prepared the boys for the Sydney Royal which was two weeks later. We entered eight steers into the Show in lightweight, middleweight and heavyweight categories. We also selected Maxwell Fisher of Year 11 to represent the College in the School Parader competition.

The competition was extremely high this year and we unfortunately just missed out on a ribbon in each class.

I would like to thank the boys who attended the Show each day as their behaviour was explementary and they represented the College with dignity.

I would also like to acknowledge the hard work of both Ms Christina Mikan and Mr David Dodds whose assistance throughout the year enriched the learning experience of the young men and helped the program run smoothly.

Archives Club

MRS KATIA DURST AND MS CATHY HOBBS

Throughout this year the group has continued to explore the extraordinary, rich heritage of Saint Ignatius' College.

The highlights of this year were:

- Recording interviews with Old Boys and long-standing staff members about their memorable experiences at the College.
- The history of the College Observatory and its significant role in the recording of past and present seismographic and astrological data.
- Publishing photographs of significant College events in our Then and Now articles in Viewpoint.
- Setting up and adding information into the Riverview Archives database.
- Hosting and guiding visitors, especially Old Boys, in specific exhibitions in the Archives Museum.
- Research of the timeline of the College and its developments and the setting up of more exhibitions which focus on current curriculum topics.

I would like to take this opportunity to farewell our Captain, Thomas Tucker, who has been a dedicated group member over the past five years. We thank him for his contributions and wish him well in his future endeavours. On a further note, I would sincerely like to thank Ms Catherine Hobbs for her friendship, support and guidance. For the past 16 years, I have had the privilege and honour of working alongside her as the Riverview Archives Group Co-ordinator. As I now enter retirement and leave the College after 30 years of service, I reflect on the extraordinary times I have had working with Cathy and the boys. This unique experience has enriched my love of the College and its extraordinary history. I will miss you all terribly!

ARCHIVES CLUB L-R: Mrs Katia Durst (Master in Charge) Marcus Criola, Isaac Yassa, Thomas Tucker (Captain), Michael Opoyan, Nilanka Abbey, Ms Cathy Hobbs (Archivist)

Thomas Tucker and Nilanka Abbey in the Riverview Archives Schoolroom

Mr Bob Marsh (Observatory Director) with Michael Opoyan, Ms Hobbs, Ms Durst, Marcus Criola and Isaac Yassa in the Riverview Observatory

"One of the tasks that really stood out for me was the Teacher Interviews. What I found particularly interesting was hearing the stories of the teachers who were also past students of the College. It was interesting for me to hear about the different cohorts and experiences when these teachers were students at Riverview. We have interviewed to date: Mr James Rodgers, Mr Jim Busteed, Mr Mark Story, Mr Bruce McKay and Father Joe Dooley and we plan to do further interviews in 2020 with other members of long serving staff."
Michael Opoyan (Year 9)

"During Term 3, the Archives Group had an extensive tour of the College's Observatory by the Observatory Director, Mr Bob Marsh. The set of buildings are located on the slope near the Gartlan Sports Centre. The Observatory consists of a refracting telescope (known as the Mann telescope), a solar radiation telescope and a seismograph station. Mr Marsh set up the solar radiation telescope so that each of us could view the sun, without damaging our eyes. We were all impressed by the significance of the collected data from the seismograph, especially as it is still active to this very day and transmitting information to the Mt Stromlo Observatory in Canberra."
Marcus Criola (Year 9)

"Then and Now" was a focus of the group this year. Under the guidance of Ms Hobbs, we would choose an old photograph of a scene around the College and then we would photograph the same scene in its current state. These photographs were then shared with the College community in Viewpoint. One of the key events that we investigated was the winning of the Yaralla Cup by our College crew in 1919. 100 years on, 2019 was the perfect opportunity to compare Riverview rowing, then and now"
Nilanka Abbey (Year 10)

CHESS CLUB Back Row: Tom McKay, Patrick Mainsbridge, Archibald Collins, James Kay, Jon Taylor **Middle Row:** Harrison Loiterton, Pearce Cole, Charlie Davidson, Michael Opoyan, Cameron Liu, Ms Fang Qian (Assistant Co-ordinator) **Front Row:** Christian Pierangeli, Thomas Hudson, Spencer Solomons, James Debus, Sebastian Filla-Duan, Finn Egerton-Warburton, Lochlan Korowe

Chess Club

CO-ORDINATOR:
MR VICTOR ZHANG
ASSISTANT CO-ORDINATOR:
MS FANG QIAN

Chess Captain 2019: James Debus

The Riverview Chess Club is a home for those who enjoy playing social games with friends as well as those who like the challenge of in - school and out of school chess competitions. 2019 has seen the Club continue its fine run of performances, including great results in the Term 3 school competitions, with improvement in the Club's Intermediate and Senior competition teams. After seven rounds of competition, the senior 1st team suffered only two losses, winning 20 out of 28 games.

The 2019 Inter-House Chess Tournament saw the extension of the Riverview chess culture beyond the club. With about 90 spectators in attendance, players from each House contested under waves of rivalling war cries. A tense battle happened in the final between James Kay (Year 12) and Ben Parsons (Year 9). Last year's champion James defended his title successfully.

Five students from Year 12 participated in the 2019 GPS Chess Championship at Sydney Boys' High School on Saturday 14 September, and on Wednesday 4 December, one team attended the 2019 Chess Invitational at The Scots College, which is an annual secondary schools' chess event. Students improved their chess strategies as well as cooperation and leadership skills through these activities.

As we conclude the 2019 season, we have received a great deal of interest from students in Years 5 to 7 in the Riverview Chess Club. We look forward to a great increase in the number of junior teams in 2020. We are confident that our students will continue the spirit and successes of the Riverview Chess Club, and further expand the chess culture.

Duke of Edinburgh Award

MASTER IN CHARGE: MS JACINTA BARLOW

The Duke of Edinburgh's Award is an internationally recognised youth award with over 130 countries adopting the Award worldwide. With three Award levels – Bronze, Silver and Gold, each level becomes progressively more challenging for participants. The Award is voluntary, self-paced and flexible with participants able to tailor the Awards to their individual interests within the categories of Physical Recreation, Skills, Service and Adventurous Journeys (expeditions).

Whilst the school-based sport and service programs assist the students' goals in these categories, many students went above and beyond school sporting commitments and Ignatian service to complete their Award. This is a testament to their character and embodies exactly what the Award is all about.

In 2019, 55 enthusiastic Year 9 boys signed up to do their Bronze Award. Boys who elected to do their Silver and Gold Awards had completed most of the previous Award levels and were keen to continue being involved in the program.

Most of the Bronze Award boys completed their Adventurous Journeys by participating in two out of three organised canoeing expeditions to Berowra Waters and Kangaroo Valley. The April expedition to Berowra had fine weather, but a significant headwind which tested the endurance of all participants. The July and October expeditions to Kangaroo Valley enabled the boys to paddle in pristine waters that do not allow motorised boats. The location also lived up to its name, with many curious kangaroos and wallabies coming right up to the boys to say hello.

The Silver Award participants chose a more varied expedition program – some boys choosing mountain bikes as their mode of travel, whereas others chose hiking or a blended program. The Gold Award participants who completed their Award in 2019, chose to hike the Overland Track in Tasmania. The 65km gruelling hike in changing weather conditions required endurance and stamina, not to mention significant preparation and training leading up to the expedition.

This year we also saw many varying goals for the Skills activity. From learning how to be a motorbike mechanic, to qualifying as a referee or umpire to learning how to cook from a chef, there was an activity to suit all tastes.

I would like to thank all the Riverview staff members who assisted in supervising the overnight expeditions as well as staff who acted as assessors for the students. We could not have had so many successful Awardees if it wasn't for your support.

Congratulations to all students who have achieved their Duke of Edinburgh's Award this year.

CO-CURRICULAR PHOTOGRAPHY Back Row: Jack Bannerman, Marcus Criola (Co-captain), James Craig, Mac Stannard (Co-captain), Gabriel Turner, Joshua Saunders **Middle Row**: Mrs Justine Bartelme, Xavier Hynes, James Sneddon, Lochlann O'Callaghan, Jerome Abou-Antoun, Nick Neal-Bartier, Thomas Hudson, Charles Biddle **Front Row:** Aladin de Lacharrière, Alexander Bradley, Julian Criola, Christian Pace, James Rees-Woods, Angus Martinez, Matteo Milozzi

Co-Curricular Photography

CO-ORDINATOR: MRS JUSTINE BARTELME

Annie Leibovitz is an American portrait photographer who is best known for her engaging portraits of celebrities. In her recent online master class session she reminds us that;

"One doesn't stop seeing. One doesn't stop framing. It doesn't turn off and turn on. It's on all the time." Annie Leibovitz

Leibovitz embodies the practice that we aim to build in our Riverview photographers. The art of seeing. During 2019 more than 40 students from Years 5 to 11 attended weekly after school sessions to do all things photographic. We specialise in darkroom practice and provide the students with the opportunity to work with SLR cameras to produce a portfolio of photographs.

This year we initiated a new approach to our mentor program for Co-curricular Photography. For many years we have encouraged the more senior or experienced photographers to assist with the introduction and development of photography and darkroom practice to our new recruits. This year we decided to formally acknowledge the work that goes into this type of mentoring and the Ignatian values associated with this endeavour. We created a Co-curricular Photography Training Academy for experienced Riverview photographers allowing them to accomplish a level of achievement through their commitment to sessions developing their skills, as a mentor training others. Students can then go on to complete the next level of achievement and attain a Co-curricular Photography Excellence Academy Award. It is with confidence that we announce our first Training Academy members:

- Rory Standard Year 9
- Marcus Criola Year 9

Additionally, this year we experienced the 2019 Vivid Festival through the eye of the lens and captured some very impressive images. 23 of the students involved in Co-curricular Photography also exhibited at Canon Sun Studios as part of the Media Show. It was a wonderful evening to celebrate the students' impressive work with their peers, friends and families. Congratulations to the following students awarded for their leadership and commitment.

Photography Co-Captains:
Mac Standard (Year 9), Marcus Criola (Year 9)

Most Outstanding Photographers:
Jack Bannerman (Year 9), James Rees-Woods (Year 6)

Congratulations to all the 2019 Co-curricular Photography students for their efforts in participating in the program. Thank you to all those who contributed to yet another successful year, including Rory Nix (OR2015) who generously supported the students in afternoon sessions.

I encourage all photographers to keep shooting and remember 'No place is boring if you've had a good night's sleep and have a pocket of unexposed film.'

Mac Stannard, Year 9

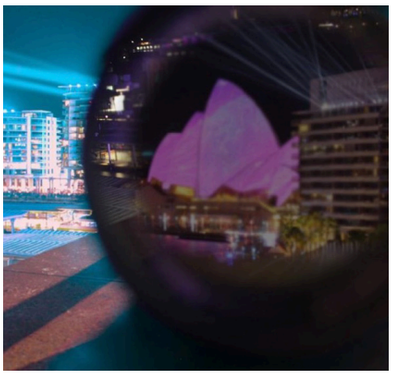

Lachlan Martinez, Year 8

Jack Bannerman, Year 9

Xavier Hynes, Year 7

Christian Pace, Year 9

Michael Gordon, Year 6

Joshua Saunders, Year 7

Matteo Milozzi, Year 6

James Sneddon

Mock Trial and Mooting

MOCK TRIAL AND MOOTING CO-ORDINATOR: MR STEPHEN CROKER

Following the extraordinary success of last year's Mock Trial team, 13 Riverview students set about building capacity to become a competitive force in the 2019 competition, run by the NSW Law Society. Throughout the season, each member took on a number of different roles from Barrister, Instructing Solicitor, Witness and Court Officer. Students gained valuable insight into the procedures of the court room and the role of court personnel. Mentored and coached by Mr Andrew McGovern, the team successfully made it through to the elimination rounds of the competition, just missing out on the quarter finals, from a field of 152 NSW schools.

In Term 2, one of the Riverview Mooting Teams, made up of James Greenup (Year 11) as Junior Counsellor, James Sammour (Year 12) as Senior Counsellor and Damon O'Sullivan (Year 11) as Solicitor, travelled to the Gold Coast to participate in the prestigious Bond University National High School Competition. After enthusiastic preparation over a period of two months they competed admirably on the day, being praised by the judges for the strength of their argument and understanding of case law. While they were not successful in reaching the quarter finals, their efforts in preparing such detailed arguments and their performances on the day were commendable.

In Term 4, Riverview sent a Mooting Team to participate in the 2019 Kirby Cup Moot Court Competition run by Western Sydney University. The team made up of Thomas Gaha, Matthew O'Dea, Damon O'Sullivan and Benjamin Doyle, worked tirelessly to prepare for the event, and while they were not successful on the day, they were commended by both opposing teams for their detailed arguments. The team was thankful for the generous mentoring and coaching they received in the lead up to the competition by Mr Andrew McGovern.

Debating

CSDA

CO-ORDINATOR: DR PANAYIOTIS DIAMADIS

9A: Lachlan Doyle, Peter Gordon, Miles McKeon and Patrick Byrne

7A: Sean McKeon, Tom Doyle, James Groundwater, Darcy Henry

7B: Edward Dunstan, Lachlan Cronin, Isaac Ford, Charlie McKay

CSDA YEAR 7 DEBATING Back Row: Edward Dunstan, Isaac Ford, Mr Charlie Hoffman (Coach) **Front Row:** Lachlan Cronin, Charlie McKay, Thomas Doyle, James Groundwater, Darcy Henry

CSDA YEAR 10 DEBATING L-R: Liam Skender, James Wilson, Jonathan Clinton, Tom Henry

GPS

CO-ORDINATOR: MR LIAM DONOHOE

Riverview enjoyed another successful and enjoyable season of GPS Debating. While we certainly had our fair share of disappointments, outstanding improvements were observed across the College, whether through our significant presence in the GPS representative teams, numerous victories over Sydney Grammar (including in the 1st III), or even in the countless instances of individual development seen over the weeks.

In the end, the College came equal 4th on the overall point score, a new initiative introduced in 2019. This result placed us in the top 50% of schools overall, with a school tally result higher than last year.

GPS Team

Riverview was one of just three schools to have more than one student selected for the GPS Representative team. Lawrence Campbell winner and 2019 Riverview Debating Captain, Bas Braham (Year 12) was selected in the GPS 2nd III, while Joseph Ruddick (Year 11) was selected in the GPS 3rd III. Congratulations are extended to both students.

ISDA SENIOR A AND GPS 1ST DEBATING L-R: Joseph Ruddick, James Greenup, Sebastian Braham, Mr Liam Donohoe (Coach)

GPS 2ND DEBATING L-R: Mr Liam Thorne (Coach), Finlay Harris, Matthew O'Dea, Oliver Lenzner, Mr Michael Turner (Coach)

Seniors

The senior GPS teams had an inconsistent season with some significant wins and unexpected losses. The GPS 3rd III (Will Bunbury, Alex Hoffman, Zach Sheffield and Tom Sheridan) finished 5th with 3 wins, including one over a strong Scots team. While the boys were unlucky on a number of occasions, competitive fixtures against Sydney Grammar and Sydney High not only gave confidence but exhibited the skill and talent which will hold the boys in good stead in 2020. Many thanks are owed to their coach Mr Henri King (OR2014) for his considerable success in developing the team while keeping debating engaging and interesting.

The GPS 2nd III (Finlay Harris, Oliver Lenzner and Matthew O'Dea) had a disappointing term which resulted in only three wins. The team, which boasted significant talent and benefited from the diligent support of coach Mr Liam Thorne, began strongly before suffering consecutive defeats in the final three rounds. In the end, though, the result reflected not only the team's inconsistency (and perhaps a few unlucky decisions), but also the strength of the entire division; we managed to come equal 4th, with many teams struggling to win more than three debates. The three talented Year 11s certainly showed why they'll be formidable Year 12s in 2020.

The GPS 1st III (James Greenup (Year 11), Joe Ruddick (Year 11), and Captain Bas Braham (Year 12), which was coached by Mr Liam Donohoe (OR2015) had an impressive but ultimately disappointing season, coming outright 4th on four wins. The side, which certainly did not lack talent, had a decisive victory over eventual premiers Sydney Grammar in the 6th round, offering a glimpse of their capacities. But it was inconsistency, a familiar issue for Riverview's GPS 1st III in recent years, which cost us in the end. Close losses to Sydney Boys and King's were hard to stomach, and a first-round routing at the hands of Shore was hard to anticipate. But in the end the 4:3 win-loss record was an improvement on last year's performance. The graduation of Bas Braham leaves a substantial void, however, the talented Year 11s in our ranks will form one of our strongest teams yet in 2020.

GPS 3RD DEBATING L-R: Zac Sheffield, William Bunbury, Thomas Sheridan, Alexander Hoffman

GPS YEAR 10 DEBATING Back Row: Harrison Clubb, Will Wright, Mr Alex McManis (Coach)
Front Row: James Wilson, Liam Skender, Tom Henry, Toby Mills, Benjamin Cameron

Year 10

The Year 10 GPS teams improved considerably eking out some impressive wins while dealing with some soul-crushing defeats. The 10B side (Toby Mills, Tom Henry and James Wilson) struggled in the early stages of the competition. Ably coached by Ms Imogen King, the team faced considerable competition, with all but two teams finishing on at least three wins. While close losses to Scots, Newington, and Shore were disappointing, an eventual victory over our old rivals, St Joseph's College, made sure we avoided the wooden spoon and were rewarded for our diligence. The boys should be proud of how they improved.

The 10A team (Will Wright, Ben Cameron and Harrison Clubb) improved on their record in 2018, finishing on a respectable three wins from seven attempts. While a competitive field meant this saw them finish equal 5th, just two wins separated them from the first place. Early losses to Shore and Newington were offset by a dominant victory over a powerhouse Sydney Boys High side, with the boys showing considerable grit and enthusiasm in bouncing back from every loss. Their improved performance over the term is a testament to both their hard work and the quality of their coach, Mr Alex McManis (OR2015). These victories, particularly over Sydney Boys, prove that this team and age group have considerable potential.

Year 9

The 9B team (Lachlan Easdown, Thomas Dredge, Xavier Russell and James Thorp) finished on three wins from seven attempts. Let down by narrow losses to Shore, Sydney Boys and Joeys, victories over Newington, Scots, and eventual winners Sydney Grammar gave us some sense of their potential. Though they may rue the inconsistency, the boys should take pride in the fact they were just two victories off the winners, who they beat anyway! More importantly, each debater's improvement over the season is no doubt a testament to the hard work of themselves and their coach, Mr Dan Reede (OR2015).

The 9A side (Angus Greiner, Charlie Henry, Sam Kearney and Josh Goodrich) had the best performance of any of our GPS teams, finishing equal 1st in their division on six wins. The team, coached by Mr Liam Donohoe (OR2015), were talented beyond their years. With Angus and Sam handling the opening half of the debate, and Charlie and Josh handling the latter half, the boys developed their individual skills in their preferred positions to an advanced level while exhibiting the consistent chemistry needed to succeed in the GPS competition. A narrow and controversial loss in the second last round, to co-winners Sydney Grammar, was the only blemish on a season that saw dominant victories against all comers. We look forward to their future performances and congratulate them on their success.

GPS YEAR 9 DEBATING Back Row: Mr Liam Donohoe (Coach), Joshua Goodrich, Thomas Dredge, Sam Kearney, Mr Dan Reede (Coach) **Front Row:** Xavier Russell, Lachlan Easdown, Angus Greiner, Charles Henry, James Thorp

GPS 8A DEBATING L-R: Mr Liam Donohoe (Coach), Benjamin Harris, Knox O'Connor, Joshua O'Dea, Liam Rees, Mr Liam Thorne (Coach)

Year 8

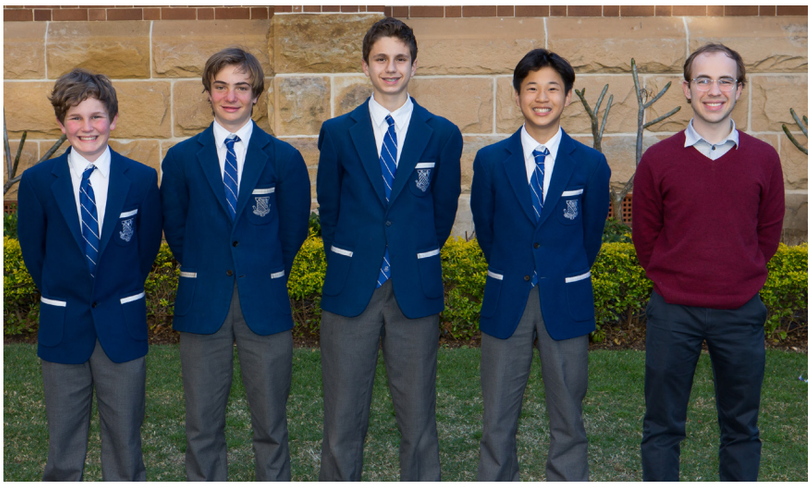

The Year 8 age group had a successful season, filled with development and many victories. While not part of any official competitions, our 8C and 8D teams which featured Alexander Cronin, William Mason, Roman Perez and Calvin Smith, and John-Paul Colosimo, Jasper Lee, Mark Qu and Darcy Robertson, respectively, joined our 8A, 8B, and SDN teams for the occasional friendly Friday night fixture. While both teams did not get many opportunities to debate due to lack of numbers at our opposition schools, the few opportunities they did have revealed their enthusiasm, skill, and desire to improve.

The 8B side (Matias Danziger, Thomas McNamee, Tom Klostermann and Sebastian Wong), coached by Mr Henry Chapman, came in equal 4th place, finishing with three wins. While victories over Newington, King's, and Sydney Boys clearly put them among the top few teams in the competition, a disappointing and unexpected final round loss to Joeys cost the team a more indicative win-loss record.

The 8A side (Benjamin Harris, Knox O'Connor, Josh O'Dea and Liam Rees) went one better, finishing the season on four wins. Though this result put them in 4th place overall, the boys were disappointed that they didn't best their equal first place performance of 2018. Coached by Ms Isabelle Woodforde, the team won fixtures against King's, Scots, and Sydney Boys. A shock first round loss to Shore, and an unexpected loss in the final round to Joeys, made their loss to eventual champions Sydney Grammar all the more punishing. With a bit more consistency the team will soon be unstoppable.

Year 7

The Year 7 GPS teams performed admirably against strong opposition, exhibiting the depth and potential typical of Riverview Year 7 age groups. Unfortunately, most of our Year 7 GPS teams were not able to compete in an official or regular competition, with the 7B and 7C competitions administered on a week-to-week basis. Nonetheless, our B team (Lachlan Cronin, Thomas Doyle, Sean McKeon and James Sneddon) and our C team (Alastair Brown, Connor Forrest, Ambrose Hennessy

GPS 8B DEBATING L-R: Thomas McNamee, Matias Danziger, Thomas Klostermann, Sebastian Wong, Mr Henry Gallagher (Coach)

GPS 8D DEBATING L-R: Darcy Robertson, Jasper Lee

and Charlie McKay) managed to compete on a number of occasions throughout the term. The 7D team (Raphael Quoyle, Oliver Lambert, Henry Rooney, Edward Thorp and Jaeden Louie) had an upset win over a well-drilled Shore team while the 7E team (Tom Hartman, Oliver Whiteley, Austin Alexander and Bryce Keevers) coached by Mr Tom Osborne (OR2016) was an SDN Development Team.

The 7A team (Ed Dunstan, Isaac Ford, James Groundwater and Darcy Henry), the only one to enjoy an official competition, had a mixed start to GPS debating, finishing in 5th place overall with three wins from seven attempts. The team won in classy fashion against Newington, King's, and a strong Sydney Boys team, but struggled with consistency. A close loss to Joeys in the final round cost them a positive win record, but certainly taught them much more in the process. It was a challenging but rewarding season for the 7A side, who, thanks to their considerable intelligence and natural ability, will no doubt benefit from shorter preparation periods in future age groups while their oppositions struggle.

GPS 8C DEBATING L-R: William Mason, Roman Perez, Calvin Smith

GPS YEAR 7 DEBATING Back Row: Mr Jesse Gray (Coach), Charlie McKay, Ambrose Hennessy, Isaac Ford, Edward Dunstan, James Sneddon **Front Row:** Alastair Brown, Raphael Quoyle, Thomas Doyle, Connor Forrest, James Groundwater, Darcy Henry, Lachlan Cronin

ISDA 2ND DEBATING L-R: Finlay Harris, Oliver Lenzner

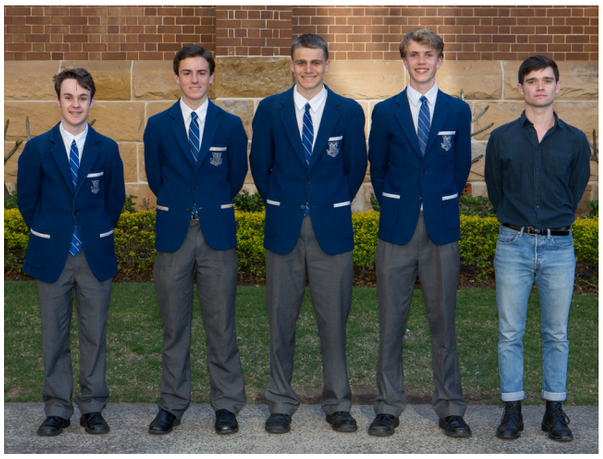

ISDA

CO-ORDINATOR: MS AMY LESTER

Riverview students had a successful start to the 2019 Debating year with their involvement in the Independent Schools Debating Association (ISDA) Competition, held across Terms 1 and 2. The competition saw Riverview going up against several schools from across the Sydney Metropolitan area. The College produced a series of encouraging results throughout the competition, a testament to the dedication of all students and their coaches. The Senior A team, consisting of Bas Braham, Joe Ruddick, James Greenup and Edward Goodman, secured wins in six out of seven rounds of the competition, an outstanding effort. ISDA Senior B, comprising Michael Norton, Finlay Harris, Ollie Lenzner and Julian Edwards, also had notable success with wins in Rounds 1, 4, 5 and 6.

As to the younger end of the spectrum, of particular note were the achievements of the Primary A ISDA team. After having considerable success throughout Term 1, this team was able to participate in the grand final in June. In this division, Riverview was represented by Julian Criola, Angus Martinez, Daniel Osborne and Patrick Keaney, who debated MLC School on the topic, 'That all awards in Primary School should be for participation'. Riverview took the negative side and developed a well-reasoned case focusing on the importance of encouraging hard work and mastery. While Riverview lost the debate, all four boys were commended on their excellent reasoning skills, eloquent speaking manner and graciousness in defeat.

Success was found across all ISDA teams, contributing to an excellent overall final tally at the end of the season. Riverview was able to secure a total of 32 wins across the year levels. This result put Riverview among the top 10 schools out of a total of 35 that participated in the competition. All students and their coaches are to be commended for their dedication which clearly contributed to the College's overall success in ISDA.

ISDA YEAR 10 DEBATING L-R: Benjamin Cameron, Toby Mills, Harrison Clubb, Will Wright, Mr Liam Thorne (Coach)

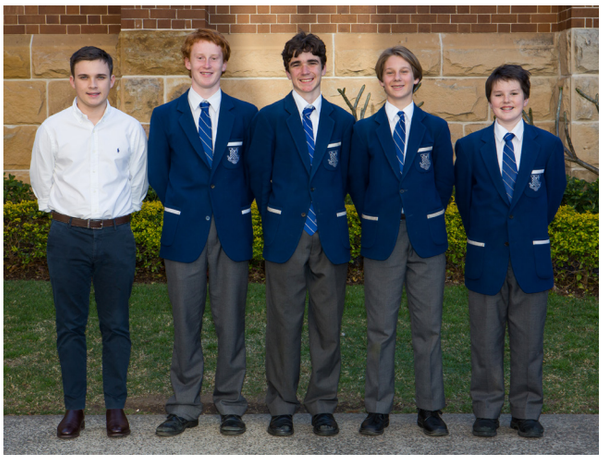

SDN SENIOR DEBATING L-R: Nicholas Leonard, Mr Sean Walton (Coach)

SDN

CO-ORDINATOR: MR NICK HEYDON

The 2019 Schools Debating Network (SDN) competition, held in Term 3, featured a series of dynamic and engaging debates where students were able to continue developing skills within their teams.

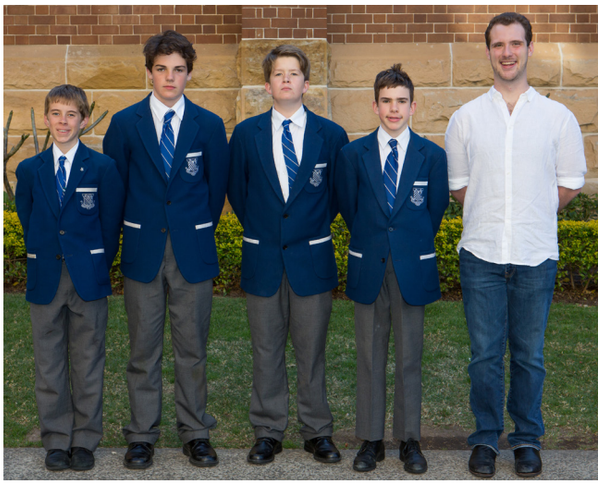

Of particular note this year were outstanding performances from both the Primary A and Year 9 teams, both of whom made it through to the grand final hosted by SCECGS Redlands. The Primary A team, guided by coach Mr Benjamin O'Dea, went up against the host school and took the negative stance on the topic, 'That Australia should become a vegetarian nation'. Despite presenting solid arguments the debate was awarded to the affirmative. The Year 9 SDN team, comprising Peter Gordon, Patrick Byrne, Miles McKeon and Lachlan Doyle, and led by coach Mr Michael Byrne, went up against Wenona and argued in the affirmative on the very challenging topic, 'That the Government should

SDN YEAR 9 DEBATING L-R: Mr Michael Byrne (Coach), Patrick Byrne, Peter Gordon, Miles McKeon, Lachlan Doyle

SDN YEAR 7A DEBATING L-R: George Gaha, Cian McAweeney, Sam Wright, Xavier Hynes

SDN YEAR 8 DEBATING L-R: Harry Ashton, Angus McCaffery, Jono Allfrey, Benjamin MacDonald, Mr Declan Schillert (Coach)

SDN YEAR 7B DEBATING L-R: Oliver Whiteley, Bryce Keevers, Thomas Hartman

pay ransom for citizens taken hostage overseas'; but unfortunately were unable to take the win. Both teams performed exceptionally well across the seven rounds of the competition, going up against impressive teams including from the overall champion school for SDN 2019, Abbotsleigh.

Narrowly missing out on a grand final opportunity were Year 7 SDN with a total of five wins, and the Seniors also had some impressive victories. The loss in the Seniors, however, in Round 7 against Monte, cost those boys a finals-berth, but their overall performance was very impressive given the team included the 6th to 10th ranked debaters up against other schools' best three to four.

Special mention must go to the persistence of the remaining teams in the competition: Primary B, Year 8, Juniors and Year 10, who approached each topic skilfully, demonstrated excellent teamwork and came away from each debate with positivity, even if wins were not recorded every week. The overall success of the competition pointed towards encouraging prospects, particularly for younger years moving up in debating at Riverview.

WINNER OF THE LAWRENCE CAMPBELL ORATORY COMPETITION: Sebastian Braham

Public Speaking

COORINATOR:
MRS MARILYN FITZGERALD

2019 has been a memorable year for Public Speaking at Riverview. After 25 years of waiting, we finally won back the prestigious Lawrence Campbell Cup. As well as that sweet success, our students excelled at a wide range of opportunities, showcasing their wit, acuity and oratory skills throughout the year.

CSDA Public Speaking Competition

Founded in 1968, the CSDA Public Speaking Competition is the largest event of its kind in Australia with over 200 schools participating at the start of each school year. Students from Years 7-12 are invited to present relevant and engaging and speeches that inspire and entertain across a range of contemporary issues.

This year saw our Riverview students continue the tradition of representing the College at the highest level. Congratulations to all of our public speakers who represented us in the first round at Holy Cross College Ryde on Friday 8 March; many of them progressed through to the Zone Finals held at Santa Sabina College the following week.

Congratulations to:

- Year 7 – Lachlan Cronin (Zone Finalist)
- Year 8 – Leo Egerton-Warburton (Zone Finalist)
- Year 9 – Harrison Hartnell
- Year 10 – Nicholas Boyer and James Wilson (Zone Finalist)
- Senior – Daniel Gedeon, Oscar Williams, Nicholas Leonard (Zone Finalist) and Damon O'Sullivan (Zone Finalist)

Rostrum Voice of Youth Competition

On Monday 25 March, a number of our junior and senior boys participated in the prestigious Rostrum Voice of Youth Public Speaking Competition held at Santa Sabina College. This is a popular national competition that is open to all students from State and Catholic schools who are encouraged to speak on topical and relevant contemporary issues. The boys listed below are to be congratulated on giving inspiring speeches, with a special mention to Darby Carroll who secured the position of Runner-Up on the night.

- Junior – Michael Opoyan, Harrison Hartnell, Lachlan Easdown and Darby Carroll (Runner-Up)
- Senior – William Wright, Daniel Gedeon and Jordan Abrahams

PAST RIVERVIEW WINNERS OF THE LAWRENCE CAMPBELL ORATORY COMPETITION Back Row: Bruce Meagher (OR1983), John Eyers (OR1967), John Scahill (OR1971), Nicholas Greiner (OR1963), Anthony Whealy (OR1959) **Front:** Sebastian (Bas) Braham, Clifton Hoeben (OR1964), Gerard Windsor (OR1961), Andrew Byrnes (OR1974), Peter Boyle (OR1968)

Lawrence Campbell Oratory Competition

Held this year at Sydney Boys' High, the Lawrence Campbell Oratory Competition is the most challenging public speaking competition, with one student from each GPS and CAS school competing at the highest level.

Friday, 10 May was a magical night for the College and one for the history books. After 25 years of waiting, Riverview finally won back the prestigious Lawrence Campbell Cup thanks to the wonderfully talented Sebastian Braham (Year 12). With his victory, a unanimous decision by all three adjudicators, Bas sits among an elite company including: Malcolm Turnbull, Nick Greiner, Charles Firth, Andrew O'Keefe, Adam Spencer, and many others. It must also be noted that Bas was Runner-up in Year 11.

He was coached admirably by Mr James Rodgers and Noah Vaz (OR2013) and in order to commemorate this long wished-for victory, Mr Rodgers arranged a very special dinner in the College Parlour where 10 illustrious past winners were invited to reminisce, be merry and wax lyrical for 10 minutes so as to showcase the skills that winged them to victory long years ago. It really was a "Night to Remember".

Plain English Public Speaking Award

The NSW Plain English Public Speaking Competition is open to all students in the state and was held at Abbotsleigh College on Thursday 9 May this year. Nicholas Leonard and Joseph Ruddick, both in Year 11, delivered an eight-minute prepared speech and then had to follow up with an impromptu task as well. The boys performed impressively in a very challenging group and we congratulate them on their efforts.

Legacy Voice of Youth Award

Alastair Brown and Ambrose Hennessy, two of our talented Year 7 students, represented the College in the Legacy Voice of Youth Public Speaking Competition held at Marsden High School on Thursday 1 August. The boys were most impressive and should be congratulated on their ability to deliver a prepared and impromptu speech on contemporary issues such as environment, politics and the dangers of social media.

Music Ensemble Award - Chamber Strings: **Joseph Galvin**
Music Ensemble Award - Symphonic Wind Band: **Ravin Fernando, Christopher Peters**
Music Ensemble Award – Riverview Big Band: **Oliver Ell, Max Ghiazza, Henry Willis**
Music Ensemble Award - Intermediate Stage Band: **Julian Sammour, Spencer Solomons**
Music Ensemble Award - The Emmanuel Guitar Ensemble: **Frank Thomsen**

Drama

THEATRE PRODUCTIONS MASTER IN CHARGE: MR CONRAD PAGE

"Sometimes a dream almost whispers... it never shouts.
Very hard to hear.
So you have to, every day of your lives, be ready to hear what whispers in your ear." - Steven Spielberg

2019 presented the opportunity for students to perform on the O'Kelly Theatre stage to create wonderful and memorable theatrical moments. Both on and off stage and behind the scenes, teachers and students gained life-changing skills unleashing creativity with mentoring, rehearsals, costume designing, set building, lighting and sound designing. Co-curricular Drama, rather like a busy theatre ensemble, provides a unique platform for students to release their artistic talents by collaborating with theatre makers to experience all that live theatre can provide.

The productions this year had students and audiences excited with a variety of theatrical experiences. Starting in March we had the two Year 8 One Act plays *Dancing with the Olympians* by Lavinia Roberts, directed by Debra Williams and *10 Ways to Survive the Zombie Apocalypse* by Don Zolidis, directed by Noah Hodge with both plays stage managed by Christine Moriarty.

The Year 12 Play *Virtual Space* directed by Conrad Page in May showcased contemporary and classic monologues, speeches and scenes exploring essentially the theme of technology and how at times we can spend hours glued to a personal device by hiding in a virtual space and fantasy.

We then explored the vulnerabilities of inmates imprisoned in *One Flew over the Cuckoo's Nest* by Dale Wasserman based on the book by Ken Kesey. Directed by Natalie Richards with assistant director Finn Stannard (OR2018) and staged managed by Tom Ashmore (OR2018), with the talented Year 11 students in June.

September showcased the Year 9 students performing *The Little Prince* by Antoine de Saint-Exupéry and adapted for the stage by the director Stuart McRae and stage managed by Daniel McCreton. A quote by Antoine de Saint-Exupery, *"It is only with the heart that one can see rightly; what is essential is invisible to the eye".*

2019 ended with our Year 10 students tackling the power of storytelling, mingling the magic wisdom of folk tales with a hard-edged story of violence, conflict and the struggle to survive in *Stories in the Dark* by Debra Oswald, directed by Alice Ossowski and assistant directed by Rosanna Comastri with stage management by Denyse Gibbs in October.

I would like to thank and acknowledge all the behind-the-scenes students, parents and staff who work tirelessly and creatively in the theatre wings. Our costume design department led by the visionary Mrs Myriam Moysey, assisted by Mrs Kathleen Hunt and Mrs Louella Perrett, are second to none, designing and hand making costumes for all the completely different productions throughout the year. Set design and construction led by Mr Kirk Hume and assisted by Mr Mark Anderson and Miss Nathalie Guesry who always deliver the director's vision and transform the theatre into a magical space for the actors to perform on to the delight of audiences. Backstage supervisors; Ms Julie Stevens, Ms Katia Durst and Ms Louise Arnott.

All directors, assistant directors, coordinators and mentors have worked with great effort and energy on editing, writing, casting, rehearsing, blocking scenes, technical and dress rehearsals to create theatre that has inspired and moved students and audiences throughout 2019. To all staff and students who work behind the scenes including: Audio Visual Manager (Mr Michael Curtin) with our new View Crew Manager (Mr Daniel McCreton) to plot, design and rig all of the theatre audio visual equipment, book tickets (Mrs Danni Hurley), Front of House (Mrs Mariella Testa), Viewpoint (Ms Leanne Gomez), printing posters and programs (Mr Abu Hassan and Mr Edison Wong), student ushers and backstage staff, I thank you all for the passion and grace you selflessly bring to Co-curricular Drama sharing your theatrical visions and talents with student casts and crews.

Theatresports 2019 provided students from every Senior year group (over 100 students in total) the opportunity to experience the challenge and exhilaration that is improvisational theatre, with two separate competitions held over the year. Kicking off the season was the Term 1, Year 9-12 Intermediate and Senior Theatresports Competition and ending the year with the Term 3, Year 7 and 8 Junior Theatresports Competition.

Thank you to our talented Theatresports coordinators, Ms Samantha Oliver and Ms Lara Stern, and coaches Ms Joannah Kennedy, Ms Sally Wentriro and Mr Paul Bevis. I'm also enormously grateful to our Intermediate and Senior Theatresports students; Michael Opoyan, Xavier Masztak, Samuel Waterson, Tom McKay, Max Ghiazza, Ashton Cassar, Angus Holm and Max McKenzie who provided invaluable assistance to our Junior improvisers each week at training sessions to mentor these players.

The Intermediate and Senior Theatresports was hosted by Drama Captain Max Pollard and Vice-Captain Conor McCoy. The Junior Theatresports was hosted by our Intermediate Theatresports team winners; Max McKenzie, Angus Holm, Hugh Ross and Orlando Carr and thank you to Ms Christine Moriarty for playing the live music. Thank you to all judges, Ms Louise Arnott, Mr Paul Bevis, Finn Stannard (OR2018), Patrick Conaghan (OR2018), Callum McManis (OR2017), and Year 12 students - Cameron Noud, Xavier O'Grady and Nicholas O'Keeffe.

2019 Drama Captain Max Pollard and Vice-Captain Conor McCoy have been exemplary leaders. Always thinking of others by working backstage, ushering, hosting Theatresports, performing and supporting all other drama students. Headmaster Dr Paul Hine, Father Jack McLain SJ, Head of Co-curricular Mr Andrew Szabo, Head of Drama Ms Louise Arnott and Co-curricular Drama Assistant Ms Lara Stern also must be thanked for all their endless support and professional guidance.

2019 has been another wonderful year for Co-curricular Drama and it has been an absolute pleasure to be a part of every moment. Thank you to all involved in the many and varied Co-curricular Drama ensemble roles providing rewarding and enriching theatrical experiences.

Year 12 Drama

Virtual Space
Monologues and scenes from powerful playwrights adapted for the stage by Conrad Page
Wednesday 15 and Thursday 16 May
Director: Mr Conrad Page

"Look up at the stars and not down at your feet. Try to make sense of what you see, and wonder about what makes the universe exist. Be curious."
- Stephen Hawking

Virtual Space is a directorial vision inspired by Dr Paul Hine's assembly speeches in 2018 about science and technology. This production showcased contemporary and classic monologues, speeches and scenes exploring essentially the theme of technology and how at times we can spend hours glued to a personal device by hiding in a virtual space and fantasy. This production wove a tapestry of powerful words and images together to create a theatrical experience for its audience in a virtual space where the set was influenced by the 1982 American science fiction action-adventure film *TRON*. This movie shaped the set and directorial vision with green laser lights, neon green tape, mirrors and raised stage platforms to create the landscape for all actors to play on.

I was drawn to directing this year's Year 12 play as I have had the privilege of directing and teaching these wonderful students over the last five years. I have thoroughly enjoyed creating this piece of unique theatre with these students this year, as they were familiar with my approach, and I with theirs, which meant we could jump straight into the creative process with passion, dedication and respect at all times.

I am truly overwhelmed by the level of talent, dedication and creativity of staff and students in creating this production. I would like to thank all crew, ushers, students and parents who have helped on this production. Thank you to all the actors: Clay Bollesen, Benjamin Curtin, William Hadwen, Thomas Jamieson, Clayton Lie, Harry Macleod, Conor McCoy, Michael Middleton, Cameron Noud, Nicholas O'Keeffe, Max Pollard and Isaac Silva. Without the generosity of their time and support this production would not have been possible.

I must extend a special thank you to Mrs Kathleen Hunt who meticulously designed, hand-made and custom fitted the costumes for this production. The set was once again designed and built by staff: Mr Mark Anderson and Mr Kirk Hume. Their ability to transform the conventional theatre space of the O'Kelly Theatre into the Virtual Space was incredible to witness and a joy for the actors to perform on.

The technical magic that is lighting, sound and projection would not have been possible without the passion and creative flair from staff like Mr Michael Curtin and Mr Daniel McCreton. Also, a special thank you to the three talented Year 9 students, Samuel Kearney, James Craig and Mac Stannard, who spent many lunchtimes and after school in the theatre plotting the lights, sound, projection and stage management needs.

We hope you enjoyed the show as much as we enjoyed every moment of its incredible creation.

Director's note: Mr Conrad Page

Year 11 Drama

One Flew over the Cuckoo's Nest
Written by Dale Wasserman based on the book by Ken Kesey
Wednesday 19 June to Friday 21 June
Director: Ms Natalie Richards
Assistant Director: Mr Finn Stannard
Stage Manager: Mr Tom Ashmore

Cast - *One Flew over the Cuckoo's Nest*

The cast of the iconic Year 11 2019 play, *One Flew Over The Cuckoo's Nest*, were forced by its director, Ms Natalie Richards, to explore the themes of control and power. Coming together as a cast, each member provided valuable insight and their own talent as they worked to bring the show into a modern Australian perspective.

Based on the book by Miloš Forman, *One Flew Over The Cuckoo's Nest*, sees Randle Patrick McMurphy (Dermot O'Brien) sent to a mental institute by the court for psychological evaluation. It is while in the institute that he meets the patients Kid Bromden (Tom Sheridan), Billy Bibbit (Matt Mildren), Dale Harding (Tim Dalton), Cheswick (Joe Ruddick), Scanlon (Matt Dardis) and Martini (Liam Peake). Over the course of the play, McMurphy attempts to undermine the control on the infamous Nurse Ratched (Nicola Sherwood) and her team, consisting of Nurse Flinn (Grace Redfern), Warren (Liam Muir), Doctor Spivey (Tom Cubis) and the aide (Romain Bourelly). The play also starred McMurphy's excitable 'friends', Candy Starr (Mia Rigney) and Sandra (Grace Redfern).

Countless hours were spent discussing how the play could be brought from its original late 1950s American setting and into modern day Australia. The cast connected with their characters in ways I have not seen done before by young actors. They were able to find commonality between the often so regulated and controlled lives that the modern day brings and transfer it into a clinical setting. The dedication and hard work of the students resulted in the play being well received by audiences.

A huge thanks must be said to those involved in the play both on stage and behind the scenes. It truly was a team effort and the show we were able to put on could not have been done without you. Thank you all for a wonderful production of *One Flew Over The Cuckoo's Nest*. I hope you all cherished the experience as much as I did.

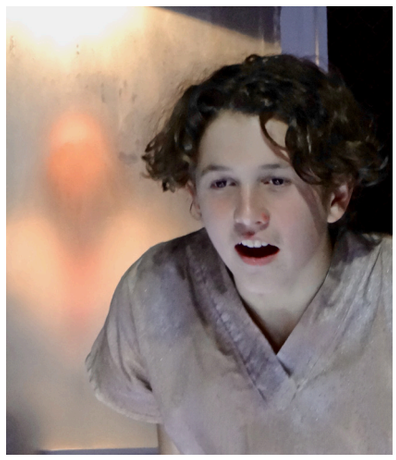

Director's note: Mr Finn Stannard

Year 10 Drama

Stories in the Dark
Written by Debra Oswald
Tuesday 29 to Thursday 31 October
Director: Ms Alice Ossowski
Assistant Director: Ms Rosanna Comastri
Stage Manager: Ms Denyse Gibbs

The Year 10 play was Debra Oswald's wonderful fantasy drama, *Stories in the Dark*. The play is highly relevant to our time and challenged the audience to imagine the immense trauma and suffering of children in war-torn countries. The play opens in the chaos and horror of war, where the two central characters comfort each other by telling stories. The characters, two children in their early teens, bring the folk stories to life, conveying a powerful element of escapism and hope. The darkness of war fades as the stories come to life. In the trauma of violence, Amira declares "*...the world is not like those stories...*" and we are inclined to agree. But it is the voice of Omar who captures the beauty at the heart of this play, "*...but the world isn't only like this.*" The stories may not be real, but the hope that they offer certainly is.

The play was a delight to rehearse and we were so proud of the cast for their excellent performances. We had a dedicated cast of Riverview students and girls from Monte Sant' Angelo and Roseville College and thank them for their commitment and enthusiasm. This play is even more special because of the important message that accompanies it. We hope that this message will stay in the hearts of our cast and all those who saw our play. Our lead actors did an amazing job and special mention goes to Alex D'Souza who was the perfect Omar, demonstrating his full range of emotions in this challenging role.

Sincere thanks to Mr Conrad Page whose advice, encouragement, help and support through the process was crucial. Thank you to Mr Mark Anderson and Ms Nathalie Guesry, who worked tirelessly to make our set. The talents of Ms Louella Perrett and Ms Kathleen Hunt in the costume team are extraordinary. Thank you to them both. Our set and costume teams are a huge asset to Riverview, and they ensure that every production looks professional and polished.

Thanks also to the technical crew of dedicated students, led by Daniel McCreton, Michael Curtin and Mr Conrad Page. Special thanks also to Mac Stannard and Sam Kearney for their incredible talent and technical skills.

Thanks to our wonderful stage manager Ms Denyse Gibbs, who worked hard to source our props and manage the backstage area with her calm, gentle efficiency. The backstage crew, View Crew, are also thanked for their focus and dedication.

We are so fortunate to be part of a school that values theatre and supports a production team with so many dedicated people to bring the vision to life. Thanks to everyone who helped make *Stories in the Dark* the huge success that it was.

Director's note: Ms Alice Ossowski and Ms Rosanna Comastri

Year 9 Drama

The Little Prince
Written by Antoine de Saint-Exupéry and adapted for the stage by Stuart McRae
Wednesday 18 to Friday 20 September
Director: Mr Stuart McRae
Stage Manager: Mr Daniel McCreton

One of the most widely read books in history, with 140 million copies sold worldwide and printed in more than 250 languages and dialects including braille, Antoine Saint-Exupéry's exquisite tale tells the story of a curious prince who leaves his tiny home planet and journeys across the universe, discovering that adults have very strange ideas about the things that really matter. This charming and timeless story takes the reader on an engaging trip all over the universe; a trip that helps us to remember the wonderous innocence of childhood and the value of true friendship.

With tremendous support from the College, staff, family members and the students themselves, we had the fortune to bring this magical show to life on the O'Kelly Theatre stage. Led by the masterful Mr Kirk Hume, the stage crew worked tirelessly to design a spectacular stage that facilitated the magical elements of such a production. Likewise, the actors, in addition to regular school commitments, worked passionately and earnestly over two terms to enhance their performance skills and produce a collage of colourful characters.

It was a pleasure to watch students come together as a company and develop their craft in such a supportive and enthusiastic way. Aside from the skills they have learned, I hope the fond memories and strong friendships that were forged remain with the students for many years to come.

Director's note: Mr Stuart McRae

The Little Prince Cast and Crew

Year 8 Drama

Dancing with the Olympians
Written by Lavinia Roberts
Wednesday 27 and Thursday 28 March
Directed: Mrs Debra Williams
Stage Manager: Ms Christine Moriarty

Dancing with the Olympians Cast

Greek mythology never goes out of fashion. Athena, Zeus, Poseidon and the like often appear in literary allusions or even as title characters in films such as *Percy Jackson and the Olympians, Troy,* or *The Clash of the Titans*. Nike and Apollo have become part of our lexicon; one of our body parts is even named after the hero Achilles. So, what better subject matter to pique the interest of budding Year 8 thespians than the powerful gods and goddesses themselves?

In this one-act comedy, Hermes, the messenger of the gods, and the judges – Poseidon, Athena, Nike, and Hestia – host contestants to determine the winner of the television show *Dancing With the Olympians*. Some gods and goddesses arrive uninvited, some are determined to leave the stage and go to Pan's house as he has a new flat-screen television, the furies are keen to torture the losers, and the god of Dreams sleeps his way through the show. It is funny, farcical, and fast.

Despite the frenzied pace of an eight-week production, the cast exuded a calm perhaps not always felt by their director. It was a pleasure to direct all the boys and girls in this play and to share many teachable moments along the way. Building believable yet exaggerated characters, using voice and mime for comedic effect, and being playful and experimental were some of the challenges each actor faced. Together with the cast from *Ten Ways to Survive a Zombie Apocalypse*, they were a special group of teenagers who Noah Hodge and I were privileged to work alongside.

I hope all who attended a performance enjoyed the light-hearted interlude that our gods, goddesses, furies, muses and the enchantress Circe, provided. A warm thank you again to the cast, for their commitment to this production, and their warmth and generosity of spirit.

Director's note: Mrs Debra Williams

Dancing with the Olympians and *10 Ways to Survive a Zombie Apocalypse* Casts and Crew

Year 8 Drama

10 Ways to Survive the Zombie Apocalypse
Written by Don Zolidis
Wednesday 27 and Thursday 28 March
Director: Mr Noah Hodge
Stage Manager: Ms Christine Moriarty

In Term 1, boys from Year 8 together with one student from Loreto Kirribilli and presented *10 Ways to Survive the Zombie Apocalypse* by Don Zolidis. The whole cast enjoyed the process of rehearsals and performances as a reward for their consistent focus and commitment to the show, which saw groups of survivors being eaten alive as the consequence of unfavourable apocalyptic decision making. The cast particularly enjoyed our 'zombie lessons', with each student bringing their own terrifying, if slightly comical, zombie walk to life.

The play came together smoothly, thanks in large part to the students (and their parents/professional drivers) making the most of every rehearsal in our short preparation time. Their dedication and immaculate behaviour despite a bevy of conflicting commitments was truly admirable, and I could not have asked for a better group of young performers. Above all, I would like to thank them for their energy and enthusiasm in conquering a complex script and being receptive to change.

As my directorial debut, this play could not have been possible without the support of the incredibly experienced and professional members of staff working alongside me, particularly my co-director, Ms Debra Williams, and our theatre manager, Mr Conrad Page, whose advice, support and knowledge were integral to the process of creating the play. Thanks also to our technical crew, Michael Curtin, Mac Stannard, Sam Kearney and Miles McKeon as well as our wonderful stage manager, Ms Christine Moriarty and her capable backstage crew. In addition, a huge thank you to the efforts of Mr Kirk Hume and Mr Mark Anderson for constructing not one but two amazing and removeable sets, as well as Mrs Myriam Moysey, Mrs Kathleen Hunt and Mrs Louella Perrett for their wonderful costumes.

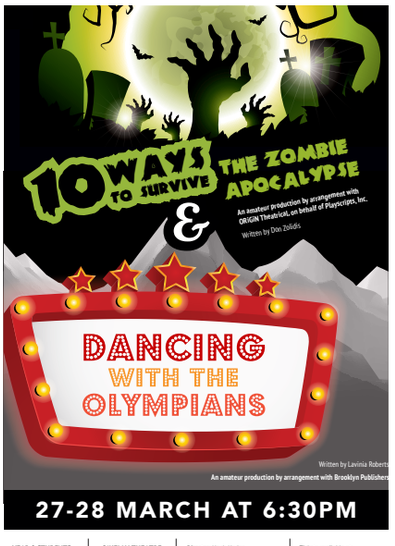

Director's note: Mr Noah Hodge

10 Ways to Survive the Zombie Apocalypse Cast

Speech and Drama

CO-ORDINATOR:
MS CASSANDRA COCHRANE

The Drama tuition team had a fun-filled year with our students, many of whom achieved high marks in their Trinity College Drama exams late in 2019. Special mentions go to our ATCL boys who sat their Associate Diplomas in Performing - Jude Paddon-Row, Jude Egerton-Warburton and Cameron Mayhew. Congratulations to these boys for achieving at this high level; the diploma is the equivalent of a unit of undergraduate Performing Arts study.

Libby Fleming, Mel De Ferranti, Lara Stern and I wrangled over 100 students last year working with small groups in Regis, and pairs and individual students in the Senior School to produce some hilariously imaginative improvisations, group scenes, and of course all the work towards our three performance nights in the O'Kelly Theatre where audiences were treated to poetry, duologues and monologues.

The teachers are constantly amazed at the comic timing, instinct and maturity of many students working with complex material. Two Trinity Drama examiners came to us from the UK last year, and both examiners were impressed with the variety and breadth of work presented and the enthusiasm, politeness, sense of fun and spontaneity of our students. Many of these young men are also to be congratulated for their work in all the year group drama productions, their involvement in the school musical and in many of the school musicals of other colleges locally.

Theatresports Senior Winners: Harry Macleod, Nicholas O'Keeffe, Xavier O'Grady and Cameron Noud

Theatresports

Intermediate and Senior Theatresports

CO-ORDINATOR:
MS SALLY WENTRIRO

The year started with great enthusiasm amongst the Intermediate and Senior Theatresports team members from Years 9 to 12). We were fortunate to welcome a new coach this year, Ms Joannah Kennedy. Weekly training sessions commenced at the beginning of Term 1 and students embraced learning new games, refining their improvisation techniques, developing strong narrative and teamwork skills. These training sessions culminated in the annual Senior and Intermediate Theatresports competition in the O'Kelly Theatre at the end of first term. Nine teams battled it out for the Pauline Cain Cup. The evening was hosted by 2019 Drama Captains Connor McCoy and Max Pollard. Thank you to Ms Christine Moriarty for providing the background music, and to Ms Louise Arnott, Mr Paul Bevis, Finn Stannard (OR2018) and Pat Conaghan (OR2018) for judging on the night. It was an evening filled with laughter and hilarity. The competition was close, and the winning senior team was awarded to *'Please Stand for the Official Party'* (Nick O'Keeffe, Xavier O'Grady, Cameron Noud, Harry Macleod). The Intermediate Division was won by *'Dramatical Error'* (Max McKenzie, Orlando Carr, Angus Holm, Hugh Ross).

Intermediate Winners: Angus Holm, Orlando Carr, Max McKenzie and Hugh Ross

In Term 2, both our Senior team (Nick O'Keeffe, Xavier O'Grady, Cameron Noud, Harry Macleod) and Intermediate team (Max McKenzie, Orlando Carr, Angus Holm, Hugh Ross) competed in the Impro Australia Schools' Theatresports Competition. Weekly training sessions continued for these teams where they learnt and to refine their performances and built upon their team dynamics. The first round of the state competition for the senior team was held at Northern Beaches Christian School. Our team played with great class and energy but were knocked out in a close fought competition. Nick, Xavier, Cameron and Harry are to be commended for their commitment to Theatresports and their willingness to share ideas and have fun!

The first round for the Intermediate team was held in St Aloysius' College. The boys put on a fantastic performance, providing us all with great entertainment. However, it was a tough competition and the boys did not get through to the next round. Max, Orlando, Angus and Hugh were great to work with, showing huge commitment and a great sense of fun. Hopefully they will be back bigger and better than ever next year in the Senior competition.

Yea

Years 7 and 8 Theatresports

Junior Theatresports

CO-ORDINATOR: MS LARA STERN

"There are people who prefer to say 'yes' and there are people who prefer to say 'no'. Those who say 'yes' are rewarded by the adventures they have. Those who say 'no' are rewarded by the safety they attain." - Keith Johnstone

Throughout Term 3, a record number of fearless Year 7 and 8 students attended weekly training sessions where they explored the building blocks of improvisation. They learnt how to be in the moment, the importance of listening to and connecting with their teammates and most importantly how to say, "yes, and..." This magical phrase reminds students to accept and build upon the ideas of others. Our senior mentors Michael Opoyan, Xavier Masztak, Samuel Waterson, Tom McKay, Max Ghiazza, Ashton Cassar, Angus Holm and Max McKenzie provided invaluable assistance to our Junior improvisers each week.

Training sessions culminated in our annual Junior Theatresports Competition which was hosted by our Intermediate Theatresports team, Max McKenzie, Angus Holm, Hugh Ross and Orlando Carr, and judged by Callum McManis, Cameron Noud, Xavier O'Grady and Nicholas O'Keeffe. Our 13 teams improvised their hearts out in front of a very supportive and enthusiastic audience. After two rounds of nail-biting drama and side-splitting comedy, first place was awarded to *'DOT DOT DOT'* (Denzel Wong, Tom Finlayson and Knox O'Connor) and *'The Benchwarmers'* (Harry Ashton, Jack Davies, Knox O'Connor and Lachlan Nelson). The Most Generous Improviser trophy was awarded to Knox O'Connor who filled in for a missing team member, improvising for two teams with finesse.

Junior Theatresports Winners: Knox O'Connor, Angus McCaffery, Jack Davies and Harry Ashton

The tremendous talent and skill among our young improvisers made choosing a State team challenging, but after much deliberation, Knox O'Connor, Luca Maher, Toby Drew, Leo Egerton-Warburton and Harry Ashton were selected to represented Riverview in the Impro Australia Theatresports Schools Challenge. After placing 7th in the first heat at Monte Sant Angelo, our team regrouped gallantly for a very impressive 3rd place in the semi-finals. Congratulations to these fine, young actors, who had the audience in stitches with their comedic timing and on-the-spot wit.

It was a privilege training the students alongside the brilliant Theatresports coaches, Ms Joannah Kennedy and Mr Paul Bevis. We are enormously grateful to Mr Conrad Page, Ms Louise Arnott, Dr Paul Hine, parents, staff and Old Boys for their unwavering support which has allowed Theatresports to flourish at Riverview. Most importantly, thank you to our Year 7 and 8 improvisers for saying, "yes, and...", for their commitment, courage and for being a part of the great adventure that is Theatresports.

USA Tour

MR PETER WATTERS AND MS LOUISE ARNOTT

The highlight of Semester 2 has undoubtedly been Riverview's first ever Drama and Music Tour of the USA. At the beginning of the Term 3 holidays, 29 boys and four staff members embarked on their greatest ever Performing Arts pilgrimage to experience the hustle and bustle of New York City and to immerse themselves in Broadway shows, acting workshops, backstage tours, music recording studios, high school visits and service opportunities.

Our enthusiastic Riverview musicians and thespians were privileged to view Broadway shows *Beetlejuice* and *Dear Even Hanson*, the absurdist Blue Man Group, and to witness Jeff Daniels in *To Kill a Mockingbird*. We journeyed to Harlem to listen to emerging new vocalists and comedians at Amateur Night at the Apollo Theatre, visited our Jesuit brothers at Fordham Preparatory School in the Bronx and experienced a day at Edward R. Murrow High School, a centre for the arts.

The highlight for our Drama pilgrims was the privilege of participating in a method acting class at the Lee Strasberg Acting school, famous for its elite alumni including Paul Newman, Robert De Niro, Marilyn Munroe, Dustin Hoffman and many more. They also developed their comedic skills at the Terry Withers Comedy Workshop. Meanwhile, our musicians spent a morning at Replay Music Studios, working as a group to write and perform an original song and creating a professional recording of it. They also toured Madison Square Gardens, witnessing the huge setup for the Carrie Underwood concert and Billy Joel's piano. Another highlight was a visit to the "Play It Loud" exhibit at the MET, showing an impressive display of instruments used by great musicians, including guitars owned by Chuck Berry, Buddy Holly, and Elvis Presley.

Between shows and classes, our busy days were filled with tours of theatres, NBC studios, Radio City Music Hall, Top of the Rock and visiting the iconic landscapes of New York and Los Angeles. We walked through Central Park, experienced a moving evening visit to the 9/11 memorial and concluded the tour with some well-deserved recreation experiencing Disneyland and Universal Studios.

Deeper connections and an understanding of the culture and people of New York were made through the immensely rewarding experience of volunteering at the Holy Apostles Soup Kitchen. The boys served 760 hot meals and packed 335 bagged lunches, feeding over 1000 homeless people in the Bronx. They also had the privilege of experiencing a Baptist Gospel church service, where we were welcomed with open arms and hearts into the lives of the New York Baptist community.

Inspired, enriched and a little weary, we returned to begin Term 4 with a world of new knowledge, experience and inspiration to offer to our stages and performing arts classrooms at Riverview, along with new and lasting friendships and wonderful memories.

"During the September holidays we had the privilege of experiencing the dramatic opportunities in New York City and Los Angeles. Together, our music and drama students immersed ourselves in the possibilities of drama/ music as a career. The days were long and filled with excitement visiting the Statue of Liberty, the Brooklyn Bridge and the Hollywood sign – each monumental structure of great significance enabling us to understand the American culture."
- Max McKenzie, Year 10

Senior School Musical

The Addams Family Musical

MR PETER WATTERS

There was much excitement in Ramsay Hall when the Addams Family came to visit the College over 12-15 June. *The Addams Family Musical* proved to be a show filled with brilliant acting and singing, eye-catching costumes, hysterical one-liners, fantastic choreography, a wonderful orchestra and a stunning set and lighting. The cast, orchestra and crew were outstanding, and their professionalism shone through.

Led by Jude Paddon-Row, who transformed himself into a very convincing Gomez, along with his mesmerising wife, Morticia, played by Chiara D'Ambrosio, the Addams family led us through the ups and downs that is young love, and what it is to be "normal", with Wednesday Addams (Madeleine Morris) introducing her fiancé, Lucas Beineke (Jude Egerton-Warburton) to her family. The Addams family characters shone brightly with young James Rochaix (Year 7) as Pugsley, the towering Lurch played by Eamon Bateman and crazy Grandma Addams created by James Fitzgibbon. The "normal" Beineke family featured Cameron Mayhew as Mal and Brooke Bogatez as Alice. A highlight of the show was Oliver Murrie, as Uncle Fester, "floating" towards the moon. How this was achieved is still a mystery to many of the audience members! The principal cast was supported by a cast of Ancestors, with amazing vocal harmonies and precise choreography.

A huge thank you to everyone who was involved behind the scenes to help make the show the great success it was, especially to the hardworking staff who gave up so much of their time, and to the army

of parent workers who volunteered to sew, paint, lift, drill, hammer and help create an authentic distinctive Addams Mansion in the middle of Central Park, New York, filled with ancestors past. Thank you to the Principals of Loreto Kirribilli, Loreto Normanhurst, Marist Sisters' College Woolwich, Monte Sant' Angelo Mercy College, Pymble Ladies College, Queenwood School for Girls and Roseville College for allowing your students to be part of this production.

Enjoy the comments from some members of our wonderful audience.

"Fantastic job last night on the Addams Family, it was just spectacular, a credit to each and every person involved... The musicals are just a wonderful opportunity for the boys to do something different or, for some, do something they are passionate about."

"Wow! What a fantastic show... the music and singing were spectacular, the lighting and staging unbelievable (particularly loved the trip to the moon)! And the cast, well probably the strongest ensemble of leads I have seen."

"Congratulations on The Addams Family tour de force – what an undertaking!"

"I just wanted to take the time to let you know how much I enjoyed the musical last night. What an amazing effort! I almost forgot it was a high school production- it was that professional!"

Music

MR PETER WATTERS

The Woods Music Centre has again been a hive of activity this year with Co-curricular ensemble rehearsals and students participating in private music and drama tuition from early in the morning to late in the afternoon five days a week. We saw the addition of new peripatetic tutors, including Mr Shaun Tarring (Drumline/ Drums), Mr Stephen Ley (Drums), and Ms Isabel Taussig–Talmacs (Violin and Viola).

Our Music Co-curricular Ensembles have continued to develop and grow this year. The boys have diligently and enthusiastically attended rehearsals before and after school and have worked on new repertoire and revisited and refined old favourites. The Concert Program for 2019 saw a wide range of performances including Riverview in Concert, the Chapel Concert, The Australian Percussion Eisteddfod Drumline Event, the Combined Catholic Schools Choral Festival at St Mary's Cathedral and the Indian Bazaar.

For the first time, the Indian Bazaar saw the ensemble performances move to the inside of Ramsay Hall, and soloist and duos performing outside the Woods Music Centre. The Drumline again entertained the crowds on Second Field, and this year saw the inaugural Battle of the Bands, co-ordinated by Mr Kirk Hume, which was a great success. Year 8 band "Arrow" (Rian Robb, Fraser Rooney, Charlie Codsi) performed 'Youngblood' by Five Seconds of Summer at a student assembly to a rousing reception.

Riverview In Concert was again a very successful and professionally presented evening, with excellent performances from all of our ensembles. This event is a wonderful opportunity to showcase the talented students that we have here at the College.

The Chapel Concert provides a more intimate and formal performance setting for our students, with solo and ensemble items performed to an appreciative audience. The Orchestra, the Ignatian Choir, the Regis Choir, the Blue Notes and the Chamber String Ensemble, performed along with a range of soloists. These students were; Xavier McLachlan (Clarinet, Year 10), Finn McDonald (Violin, Year 12), Patrick Grant (Tuba, Year 11), Oliver Ell (Trumpet, Year 9), Will Austin (Voice and piano, Year 10), Charlie Hunter (Marimba, Year 11), Jude McDermott (Classical guitar, Year 12), Ethan Surya (Voice and piano, Year 12), and Christopher Peters (French Horn, Year 11).

The Ignatian Choir again had the honour of performing as part of the Combined Catholic Schools Choral Festival. The students spent many months preparing the featured work for 2019, *Requiem* by Mozart. They then combined with choirs from seven other Catholic schools in October to perform the work at the magnificent St Mary's Cathedral, under the direction of Mr Thomas Wilson. The boys presented a professional and polished performance and were a credit to the College.

Our annual College Anzac Ceremony was particularly moving this year with the Regis and Ignatian Choirs combining to present a poignant rendition of *'Here You Lie'*. It was wonderful to hear the younger voices blend with the senior students. Oliver Ell played trumpet for this year's rendition of the Last Post and Rouse, with Patrick Lenzner taking on this role for Remembrance Day.

Our students have competed in the Sydney Eisteddfod and the Australian Percussion Eisteddfod this year. In both Eisteddfods, all of the ensembles presented themselves professionally and performed to a high standard. In the Sydney Eisteddfod, the Regis Concert Band scored a very impressive 91/100 and the Intermediate Stage Band received a Highly Commended Certificate.

The Australian Percussion Eisteddfod saw Riverview come away with several awards. Thomas Hatzidis won the Drumline Snare solo; Ryan Graham was awarded 3rd place in the Tenor Drum solo and the Drumline gained third place in the Drumline Division B Test Piece.

The highlight of our performances this year was the Senior Musical, with the Ramsay Hall being transformed into the spooky and kooky Addams Family mansion for *The Addams Family Musical*. The cast, orchestra and crew spent months preparing for the show, rehearsing after school and on weekends and their efforts were rewarded with a spectacular production. The students performed over four evenings to appreciative audiences, who gave rave reviews and only positive comments about the actors, costumes, set design, orchestra and technical production.

This year has again been very busy and very productive. Thank you to each and every student for their hard work and enthusiasm, and to each parent for their ongoing support. I would particularly like to express my appreciation for the wonderful Music faculty staff, including the teachers, tutors and Music administration. Your talent, skills, and dedication do not go unnoticed.

ORCHESTRA Back Row: Paddy O'Brien, James Wilson, Christopher Peters, Daniel Izard, Lachlan Healey, Nicholas Freeborn **Third Row:** Mr Peter Watters (Co-ordinator), Will Gunns, Alexander Peters, Joseph Galvin, Myles McLaughlin, Joshua Morahan, Hugo Darin, Xavier McLachlan **Second Row:** Thomas Doyle, Ravin Fernando, Oscar Pidcock, Alexander Cronin, Joshua Wren, Luke Rennie, Joseph Thompson, Justin Choy, Raphael McLachlan, Mac Stannard **Front Row:** Harrison Clubb, Thomas McNamee, Benjamin Macdonald, James Groundwater, Finn McDonald, Tana McCleary, Oliver McLachlan, Cian McAweeney, Elijah Wehrhahn **Absent:** Gabriel Izard, Rory Kelly, Declan Mackey, Angus McCaffery, Hugo Taranto

The Orchestra

MR PETER WATTERS

It has been an absolute pleasure to work with the Orchestra again this year. They are growing together as an ensemble and are developing a strong cohesive sound. We welcomed new students to the violin section, two French horns, and an oboe player. The Orchestra has continued to explore a wide range of genres in 2019.

The Orchestra presented quality performances at Riverview in Concert, the Chapel Concert, the Indian Bazaar and several members formed part of the Orchestra for *The Addams Family Musical*, playing alongside professional musicians. These students were Nicholas Freeborn, Alexander Cronin, Joseph Galvin, Gabriel Izard, Xavier McLachlan, Lachlan Healey and Hugo Taranto.

At the Indian Bazaar, the orchestra performed on the stage in Ramsay Hall, entertaining the audience for over 40 minutes with a range of new repertoire as well as favourites from previous years.

The Orchestra again competed at the Sydney Eisteddfod representing the College with professionalism and receiving positive comments from the adjudicators. For this performance, the orchestra performed *El Relicario* by Jose Padilla, and *Radetsky March* by Johann Strauss.

We farewelled four Year 12 students at the end of the year. Finn McDonald – 1st Chair Violin, Joseph Galvin – Viola, Rory Kelly - Trumpet, and Nicholas Freeborn – Violin I, as well as Alexander Cronin (Year 8) - Violin. I would like to thank these boys for their commitment to the Orchestra and for being excellent role models for the younger students.

Chamber Strings

MRS ROSALIND GRAHAM

It has been a fulfilling year for the Chamber Strings ensemble with performances at many of the College events. The ensemble comprises many of the most talented string players in the senior school from Year 7 to Year 12. During Term 1, the ensemble worked on some movements from the *St. Paul's Suite* by Gustav Holst and from John Rutter's *Suite for Strings.*

In Term 2, the ensemble prepared music for Riverview in Concert, the College's showcase music ensemble event. Two movements from Holst's *Second Suite*, arranged by Deborah Baker Monday were performed. Rhythmically challenging, with interweaving parts and constantly changing time signatures, these movements taught the musicians skills in counting, listening and maintaining an independent part. The Finale movement was a blending of the traditional Greensleeves melody and an English Jig.

Following Riverview in Concert, Chamber Strings then polished up two more pieces for performance at the Sydney Eisteddfod. For this event, they performed *Concerto in D Major* by Telemann, arranged by Robert McCashion and *O Waly Waly* from Rutter's Suite for Strings. This latter piece featured solos from two of our Year 12 members, Finn McDonald and Joseph Galvin.

Early in Term 3, the ensemble performed in the Chapel Concert. In perhaps the most favourable venue, acoustically, for strings, the ensemble was proud to perform *Waltz no.2* by Dmitri Shostakovich and an arrangement of Bach's *Concerto for 2 Violins in D minor*. Our three Year 12 members then had HSC trials, whilst the remaining members of the ensemble prepared a 30-minute program of pieces to perform at the Indian Bazaar. Boosted by the return of the Year 12s for their

CHAMBER STRINGS Back Row: Mrs Rosalind Graham, Will Southon, Joshua Morahan, Finn McDonald, Joseph Galvin, Nicholas Freeborn, James Rochaix **Front Row:** Joseph Thompson, Luke Rennie, Harrison Clubb, Paddy O'Brien, Samuel Ashby, Alexander Cronin, Thomas McNamee

INTERMEDIATE STRINGS Back Row: Julian Criola, Xavier Cunial, Thomas Hudson, Julian Carr **Front Row:** Xavier Hynes, Samuel Young, Jean Ahn **Absent:** Hugh Gilroy, Charles Gould, Matthew Lee, Oliver Moss, Daniel Perisa, Marcus Rorke, Riley Wallis, Ciaran Wilde

Finale performance, the Chamber Strings played some wonderful pieces including Monti's *Czardas* and Handel's *Arrival of the Queen of Sheba* to a very appreciative audience.

The final term of the year was spent learning some new repertoire and a small group of players performed at the Bursary Mass and Celebration. The younger boys have stepped up valiantly into the leadership roles vacated by the Year 12 musicians and the ensemble continues to make wonderful music.

Intermediate String Ensemble

MR ARNE TRIPOLONE

Intermediate Strings comprises 15 students from Years 5 to 8 and is currently geared towards preparation for the advanced ensembles - Orchestra and Chamber Strings. Rehearsals have utilised developmental string ensemble repertoire by composer/arrangers such as Sheila Nelson, Keith Sharp and Stephen Chin. Technical exercises have included major and minor scales commencing from open strings, including a variety of bowings guided by the AMEB technical workbook. Many Intermediate String students participated in Music Activities in Years 5 and 6 where they began to learn how to make music in a string ensemble context. Ensemble skills are developed further in Intermediate Strings, with the opportunity for students to coordinate bow distribution, achieving an improved sound blend.

It was pleasing to hear high-quality sound in the students' existing repertoire, particularly in *Crocodile Hornpipe*. Incorporating new repertoire was challenging until students commenced learning a string ensemble arrangement of George Ezra's *Shotgun*, which students learnt in just two lessons with the assistance of Tempo Slowmo, an application that allows speed reduction of audio files. This achievement sets an important precedent for future work in Intermediate Strings. Classics provide a strong technical foundation for success on string instruments; however, students need to have learning experiences with repertoire that is part of their everyday experience.

Ignatian Choir

MR KIRK HUME

In 2019 the Ignatian Choir performed at key events in the College calendar beginning with the Ash Wednesday Mass in March. During the distribution of the ashes, selected singers from the choir performed an extended version of *Teardrop* by Massive Attack accompanied by an ensemble of synthesisers, bass and drum kit.

For the annual Anzac Ceremony on 1 May, the Ignatian Choir combined with the younger voices of the Regis Choir to sing *Here You Lie*, bringing real heart and spirit to this solemn occasion.

Term 2 was particularly demanding for many Ignatian Choir singers, as most of the boys were also heavily involved in *The Addams Family Musical*. Even so, their performance of *Be Thou My Vision* to a packed Ramsay Hall at Riverview in Concert was strong and heartfelt, really capturing the spirit of the beautiful arrangement by Gwyneth Walker. In June, the Ignatian Choir sang *Be Thou My Vision* and *Here You Lie* on stage at the Chatswood Concourse when they competed in the City of Sydney Eisteddfod.

For the annual Chapel Concert in Term 3, the Ignatian Choir reprised their rendition of *Be Thou My Vision* in the glorious acoustic of the Dalton Memorial Chapel. They also gave a preview of the *Introitus*, the opening number from Mozart's *Requiem*, which they would be singing in Term 4.

IGNATIAN CHOIR Back Row: Mac Stannard, Cameron Mayhew, Daniel Izard, Charles Alvarez, Eamon Bateman, Christopher Peters, James Wilson **Middle Row:** Mr Patrick Nam, Xavier Hynes, James Fitzgibbon, Luca Maher, Lachlan Healey, Oliver Murrie, Ethan Surya, Mr Kirk Hume **Front Row:** Thomas Doyle, Harrison Loiterton, Jack Treacy, James Rochaix, Alexander Peters, Joseph Thompson, William Brooks **Absent:** Ashton Cassar, Peter Gunter, James Harrison, Joshua Maiers, Christopher Martin, Jude Paddon-Row, Christian Pierangeli, Jack Thompson

Each year a highlight for the Ignatian Choir is the Combined Catholic Schools Choral Festival which takes place in October at St Mary's Cathedral. Our young men joined with choirs from seven other Catholic schools to perform highlights from the featured work for 2019, Mozart's powerful *Requiem*. The boys had been rehearsing this complex and technically challenging music throughout the year and acquitted themselves admirably in performance alongside the other schools under the inspiring direction of Mr Thomas Wilson.

THE BLUE NOTES Back Row: Mr Patrick Nam, Cameron Mayhew, Benjamin Curtin, Eamon Bateman, Mr Kirk Hume **Front Row:** Christopher Peters, Alexander Peters, James Fitzgibbon, Oliver Murrie, Lachlan Healey **Absent**: Rory Kelly, Jude Paddon-Row

The Blue Notes

The Blue Notes are a vocal ensemble of 8-10 singers designed for experienced senior school students who want to take on more musically challenging repertoire. Singers in this group learn to sight-read their parts and perform with style and confidence, often within very close range of their audience.

Being made up of students in Years 11 and 12, the group changes from one year to the next as one generation of Blue Notes makes way for the next. Each iteration of The Blue Notes therefore has their own unique sound, strengths and musical preferences.

This year, The Blue Notes were comprised of singers with a particular interest in early vocal music from the Renaissance to the Baroque period - a veritable golden age of vocal music.

Among the works sung by The Blue Notes were the *Crucifixus* for 8 voices (Antonio Lotti), *Miserere* (Gregorio Allegri) with the soaring soprano vocal line sung by James Fitzgibbon, *O Nata Lux* (Thomas Tallis) and Mozart's divine *Ave Verum Corpus*. For most of these students this would have been their first time singing these masterworks.

It soon became apparent that The Woods classrooms were not the ideal acoustic setting for airing this music, so with the generous permission of Ms Maureen Yates, the group moved their rehearsals to the Dalton Chapel where this style of music can really take wing and soar.

This year, The Blue Notes were heard in Riverview in Concert with a melting rendition of Queen's *Love of My Life* and at the annual Chapel Concert with the Lotti *Crucifixus.*

It must also be noted that The Blue Notes played a key role in practically every major liturgical event in the Ramsay Hall this year as they led the boys in the singing of the hymns and responsorial psalms.

SYMPHONIC WIND BAND Back Row: Joe Harrison, Henry Willis, Benjamin Curtin, Will Metcalfe, Ryan Graham, Dominic Marshall **Third Row:** Mr Michael Bellemore, Marcus Criola, Ash Bowie, James Sammour, Mitchell Rutherford, Christopher Peters, James Wilson, Evan Watson **Second Row:** Max Ghiazza, Alexander Hoffman, Thomas Heffernan, Tom McKay, Sebastian Ballantine, Patrick Lenzner, Miles McKeon, Alexander Peters **Front Row:** Oliver Gunns, Oscar Pidcock, Ravin Fernando, Oliver Ell, Darcy Henry, Thomas Klostermann, Alexander Cronin, Will Gunns, Benjamin Kropman

Symphonic Wind Band

MR MICHAEL BELLEMORE

This year has been an interesting and fruitful year for the Symphonic Wind Band. The students have been involved in a number of significant performances and eisteddfods of which they can be very proud. They have entertained audiences with a wide selection of material including *Cartoon Symphony, Hallelujah, Steel* and an *Alan Silvestri Medley*. Towards the end of the year we began work on a challenging Stevie Wonder medley which should be ready for competition early next year.

At the Sydney Eisteddfod held in May the band played extremely well. The Band played at school assemblies, including performing *A Night at the Movies* for the Co-curricular Assembly and at the Indian Bazaar in September.

I would like to take the opportunity of thanking the outgoing Year 12 contingent consisting of Will Metcalfe, Ryan Graham and James Sammour. These boys have been in the band since Year 7 and were a constant source of inspiration for the younger boys and their enthusiasm, musicality and dedication to the band was outstanding.

Intermediate Concert Band

MRS SUE THOMAS

The very best way to learn music is with an instrument in hand, and the aim of the Intermediate Concert Band is to encourage our younger students of all levels to focus on fundamental musical skills whilst developing them into confident young musicians.

The Intermediate Concert Band began the year comprising of students from Years 6 to 8 and we started with very strong numbers and a good range of instruments. Our woodwind section in particular saw a boost in numbers and brought a welcome diversity to our sound.

The first public performance for the band was Riverview in Concert and Mr Walder chose a couple of dramatic and contrasting pieces to perform. The first was *The Temple of Ka Uka*, which translates to 'the mountainside', a lively piece depicting the landscape of Hawaii. It explores a rich variety of tone colour though the use of body percussion and vocalisations. *The Incredibles* was also a huge success with its catchy combination of spy/adventure music mixed with 'cool' jazz.

In May, we performed at the Sydney Eisteddfod at the Concourse in Chatswood. This was an invaluable opportunity to build confidence and skills through performing to an audience, and to receive helpful notes from expert adjudicators. In September, we performed at the Indian Bazaar and had the chance to perform what we had been working hard on. The Indian Bazaar is always a chance for our band to play in a relaxed and informal setting and to have some fun.

We concluded the year with an open rehearsal where parents and friends joined us in a celebration of the wonderful achievements the Intermediate Concert Band has accomplished this year. We played through some of our favourites including, *The Lion King, Where the Sun breaks through the Mist* and *Pirates of the Caribbean*.

INTERMEDIATE CONCERT BAND Back Row: Oliver Galvin, Mark Qu, Cormac Kelly, Alexander Jambrich, Samuel Dickinson, Angus Mackinnon **Third Row:** Oscar Sinclair, Connor O'Sullivan, Joseph Graves, Spencer Solomons, Charlie McKay, Judah White, Timothy Martin, Edward Dunstan, Lucas Ballantine **Second Row:** Daniel Keaney, Lachlan Mauleon, George Gaha, Thomas Hartman, Oscar Ell, Benjamin Macdonald, Zachary Dockney, Joe Rooney, Jack Burden, Liam Treacy, Mr James Walder **Front Row:** Sam Wright, Lachlan Hordern-Smith, Leonardo Kong, Alastair Brown, Rory Parker, Ted Perrignon, William Grattan, Matthew Marinovic, Jack Caine

Riverview Big Band

MR PETER WATTERS

The Big Band has had a productive year. It has been a rebuilding process, after losing quite a few members who graduated last year. Meeting each Friday morning in the Woods, the boys have dedicated themselves to developing their individual skills and working as an ensemble to become a tight unit. The majority of our students are now in the younger years and I look forward to seeing the Big Band continue to develop.

The Big Band has performed at several school events this year including Riverview in Concert, the Co-curricular Assembly and the Indian Bazaar. Many of our pieces this year incorporated vocalists and we performed pieces such as *That's the Way I Like It* by KC and the Sunshine Band, *Crazy Little Thing Called Love* by Queen and *Whisper Your Name* by Harry Connick Junior. The Big Band has also continued to play pieces fondly enjoyed by the students including *Macarthur Park, In the Stone* and *Higher Ground*.

The Big Band also had the opportunity to compete in the Sydney Eisteddfod and represented the College with credit.

BIG BAND Back Row: Mr Peter Watters, Thomas Klostermann, Cameron Mayhew, Thomas Hatzidis, Harrison Tate, Will Metcalfe, Alexander Hoffman, Lachlan Healey, Oliver Ell **Front Row:** Max Ghiazza, Darcy Henry, Henry Willis, Jack Caine, James Sammour, Lachlan Walker, Nicholas Pignone **Absent:** Ethan Brumley, Lachlan Easdown, Hugo Taranto

A highlight for 2019 was the performance of *Whisper Your Name* in which the Big Band accompanied Harrison Tate for his HSC Music Performance examination.

I would like to thank the students for their hard work this year and hope that they have enjoyed themselves. I would particularly like to thank our three Year 12 students Harrison Tate (voice), Henry Willis (alto sax), and Will Metcalfe (trombone) for their ongoing dedication and support and I wish them all the best for the future.

Intermediate Stage Band

MR SAM GILL

The Intermediate Stage Band has had an exciting and inspired year. The band has worked on a wide range of repertoire drawn from traditional and contemporary jazz writers, performing at several of the College's major music performance events.

The first semester saw the band welcome some new members, with our weekly rehearsals focused on learning new pieces as well as adding the finishing touches to pieces the band had started in late 2018. This period of rehearsal culminated in the band's performance at the Term 2 Riverview In Concert, performing *Leap Frog,* a swinging tune by the great American composer Joe Garland.

Late Term 2 also saw the band perform at the Sydney Eisteddfod, performing alongside a number of other schools in their division. This performance included *Leap Frog* as well *Soulin'*, a funky piece by contemporary composer Larry Neeck. The band tackled the stylistic challenges of each piece with gusto, giving an energetic performance that was awarded a mark of 83 by the Eisteddfod's adjudicators, and a Highly Commended Certificate.

Semester 2 saw the band working on new repertoire during weekly rehearsals, including several pieces that were performed at the Indian Bazaar. A number of other pieces are still in progress and will continue to be workshopped and performed in 2020. During these later rehearsals, the band's focus has shifted to bringing out dynamic contrasts within the music, as well as learning to play with rhythmic accuracy in different styles including swing, funk and, more recently, reggae-influenced jazz.

Through the year, several members of the band have progressed into roles in the Riverview Big Band. The remaining members have taken on lead-roles within each instrumental section, learning new musical skills and approaching new repertoire with enthusiasm.

INTERMEDIATE STAGE BAND Back Row: Mr Sam Gill, Spencer Solomons, Miles McKeon, Anderson Porter, Connor Forrest **Front Row:** Jack Caine, Nicholas Re, Joseph Graves, Sean McKeon, Lachlan Mauleon

DRUMLINE Back Row: Mr Shaun Tarring, Ryan Graham, Thomas Hatzidis, Hugh Fitzgibbon **Front Row:** Joseph Graves, Charlie McKay, Casimir Lyone, Jack Davies, Oscar Davies **Absent:** Charlie Codsi, Daniel Osborne, Henry Payne, Lachlan Rooney

Drumline

MR SHAUN TARRING

This year the Drumline saw a year of growth with many new students joining Drumline and some playing drums for the first time. The Riverview Drumline is a special ensemble featuring students from Years 6 to 12. Every student is allocated to a section for the year, each with a distinct role to play, and that section becomes a team within the Drumline.

In Term 1, the Drumline delved into skill acquisition phase with learning new repertoire and developing fundamental skills such as technique, co-ordination, stick tricks, movement and marching. During this time, the ensemble works on their field style show combining several short pieces with movement/marching and flashy stick tricks.

In Terms 2 and 3, the boys had successful performances at Riverview in Concert, the National Drumline Competition, the Indian Bazaar and several sporting matches held at the College. The Drumline placed 3rd overall in the Division B category at the National Drumline Competition as well as two of the drumline members placing in solo divisions. Ryan Graham placed 3rd in the solo tenor competition and Thomas Hatzidis took 1st place in the solo snare drum competition.

In Term 4, the Drumline focused on learning new repertoire for performances at the end of the year and the beginning of next year, with several members advancing to different sections within the drumline. The

SENIOR PERCUSSION GROUP L-R: Oliver McLachlan, Thomas Hatzidis, Charlie Hunter, James Wilson

EMMANUEL GUITAR ENSEMBLE Back Row: Mr Richard Cichocki, Harry Stannard, John McCaffrey, George Coates, Timothy Thackray, Paddy O'Brien **Front Row:** Henry Butler, Charles Stretch, Frank Thomsen, Dylan Bennett, Luke Brady

year finished with the drumline members competing in the fastest hands competition held at the school with Charles Codsi placing 3rd, Hugh Fitzgibbon placing 2nd, and Thomas Hatzidis placing 1st.

Emmanuel Guitar Ensemble

MR RICHARD CICHOCKI

The Emmanuel Guitar Ensemble consists of students from Year 7 to Year 11. The students performed at Riverview in Concert, in a performance including bass guitar and percussion. Many great comments were received on their performance. Some students had the choice to improvise a solo if they were capable of doing this. The repertoire consisted of music from classical to popular including Latin music. The Ensemble was a great unit and always showed dedication and professionalism.

The Senior Percussion Ensemble

MS ALISON PRATT

The 2019 Senior Percussion Ensemble consisted of six talented students ranging between Year 9 and Year 11. The Ensemble worked on various repertoire, but the stand-out piece was *Omphalo Centric Lecture* by the Australian composer Nigel Westlake - a quartet for two marimbas, which I arranged and adapted for three players on one marimba, one player on vibraphone and two hand drummers/percussionists.

The Ensemble performed the Westlake piece at the Riverview in Concert. One of the members of the Ensemble was recovering from a broken collarbone so unfortunately was unable to perform on the night, so I stepped in and played his part and led the group from behind the marimba. The piece was very well received.

The Ensemble was registered to perform the Westlake piece at the Sydney Eisteddfod on a Sunday in May when it was reported that one of the Year 11 students from the Ensemble had been hospitalised, suffering concussion at his sports training session the morning of the Eisteddfod. The piece was not able to be performed without his part, so the unfortunate decision to cancel the performance had to be made at very short notice.

The Ensemble did perform the Westlake piece at the Australian Percussion Eisteddfod in August at the King's School in Parramatta. The Ensemble did not receive a placing but performed well, benefiting from the performance experience.

All in all, it was a successful year, despite all the sports injuries!

Australian Rules Football

MASTER IN CHARGE: MR JOSH FLANNIGAN (OR2005)

AFL is a top tier sport in Australia that continues to grow in NSW and Riverview is assisting that growth with 20-30 new players joining the AFL program this year. In 2019, we fielded nine teams and had approximately 200+ players from Years 5 to 12.

Rewind a few years and Riverview was the only Sydney school to field a team, competing in the Sydney AFL club competition. In 2005, our 1st team won the Under 18 competition, which was a huge achievement and set schoolboy AFL on a path where we now, 14 years later, have GPS and CAS schools duking it out in our very own Sydney Independent Schools Competition. For lovers of AFL, the increasing demand for the sport in the school environment is extremely pleasing.

This year we didn't take home the silverware in the 1st U18 competition after three undefeated seasons, which had some our coaching staff and players doing some light-hearted soul-searching post season. Though I reminded them, "gents, we can't win them all, and there is always next year."

In Division 1 age group competitions, despite some amazing efforts and fierce duels against the eventual winners Knox, who took out Year 7/8 and Year 9/10, we finished the season below first place. Even though this might seem devastating, especially as I now have the dubious honour of being the only MIC in recent memory to have no trophies to my name, I think it is such a positive reflection that our opposition schools have developed their AFL programs to the point they are not only competing with Riverview, but staking their claim on our trophy cabinet. In 2019, we were the hunted. In 2020, we become the hunter, which presents a whole new set of challenges and opportunities.

We are extremely fortunate to have some wonderful coaching staff in our AFL program. We are admirably led by Sydney Swans team of the century member David Murphy (1st XVIII coach) and former Richmond Tigers and Sydney Swans ruckman Tim Barling (2nds coach). There aren't many schools in Australia who can lay claim to having the calibre of coaches we have leading our program.

Putting aside the results from 2019, one of the most positive things about AFL at Riverview is our wonderful community. We rely heavily on the parents for support and they didn't let us down, helping out with team manager roles as well as being goal umpires, boundary umpires, and of course keeping the boys hydrated. A big thank you to the parent group for your contributions.

The outgoing Year 12 players will be sorely missed, they were a wonderful cohort and we thank them for their AFL careers at Riverview, especially the three captains Nick Armstrong, Joe Finsterer and Sam Austin who were outstanding in their leadership positions.

We had great representation in the GPS team this season with Lincoln Crimmins, Jackson Barling, Joe Wotherspoon, Oscar Davis, Felix Rogers, Harvey Parmentier, Sam Austin, Nick Armstrong and Joe Finsterer all making the team which narrowly lost to CAS on Fourth Field in what was a high level and physical contest.

A special mention to the many boys throughout all age groups who are part of the Swans Academy program, as well as Jackson Barling (Year 12), Oscar Davis (Year 11) and Felix Rogers (Year 10) who represented at NSW level.

1st XV111

COACH: MR DAVID MURPHY

Once again Riverview was blessed with strong numbers in the trials in April, enabling the opens to have a 1st and 2nd XVIII which was again ideal giving the squad depth for the season.

Following back to back to back premierships in the Independent School Competition in 2016, 2017 and 2018, this year's playing group were determined and focused from the first training session to strive to make it the "four peat" in 2019.

After the four trial games the competition draw was divided into two pools. The College 1st XVIII were in Pool A and our 2nd XVIII were in pool B.

After 30 straight wins over three and a half seasons, Riverview succumbed to an impressive Waverley by 11 points and they ended up winning the overall premiership. Unfortunately, lady luck deserted this year's squad when key players missed critical games with injuries or representative duties.

Memorable games included:

Riverview 76 def Barker 16
After losing 12 players from last year's undefeated season. The boys played brilliant team football, which was a feature of this

First XVIII Back Row: Conor John, Henry Pringle, Harvey Parmenter, Harry Martin, Gregory MacQuillan, Christian Taylor **Third Row:** Sandy Flagg, Jackson Barling, Charlie Huttary, Harrison Clubb, Matthew Macey, Jack Cameron, Pat Mainsbridge **Second Row:** Xavier Lee, Felix Rogers, Oscar Davis, Thomas Gorman, Lincoln Crimmins, Timothy Hurford **Front Row:** Sam Austin, Mr Joshua Flanagan (MIC), Josef Finsterer (Captain of First XVIII), Mr David Murphy (Coach), Nicholas Armstrong (Captain of AFL), Ms Mary Dorahy (Coordinator), Lachlan Howarth

season. Outstanding performances from our back six set up the emphatic victory. In this game, Harry Clubb set up many forward thrusts with intercept marks with Matthew Macey, Captain Joe Finisterer, Charlie Huttary and Sandy Flagg in support, not only did the back six shut down the dangerous Barker forwards but pushed to outnumber the opposition and create opportunities for their teammates up field. The midfield in Sam Austin and Oscar Davis dominated the opposition at stoppages thanks to Harry Martin and Greg MacQuillan's great work in the ruck. The disciplined tagging role of Pat Mainbridge on Barker's most dangerous player also contributed to the victory. The forwards were getting plenty of opportunities with the first use of the ball, Jackson Barling dominated with 6 goals and was well supported by Tim Hurford, Oscar Drew, Will Thorpe and Tom Gorman.

Newington 48 def Riverview 44

Among the many highlights during the course of the 2019 season was the final game, the winner could possibly snatch the premiership should Waverley lose in the final round. What a blockbuster this game turned out to be in front of a large crowd and support from boarders from both colleges. Newington led by 12 points at quarter time and then the View boys clicked into another gear by lifting the pressure and their intensity. Joe Wotherspoon was giving outstanding service to his midfielders in Lincoln Crimmins, Nick Armstrong and Christian Taylor, Felix Rogers and Sam Austin. Harvey Parmenter pulling down a towering mark of the day in the last line of defence set the tone. At half-time, Riverview led by 5 points and extended the lead in the 3rd quarter to 11 points after goals to Xavier Lee and Tom Moore. With the Riverview boys starting to feel the effects of cramping in the last quarter, it was evident that our players were starting to tire, and our backline was under siege. The gallant last line of defence in Conor John, Lachy Howarth and Henry Pringle held firm until the last 15 seconds of the game when Newington snapped and kicked blindly out of the pack to score an unlikely goal which gave Newington a final kick victory by 4 points. It was an epic game that no team deserved to lose, and school football was the real winner on the night.

Congratulations to our representative players Jackson Barling, Felix Rogers and Oscar Davis who all were selected in the NSW Rams teams at the national carnival this season.

Thanks are extend to all parents for their support in goal umpiring and boundary duties and encouragement and support of the boys during the season. A huge thank you to our very passionate team manager Sarah Martin, who has been managing teams at Riverview for the best part of 15 years, to our dynamic MIC Mr Josh Flannigan and to the assistant coach gentle giant, Mr Tim Barling.

OPEN B AFL Back Row: Mr Tim Barling (Coach), Jackson Barrett, Spencer Mitchell, Jaxon Rose-Cummins, Mr Harry Mainsbridge (Coach) **Front Row:** Oliver Williams, Dominic Marshall, Rory Burke (Captain), Christian Knight, Alexander Hoffman

2nd XVIII

COACH: MR TIM BARLING

Pre-season training began in March. We had 56 players register to play AFL in the open teams - a reflection of the success over the past few years. A mixture of soccer, basketball, volleyball and rugby experience and a few returning AFL players joined together for the first session. This is when we figured out that it was going to be a challenging but enjoyable season.

The players were quickly split into the possible firsts and seconds squads. The firsts learnt a new drill called hashtag. The remainder went for kicking, marking and handball practice with some tackling and rubbing noses into the ground thrown in for good measure.

The first half of the season saw us have some dominating performances, scoring goals with ease and winning comfortably but also suffering some humiliating losses against the first teams from other schools. After the long break and returning to an equalisation for the remainder of the season, we again had convincing wins and suffered only slightly bigger losses against Joeys and Knox firsts.

The improvement in skills, fitness, structure and team bonding from the start of the season to the finish was huge. It has been a great pleasure to coach a fantastic bunch of young men. I wish all the boys the very best of luck in the future.

Year 9/10 Divisions

Year 9/10 Division 1

COACH: MR SAM YOUNG

The Year 9/10 Division 1 team had a successful season finishing with 8 wins and 2 losses. It was a season that had it all with real tug of war battles with St Aloysius and Knox that really pushed the team and some games against Newington and Waverley where the mercy rule was enforced by half time.

Whilst the easy wins were a bit of fun, it was much more enjoyable battling it out with our toughest opponent, Knox. In both games, the never say die attitude the boys brought even when under enormous pressure was pleasing despite the losses.

The cohesion of the boys across the two age groups was great to see and a unique feature to the AFL system.

9 & 10 AFL DIVISION 1 Back Row: Mr Sam Young (Coach), Charles Cook, Hugh Fielding, Michael O'Brien, Byron Laws, Max McKenzie, Tom Duffy, Mr Reuben Laws (Coach) **Front Row:** Jack Bannerman, Max Quinn, Cooper Donald, Will Austin, Zachary Sheerin, Sam Candy, Harry Davis

Year 9/10 Division 2 White

COACH: MR DAMIEN REIDY

During the first two weeks of trials for 70 players, we ran a series of skill orientated drills and small sided games after which the selections were made with a promise of promotion for those who displayed improved form both at training and during games.

Our maiden opponents were old rivals St Joseph's College and we began confidently and achieved a solid victory. Our other opponents during the season were Trinity College, Barker College, St Aloysius College, Waverley College and North Sydney Anglican Grammar School. The win/loss ratio was a healthy six to four in our favour, but the friendships formed, leadership qualities displayed and eagerness to learn from the boys are the enduring memories.

9 & 10 AFL DIVISION 2 BLUE Back Row: Mr Sebastian Wood (Coach), William Miller, Joseph Maguire, Matthew Butler, Tristan Dardis, Mr Harry Zekulich (Coach) **Front Row:** Xavier Morgan, Andrew Martin, Benjamin Baskin, Mr Tim Ross (Coach), Timothy Richards, Samuel Hynes, Joel Russell

Year 9/10 Division 2 Blue

COACH: MR TIM ROSS

Once we were able to allocate over 70 boys to different teams, Riverview's 9/10 Division 2 Blue team were able to begin their quest for greatness. The team had a great culture which meant training sessions and game days were a great deal of fun.

Despite a mix of results recorded, some great passages of footy were evident, with an obvious progression in skill evident both individually, but more importantly from the team. This was particularly evident in the team's emphatic win over arch-rivals Joeys, with every person on the team contributing to a momentous victory in the historic Riverview v Joeys rivalry.

9 & 10 AFL DIVISION 2 WHITE Back Row: Samuel Harrop, Orlando Carr, Thomas Cheok, Mackenzie Thompson **Middle Row:** Mr Tim Ross (Coach), Saxon Mitchell, Felix Harding, Joshua Klobusiak, Tom O'Meara, Daniel Klobusiak, Hugo Kerr, Mr Harry Zekulich (Coach) **Front Row:** Christian Pace, George Connolly, Oliver Daley, Mr Sebastian Wood (Coach), Flynn Crawford, Michael Opoyan, Maximillian Blakers

Year 7/8 Divisions

Year 7/8 Division 1

COACH: MR JOSH FLANAGAN

The Year 7/8 Division 1 team was one made up of immense talent and exemplified the brand of Riverview football we are instilling throughout the entire program. It was a successful season for this unit, finishing with 7 wins and 3 losses.

The unfortunate thing for the 7/8 boys was that we had a formidable opponent in Knox, who outmuscled us and proved too good on three separate occasions. Every other opponent we faced, we were able to assert ourselves and play football the way we wanted to play and won our games convincingly.

This team had a multitude of contributors and displayed football maturity beyond their years. It would be remiss not to acknowledge the outstanding leadership and on field creativity of Matthew Sidhu along with the brilliance of Harry Grebe and Ben Cheshire from Year 8. Oli O'Callaghan and Luke Bannerman were phenomenal from the Year 7 brigade and will no doubt lead the way next year.

7 & 8 AFL DIVISION 1 Back Row: Matthew Sidhu, Lucas Visscher, Toby Ryan **Middle Row:** Mr Joshua Flanagan (Coach), Frederic Nery, Callum Mitchell, Benjamin Cheshire, Hugo Holt, Luke Bannerman, Will Pettiona **Front Row:** Austin Orsini, Thomas Mitchell, Xavier Channing, James Sneddon, Zachary Nandlal, Jack Caine, Oscar Davies

7 & 8 AFL DIVISION 2 Back Row: Darcy Robertson, Alexander Spong, Hugh John **Middle Row:** Daniel Dougan, Angus McGibbon, Lucas Zaknic, Kai Rose-Sinclair, Lukas Taylor, Hugo Wrightson **Front Row:** Milan Sundaraj, Connor Forrest, Mr Chris Forrest (Manager), Nishantha Abbey, Mr Nicholas O'Sullivan (Coach), Xavier Hynes, Patrick Ward

SENIOR BASEBALL Back Row: Remy Driessen, Rory Kelly, Charlie Beck, William Hadwen, Adam Green, Claude Kalfabun **Front Row:** Nicolas Robertson, James Kardachi, Mr Patrick Cuda (Coach), Lachlan Newey, Aidan Collins **Absent:** James Masters

JUNIOR BASEBALL Back Row: Harrison Kelly, James Casey, Ash Bowie, John Re **Front Row:** Russell Whap, Joshua Cunningham, Mr Patrick Cuda (Coach), Matthew Chung, Jean Ahn

Baseball

MASTER IN CHARGE: MR GUY MASTERS

Baseball at the College is a small, tight-knit sport. Seniors and Juniors train together with the Seniors always willing to assist the younger boys as they learn the game. Both teams consistently enjoyed the support of the other during Saturday games.

The College fielded two teams in the North Ryde Junior Baseball League in season 2018/2019; a Senior (Under 18) team and a Junior (Under 16) team. Both teams enjoyed success, with the Seniors excelling by making the Grand Final.

The Junior team faced the disadvantage of being younger than most of the club teams they played. Nonetheless, they were winners against the two school teams their Division – Knox and Rosebank. I thank all the players as well as coaches Charlie Kos, Pat Cuda and Sue Cunningham. We are also extremely grateful to Julia Re for her impeccable scoring.

The Seniors won 7, tied 2 and only lost 3 matches on their way to the runners up position. Five Saturdays were washouts. Although beaten by a very gracious Rosebank in the Grand Final, it was a great event played with the utmost sportsmanship and inclusivity. We extend our congratulations to them.

Thank you to our coaches, Perry Fisher, Brett Collins, Xavier Horsley and Nick Greenwood. We wish Perry all the best as he leaves to live overseas. Thank you to Ben Kardachi and Melissa Green for all of the scoring.

Of course, we are always grateful for the advice and assistance of Jerry Cobb and the accurate, supportive and sometimes entertaining umpiring of George Cassar.

We farewell the Year 12s – Captain James Kardachi, Bill Hadwen, Nicolas Robertson, Claude Kalfabun and Rory Kelly.

Basketball

PROGRAM CO-ORDINATOR:
MR OLIVER STENMARK

Undefeated teams - 1sts, 2nds, 8ths, 11ths, 14B

Amongst the hype surrounding the College's 1sts and 2nds' most successful season in the College records, the sport of basketball saw great growth and a realisation of serious potential within its younger ranks.

The U13s enjoyed a fruitful season with students tasting their first victories in Blue and White. A strong competitive nature was displayed by the A and B Squad while a welcoming camaraderie and friendship was developed in the age group. With energetic Old Boy coaches from previous years' 1st and 2nd teams, the U13s approached every game as a championship winning with determination and taking pride in their efforts. Julian Reynolds was selected for the U14 NSW Metro Men's Southern Cross Challenge team held in January.

Our U14s stamped their dominance across the GPS with an impressive level of continued success. Fast and efficient is the best way to describe this age group, as they pressed teams with early points and suffocated defensive pressure. An honourable mention goes to Lucas Visscher, who was selected as a part of the U16 NSW Metro Men's State Squad and played in the Southern Cross Challenge.

The U15 age group started strongly with the 15As winning The King's Cup. The rest of the season saw a mixed bag of performances with each team taking their fair share of wins and losses. With strong guidance from determined coaches, the students began to find strength in structure and dominated the final round of the GPS season with all teams winning.

U16 basketball has always given the opportunity for developing players to display their best, as some students are selected to represent the College at the Open level. This year was no different and the age group was able to attack the rim with finesse. An impressive record of wins has given the belief that next year's Opens selections will be extremely competitive.

This season was not only important for its success at the most competitive level of Open basketball, it also saw the College boast its largest representation of Open teams on record. With over 150 students sorted into 15 teams, most schools within the GPS system simply couldn't match the weight of numbers. This allowed for regular fixtures against Cranbrook, Knox and Barker, expanding the students' social circles across the greater Sydney area. It's fantastic to watch the sport grow and nurture its burgeoning talent.

Congratulations to the 2nd V, led by Alexander Boniciolli, as they won their third consecutive undefeated AAGPS title and the T.E. Bawden Shield.

GPS CHAMPIONSHIP 1STS AND GPS PREMIER 2NDS BASKETBALL Back Row: Chan Deng, Gregory MacQuillan, Kieran Gates, James Phillips, Archer Woodhill, Liam Egan, Henry Anderson, Nicholas Humphrey **Middle Row:** Jack Aman, William Garling, Michael Cheok, James Fenn, Thomas Hatzidis, Benjamin Tuckfield, Hugo Heanly, Austin Reich, Harry Ballhausen **Front Row:** Mr Oliver Stenmark (MIC), Mr Jamie Szabo (2nds Coach), Mr Jim Arkell (2nds Coach), Alexander Boniciolli (2nds Captain), Thomas Roche (1sts Captain), Mr Daniel Kovacic (1sts Coach), Mr Dale Clarke (Senior Manager), Mr Jonathan Harvey (Sportsmaster)

The College 1st V brought home the Denys Hake Shield after a 41-year absence. Previously, the College's 1st V has only shared the honours once with The Shore School in 1978. Led by the Captain of Basketball Thomas Roche, the combination of both our 1st and 2nd V competing through a full season undefeated has not been seen before at the College.

Representative Honours were earned by Thomas Roche, Archer Woodhill and Nicholas Humphrey who were selected as part of the Combined AAGPS 1st V that took wins over both ISA and CAS Schools teams. Similarly, Harry Ballhausen was selected to represent the College as a member of the Combined AAGPS 2nd V.

Congratulations to Archer Woodhill as he received a College Blue and a CIS Blue for his contributions to basketball both at the College and beyond.

1st BASKETBALL Back Row: Michael Cheok, Nicholas Humphrey, Kieran Gates, Archer Woodhill, James Phillips, Gregory MacQuillan, Benjamin Tuckfield **Front Row:** Mr Oliver Stenmark (MIC), Harry Ballhausen, Mr Daniel Kovacic (Coach), Thomas Roche (Captain), Mr Dale Clarke (Manager), William Garling, Mr Jonathan Harvey (Sportsmaster)

1st V

COACH: MR JIM ARKELL

Undedeated Champions

The First GPS Premiership in 41 YEARS

After the disappointment of missing out on the GPS premiership last year, the 1sts had extra motivation this season. The team had a slightly different dynamic with all members of the team in Year 12. This group has been playing together since their Regis days. Some had moved into the 1st or 2nd teams earlier than others, and they eventually re-joined to tackle the challenges that lay ahead.

Our first tournament of the season was the **Sydney Schools Shootout** which is an opportunity to play against non-GPS teams. We were undefeated in the group stages and reached the grand final against Sydney Grammar. After a tense start, the team was able to gain some rhythm and come away with the victory; the first piece of silverware of the season.

Term 4 and a new format for the **Raschke Cup** saw Riverview placed into a group which contained The King's School, Shore and Sydney Boys' High. Our first game went back and forth against Sydney Boys' where neither team could gain control until the fourth quarter when we asserted ourselves and come away winners 84-68; Nick Humphries top scored with 19 points. The second game was against King's, where Riverview controlled the first half and led at the break. The second half was a different story as King's came out strongly and ate away at the deficit. We ended up losing the game 76-73. Riverview had to win against Shore to make the final. The team came out with a purpose and never let Shore into the contest, winning 91-58. The final of the Raschke Cup was played against Sydney Grammar School. Grammar started strongly, not giving us any space to play our natural game. At half time we made some adjustments and came away with a resounding victory 86-59 to claim our second trophy of the season.

Riverview went to Melbourne for the **Australian Schools Championships** for the first time in 10 years. The first game was against Henley High (South Australia); we were not able to contain some of the outstanding players and lost 72-58. The next game was against Marby Jets (Melbourne) which boasted State and National representative players who proved their worth and we lost 90-58. The two consecutive losses put Riverview in a tough situation, with three games remaining and needing to win all three games to advance to the finals. The next pool game was against St Joseph's College team (Fern Tree Gully, Victoria) which was extremely focused and came away with the win 84-58 (Archie Woodhill 34, Nick Humphries 14). The fourth-round game pitted Riverview against Lilydale High School (Victoria) and once again we came out with intent and never let Lilydale into the contest; Archie Woodhill lead the way with 29 points and Kieran Gates adding 16 in a 79-56 victory. The last pool game was against Aquinas College (Western Australia) and we needed to win this game by 30 points and hope that Marby Jets beat Henley High School to advance. From the tip off, the desire in the players was intense. By half-time we led by 25 points and in the second half, we increased our level of play another notch to win 95-40 (Archie Woodhill 36, Harry Ballhausen 19). More importantly, the other fixture went the way of Riverview which put us in 2nd place and into the semi-finals.

The semi-final was against Flinders College (Victoria) who were the number one seed and only lost one game in their pool. The game ebbed back and forth with the lead changing multiple times. In the end, Riverview was able to gain control of the game winning 89-72, Archie Woodhill had another incredible game with 34 points, while Captain Tom Roche and Nick Humphries finished with 14 points each. In a surprising turn of events, Marby Jets were knocked out by Yarra Valley High School in the other semi-final.

The grand final was played on the hottest day of the tournament where it reached 35 degrees outside and inside felt even hotter! The temperature played its role in the game quality as both teams were sloppy at the start. Yarra Valley frustrated with their tough style of play and crippling defence. Led by Tom Roche, Riverview was able to pull away and build a small lead. All team members contributed to the game as Yarra Valley did a good job guarding Archie Woodhill and Nick Humphries. It was this ability to play as a team and fill any voids that helped Riverview win this tough game 67-56 and be crowned the 2018 U20 Men Division 1 Champions. It was an unforgettable time in Melbourne, not only to win the tournament, but the way in which the boys were able to face adversity, be on the brink of elimination and come together as a team to win the championship.

After a well-deserved break, the **GPS season** started with our round 1 opponents being the Shore School. Due to the warm, humid weather, the court was too slippery and unplayable. With the players' well-being being the main priority, the game was postponed.

We finally played our first opponents of the GPS season, Sydney Grammar School. As in previous meetings, Grammar started with great energy making for a closely fought battle in the opening stages of the game. Riverview was able to maintain their composure and ran away with a comfortable victory 88-46.

Next was the rescheduled game with Shore. Hundreds of supporters from both schools filled the Gartlan Centre to capacity. Both teams were on top of their game trading basket for basket and keeping the game very close at half time. During the third quarter, Riverview was able to stretch the lead out. Credit to Shore who continued to fight back in the final few minutes of the game. Shore had a shot waved away on the buzzer that would have tied the game 96 all, giving Riverview a hard-fought win 96-93.

The next game was against St Joseph's College, our third game in seven days. St Joseph's made it very difficult for the Riverview players to find any rhythm and the fatigue factor was noticeable. The players dug deep as a team to come away with the victory, thanks to 19 points from Archie Woodhill and 18 points from Harry Ballhausen.

The round 4 fixture pitted us against The King's School; the only school to have beaten Riverview in Term 4. The team started with determination and didn't allow King's any chances in the opening exchanges, taking a sizeable lead after the first quarter 34-8. Riverview maintained their effort and came away with a resounding 103-64 win.

The next opponents were Newington College who have the reputation of being one of the premier basketball schools in the GPS and they were the team that denied Riverview the premiership the previous season. Both teams mixed up their defences and made scoring difficult. All members of the team had to step up to secure victory and Riverview eventually ran away with a 79-61 win.

Round 6 we played Sydney Boys High; both teams were undefeated and whoever won this game would be in a prime position to win the premiership. The start of the game was extremely tense, with a big crowd in attendance. The effort the Riverview team showed in defence and offence helped set a platform for the remainder of the game. Brilliant defence prevented Sydney Boys from being settled and we won 74-54, guaranteeing Riverview its first GPS Premiership in 41 years.

The final round of the GPS season was against The Scots College in their home gym, which is always a daunting task. If Riverview was to win, we would be undefeated GPS Champions, if we lost, we would share the premiership with Sydney Boys High. The early exchanges were tentative, evident by the slim 42-41 advantage at half time. Team captain Tom Roche was not going to let this opportunity pass him by and he led from the front during the second half, putting his body on the line, playing great defence and getting our offence rolling. Coupled with the efforts of all team members we were able to come away with the victory 88-70 and secure the College's first ever undefeated GPS Championship.

Riverview was now eligible to play in the **CIS Challenge**, another first for the College. Our first opponents were Hills Grammar who won the AICES competition. Riverview were too good, winning 132-46. Our next game was against Knox Grammar, who had defeated St Augustine's. Knox found themselves in early foul trouble and a few of their players sat out for extended periods of the game where we took advantage of the situation, taking a 15-point lead at half time. The second half saw Riverview maintain discipline and intensity and comfortably win the game by 25 points to be named CIS Champion.

The final stage in this season was to compete in the **Champion School of NSW tournament**. The first game against Hunter Sports High, played in Term 3, was challenging after a long layoff. After a slow start, Riverview asserted themselves strongly in the second half and came away with a 15-point win. This set up a final with Westfields Sports High who were an extremely well-drilled team. The main strength of the opposition was their 3-point shooting and we struggled to minimise this. With our persistence on defence and executing well on offence we narrowly won the game 91-88; capping off an extraordinary season.

This season is one of the most memorable for me as a coach. It wasn't just being successful on the court, it was the way we were successful off the court. The camaraderie in the squad was second to none and it spread through to other teams at the College, displaying what hard work and dedication can produce. Each boy in this team holds a special place in the history of Riverview basketball: Tom Roche, Harry Ballhausen, Nick Humphries, Archie Woodhill, James Phillips, Michael Cheok, Will Garling, Greg MacQuillan, Kieran Gates, Jackson Barling and Ben Tuckfield have all achieved something that has never happened in the history of Riverview. I am honoured and privileged to have had the opportunity to coach these students.

There are many in the Riverview community who have contributed to this success – thank you to Dr Hine, Mr Andrew Szabo and Mr Jono Harvey, Mr Olli Stenmark, Mr Jim Arkell and Mr Jamie Szabo, Mr Dale Clarke, the parents and all of the players, and finally the spectators who came and supported the team every week. It really meant a great deal for the players and helped them get over the line on a number of occasions.

2ND BASKETBALL Back Row: Thomas Hatzidis, Chan Deng, Henry Anderson, Liam Egan, James Fenn, Austin Reich **Front Row:** Mr Oliver Stenmark (MIC), Jack Aman, Mr Jim Arkell (Coach), Alexander Boniciolli (Captain), Mr Jamie Szabo (Coach), Hugo Heanly, Mr Dale Clarke (Manager)

2nd V

COACH: MRJIM ARKELL

Undefeated GPS Premiers 2019

We came into the 2019 season as premiers and expectations were high for the Riverview 2nds for a three-peat. With the bulk of the 2018 team being promoted to the 1sts the pressure was on during the selection trials to come up with a well-balanced team for the task ahead. During the trial games and Peter Yeend Shield, team chemistry improved with every game. A mixture of older players and team members from the younger students worked well with all being focused on improving their individual skills and teamwork.

The work ethic of this group and their willingness to each play their role was evident from the start. The trip to Melbourne for the Schools Championships further showed the possibilities that this team could achieve.

It's history now that at the conclusion of the 2019 season, the three-peat was successful because ALL members of the team contributed to the overall success. The sportsmanship and dedication of this group made me a very proud coach and they truly deserved the accolades they received. To be part of a premiership winning team doesn't happen to many people and no one can take this feeling away.

The team worked really hard prior to the first game against Shore but due to the slippery court it was decided that the game be postponed. It was disappointing but safety was paramount.

As it turned out our first competition game for the season was Round 2 where we played against Grammar. Despite early nerves and a tight game, the boys got their game together defeating Grammar by 16 points, 49 to 33. The season was off to a great start.

The postponed game against Shore was played on Tuesday night, 12 February; the Gartlan Centre packed with supporters from both schools expecting a close and exciting game. As expected, the game was played with high intensity with nothing in it at half time. There were a number of lead swaps in a hotly contested second half but to the boys' credit they stuck to the job and eventually won the game 60 to 51, Captain Alex Boniciolli scoring 18 points and Henry Anderson contributing 17 points.

Our next game was against Joeys, which is always a hotly contested match, but on this occasion our boys completely outclassed Joeys running out winners 64 to 23. Young guard Jack Aman showed his potential scoring 18 points and centre Henry Anderson scoring 12. All players had plenty of minutes on court to show what they could do.

The King's School paid us a visit for our next game which was played in great spirit. Riverview showed their class winning 81 to 53, our back-court duo of Jack Aman and the "energiser" bunny Felix Rogers both scoring 15 points.

In Round 5, we were up against Newington, and despite a thrilling contest the team were up for the task winning 81 to 42. Henry Anderson scored 16 and Jack Aman again stepped up contributing 11 points.

Our greatest challenge for the season was against High who were also undefeated up to this point and the winner of this game was assured of at least a joint premiership. The game lived up to the expectation and at full time the scores were locked together and a thrilling overtime was played. After reminding the boys of their undefeated record so far and the statement they made that they would leave it all out on the floor, the boys played the overtime as if their lives depended on it. With

3RD BASKETBALL Back Row: Thomas Wilson, Joseph Wardle, Spencer Mitchell, Bill Delany, Seamus Donohoe, Mr Jamie Szabo **Front Row:** Jackson Barrett, Benjamin Lo, Benjamin Tuckfield, Xavier Lee, Callum Wappett

Cricket

MASTER IN CHARGE: MR GEOFF TESORIERO

On a representative level, Ryan McElduff and Sam Fanning (OR2018) made the NSW U19 side and then Sam went on to play for the Australian U19 team and scored a century in the first one-day match against Sri Lanka in Sri Lanka. Matthew Sidhu, at just 13 years old, made the U15 Combined GPS Team and then was selected for the U15 NSW Metro team; Toby Mallon and Benji Harris played in the annual State Challenge in Dubbo, and six players played in the Green Shield Competition. Varun George (OR2018) won the Bradman Scholar, which is awarded to a cricketer to help with their financial studies at university. The GPS Premiership side of 2017-18 played in the NSW Champions Schools Tournament and were defeated in the semi-final against St John's.

On Sunday 9 December 2018, St Aloysius' College hosted the 15th Annual Australian Jesuit Schools' Cricket Carnival. This sees four Jesuit schools including Riverview, Xavier College, St Aloysius' and St Ignatius' College, Athelstone, playing for the Percy McDonald Cup. St Aloysius' welcomed the teams with a Mass and dinner. Riverview reached the final against Xavier College, who were too strong for us and came away as the deserved winners.

The 2nd XI side hosted the annual Festival of Cricket in January. Teams involved were Riverview, Shore, Downlands (Toowoomba), Ambrose Treacy (Brisbane) and The Armidale School. With a mixture of U14 to 2nd XI players, the Riverview team performed extremely well, winning every game to be crowned tournament champions.

In what has become a tradition to end the cricket season, our 1st XI hosted a Celebrity XI consisting of Edward Cowan, Jason Little, Tim Croft and current Sydney 1st Grade players in the Jarjum College T20 Cricket Charity Bash. The event, now in its 9th year, has grown every year with an online auction and raffle prizes helping to raise over $20,000 for Redfern Jarjum College. Unfortunately, the rain caused the match to be abandoned, however, we still had a wonderful dinner for players, families, staff and celebrities. Thank you to everyone for their amazing contribution.

Our goals this season were to improve our players and help build the cricket community, so we introduced:

- The Riverview Cricket Academy to provide all cricketers the opportunity to develop their skills and technique with our six specialist coaches.
- Punchview; a weekly magazine named after Michael Punch who was Riverview's Sportsmaster and 1st XI Coach in the 1980s and 1990s. This weekly magazine provides information about cricket events, former Riverview cricketers, representative players and each team had their own dedicated page for their match report.

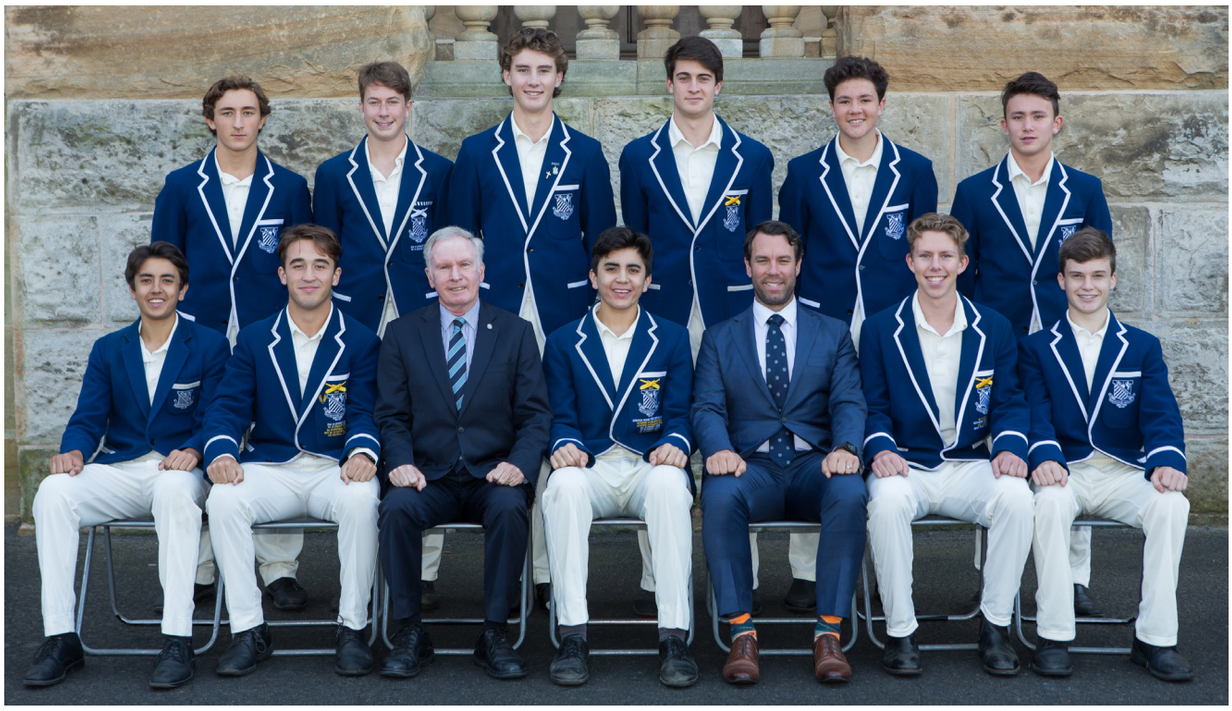

The 2018-19 GPS season had mixed results. Our 1st XI went from the highs of the premiership in 2017-18 to finishing towards the bottom of the ladder. Jack Felien provided the highlight of the season with his match winning innings of 141 against Sydney Grammar. On the other hand, the 2nd XI had one of its most successful seasons in recent years finishing in outright second place. Losing just the one match against King's, their bowling attack was a standout as they bowled most of their opposition out for under 120 runs, their bowlers averaging under 15 for the season.

Group 1 teams, consisting of 3rd XI, 16A, 15A and 14As, were all competitive winning the majority of their matches. Group 2 teams consisting of 15B, 15C and 14Bs also enjoyed their season losing only a couple of games each. Many cricketers scored 30 or more runs or took three or more wickets, showing that the teams were not just dependant on a couple of players but all managed to contribute during the season.

It was very exciting to have 61 Year 7 students sign up for cricket. We had incredible depth with the whole age-group losing only three matches. The 13C and 13D teams were undefeated dominating their opposition.

Alex Lee-Young from the 13As posted his maiden century with 114 runs. We had two other century makers, both from the 2nd XI, Archie Cornell and Tom Chapman. We also had seven five-wicket hauls, two of them by Tom Greenaway in the 3rd XI.

Winning the Ignatian Cricketer of the year is a great honour. This is awarded to someone who has devoted a lot of time and energy in representing the College in cricket at the highest level, not just in performances, but in leadership and integrity. Jimmy Greenslade demonstrated this and is a worthy recipient of the award.

COACHES: MR JAMES RODGERS, MR SAM FANNING

GPS Competition

The 1st XI didn't have the season they were looking for after a strong start. They were favourites however, the team just couldn't string together performances when it mattered and finished in last place in the GPS competition.

The season commenced with trial matches against Scots and Shore which were won convincingly. The game against Scots saw View bowl Scots out for 166 with Lee-Young taking three wickets in his debut match for the 1st XI. Jimmy Greenslade played a vital innings with the bat contributing 44 to help View win on DL being 156/6 off 47 overs. The game against Shore saw a masterclass knock of 93 from Max Rogers with View ending up on 253 off 50 overs. Shore were no match and could only scramble together 178 with Lee-Young again amongst the wickets taking 4/26 from his 10 overs.

The first GPS match saw the 1st XI take on Sydney Boys High School at their home ground. Sydney Boys batted first and reached 193/9 with Allsopp and Spring bowling very well, both with 2/23 off their 10 overs each. Riverview got off to a strong start with opener Feilen getting 29 however, after he fell, wickets were lost in a hurry and the team was bowled out for 153.

The second game saw the 1st XI host Kings. View batted first and could only reach 151 before being bowled out with Kalogerou top scoring on 46. Kings were too strong and passed the total with two down ending up on 242/3. Not an ideal start to the season.

The last game of Term 4 saw the boys come up against Sydney Grammar who posted a mammoth score of 250. The 1st XI had the skill to chase it down and it was just a matter of putting skill into performance and that they did! Jack Feilen carrying the team scoring 141 to help Riverview chase down the score with only 4 down, securing the 6 points.

Term 1 started with Shore visiting Riverview for the middle of the table clash. Shore batted first and scraped their way to 167. Both opening bowlers were amongst the wickets with Allsopp taking two wickets and Lee-Young taking three. Riverview got off to a steady start with opener Rogers getting 27, however they just fell short of their target being bowled out for 148.

In the Year 12s' last game at Riverview they came up against rivals Joey's and the game did not disappoint. With Joey's batting first, Will Thorpe on debut obtained figures of 4/43 off his 13 overs and Jimmy Greenslade got three wickets with his steady line and length bowling, and Joey's was bowled out for 187. Riverview got off to a flyer in the chase being 0/30 off 3 overs, however once Rogers departed the scoring slowed down. Rogers got 48 off 42 balls and Kalogerou chipped in with 44 however this was not enough as Riverview ended up with 166 for the loss of 7 wickets and then the rain came; the game was called off ending in a draw.

The final two day game was against Newington and they elected to bat first on a rather green soft wicket. The wicket did play a big factor and Riverview was bowled out for 74 on the first day. Newington then chased this down on the first day and batted into the second day. They ended up being bowled out for 189 and tried to go for the outright, however Riverview batted well and reached 63 for the loss of 2 wickers before the game was stopped as no further result was going to be obtained.

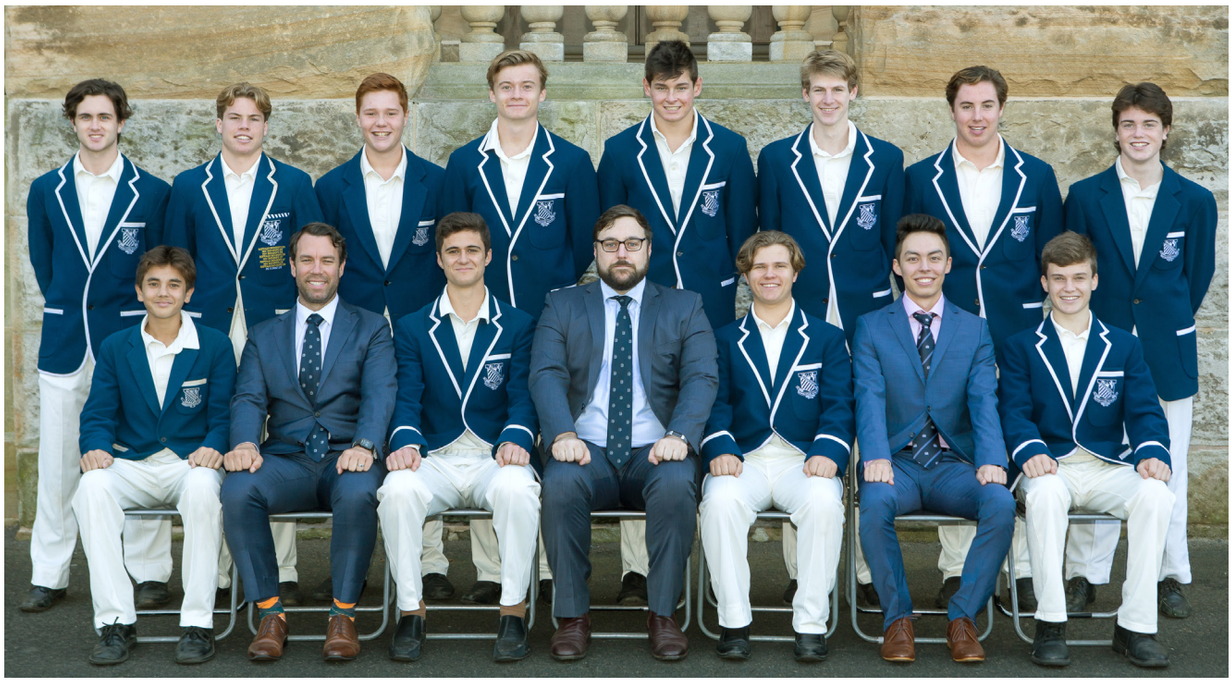

The last game of the GPS season saw it finish where it started. With View coming up against Scots where the 1st XI bowled first and bowled very well dismissing Scots for 155 with some great fielding especially from Adam Sidhu and Will Thorpe. Andrew Spring claimed a cheeky 5 wicket haul to close out his season whilst Dan Allsopp claimed two wickets in his last game for the College. However, it was the batting side of things that had stumped the team all season and again they came up short in the run chase and were bowled out for 74. A disappointing end to the season.

2ND XI CRICKET Back Row: Jasper Walsh, Archer Gunning, Oscar Kirk, Ethan McGuiness, Hamish Cressey, Noah Mansbridge, Thomas Easy, Thomas Chapman **Front Row:** Matthew Sidhu, Mr Geoff Tesoriero (MIC), Brendan Robinson (Captain), Mr Andrew Walters (Coach), Archie Cornell, Mr Matthew Makinson (Coach), William Thorp

2nd XI Cricket

COACHES: MR ANDREW WALTER, MR MATTHEW MAKINSON

2nd Place | GPS Competition

The 2nd XI finished second in the GPS competition, losing just one game by two wickets in a strong season. The team was made up of boys from across a number of year groups.

The season started off with two 50-over trial matches. The first game against Scots was a three run loss, despite an outstanding performance by Thomas Easy, where he picked up 6/12 from his 10 overs. The second trial match was against Shore. It was a much better performance from the team, with Shore bowled out with two overs to spare and the total chased down relatively easily.

An early win against Sydney Boys High, showed promise. Ethan McGuiness' 4/24, Noah Mansbridge's 3/19, Archie Cornell's 34 and Tom Chapman's 27 were just the start of what would be a very good season. However, a loss in the following game against King's showed a mixed start, with three wickets and two wickets deciding the games respectively. Archie Cornell's 120 and a fighting 39 from Brendan Robinson and 3/52 by Ethan McGuiness at King's was an outstanding effort, but unfortunately it was not enough for Riverview to get the win.

The highlight of the Term 4 part of the season was undoubtedly the fixture against Sydney Grammar School. After Grammar won the toss and batted out all of Day 1 for a score of 8/224 from 80 overs, they continued to bat well into Day 2 with their final two partnerships. Eventually, they were bowled out for 260 after 91 overs, with Will Thorp (4/72), Thomas Easy (2/51) and Matthew Sidhu (2/56) performing well with the ball. Riverview had just 66 overs to chase down the runs on a slow First Field wicket. It seemed like a formidable task, but Tom Chapman's classy 144 not out off 186 balls pulled Riverview back into the contest. With such a high required run rate to reach the total by the end of the day's play, Hamish Cressey's 34 off 26 was a huge help to Tom and Will Thorp (22*). Eventually the runs were chased down with just over two overs to spare.

The first GPS game after the holidays against Shore was a very nervous encounter, with Riverview aiming to win a number of games outright, in order to chase down King's on the leader board. The bowlers put in an outstanding performance to bowl Shore out for 93; Will Thorp's left arm finger spin (5/19) was well supported by the pace of Hamish Cressey (2/23), Jasper Walsh (2/13) and Noah Mansbridge (1/6). The batting by Riverview in reply was not quite as strong, losing five, quick wickets after the target was reached to post just 122. The Shore second innings started in stunning fashion, Thomas Easy picking up 2/0 in the first over, both wickets pitching on middle and hitting the top of off stump. A gallant effort by the bowlers to win the game outright ultimately was not enough and the boys had to settle for a first innings victory.

It was a disappointing washout at St Joseph's College, with Riverview requiring only 43 runs for victory, with 8 wickets in hand on Day 2 meaning the end of any chance for a premiership, as King's had won their fixture on the first day. The pace bowlers bowled superbly to put Riverview in a commanding position, Noah Mansbridge's 4/24 and Thomas Easy's 3/19 were instrumental in putting Joey's on the back foot at 5/21, before being bowled out for 103.

Riverview's last two day match was against Newington and a poor first innings total of 131 (Archie Cornell 55), was successfully defended against Newington, with the pace bowlers once again proving decisive (Hamish Cressey 4/31, Thomas Easy 3/41 and Noah Mansbridge 2/20). Newington continued to push for an

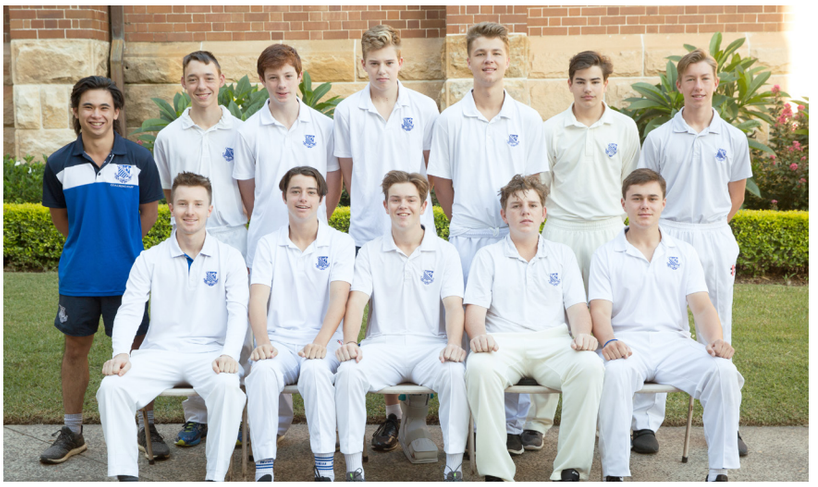

outright result, however Riverview continued batting to 6/144 (Tom Chapman 63).

The final game of the season was a 50-over match which was unfortunately washed out at home.

Overall, it was a strong season by the 2nd XI and we wish Year 12s Archer Gunning, Brendan Robinson and Jasper Walsh the best, as they finish their cricketing endeavours at the College. The younger boys also had a very good season and the next few seasons are looking bright for the 1st and 2nd XIs.

3rd CRICKET Back Row: Mr James Eather (Coach), Thomas Pittman, Andrew Warren, Oliver McGilvray, Hugo van Haren, Austin Martin-Weber, Tom Greenaway **Front Row:** Benedict Mansfield, Nicholas Plazas, Aiden Sinfield, Nicholas Brooks, James Clout **Absent:** Mr Nick Tracy (Coach)

CROSS COUNTRY Back Row: Lachlan Dalton, Liam Peake, William Polich **Middle Row:** Benjamin Spicer, Alexander Peters, Oliver Murrie, Daniel Freidman, Peter Gunter, Jonathan Toon **Front Row:** Daniel Hopper, Patrick Lucas, Thomas Benson, Mrs Cathalina Walsh (Coach), James Fitzgibbon, Hugh Gilroy, Jerome Nearhos

Cross Country

PROGRAM CO-ORDINATOR: MRS CATHALINA WALSH

Cross Country continues to be a growing sport at Riverview. It was rewarding to see our dedicated group of boys, including five multi-class students, turn up each weekend at the GPS competition to compete with over a hundred other students across three age groups, including some of the private girls' schools. The persistence and commitment the boys showed to get to some of the hard to reach venues weekly on some very cold mornings as well as the mental strength they displayed to complete the challenging 4 or 8km course is a testament to their dedication and work ethic.

It was great to see coaches, Alex Godbold and Fiona Yates, running with the boys during training sessions each week that focused on building each boy's endurance and speed while helping them to consistently improve each week in their Saturday races. It was impressive to watch over the course of the season, that many boys who struggled at the start of the season, gradually improved their placing at each invitational through persistence and determination.

Congratulations to Captain Thomas Benson and Daniel Hopper (U14) who qualified for the CIS Cross Country Championship placing in the top 20 of their age division respectively. Special recognition goes to Johann Mak who competed in the NSWCIS Cross Country in the Secondary Multi-Class Category. Johann went on to advance to the NSW All Schools Cross Country Championships for multi-class athletes. As the only multi-class athlete representing Riverview and the GPS, we are very proud of Johann's efforts on the day.

One of the highlights of the season was hosting at Riverview. It was great to see the commitment of the boys turning up early to help set up before the race, as well as handing out water to competitors in different races, and everyone staying behind long after the events to help pack up again. A big thank you to all the staff and parents who pitched in to help by either marshalling or working at manning the checkpoints at locations along the course. It is truly appreciated by all and a great way to have parents involved in their son's sport. It was great to see each of the boys push themselves that little extra hard running with pride knowing their parents were at various points on the course cheering them; the majority of the runners beat their previous best finishing position.

Thank you to everyone in the Co-curriculum Department who contributed to our cross-country season. Thank you to the parents who chauffeured our students all over Sydney and encouraged them around the courses every week. A special thank you to our wonderful Captain Thomas Benson who led from the front encouraging our younger athletes as well as assisting the staff with some of our multi-class students. We look forward to continuing to build the program and to the season ahead.

FENCING Back Row: Mr Andrew Szandurski (coach), Ula Punchayil, Lachlan Healey, Sebastian Fabrizzio, Joshua Saunders, Michael Mason, Luca La Spina, Mr Matthew Goodson (Coach) **Front Row:** Ethan Francis, Arhan Grimes, Max Anderson, James Groundwater, Lachlan Mauleon

Fencing

MASTER IN CHARGE: MR ANDREW SZANDURSKI

Success in fencing is not achieved through one specific ability or quality and does not always happen immediately. It results from a number of elements and conditions, some of which may take a long time to master. However, with the spirit to persevere, success will eventuate.

Fencing can be defined as a sport practised in pairs and employing a weapon (foil, epée, or sabre). The objective is to hit an opponent with a thrust in foil and epée or with the cut or thrust in sabre. Fencing can also be defined as a mental and physical effort. It mobilises the individual's motor system, intellectual powers and emotional energies.

All fencers at Riverview train together three times a week. There are opportunities during training for junior students to also practise with more experienced senior fencers and allow them to improve their fencing skills along with their overall fitness and stamina.

During the fencing season students participated in numerous individual and team events including the internal test competition, College Championships, NSW Schools League Championships, NSW State competition and an international fencing competition – Koala Cup Sydney 2019.

In the NSW Schools League U14 Division Team event which included Barker College, SAC, SBHS and Knox, the Riverview team of James Groundwater, Lachlan Mauleon and Nick Neal Bartier successfully fenced everyone and were undefeated to win the Gold medal.

At the same competition, the results in the individual events were outstanding:

- James Groundwater – Gold with 12 bouts 12 victories
- Lachlan Mauleon – Silver with 12 bouts 11 victories
- Nick Neal Bartier – Bronze with 12 bouts 7 victories.

At the NSW State competition in U14 Division James Groundwater finished 10th.

College Championship Results:

- Senior Division College Champion: James Groundwater
- 2nd: Lachlan Healey
- 3rd: Lachlan Mauleon

- Under 15 Division College Champion: James Groundwater
- 2nd: Lachlan Mauleon
- 3rd: Nick Neal Bartier
- Regis Campus
- Year 6 Division College Champion: Ahran Grimes
- 2nd: Mark Bradshaw
- 3rd: Ethan Francis
- Year 5 Division College Champion: Eric Sallway
- 2nd: Lachlan Korowe
- 3rd: Henry Martin

GPS FOOTBALL REPRESENTATIVES Mr Peter Steffan (Manager), Jack Walker, Lucas Simpson, Brendan Robinson, Declan Rickard, Jacob Campbell, Max Rogers, Mr Jimmy Magill (Coach)

NSW FOOTBALL AND NSWCIS REPRESENTATIVE Max Rogers

Football

MASTER IN CHARGE: MR GEOFF TESORIERO

Riverview had 374 registered football players making up 27 teams. We had just the one team remain undefeated; the 16B team. Of the 189 matches played, Riverview won 47%, lost 36% and drew 17%.

During the Easter break, the 1st XI Squad played in the annual St Andrew's Cup at Valentine Park finishing in 5th place. The 1st XI also participated in the CIS Knockout Competition beating St Stanislaus' and eventually losing in the quarter finals to St Philip's, Newcastle.

In its sixth season the Pre-Season Plate Cup was played out by our 1st and 2nd XI Teams; both finished in third place.

The 1st XI team, in another amazing effort, took out the 'threepeat' winning the 1st XI GPS Premiership (The Wanderers' Cup), for the third year in a row. Now with 13 1st XI premierships and 10 2nd XI premierships, football is the most successful winter sport in the College.

The 1st XI won five, lost one and drew one of their seven GPS matches scoring 21 goals and conceding just nine goals for the season. Max Rogers scored 10 of those goals. From this team six players were selected for the Combined GPS Football Team; Max Rogers (Captain), Jacob Campbell, Declan Rickard, Brendan Robinson, Lucas Simpson and Jack Walker along with 1st XI coach, Jimmy Magill and Team Manager, Peter Steffan. Max Rogers was then selected for the Combined CIS Team and the NSW All Schools Open Boys Football Blue Team. From here Max became just the third Riverview student to be selected for the 19 & Under Australian Schoolboys Squad to Tour UK and Ireland in January 2020. William Faulder was selected for the NSW U14s.

The 2nd XI had a successful season finishing in third place in the GPS competition, just two points behind the eventual winners Scots who took out the 2nd XI Premiership for the first time ever. Oscar Williams had a great season with the boot scoring 10 goals. Of the official 11 players, all bar one were Year 11 players and this gives us confidence to remain competitive for 2020.

The remaining open teams were all fantastic with their commitment and enthusiasm in representing the College. It was great to see the teams supportive of each other when in need of extra players and eager to play to their best ability. Special mention must be made of the 8th XI team. From Year 7 to 11, this group of players lost the majority of their matches, yet this season they went into the final match having won all their trial and GPS matches. Disappointingly, they were defeated narrowly in this last match. Well done to the players for such an enjoyable and successful season.

Statistics shows that the U16s were our best age group winning 15, losing 10 and drawing 2 games. The 16D team only managed the one win, however this was their first ever win for Riverview. Well done.

For the first time, Riverview fielded an Under 15 team in the Bill Turner Cup. A squad of players from Years 7 to 10 played their first-round match against North Sydney Marist. Unfortunately, they went down in a close match.

The 15As went from winning just two matches last season to only losing the one match for 2019. The team improved dramatically under the guidance of Branko Culina and this will help continue the depth of Riverview Football.

The Under 14s had a successful season with the A team losing just the one match, B team losing two matches and the C team just the one match.

It is always exciting to see the Year 7s play their first season for the College. This year we believe we have a very strong age-group with plenty of depth. They displayed more passion than any other age-group, but most importantly they were technically one of the best sides across all the schools they played. They may not have had the physical presence compared to their opposition, but their skills on the ball were much higher and with the A team losing two matches and the B and D teams losing just the one each; we know when they get older, stronger and faster their skill level will play a larger role in their success.

1ST XI FOOTBALL Back Row: Jack Walker, Jake Carr, Lucas Simpson, Declan Rickard, Brendan Robinson, Jacob Campbell, Seamus Donohoe, Joseph Roddy **Front Row:** Jon Taylor, Mr Geoff Tesoriero (MIC), Max Rogers, Mr Jimmy Magill (Coach), Nicholas Williamson, Mr Peter Steffan (Manager), William Magarey

Football 1st XI

COACH: MR JIM MAGILL
MANAGER: MR PETER STEFFAN

1st Place | GPS Competition

At the conclusion of the season, Coach Jimmy Magill was left to reflect on what a great season it had been. At the very beginning, he was of the view, uttered to nobody, that this team would not be able to defend the premiership won so emphatically the previous year. To his great delight, the members of the team proved him wrong. With great skill, determination and hard work, the season all fell into place.

Jake Carr worked hard with goalkeeping mentor Ben Taylor to refine his game, and the efforts paid dividends. Will Magarey was very good in defence throughout the season. Brendan Robinson was solid as a rock and never gave up. Lucas Simpson gave of his all in every game and made a very good contribution to the success of the team. Nicholas Williamson did not say much but let his actions do all his talking on the pitch. Jack Walker provided moments to remember and was a big part of a winning team. Jacob Campbell proved to be a very talented young man with a great left foot and a had a very good season. Declan Rickard, proved a threat to passing kookaburras, had a great season on and off the field and worked very hard without exception. Seamus Donohoe took on the appearance of the team's Mr Cool, exuding a languid impression but demonstrating great skill on the ball and offering much to the team effort. Jon Taylor was a major contributor both on and off the field, had a great touch on the ball and an eye for goal. Max Rogers did it all; scoring goals, delivering pin-point accurate free kicks and corners and making incisive passes as well as providing leadership as a great team captain. Max also did the College proud through his representative achievements.

While these players made up the core of the team, the efforts of the many players should also be acknowledged, principally from the 2nd XI, who stepped in to replace players who were injured or unavailable and to provide fresh legs in the latter stages of games.

The start of Term 2 brought the commencement of the GPS Plate rounds. Riverview drew against Scots, defeated King's then lost in the final minutes against Grammar to miss out on the chance to play for the Plate Trophy Final. Well done to Grammar on winning the Plate Trophy for the first time.

The Riverview 1st XI commenced its defence of the Wanderers' Cup against Shore winning comfortably 2-0. In an evenly contested season, we drew against Scots before winning comfortably against King's, High and Joeys. The team needed to improve from their last meeting against Grammar and they managed to do this thanks to Max Rogers' individual brilliance to score two vital goals in the final 10 minutes. News came through later in the afternoon that Newington and Scots had drawn, which left Riverview 5 points clear on the Premiership table. With one game remaining they could neither be passed or equalled on points and so had secured the premiership – their grasp on the Wanderers' Cup remained.

This was the third consecutive premiership for the Riverview 1st XI and the 13th since 1999. This would be only the third time a school has won three premierships in a row, the other two times being when Riverview won five straight from 1999 and four in a row from 2007. Congratulations to Coach Jimmy Magill, Captain Max Rogers and the team for this season's significant achievement.

2ND XI FOOTBALL Back Row: Tom Greenaway, Isaac Papasidero, Zachary Kalogerou, Oscar Williams, Fergus Collins, Gabriel Wood, Adam Galizia **Front Row:** Maxwell McAinsh, Mr Geoff Tesoriero (MIC), Jackson Austin, Mr Jeff Myles (Coach), Hugo Darin, Mr Peter Steffan (Manager), Jordan Austin

Football 2nd XI

COACHES: MR JEFF MYLES,
MR NICK KALOGEROU
MANAGER: MR PETER STEFFAN

3rd Place | GPS Competition

Captain Jackson Austin provided a model of effort, attitude and good character for his mostly younger teammates. His brother Jordan was a consistent performer who played above his modest stature and was a regular on the 1st XI bench. Oscar Williams and Gabriel Woods, although very different in personal style, were the most potent attacking assets in the team.

Adam Galizia was an exceptionally hard worker on the pitch and provided impenetrable defence, with the adaptability to push forward when necessary. Isaac Papasidero, apart from his skills on the park, distinguished himself by his support of his teammates. Zac Kalogerou and Fergus Collins selflessly put the interests of the team first while also providing stout defence on the field.

Max McAinsh was a dedicated trainer and effective weapon for the team in the midfield. Tom Greenaway did much to lighten the tone when matters became too serious, and he and Hugo Darin did much to maintain team morale and improved their games considerably over the course of the season.

In addition to those mentioned above, Daniel Gedeon, Jordan Ivancic, Sam Kelly, Sebastian Bellew, Joe Roddy and Stefan Visscher made significant contributions to the 2nd XI campaign, as did several others from the ranks of the 3rd XI and 16A team. Apart from their efforts for the 2nd XI, many of those listed here played for the 1st XI as substitutes or in tournament squads where 15 or 16 players where required.

The season started with three closely contested GPS Plate matches which resulted in a win against King's and two draws (Grammar and Scots). In the race for the GPS Premiership, the 2nd XI had wins against Shore, King's, High and St Joseph's, a draw with Grammar and losses against Scots, and Newington. This consigned Riverview to third place, behind Newington, whose win took them a point ahead of Riverview and Scots, a further point up the ladder. As it was, all three teams finished with four wins, Riverview finishing behind the two teams that had beaten them. Had either of these results been reversed Riverview would have been celebrating their 11th 2nd XI Premiership.

Season highlights included:

- Oscar Williams' two goals against King's, one where he dribbled through the entire left side of the King's defence into the penalty area before shooting across the goalkeeper into the goal adjacent to the far post; and three goals against High.
- Adam Galizia's two almost identical goals from close range against High

The young team comprised principally of Year 11 students acquitted themselves well and have laid a solid foundation for 2020, when many of them are likely to find themselves with the task of defending the 1st XI Premiership. Congratulations to the team on a fine season.

3RD XI FOOTBALL Back Row: Mr Patrick Ferrara (Coach), Aaron Visscher, Samuel Kelly, Harry Macleod, Harry Sleiman, Miss Maria Skouras (Coach) **Front Row:** Daniel Gedeon, Joe Waterson, Liam Stack, Oscar Wehbe, Zac Sheffield, Brock Twigg, Tyler Andreazza

Golf

MASTER IN CHARGE:
MR MARTIN COLLINS

1st Place | Interschools Cup

The 2018/2019 Golf season has been, by any measure, the most successful in the 14 year history of the sport at the College. Not only did we have the largest number of participants with 24 players, we also entered two teams into the Interschool Competition and won back-to-back titles.

Each weekend eight boys represented the College at the Interschool Competition at various venues around Sydney, including Avondale Golf Club and Strathfield Golf Club.

The 2nds (Declan O'Donovan, Paddy Tucker, Henry Hobson, Finn O'Brien and Jack Cameron) got off to a slow start but in the second half of the season really came into their own. The 3-1 defeat of St. Joseph's was a tremendous result for them but also a fortuitous result for the 1sts who were being chased hard by the boys in cerise and blue. Both Paddy Tucker and Henry Hobson showed fierce determination every time they played and despite not too many wins, they were always in the contest. Young guns, Declan O'Donovan and Finn O'Brien certainly brought a lot of steel to the team. Their passion for the game showed in the number of victories they had at the back end of the season.

The 1sts (Fergus Collins, Matthew Mildren, Ryan Graham and Louis Callanan) was the same team that won the shield last year and they knew they would have their work cut out defending their title. The competition could not have been closer. To highlight this, in the last four rounds of the competition the 1sts held onto a one-point lead. With both Barker and Joey's throwing everything at the team, they managed to hold their nerve and win by a single point, with Joey's, Barker and Trinity very close behind.

Superbly led by Ryan Graham, every player in the team deserves equal credit. Fergus, as our No. 1 player, always played the other team's best player and held his own every week. Matthew Mildren, in his fifth season representing the College, has now won three Championships in the last five years. His ability to 'stand tall' under pressure was tested often but rarely was he defeated. Ryan Graham was a real fighter. In the first half of the season he had great success, but the second half of the season showed his real character. Although down in a number of matches he never gave up and lost three matches on the 18th hole. It was this type of fight that made him such a good captain. Louis Callanan was our fourth player and, just like last year, the opposition found him an impossible nut to crack. Last season 10/10 wins, this season 9/10 wins. When he rolled his final putt in for a birdie, on his final hole in competition, it was not unexpected.

Each Saturday at Chatswood Golf Club the new boys to golf were getting much needed practice. Although they had their good days and bad days the important thing was they were enjoying themselves. There is no other sport that offers such longevity than golf, so hopefully this experience will continue to bring great joy in the years to come.

The School Championships were conducted over two rounds in the season. For the first

time in history two players, Ryan Graham and Matthew Mildren, finished all square after 36 holes and were crowned joint Champions. They are both to be congratulated. Remarkably, this was Matthew's fifth straight Golf Championship.

I would like to thank all those staff and parents who have helped with the organisation, training, transport and supervision of the boys this season. Finally, to all the Year 12 boys who have hit their last golf ball for the College, all the best for the future and good golfing.

1ST GOLF Mr Martin Collins (Coach), Matthew Mildren, Ryan Graham, Louis Callanan, Fergus Collins

2ND GOLF Mr Martin Collins (Coach), Declan O'Donovan, Patrick Tucker, Henry Hobson, Jack Cameron, Finn O'Brien

MARTIAL ARTS Back Row: Joshua Yap, Alexander Cronin, Thomas Kelly, Andrew Cesta, Malachi Lindsey, Zac Steel, Mrs MaryAnne Humphrey (Coach) **Front Row:** Benjamin Cameron, Christopher Peters, Louis Maciejowski, Thomas Robbins, Maximus Rossello

Martial Arts

MASTER IN CHARGE: MRS MARYANNE HUMPHREY

Courage, strength and determination are the qualities needed to become a champion. Possessing such attributes doesn't guarantee a win, however these qualities do shape a fighting spirit – a spirit which best describes the 2019 Martial Arts Squad. Captained by Louis Maciejowski in both the winter and summer seasons, the united band of boys ranging from Year 7 to 12 worked individually and collaboratively to achieve success.

During the summer season Louis, who holds the impression rank of 2nd Dan, despite enduring an ongoing illness trained and worked alongside Master Greg Wyllie and his team to develop the skills of the junior members and provide them with a varied weekday training program which included Jiu Jitsu, Tae Kwon and Boxing. Each Saturday session provided an opportunity for the squad to develop and hone their skills with students from St Aloysius, Barker College and Sydney Grammar School.

In the winter season, we welcomed the students from Shore College and continuance of the Interschool '1st V' Mini TKD Competition which was held for three consecutive Saturdays in Term 2 at the Shore College North Sydney campus. The selected top five participants from each GPS and CAS school participated in full equipment sparring bouts to earn points for their respective schools. Riverview scored the most points in the first round, however, the overall winner of the competition was Sydney Grammar. The might of their large squad dominated in most of the events, but the Riverview squad put up a good fight and proved to be worthy opponents. The remainder of the Term 2 Saturday training sessions focused on tournament preparation.

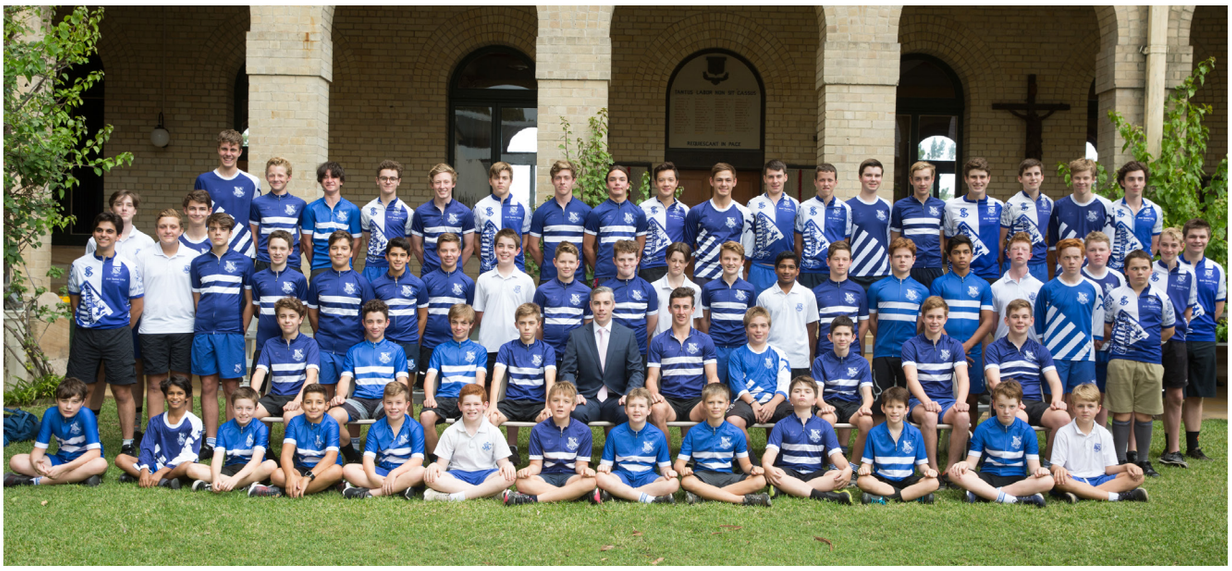

On 31 August, the St Aloysius' College hosted the 28th NSW All schools Tae Kwon Do Tournament where approximately two hundred students from a range of GPS, regional and local high schools participated in the whole day event. The full contact competition showcased the skill, stamina and strength of each participant in nail biting bouts that delighted and impressed the coaches, parents and spectators alike. Our Riverview team outdid themselves as they fought hard to defend their positions and achieved pleasing results. A Gold medal was awarded to Maximus Rossello (Year 8), Silver medals went to Joshua Yap (Year 7), Harry Groundwater (Year 8), Christopher Peters (Year 11), Alexander Schimdberger (Year 11), Nathan Lu Year 11 and a Bronze medal was awarded to Zachary Steel (Year 8). Sydney Grammar was the overall winner of the All Schools Championship and Shore College was awarded with the Boys' Championship Perpetual Trophy –The Pahlke Cup which is named in honour of Riverview's first TKD MIC.

In addition to competitions, throughout the year a number of the squad members worked to grade towards their belt progression. In order to achieve their next rank, each student is required to demonstrate their proficiency in their current belt's techniques, to include basic moves, sparring, and forms while learning the detailed patterns of the next belt. In Term 4 the following students progressed in their ranks: Thomas Robbins, Ben Cameron, Joshua Yap and Malachi Lindsey. Congratulations to newcomer Elijah Wehrhahn (Year 7) who achieved his first belt.

Many thanks to Euan Smith (OR2016) for his support, assistance and care of the squad throughout the year, Louis Maciejowski (Year 12) for his dedication to his role as Captain in 2019, to the wonderful MICs from Barker College, St Aloysius', Shore College and Sydney Grammar, as well as Andrew Szabo and Jonathan Harvey for their ongoing support of Martial Arts. To Greg Wyllie and his team for their dynamic Martial Arts program. Finally, special thanks to each member of the squad for their enthusiasm and commitment to Martial Arts.

MOUNTAIN BIKING Back Row: Patrick Butler, Harrison Little, Joshua Arcus, Liam Biddle, Tom Moore, Charles Langley, Alexander Pettit, William Price, James Chung, Oscar Booth, Christian Knight, George Kelly, William Nuthall, Charles Dinning, Luca Gleeson, Matthew Butler, Angus Fox, Maximilian Musson **Fourth Row:** Hamish Madden, Benjamin Curtin, Oliver Keighery, Peter Gunter, James New **Third Row:** Sachin Hanel, Lachlan Walker, Louis Parrett, Declan Stewart, Owen Parrett, Alexander Hutton, Christian Stieger, Lachlan Bissell, Archie Moore, Connor Ogle, Samuel Ashby, Luke Hildebrandt, Ravin Fernando, Harry Spice, Edward Ryan, Fynn Leach, William Hall, Harrison Attrill, Joseph Graves **Second Row:** Nick Taylor, Luke Bannerman, Matias Danziger, Lachlan Ambrogio, Mr David Posker-Hill, Oliver Arcus, George Dummer, Timothy Martin, Samuel Stapleton, Gus Oxenham **Front Row:** Xavier Cunial, Nisantha Abbey, Lachlan Hordern-Smith, Christian Bainy, Harrison Anson, Jack Caine, Dashiell Russell, Thomas Schell, Hugo Wrightson, Ethan Burton, Joshua Maiers, Angus McGibbon, Austin Alexander

Mountain Biking

MASTER IN CHARGE: MR DAVID POSKER-HILL

The 2018/19 Mountain Biking season was a roaring success, with over 70 riders participating in the Inaugural Combined Schools MTB Championships, held over eight rounds. Throughout the season, riders were challenged to improve their technical ability, fitness and race-craft, with significant growth seen amongst riders of all abilities, and across all age categories. I was especially pleased with the Junior Division, who have worked well as a team to support and encourage each other, leading to the attainment of personal and team goals.

At a competitive level, the Junior Team achieved 1st place in the Combined Schools Competition, a result which took into account the results of the team's top five riders. Within this Division, four riders were placed in the top 10, with Lachlan Ambrogio achieving 3rd place in the individual rankings.

The Intermediate Division was hotly contested, and saw riders grow in their technical ability. Charlie Dinning took 5th place in the competition however can feel a little hard done by after a series of unfortunate mechanicals in significant races.

The Senior Division saw the greatest success with riders achieving 1st place in both the individual and teams competitions. Tom Moore led the team to victory, being the best rider across the eight rounds while Team Captain Oliver Arcus also impressed with two race victories. To highlight the strength of the team, five out of the top 10 riders came from Riverview.

For a second year running, Riverview won the Best Boys School at the 2019 Australian Interschools Championships held at Thredbo. It was another historic year, with Josh Arcus taking Riverview's first ever individual 1st place in the Downhill Race. He was later crowned King of the Mountain, after achieving 1st, 2nd and 3rd places across the different disciplines. Captain Oliver Arcus again excelled, achieving two 2nd places, as he helped the Senior Division to win all three disciplines. Great rides were had by Tom Moore and Harry Little, who look ready to step up and help defend our crown next year.

A short note of thanks to the coaches and parents who make the sport a pleasure to run, and to Oliver Arcus, Team Captain, for leading with integrity, grace and humility.

1ST IV: Winners of the Head of the River and the Schoolboy Four at the NSW Rowing Championships

Rowing

MASTER IN CHARGE:
MR DANIEL NOONAN

ASSISTANT MIC: MR JIM BUSTEED
CAPTAIN OF ROWING: TOM BENSON
VICE-CAPTAINS OF ROWING: JOE CARTER, PATRICK MAINSBRIDGE
SQUAD MANAGERS: MR JOSH ALLEN, MR ANGUS ROBERTSON, MR PHILIP ROSSI
SAFETY OFFICERS: MR ROBERT MARSH, MR CHRIS O'BRIEN, MR PAUL BROGAN, MR PHILIP ROSSI

2018-2019 proved to be a very successful season on the back of a balanced approach to training and competing with a strong emphasis on developing the technical skills of each rower, in order to be able to perform to the best of their ability and enjoy their rowing experience. This developed a positive culture amongst the rowers and coaches at all levels.

There are many factors that contribute to a successful season, including the dedication and enthusiasm of the coaches and the leadership shown by the senior members of the Rowing Club under the Captain of Boats, Tom Benson, and Vice-Captains Joe Carter and Patrick Mainsbridge. Mr Peter Wawn spent a great deal of time as Boatshed Manager looking after the equipment and transporting boats to and from the Sydney International Regatta Centre. Also, the assistance of Messrs Philip Rossi, Chris O'Brien, Paul Brogan, Phillip Elbourne and Bob Marsh, as in previous years, was invaluable each week and also at the Gold Cup Regatta.

One way of measuring success is by performances on the water through the AAGPS Point Score competitions. The College finished second in the Senior Point Score (with the GPS IVs finishing first in their section) and fourth in the Junior Point Score (for the Year 10 VIIIs plus Years 8 and 9 Quads). The first three regattas of these competitions coincided with the Year 9 Challenge, which affected the continuity of training and the availability of rowers at each regatta, which impacted on the Junior Point Score. However, the Years 8 and 9 Quads performed consistently all season to finish second in their sections of this competition.

Boat Blessing

In rowing clubs all over the world, the history of each club can be seen on the names on the boats in its fleet. Fr. Joe Dooley conducted the blessing of the new boats added to the fleet this season and named in recognition of the great service to Riverview Rowing by Les Kirkpatrick, Brett Wainwright, Phillip Elbourne and Philip Rossi.

Combined GPS VIII

The selection trials for the Combined GPS VIII involves a sculling time trial which is used to seed the races to determine the final rankings. The members of the 1st VIII performed well in this process, with six being ranked in the top twenty rowers across the GPS Schools. The best performed were Lachlan Doust who was selected in the crew while Tom Benson and George Clark missed out despite being ranked in the top 10.

House Regatta

The House Regatta in Term 4 was contested in Eights with representatives from each of the squads making up the crews. This provides an opportunity for some of the Years 8 and 9 Quads and Year 10 VIIIs to row with the more senior members of the Rowing Club. The House crews raced in heats, semi-finals and the final over the Corporate Regatta course. In a very close finish, the final was won by Ricci House from Campion, Gonzaga and Claver.

BOAT BLESSING: Mr Philip Elbourne (OR1979) and Mr Les Kirkpatrick

BOAT BLESSING: Mr Les Kirkpatrick and Mr Philip Rossi

HOUSE ROWING: The winning Ricci squad

Gold Cup Regatta

The 135th Gold Cup Regatta involved some 255 crews and over 1,400 athletes representing 25 schools and rowing clubs. The Regatta was live streamed for the second year with over 5,000 viewers accessing the site. Sydney Rowing Club and Sydney University Boat Club fought out the finals of the Men's and Women's Gold Challenge Cup events, with Sydney Rowing Club winning the Men's event and Sydney University the Women's. The ongoing success of this regatta is built on the commitment of the College staff, rowing coaches, parents and Old Boys who give their time both on and off the water. By way of example, Mr Chris O'Brien has been heavily involved in the organising and running the regatta each year since 1980.

Australian Rowing Championship

At the Australian Rowing Championship, the crew of Lachlan Doust, Thomas Benson, Henry Ryan, Joseph Bradshaw and Douglas McGrath, coached by Mr Daniel Noonan and Mr Michael Doyle competed in the Australian Championship Schoolboy Four. They won their semi-final to progress to the A Final where they came fourth in a very competitive race, just 1.6 seconds from second place.

1ST VIII Cox: Doug McGrath **Stroke:** George Clark, Henry Ryan, Joseph Bradshaw, Simon Kenderes, Lachlan Doust, Dally Bird, Jude McDermott **Bow:** Rhett Wheelhouse

1st VIII

COACHES: MR MIKE DOYLE, MR ANDREW GANNON

The 1st VIII under the direction of their coaches showed great commitment to training in sculls and in the sweep boats throughout the season to build the level of fitness and technical skills to be competitive at the Head of the River. A variety of camps, crew selections in sculls and fours and racing at the lead up regattas were used to do this. This proved to be effective as the crew showed very good boat speed in the final weeks leading up to the Head of the River.

On race day however, they were not able to match the early speed of the race leaders and although they worked hard through the middle of the race to improve their position, they were unable to secure a place on the podium. However, they did produce their best time for the season. While this was a disappointing result for the crew it was not a true reflection of their commitment, dedication and hard work.

2ND VIII Cox: James Debus **Stroke:** Christian O'Donnell, Archibald Collins, Joseph Carter, Seamus Byrne, Ned Power, Harry Martin, Jack Rooney **Bow:** Tom Benson

2nd VIII

COACH: MR PETER WAWN

The 2nd VIII trained closely with the 1st VIII under the direction of Mr Peter Wawn, dedicating themselves to a very intense training regime both in and out of the boat and helping to create a very competitive situation in the GPS Squad. Several members of the crew rowed in the 1st VIII during the season and when the crews were finalised, they were able to put aside their disappointment and take on a leadership role within the 2nd VIII.

The crew gave their best each time they raced, improving their race plan and competitiveness. While they did not achieve the result they had hoped for, they did gain a clear understanding of the technical aspects of rowing and what can be gained through hard work and working as a team.

The 2nd VIIIs season was disrupted at different times through illness and injury in the top end of the GPS Squad. Despite this, the crew maintained a very positive approach and took every opportunity to improve their technical skills.

At the Head of the River they could not match the early speed of the leading crews but gave of their best to close the gap, rowing their best time for the season.

1ST IV Stroke: Ryan Pascuzzo-Bowditch, William Metcalfe, Matthew Macey **Bow:** Fred Regan **Cox:** Nicholas Bunis

1ST IV Back: Frederick Regan, Matthew Macey **Middle:** Ryan Pascuzzo-Bowditch, Mr Richard Wearne (Coach), Will Metcalfe **Front:** Nicholas Bunis (Cox)

1st IV

COACH: MR RICHARD WEARNE

1st Place | GPS Head of the River and NSW Rowing Championships

The 1st IV were a consistently strong crew all season, winning at the Scots, NSW Championships, Kings/PLC and Sydney Rowing Club Regattas. At the NSW Rowing Championships, they won the NSW Championship Schoolboy Four, the first time a College crew has won this event.

At the Head of the River they rowed a very well judged race which saw them third at the 500 metre mark and first at 1500 metres following a very determined middle 1000 metres where they were able to maintain a very high and consistent boat speed. They went on to win in a time of 6 minutes 41.63 - the fastest time a Riverview IV has rowed at this regatta and the second fastest in the history of the event. In winning, they returned the Yaralla Cup to the College for the first time since 1965. In that year, the 1st IV was coached by two icons of Riverview Rowing, Fr. Ferruccio Romanin and Mr Denis Rowe. In his first year coaching at the College, Mr Richard Wearne has now left his mark on the history of the sport at Riverview by coaching both the 1st and 2nd IVs to victory.

2ND IV Stroke: Harry O'Mally, Samuel Phillip, Rory Egan **Bow:** Joshua Steel **Cox:** Christian Pace

2ND IV Back: Joshua Steel, Rory Egan **Middle:** Harry O'Mally, Mr Richard Wearne (Coach), Samuel Phillip **Front:** Christian Pace (Cox)

2nd IV

COACH: MR RICHARD WEARNE

1st Place | GPS Head of the River

The 2nd IV performed consistently during the season. During Term 1 they finished on the podium in each of their events and at the NSW Championship they competed in the NSW Championship Schoolboy Four qualifying for the A Final, the only 2nd IV to do so. This was a sign of what was to come with strong performances at the Sydney Rowing Club and Gold Cup Regattas.

They saved their best performance for the Head of the River, winning their event from Shore by 3.9 seconds. They were in third place after the first 500 metres, 1.11 seconds behind Shore and in a very consistent performance over the middle 1000 metres of the race they moved to the lead at the 1500 metre mark. They then increased their margin as the raced to the finish in a very determined and polished performance.

Dr Hine presents the 2nd IV with the Alan Callaway Trophy

3RD IV Stroke: Thomas Jewell, Dominic Marshall, Charlie Rossi **Bow:** Alec Swan **Cox:** William Brooks

4TH IV Stroke: Dermot O'Brien, Thomas Acton, Edward Fleming **Bow:** Patrick Mainsbridge **Cox:** Lachlan Wilcox

3rd IV and 4th IV

COACH: MR DAVID DILLON

3rd IV: 2nd Place | GPS Head of the River

4th IV: 2nd Place | GPS Head of the River

The 3rd IV and 4th IV under the direction of Mr David Dillon were competitive crews all season both under race conditions and in training together. They showed great commitment and focus to improve their technical skills in order to improve their boat speed and race performance.

A change at the NSW Rowing Championship in recent years means that all the GPS IVs have to race in the NSW Schoolboy Championship Fours. Apart from this regatta both crews finished on the podium each week. The 3rd IV won their event at the St Joseph's and Kings/PLC Regattas while the 4th IV won at the Grammar and Scots Regattas and finished second in the others. At the Head of the River they both finished second in closely contested events, racing hard in the middle 1000 metres to try and get to the lead.

3rd VIII and 4th VIII

COACHES: MR DAVID HOGAN, MR OLIVER HARRADINE

The 3rd and 4th VIII squad had a difficult start to the season, with no other schools entering crews in Term 4, they raced in the 4th IVs event. The January Rowing Camp saw the squad make strong technical improvements but illness and injury throughout the GPS Squad impacted on their opportunities during Term 1. For the 3rd VIII, this meant changing crew combinations and for the 4th VIII only being able to race in the last two regattas of the season.

The 3rd VIII raced well each week finishing second at six regattas, including the Head of the River and winning at the Shore Regatta. The 4th VIII raced at the Gold Cup and Head of the River Regattas in the 3rd VIII events finishing a creditable fourth on both occasions. The members of this squad showed strong technical improvements during the season under the direction of their coaches Mr David Hogan and Mr Oliver Harradine.

3RD VIII Cox: Luca Vecchio **Stroke:** Thomas Lacey, Matthew Simmon, Angus Whiteing, Timothy Thackray, Finn McDonald, Jaxon Rose-Cummins, Tom Cubis **Bow:** Rory Burke

4TH VIII Cox: Damian Sullivan **Stoke:** William Polich, Lachlan Stocks, Kiyan Jahromi, Finn McDonald, Patrick Grant, Max Petchell, Robert Shishoian **Bow:** Jonathan Lucas

YEAR 10 1ST VIII Cox: Max Watkins **Stroke:** Ryan Hogan, Patrick Johnston, Samuel Harrop, Mackenzie Thompson, Felix Connors, Hamish Evans, Charles Jewell **Bow:** Tom Walker

Year 10 VIIIs

COACHES: MR DAN NOONAN, MR DAVID MATTHEWS, MR TOM CAVANAGH, MR ROHAN COSTELLO

With the Year 9 Challenge impacting on training time during the second half of Term 4, the Year 10s worked hard at the January Rowing Camp to improve their technical skills in preparation for the regattas in Term 1. This camp marked a big step forward for the squad and set the platform for Term 1 racing with the crews improving their performance with every regatta. As a result, the Squad finished third in their section of the AAGPS Junior Point Score competition. At the Head of the River, crews raced with passion and desire and finished with their best results of the season. They are a group with great potential, which will be further developed as they move into the Senior Squad next season.

YEAR 10 2ND VIII Cox: Padraig Frewen (absent), Mr Tom Cavanagh (Coach) **Stroke:** Max McKelvey, Adam Fine, Rex Collins, Nicholas Boyer, Marcus Bambagiotti, Orlando Carr, Sebastian Bellew **Bow:** Hugo Kerr (Cox)

YEAR 10 3RD VIII Cox: Hugo Matthews **Stroke:** William Wright, Daniel Keoghan, William Granger, Yuvraj Garg, Patrick Egger, Thomas O'Meara, Lachlan Bridger **Bow:** Jayden Johnston

Year 9 Quadruple Sculls

COACHES: MR JACKSON GARRELS, MR JAMES BENSON, MR MACINTYRE BIRD, MR MAX RUSSELL

The Year 9 Squad worked hard throughout the season, especially in the first four weeks of Term 4 to improve their individual skills and fitness under the guidance the Squad Manager, Mr Joshua Allen, and their coaches.

The Squad competed in 49 races with podium finishes in 84% of these events. Under the regatta draw system which sees them race in divisions each week, they were often drawn against Shore who dominated in this age group, but their consistency throughout the season saw all crews qualify for the A Final at the Gold Cup Regatta and the squad finished second in the Year 9 section of the AAGPS Junior Point Score competition.

YEAR 9 1ST IV Cox: Luca Vecchio **Stroke:** James Whiteing, Oscar Beregi, Samuel Giffin **Bow:** James McNamee

YEAR 9 2ND IV Cox: George Connolly **Stroke:** Jack Bannerman, Timothy Sekel, Jack Stone-Heesh **Bow:** Isaac Bissell

YEAR 9 3RD IV Cox: Sam Kearney (absent) **Stroke:** Charles Cooper, Amos Blacklock, Lachlan Easdown **Bow:** William Perkins

YEAR 9 4TH IV Cox: Oliver Daley **Stroke:** Samuel Shepherd, Nicholas Lowrey, Sam Cameron **Bow:** Jago Lambert

YEAR 9 5TH IV Cox: Rory Curtin **Stroke:** James O'Rourke, Otto Makeham, Thomas Goodman **Bow:** Marc Girard

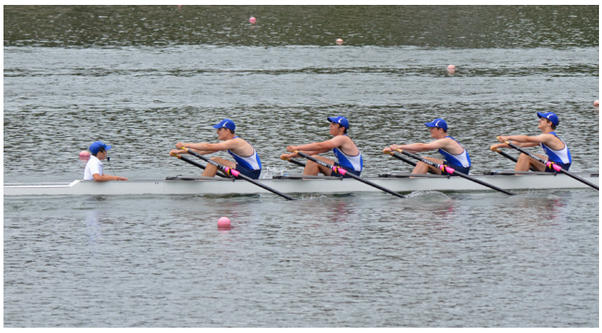

YEAR 9 6TH IV Cox: Rory Curtin **Stroke:** Saxon Mitchell, Liam Dinnell, Mac Stannard **Bow:** Thomas Dredge

YEAR 9 7TH IV Cox: Oliver Hehir **Stroke:** William Jewell, Henry Pagliaro, Harry Hehir **Bow:** Gabriel Storgato

Year 8 Quadruple Sculls

COACHES: MR ANGUS ROBERTSON, MR JACK CARLSON, MS MADYSEN ELBOURNE, MS GEORGIE SMITH

The Year 8 crews made great progress in their first season of rowing under the direction of their coaches. The crews trained hard in Term 4 in preparation for their first regatta only to have it cancelled after two races due to the inclement weather conditions. As a squad they trained enthusiastically at the January Rowing Camp, showing strong improvement in their technical skills.

Over the course of the season as a squad they competed in 30 events, and while they only won three times, they finished second on 16 occasions and third on 10. As a result of these consistent performances all crews qualified for the A final for their last regatta for the season at the Riverview Gold Cup and the squad finished second in the Year 8 section of the AAGPS Junior Point Score competition.

YEAR 8 1ST IV Cox: Jack Macken **Stroke:** Luka Milozzi, Jack Power, James O'Meara **Bow:** Oliver McColl

YEAR 8 2ND IV Cox: Daniel Keaney **Stroke:** Liam Sullivan, Mitchell Rutherford, Charles Radocaj **Bow:** Charles Tsang

YEAR 8 3RD IV Cox: Archer Potts **Stroke:** Willy Ryan, Julian Sammour, Romeo Atra **Bow:** William Petchell

YEAR 8 4TH IV Cox: Frederick Lennon **Stroke:** Harrison Loiterton, Liam Rees, Mac Collins **Bow:** Riley Cooper

YEAR 8 5TH IV Cox: Charles Schell **Stroke:** Oliver Croll, Thomas Finlayson, Leon Mason-Bunton **Bow:** Daniel Haire

YEAR 8 6TH IV Cox: Ryan Hunter (absent) **Stroke:** Charles Bull, Edward Kelly, Roman Perez **Bow:** Dominic Mayhew

RIVERVIEW

QUANTUM POTES
TANTUM AUDE

Rugby

MASTER IN CHARGE: MR OLIVER STENMARK

The great former French Captain, Jean Pierre Rives, is quoted as saying: "The whole point of rugby is that it is, first and foremost, a state of mind, a spirit." This quote encapsulates what Riverview Rugby is all about, teams of boys training hard and playing with great spirit and teamwork. We don't always win, but at the end of the day, boys come from the field exhausted but satisfied that they have given 100% for their teammates.

The 2019 rugby season started with optimism with the hire of two new coaching coordinators – one to run our Junior (Regis and under 13 and 14) age groups, Nicholas Bousie, and another to oversee the older age groups (under 15 and 16), Lawrence Hunting. Both these men bought a wealth of experience from their differing backgrounds. Their role was to implement a coaching program that permeates from Year 5 all the way through to Year 12 – one that would identify issues and weaknesses and benefit the boys and heighten their enjoyment of the great game of rugby. I want to personally thank both these men for their great leadership and for sewing the roots of a program that will hopefully come to fruition in the coming years.

In terms of wins and losses, Riverview rugby was roughly 50-50 in 2019. To organise a schoolboy rugby competition with parity across all schools and age groups is near impossible, and schools like Riverview field teams across most age groups from A to F level, whilst some of our GPS partners can only field 2-3 teams per age group. This makes draws very difficult to organise and often results in mismatches, providing many great challenges for the players and the coaches. None of the boys or coaches ever complained, they merely rolled their sleeves up and met the challenge week after week, determined to improve and compete at the highest level for their school colours.

Our senior competition teams did us proud in 2019. Our 1st XV won 3 and lost 2 GPS competition games; losses to Scots and St Joseph's both came after leading the game for extended periods. The game of the season was the very last against Newington when the 1st XV was down by 12 and made a spectacular comeback scoring the winning try right on fulltime to end the season on a high. We saw a similar result in the 2nd XV who dropped 2 of their 5 games, unfortunately an injury in their game with Newington College led to a shortened game just as the team were finishing with a wet sail! The 3rd XV were defending a GPS premiership the previous season and finished with 5 wins and 2 losses in 3rd position across the 8 teams.

Congratulations to Captain of Rugby, Lachlan Albert, for his selection in the Australian Schools Rugby team that delivered an historic result by defeating the New Zealand Schools team in New Zealand in October just before he sat his HSC exams.

I'd like to thank all the coaches and age group co-ordinators, the strength and conditioning and medical staff for their passion and commitment, especially the teachers who continue to be actively involved in the Rugby Program. All of them make the boys' experience exceptionally positive and a genuine extension of the classroom where lifelong lessons that cannot be taught in the classroom are played out whilst the boys are under physical stresses on the playing field; the lessons and the friendships formed will last a lifetime.

To finish with another quote from an anonymous lover of Rugby: "Rugby may have many problems, but the gravest is undoubtedly waiting for summer to end to get back on the field again." I can't wait for the 2020 season to commence and I look forward to it with great anticipation.

AUSTRALIAN RUGBY REPRESENTATIVE: Lachlan Albert

STATE RUGBY REPRESENTATIVES L-R: Jack Feilen, Cassius Clinton, Lachlan Doust, Dally Bird (NSW 1), Bill Delany (NSW 2), George Clark (NSW 2), Oliver Hannan (NSW 2)

GPS RUGBY REPRESENTATIVES Back Row: Dally Bird, Lachlan Albert, Bill Delany **Front Row:** George Clark, Oliver Hannan, Simeone Schmidt, Cassius Clinton, Lachlan Doust

1ST XV RUGBY Back Row: George Clark, Dally Bird, Hamish Cressey, Simeone Schmidt, Lachlan Doust, Bill Delany, Oliver Hannan **Middle Row:** Hugh McCormack (Student Manager), Thomas Easy, Henry O'Donnell, Jack Stone, Trent Ryan, William Garling, Hugo Blackley, Thomas Acton (Student Manager) **Front Row:** Jack Bowen, Oliver Arcus, Mr William Dowers (Senior Manager), Lachlan Albert (Captain), Mr Anthony Cook (First XV Coach), Cassius Clinton (Vice-Captain), Mrs Cathalina Walsh (Trainer), Jack Feilen, Jack Bowrey

1st XV

HEAD COACH: MR ANTHONY COOK

4th Place GPS Competition

The 2019 season was one of exciting, open flowing rugby with fantastic victories and some agonisingly close losses. After a successful trial period with wins over more fancied rivals from the CAS competition including Waverley and Barker, the GPS season was shaping up to be a successful one.

The first GPS game was with The King's School. Always a formidable opponent with size and skill from 1-15, this year was no different. Controlling the ball for long periods of time was a focus moving into this match and starving the opposition of possession. Riverview started with intent and scored early, maintaining pressure through the first half, to hold Kings at bay. After half time, a well worked set play saw Oliver Arcus slice through untouched to give Riverview a considerable points advantage over Kings. Riverview closed out the game winning 29-12.

The Scots College team featured GPS and NSW representatives. This was a hard-fought match at Bellevue Hill in driving wind and freezing rain. Riverview started like they finished the week before, scoring through individual brilliance from winger George Clark who scored a first half hat-trick. But Scots, like always, found their feet and ground their way back into the contest. We were leading 19-17 with 5 minutes to go, and what could only be described as a diabolical referee decision saw Scots run the length of the field from a scrum infringement on a Riverview feed and score out wide. With the subsequent conversion, we were now down 19-24 and a bit shell-shocked. Scots were able to hold on from that point, shattering the 15 players in blue and white.

Following this, the selection of players for GPS representation was held. Lachlan Albert and Simeone Schmidt were selected in the GPS 1st XV. Oliver Hannan, Lachlan Doust, Cass Clinton, Dally Bird, Bill Delaney and George Clark were selected in the GPS 2nd XV. This was a fantastic achievement by these players who performed admirably. In the GPS Blue and White teams were Thomas Easy, Jack Stone, Hugo Blackley, Oliver Arcus and Hamish Cressey. Our youngest players Jack Bowen and Henry O'Donnell were selected in the U16 GPS President's side and subsequently the NSW U16.

Representing NSW schoolboys is an honour. Lachlan Albert (NSW1), Dally Bird (NSW1), Oliver Hannan (NSW2), Bill Delaney (NSW2), George Clark (NSW2) were all selected to represent their state at the National Championships, with NSW1 winning the tournament. Simeone Schmidt was also selected for NSW Gen Blue.

Subsequently, Lachlan Albert was selected in the Australian Schoolboys side, an excellent achievement, and Dally Bird in the Australian Barbarians, also an excellent achievement for a player in Year 11.

Continuing a desire to succeed after the holiday camp and the success of our representative players, our old foes St Joseph's were the next opponents. This game was highly anticipated and a must win for Riverview to remain in contention for a premiership. A resilient first

half from Riverview saw them repel wave after wave of attack from St Joseph's and score two long range tries (Hamish Cressey and Jack Bowen) against the run of play. A third try from a well-worked driving maul to Simeone Schmidt gave Riverview a handy 20-8 lead with 3 minutes remaining in the first half. Unfortunately, Riverview turned the ball over cheaply at the re-start, something you can't do against the strength of St Joseph's, and were unable to defend their line allowing St Joseph's to hit back on the half time whistle. The second half saw St Joseph's hold the ball for very long periods, making the Riverview defence work over-time. It was a match that saw them make an extra 140 tackles than their previous game against The Scots College. This added defensive pressure fatigued the Riverview side and a strong and skilful St Joseph's team came home strong scoring two late converted tries to eventually win an entertaining match 34-23.

A chance at redemption and to display some attacking flair presented itself in the next fixture against Shore. The score-line of 57-7 was an indication of the game, but more importantly it was the confidence boost the team needed after a tough defeat the week prior. Tries were scored across the park from everywhere on the field entertaining the small but vocal crowd.

The team continued with their confidence building in a hard-fought come-from-behind victory against Newington. Always a physical side, Newington were relentless in contact, and had speed and skill out wide. Newington led for 69 minutes of the match and then Riverview rallied, scoring three late tries to come from more than two converted tries behind to win 32-29. It was a fitting end to a successful season. Losing only two games out of a possible 14 was credit to the players for their dedication and commitment to the strong standards set by the players themselves and the coaching staff.

Thank you to those who were integral to the players and coaching staff during the season: Mrs Cathy Walsh (Athletic Performance), Mr Chris Bartels (Strength), Mr Andrew Szabo and Jono Harvey, Marco our tireless physio, Assistant Coach Ross Hopkins, Mr Bill Dowers, and to the parents of the 1st XV, thank you for your endless support of your sons and Riverview Rugby.

Finally, to Lachlan Albert, Cassius Clinton and members of the 1st XV. You displayed leadership, commitment and determination beyond your years with a drive to succeed. Thank you for the successful season and best wishes for the future.

2ND XV RUGBY Back Row: William Lamming, Trent Ryan, Jasper Long, Daniel Allsop, Angus McBean, Ethan McGuiness, Benjamin Tuckfield **Middle Row:** Archie Cornell (Student Manager), Tobias McDonald, Nicolas Bernauer, Taine Woodford, Jack Feilen, Joseph Carter, Bendict Bonsembiante, Nicholas McGrory **Front Row:** James Clout, Xavier O'Grady, Mr William Dowers (Senior Manager), Jack Bowrey (Captain), Mr Andrew Walters (2nd XV Coach), Fletcher Ryan, Tom Mercer

2nd XV

HEAD COACH: MR ANDREW WALTERS

The 2nd XV enjoyed a successful season with vast improvements in performance over the year. The trial matches of late Term 1 and Term 2 would be steep learning curves and were part of a long period of skill and tactical improvement. Coming off a scrappy loss to Waverley and outplayed by Scots in another trial, it was a trip out to play Oakhill 1st XV that got our season off the ground. That dominant win in a match that had to be abandoned due to the number of opposition yellow cards gave the players confidence.

This belief showed in a fine performance against St Stanislaus 1st XV where we tied 19-all. This was followed by a dominant win against Waverley who we had lost to a month earlier. We showed how far we had come in a short space of time, particularly in our attack. This gave us even more belief in what we were doing at training and set us up for the start of the competition.

Round 1 was a tough match against King's. With the home ground and underdog tag firmly in our advantage, we went out with nothing to lose. What followed was a memorable victory where the opposition never really got close. Our pace and intensity were too much for the visitors and we won 21-5.

The second round saw an away trip to Scots and although we dominated King's the week before, Scots were still considered the favourites. Three tries to Jack Feilen and some truly committed defence saw Riverview emerge 25-12 winners. We were now firmly in the hunt for the premiership.

With the big break over the holidays and a Joeys clash on the horizon, there was no need for extra motivation heading into our holiday and camp. The boys trained well, and the feeling was of quiet confidence going into our trip to Hunters Hill. Joeys had dominated in the first two rounds with very heavy wins and we were once again underdogs with nothing to lose. Unfortunately, it was not our day. Nerves may have got to us at times with uncharacteristic mistakes in attack. The hosts finished strongly winning 21–7.

Shore was a tough match for the team to get up for and it was only a very late try against the run of play that secured the 22-19 victory. This in itself was a terrific testament to this team who were able to scrap and get the job done while not at our best.

The Newington match to finish the season was disappointing. After a big delay in the 3rds match due to an injury it was decided we would only play 18-minute halves so that the 1sts could get their match done in time. This suited the big powerful Newington side and we never seemed comfortable after the injury to the Riverview boy in the 3rds match. Again, we were scrappy in our execution and it was Newington who would cause an upset and win 24-17.

The improvement of the players as the season progressed, including big turnarounds against Waverley and Scots after earlier loses to those same sides, is for me a mark of true success. The boys should be very proud of the progress they have made individually and as a team over the course of many tireless hours of hard work and learning.

My thanks go to the support staff of Mr Dowers and student managers Archie, Sam and Eddie whose presence allowed the coaches to coach. Thanks also to Marco for his tireless work as physio, Mr Olly Stenmark, Mr Jono Harvey and Mr Andrew Szabo for their guidance and coaches Mr Anthony Cook, Mr Ross Hopkins and Mr Dan Brown. Finally thank you to all the parents and families of the boys who support them in their endeavours and make all this possible.

3RD RUGBY Back Row: Josh Steel, James Greenslade, Sean O'Brien, Rhett Wheelhouse, Finn McDonald **Middle Row:** Rory Egan, William Simpson-Docker, Ned Power, Archie Collis, Sam Phillip, Sam Lenehan **Front Row:** Joseph Giffin, Andrew Aller, Archer Gunning, Andrew Spring, James Garnsey, Benjo Makeham, Shuaib Rhodes-Swain

4TH RUGBY Back Row: Kiyan Jahromi, Archibald Collins, Harry O'Mally, James Fenn **Middle Row:** Mr Emanuel Comino (Coach), Jack Pringle, Joseph McDonald, Hugo Heanly, Ezekiel Billy, Niall Meehan **Front Row:** Angus Dinnell, Harri Lee-Young, Oliver Taylor, Cameron Noud, Angus Rose, Henry Taylor, Samuel Vaughan

5TH RUGBY Back Row: Fionn Mahoney, Xavier King, Lachlan Swinfield, Henry Hobson **Middle Row:** Mr Angus Arnell, Fergus Back, Nathan Weston, Patrick O'Connor, Jake Goodrich, Angus Dougall **Front Row:** Nicholas Plazas, Thomas Roche, Hugh Holm, Wiley Anderson, Frederick Regan, Claude Kalfabun, Hunter Hartwig

6TH RUGBY Back Row: Jack Rooney, Callum Peacocke, Chan Deng **Middle Row:** Jono Lucas, Jett Mansfield, Edwin Akol, Will Jones, Angus Whiteing, Lachlan Hammond **Front Row:** Aiden Sinfield, Sebastian Wood, Thomas Ell, Hamish Murphy, Nicholas Brooks, Matthew Riley, Sean Welsh

7TH RUGBY Back Row: Mr Mac Bird (Coach), Edward Lenehan, Will Metcalfe, Benjamin Luckman, Lochie Stocks, Ignatius Hill, Patrick Grant **Front Row:** Damian Sullivan, Maximillien Petchell, Benjamin Lin, Charlie Duff, Samuel Lo, Thomas Gaha, Maxwell Fisher

8TH RUGBY Back Row: Nicholas Gunning, Timothy Thackray, William Makim, Thomas Wilson, Thomas Jewell, Sam Pearson **Middle Row:** Mr Jack Allsop (Coach), Tom Cubis, Joseph O'Brien, Ned O'Rourke, Dermot O'Brien, Felix Ryan **Front Row:** Patrick Alvarez, Louie O'Neil, Alexander Cooper, William Price, Nicholas Kennedy, Edward Graham, Archie Cornell

9TH RUGBY Back Row: Alexander Johnson, Luca Pannozzo, Simon Kenderes, Louis Callanan **Middle Row:** Ms Kimberley Davey (Coach), Michael Milan, Michael Cheok, Cameron Short, Scott Pinn, Michael O'Brien **Front Row:** James Kardachi, Matthew Pinn, Michael Middleton, Oscar Langley, Alexander De Luca, Jonah Cooper, Harrison Upfold

10TH RUGBY Back Row: Charlie Beck, Edward Fleming, Daniel Coates, Lachlan Croll **Middle Row:** Mr John Newey (Coach), Thomas Lacey, Angus Warren, Oliver Shackell, Archie Orrock, Lachlan Wilcox **Front Row**: Magnus Yim, Matthew Steffan, Oliver Keefe, Matthew Mildren, Jack Druce, Liam Barry, Benedict Mansfield

16A RUGBY Back Row: Felix Connors, Samuel Allsopp, Lachlan Quinn, John McCaffrey, George Coates, Benjamin Morton, Liam Dempsey **Middle Row:** Mr Toby L'Estrange (Coach), Mr Tom Coolican (Coach), Harrison Monie, Max Blackley, Joshua Johnston, William Granger, Oliver Cain, Jack Matthews, Mr James Rodgers (Coach) **Front Row:** Daniel Nelson, William Burraston, Harry Spora, Matthew Assaf, William Hopper, Tomas McNeil, William Martyr

16B RUGBY Back Row: Chris Jones, Oliver Ferencz, Sam Watt, Tristan Kelleher, Nicholas Zanatta, Patrick Johnston, Oscar Brady **Middle Row:** Thomas Hamer, Zane Faull, Bray Downing, Zach Wong, Adam Fine, Mr Tom Morgan **Front Row:** Archie Quirico, Harry Jensen, Ashton Horgan, Rex Collins, Jackson Mitchell, Charlie McGowen, Adrian Schembri

16C RUGBY Back Row: Augie Sidoti, Tom Walker, William Wright, Nicholas Le Lievre, James Henville, Andrew Kelly, James Hayes **Middle Row:** Mr Joshua Lo (Coach), Hugo Walsh, Ryan Hogan, Harry Blair-Rath, Finn Lavelle, Matthew Macken, Fred Wormwell **Front Row:** Daniel Tracy, Hugh Samsa, Benjamin Knappick, Joseph Meagher, Jack Brown, Nicholas Long, Hayden Ryan

16E RUGBY Back Row: Mason Pisani, Yuvraj Garg, Joseph Radford, Angus Roche, Nicholas Carr, George Kelly, Ned Nowlan-Full **Middle Row:** Mr Daniel Johnston (Coach), Joseph Langfield, Oliver Keighery, Nathan Gooley, Padraig Frewen, Dominic Ryan **Front Row:** Lachlan Bridger, Milo Hunter, Patrick Egger, Augustin McColl, Lee James, Felix Leung, Benjamin Leonard

15A RUGBY Back Row: Rocco Rizzo, Oscar Beregi, Samuel Giffin, Isaac Bissell, James McNamee **Middle Row:** Dougal Lane, Hans Wong, William Perkins, Declan Mackey, Harrison Ryan, Mr Anthony Ekert (Coach) **Front Row:** Jayden Johnston, William Smith, Henry Pagliaro, Timothy Sekel, James O'Rourke, Jack Roe, Archie Ekert

15B RUGBY Back Row: Patrick Dunstan, Zakariya Skaf, Hunter Thompson, Harrison Hartnell, James Whiteing, Thomas Dredge, Sam Smith, Mr Jack Kane (Coach) **Front Row:** Benjamin Hallam, Lockie Price, Harrison Hadley, Nicholas Lamming, Peter Spring, Jack Montague, George Pencheff

15C RUGBY Back Row: Patrick Byrne, Rory Curtin, Akol Akol, Samuel Shepherd, Hugo Pringle, Jago Lambert, Mr Matthew Parsons (Coach) **Front Row:** Benjamin Parsons, Oliver Ell, Thomas Bull, Sam Clark, Evan Boniciolli, Lachlan O'Brien, Max Huttary

15D RUGBY Back Row: Amos Blacklock, Maxwell Threlkeld, Joe Harrison **Middle Row:** Jack Grattan, Gus Oxenham, Patrick Condon, William Jewell, Oliver Hehir, Henry Madigan **Front Row:** Lachlan Harris, Connor Ogle, Oscar Stevenson, Fynn Leach, Patrick Pearman, Oliver Graham, Patrick Ward

15E RUGBY Back Row: Kristian Edgecombe, Thomas Goodman, Charles Ballhausen **Middle Row:** Oliver Anderson, James Caspers, Jack O'Brien, William Smythe, Nick Delany, Ewan Randell **Front Row:** Stephen Martin, Xavier Graham, Nicholas Price, Charles Cooper, Henry Ryan, Archie Moore, William Smith

15F RUGBY Back Row: Patrick Shackell, Nicholas Garling, Oliver Hehir, Charlton King **Middle Row:** Mr Dominic Easy (Coach), Luke Hildebrandt, Richard Kelly, John Re, Nathan Valerio, Charles Goodman **Front Row:** Benjamin O'Neil, William Brooks, Samuel Mulhearn, Matthew Gibson, Angus Greiner, Nicholas Smyth, James Thorp

15G RUGBY Back Row: Riley Burne, Jack Baker, James Dillon **Middle Row:** Mr Luca Asmonti (Coach), Joshua Goodrich, Will Southon, Ryan Dobson, Jack Gale, Samuel Stapleton **Front Row:** Graham Duckett, William Collins, Hugo Mansfield, Max Christie, Charles Mason, Samuel Ashby, Jonas Bateman

14A RUGBY Back Row: Nicholas Newton, Ewen McBean, Cormac Kelly, Jack Power, James O'Meara, Daniel Cummins, Leon Mason-Bunton **Middle Row:** Mr Nick Brown (Coach), Liam Sullivan, Mac Collins, Marc Girard, Joseph Dillon, Mr Josh Allen (Coach) **Front Row:** William Hayes, William Fox-Smith, Oscar Blackley, Liam Grover, Benjamin Noble, Hamish Grover, Henry Curll

14B RUGBY Back Row: Gabriel Turner, Matthew Fielding, Charles Radocaj, Charlie Rathborne, Hamish Long **Middle Row:** Jack Macken, Patrick Spora, Thomas McCloskey, Lachlan Nelson, Oscar Odell, Mr Christopher Bishara (Coach) **Front Row:** William Rogers, George Dummer, Harrison Loiterton, Tom Taylor, Charlie Simmonds, Knox O'Connor, Daniel Keirle

14C RUGBY Back Row: Maxwell Whittaker, James Lyon, Samuel Pidcock, Arthur Webb **Middle Row:** Mr Edward Rennie (Coach), Thomas Finlayson, Hugo Paddon-Row, Daniel Haire, Riley Cooper, Gruffydd Palmer **Front Row:** Connor Egger, Nicholas Hyde, William Petchell, Oliver Galvin, Oliver McColl, Roman Perez, Shea Berry

14D RUGBY Back Row: Charles Tsang, Hugo McCarthy, Samuel Fleming, Liam Rees, Finlay Ross **Middle Row:** Mr Will Dougall, Alexander Hutton, Charles Schell, Willy Ryan, Jono Allfrey, Frederick Lennon **Front Row:** Alexander Harper, Loic Walford, Benjamin Dockney, Deja Dzarir Zohs, Max McCairns, Mismam Kris, Christian Melbourne

14E RUGBY Back Row: Lachlan Bissell, Leo Egerton-Warburton, Alexander Jambrich, Edward Rennie, Thomas Harrop, Zachary Woodburn **Middle Row:** Mr Ryan McAlpine, Russell Whap, Liam Tracy, Owen Griffiths, Lochlan Philp, Mr Alex Fry **Front Row:** Thomas McNamee, Dominic Gale, Dylan Bennett, James Gooden, Christian Stieger, John-Paul Colosimo, Benjamin MacDonald

13A RUGBY Back Row: Phoenix Graham, Angus McCaffery, Charlie Harrison, Mark Qu, Joseph Paii **Middle Row:** Mr Toby Martin (Coach), Conor Dempsey, Charles Bull, Archie Matthews, Daniel Saunders, Sam Terry, Thomas Hartman **Front Row:** Edward Carter, Walter Walker, William Hodge, Ryan Devlin, Harrison Hill, Henry Butler, Zachary Duane

13B RUGBY Back Row: Ambrose Hennessy, Thomas Pither, Toby Ward, John Havili, Jeremy Healy, Edward Riley **Middle Row:** Mr David Wales (Coach), Alexander Lee-Young, William Brown, Samuel Blakers, Oscar Pidcock, Jerimiah Hardy, Darcy Hallam, Mr Brian Piper (Coach) **Front Row:** Nicholas Re, Benedict King, Max Mason, Joshua Tucker, Angus Lenehan, Thomas O'Connor, Daniel Rigney

13C RUGBY Back Row: William Mason, Stefan Wood, Julian Sammour, Tana McCleary, Henry King **Middle Row:** Jude Smith, Sam Ball, Frederick Stuckey, Rupert Fulton, Sam Wright, Mr Will McLennan (Coach) **Front Row:** William Grattan, Luke Brady, Jack Henry, Jeremy Holmes, Hudson Alexander, George Daly, Jeremy Studdert

13D RUGBY Back Row: Ryan Hunter, Luke Easdown, Fletcher Cairns, Alexander Yeo **Middle Row:** Mr Sebastian Cameron (Coach), Harrison Sealey, Christopher Blencke, William Cashion, Lachlan Matthews, Oliver Gunns, Tom Furlong, Mr Peter McMillan (Age Group Coordinator) **Front Row:** Luc Johnstone, James Fraser, Ethan Burton, Bill Walker, Johnny Malek, Gabriel Bennett, Edward Thorp

13E RUGBY Back Row: Hugh Waldren, Robert Laird, Charlie Christie, Lachlan Wright, Owen Parrett, Pearce Cole, Patrick Ryan **Middle Row:** Ms Vanessa Petersen (Coach), Jack Thompson, Hugh Graham, William Ward, Oscar Ell, Rory Ell, Alex Harvey, Samuel Polich, Nicholas Dougherty **Front Row:** Lachlan Hordern-Smith, Alastair Brown, Harry O'Neil, Jackson Delany, Shannon Haynes, Joseph Madigan, Harrison Bunis

Sailing

MASTER IN CHARGE: MR MATTHEW BENTLEY

2019 was a very busy season with 36 sailors enrolled in our program consisting of four teams. Optimists 1 comprised our youngest and least experienced sailors learning to sail for the first time in the Optimist class single handed dinghy. Optimist 2 was a select group of more accomplished junior sailors who were ready to practise racing techniques and strategies. Junior laser and senior laser teams were made up of the full spectrum of capabilities from sailors transitioning from optimists to lasers in Year 9 to some of our most accomplished laser sailors. These included Xavier McLachlan and Club Captain Charles Smith who both competed at the Laser 4.7 Youth National Championships and also the laser 4.7 Youth World Championships in Canada. Charles competed in the European Championships in France.

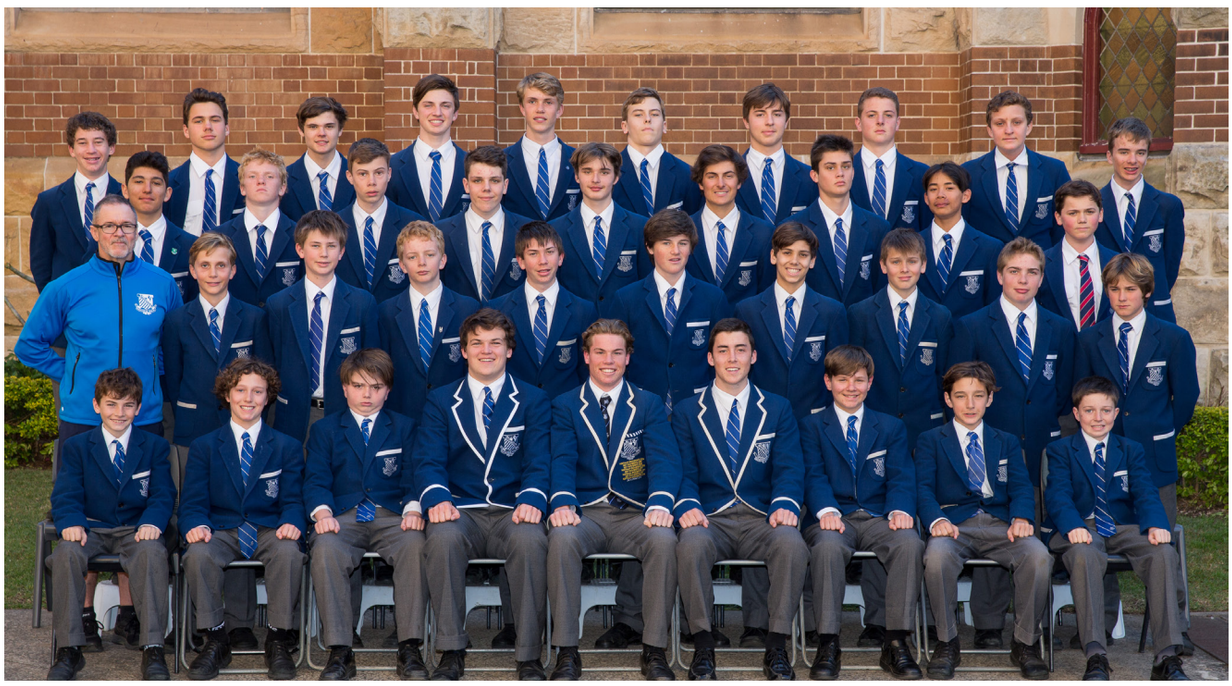

We were also fortunate to welcome some new staff to the coaching team. In particular, Mr Jonathan Talbot who joined the Riverview teaching staff and brought with him extensive experience in all manner of sailing craft, competition, instruction and even maintenance.

The second half of our season is traditionally focussed on training for the State Secondary Schools Teams Racing Championships. Despite not being aligned with our usual individual sailing activities, this is a regatta in which we have enjoyed some significant success in the past. The regatta is an intense 3 days of racing comprising 198 short races among 21 entries from schools located all over the state. At the end of day 1 Riverview was placed 5th. After a tough second day, we drew fourth place overall. Which meant we just missed out on the finals on day 3. The Riverview team should be commended for their demonstrated skills, exemplary effort and teamwork throughout the training and competition for this event.

Finally, I would like to thank our Captain Charles Smith for his commitment to the program here, as he led by example. Charlie balanced a demanding training schedule for his external sailing competitions whilst effectively engaging with all of our sailors no matter their experience or skill level.

SNOWSPORTS Back Row: Matthew Macken, Nathaniel Graves, Joshua Klobusiak, Samuel Harrop, William Wright, Huon Croll, Mackenzie Thompson, James O'Meara, Lachlan Walker, Daniel Keaney **Third Row:** Romeo Atra, Hamish Long, Sam Kearney, Toby Freeman, Daniel Klobusiak, Nathan Gooley, Max Christie, Max Watkins, Joseph Graves **Second Row:** Mr Chris Baxter, Sam Wright, Charlie Christie, Patrick Keaney, Jack Macken, Sam Clark, Maximillian Blakers, Samuel Blakers, George Dummer, Shea Berry **Front Row:** Julian De Angelis, Benjamin Kropman, Ethan Burton, Ned O'Rourke, Archer Gunning (Captain), Samuel Lo, Christian Melbourne, William Rogers, Lachlan Hordern-Smith

Snowsports

MASTER IN CHARGE: MR CHRIS BAXTER

It was a stellar season on the slopes for the College, with our skiers and snowboarders in the medals at all three levels of inter-school competition. We experienced unprecedented success, culminating in National titles for Max Watkins (Year 10) in Snowboard Slopestyle and Romeo Atra (Year 8) in Skier X. Eight students qualified for the Australian Interschools.

At the Sydney Regional Interschools in Thredbo, six snowboarders from Years 7, 8, 9 and 10, won the College the Silver Medal in the Secondary Schools Snowboard Category, our first ever medal in this category. Well done Joe Graves, Ben Kropman, Christian Melbourne, Kristian Edgecombe, Mackenzie Thompson and Max Watkins. 44 students represented the College at the Sydney Regionals in four Divisions with students from Regis to Year 12. Across five disciplines, in 32 teams, we had 91 individual entries. It made for a busy week.

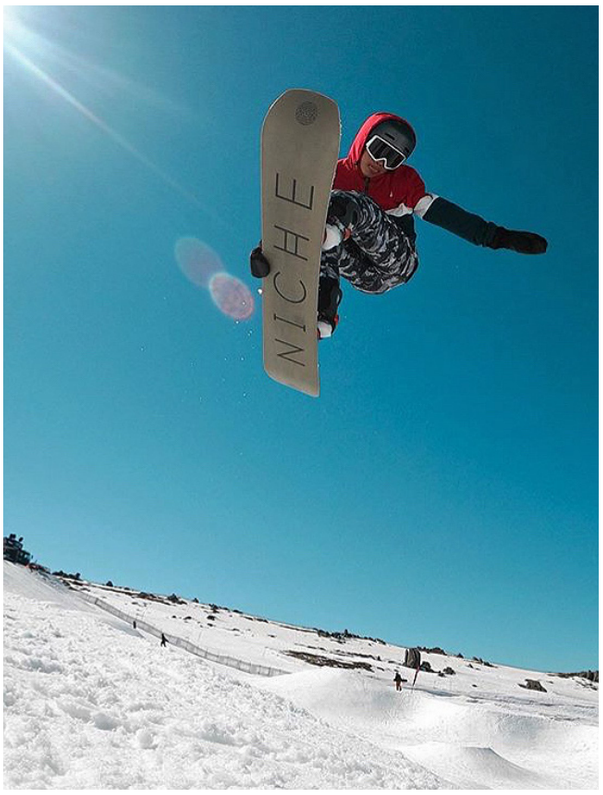

Three Regis students, Julian De Angelis, Pat Keaney and Barclay Sutcliffe all qualified for the NSW Interschools with Julian qualifying in three events. Year 7 student, Joe Graves deserves commendation as despite missing out on National qualification, he became only the second College student to represent the College at a State level in both ski and snowboard events: Snowboard Slopestyle, Boarder X, Moguls, and X Country Freestyle.

2019 was a breakout year for snowboarder Ben Kropman (Year 8). He was a threat in every event he entered, and his consistent form saw him qualify for Nationals in Slopestyle. With his gymnastics background, Ben is a natural in the air, and he will only continue to improve.

Max Watkins stole the show and stamped himself as a winter athlete with a big future. In a two-week period, Max won the NSW Slopestyle title in Perisher, and then the

Romeo Atra

Max Watkins

National title at Mt Buller. He had also qualified for Nationals in Snowboard GS and placed 22nd. Justifiably, Max generated much interest in the worldwide snowboard community.

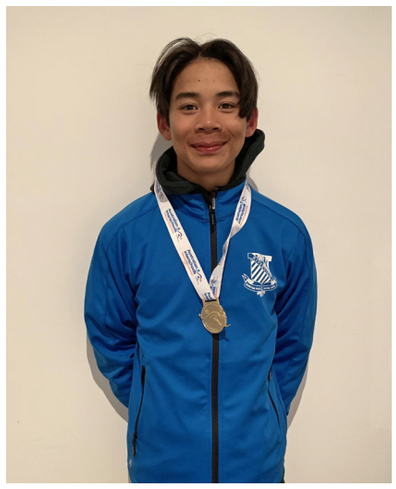

Year 8 student Romeo Atra owned the Skier X discipline this season. The first College student to win the Redlands Cup, the first to win the Amelia McGuiness Time Trial, the first to win the Blue Cow Cup. And finally, National Champion at the Australian Interschools. And what a week it was for Romeo in Mt Buller, after qualifying in an extraordinary four events. In less than three days, Romeo won the National title in Skier X, finished 7th in Cross Country, 10th in Moguls, and then 14th in Alpine.

From an original team of 44 athletes, 16 students qualified from the Sydney Regional Interschools through to the NSW Interschools. And what a week, with Romeo winning the Amelia McGuiness Time Trial on the opening day, and then Max setting the standard on his opening run in Slopestyle. A standard only he could match. Eight students then qualified for the Australian Interschools; Max and Ben in Snowboard Slopestyle, Max in Snowboard GS, and then, on skis, Archer Gunning, Ned O'Rourke and Sam Lo in Division 1 Moguls, Henry Ryan in Division 1 Skier X, Romeo in four events, and finally, Year 10 student Ollie Cain in Cross Country. This was the first time the College has had two students qualify for Nationals in Cross Country.

I would like to acknowledge Captain of Snowsports, Archer Gunning, for his support and mentoring of the younger skiers, particularly on the moguls and skier X courses. Archer led by example all season and is to be commended for the genuine concern he displayed for his teammates. Whilst ultimately, Archer was not as successful this year as he had been in previous seasons, he still achieved National representation as he had throughout his career at the College.

I'm left with a lasting memory of this year's Snowsports Camp. It is of the eight Year 11 boys who attended the camp, and the care and concern they displayed for the Regis boys. And in particular, senior skiers, Ned O'Rourke and Sam Lo, who sought the company of the youngest boys every day for lunch.

A huge thank you on behalf of the College, the parents, and the boys, to the mother of

Max Watkins

our Captain of Snowsports, Linda Gunning. Linda was meticulous in her organisation, leaving no stone unturned. With three sons having played such prominent roles in College Snowsports, Linda has had a long involvement with the sport at the College. Competitive skiing and snowboarding rely heavily on parental involvement and on behalf of the College, my sincere thanks to the many parents who volunteered both as team managers and course officials.

SURF LIFE SAVING Back Row: Luke Tyler, Nathan Weston, Jacob Campbell, Ky Williamson, Lachlan Swinfield, Finn McKelvey, James Garnsey, Maxwell Fisher, Sam Moloney, Peter Colledge **Third Row:** Sally Munro, Ashleigh Morrison, Hugh McCormack, Thomas Mercer, Brock twigg, Xavier Bryant, Thomas Ell, Oscar Odell, Sebastian Cooper, Will Franklin, Peter Kovacs **Second row (kneeling):** James Lyon, Oliver Ferencz, Jett Mansfield, Shea Berry Angus Rose, Charlie Rathborne, Oliver Taylor, Tom McCloskey, Tom Hamer, Macgregor House, Nicholas Pignone, **Front row (seated):** Hugo Holt, Joseph Wotherspoon, William Collins, Sean O'Brien, Solomon Dunn

Surf Life Saving

MASTER IN CHARGE: MRS ASHLEIGH MORRISON

The 2018-19 SLS season continued much like past seasons in providing the boys with the opportunity to improve their surf, beach skills and fitness but like no other co-curricular activity it provides an important community service. Situations arose this year where boys were able to use their training in actively assisting the public to move out of life-threatening environments.

There was an efficient progression through the awards with this necessary step leading to patrols. The requirement of the boys to serve on the patrol roster meant that more than ever the contribution of Riverview in the care and protection of the public on North Steyne beach was significant.

Each boy improved in his level of fitness and skill in the various SLS disciplines. There are many anecdotes, for example, of boys improving their skills in board paddling from a very basic level (for some even fear of the surf) to becoming competent in paddling, catching waves and rescue techniques in a range of surf conditions.

The weekly training enabled boys to become very competitive at interschool carnivals. The decision to move one of the afternoon training sessions to Balmoral Beach was a positive one, and while time is limited, it necessitates an intense session in the various water and beach disciplines. Board techniques can be broken down, isolated and perfected in still water before transferring those skills to the surf on Saturday. The addition of James Curll (OR2018) has helped greatly in the improvement of the boys.

Captains Sean and Joe were good role models in their willingness to be of help to the staff and in the general running of the program. The staff were efficient, committed and showed concern for staff and students.

The most outstanding example of surfing skill was by Mac House. Coming in from a paddle around the buoy Mac was further to the south than the other boys. The swell was running at about 1.2 metres Mac saw a wave that was peaking substantially larger than the others in the set (about 2 metres) and he paddled to get the wave. He was slightly out of position and although paddling quickly he couldn't get his board over the lip of the wave. Mac then threw his weight forward resulting in the board breaking through the lip and travelling steeply down the face and looking as though it would end in a spectacular wipeout. In that instant as he was dropping down the face he pushed the rails forward with all his strength and hence his body backwards – the net result being all the weight was now on the rear of the paddle board. The wave exploded around him but with his balance restored he moved to his knees and rode the wave all the way to the shore. Most impressive!

The move to Balmoral for training increased the ability to have larger groups swimming in the open water at any one time and therefore presented more realistic conditions. We were able to use the enclosed area to complete shorter interval sessions and the length of the beach to build endurance through longer, continuous swims.

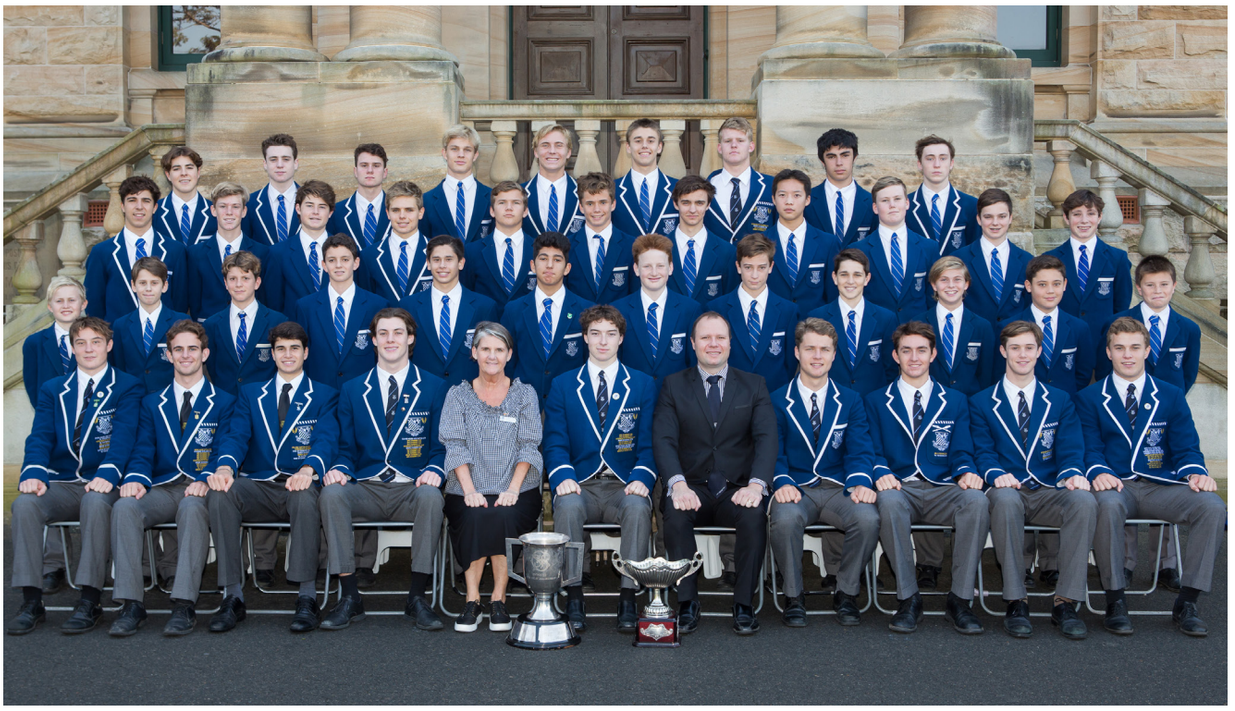

Weather conditions only allowed one carnival this year and the Whale Beach event saw our Junior team (Oscar Odell, Hunter Fallins and Solomon Dunn) place 3rd as did the Senior team of Finn McKelvey, Sam Maloney and Ky Williamson. Brock Twigg was outstanding in the Intermediate group.

Our internal carnivals had a clear winner in each of the swim events and congratulations go to Oscar Odell - Junior Champion, Brock Twigg – Intermediate Champion and Finn McKelvey – Senior Champion. Special mention to Charlie Rathbone, Solomon Dunn, Mac House, Jett Mansfield, Lach Swinfield, and Sean O'Brien who worked consistently throughout.

Students worked equally as hard on the land competing in both sprint and relay events, and improving and refining their skills in beach flags. A big focus in beach flag training was technique, in particular on gaining an effective start. Standout performers were Will Collins, Tom Mercer, Henry Taylor and Sean O'Brien.

SWIMMING SQUAD Back Row: Ethan Rheinberger, Nicholas Quinn, Aristotle Stathis, Charles Jewell, Bill Delany, Christian Taylor, Braiden Williamson, Oscar Beregi, Nicholas Leonard **Third Row:** Brock Twigg, William Jewell, Evan Watson, Alexander Hoffman, Tomas McNeil, Jackson Wakeling, Jack Rooney, Zach Wong, Kent Churcher, Thomas Harrop, Thomas Pither **Second Row:** Jack Thompson, Lukas Taylor, Henry Curll, Cooper Donald, William Kalkanas, Romeo Atra, Isaac Ford, Stefan Wood, Loic Walford, Jackson Delany, Thomas Lee, Oscar Blackley **Front Row:** Jack Pringle, Sam Austin, Oliver Mulhearn, Xavier King (Vice-Captain), Mrs Kim Prodinger, Harrison Geale (Captain), Mr Michael Webb (MIC, Coach), Hugo Van Haren, Flynn Twomey, George Rector, Hugo Blackley

Swimming

MASTER IN CHARGE: MR MICHAEL WEBB

GPS Swimming

The 2018/2019 swimming season was once again successful. There were over 90 students who trained and 55 of these students represented the College. Swimming training includes students from Regis and the Senior School with sessions often between 3 and 5km, which is exceptional. The Captain of the team was Harrison Geale and Vice-Captain was Xavier King while the BBQ captain was Hugo Van Haren; each of these boys demonstrated great leadership.

The season commenced with solid performances at the St Patrick's College Carnival with Riverview claiming top spot. The Sydney Boys Swimming Carnival 4x100m relay has been an event that has been conducted for many years and each GPS School enters a team for this event. The Riverview team of Christian Taylor, Nicholas Quinn, William Kalkanas and Aristotle Stathis placed 2nd. The annual Captain's Dinner was held at St Joseph's College and Harrison Geale and Xavier King represented the College at the dinner and Harrison spoke about the upcoming season.

Junior Division: 8th Place

- **12 years:** Isaac Ford
- **13 years:** Kent Churcher, Thomas Pither, Daniel Keaney, Jack Thompson, Thomas Lee, Stefan Wood, Ambrose Hennessey, Jackson Delany, Joe Rooney
- **14 years:** Cooper Donald, Henry Curll, Loic Walford, Oscar Blackley, Thomas Harrop, Hugh Gilroy, Romeo Atra, William Jewell

Intermediate Division: 3rd Place

- **15 years:** Oscar Beregi, Zach Wong, Nicholas Delany, Lachlan Easdown, William Kalkanas, Evan Watson, Jackson Wakeling, Max Christie
- **16 years:** Hugh Ross, Joshua Wren, Tomas McNeill, Charles Jewell, Nicholas Leonard, Max Blackley, Alexander Hoffman, Tom Perrott

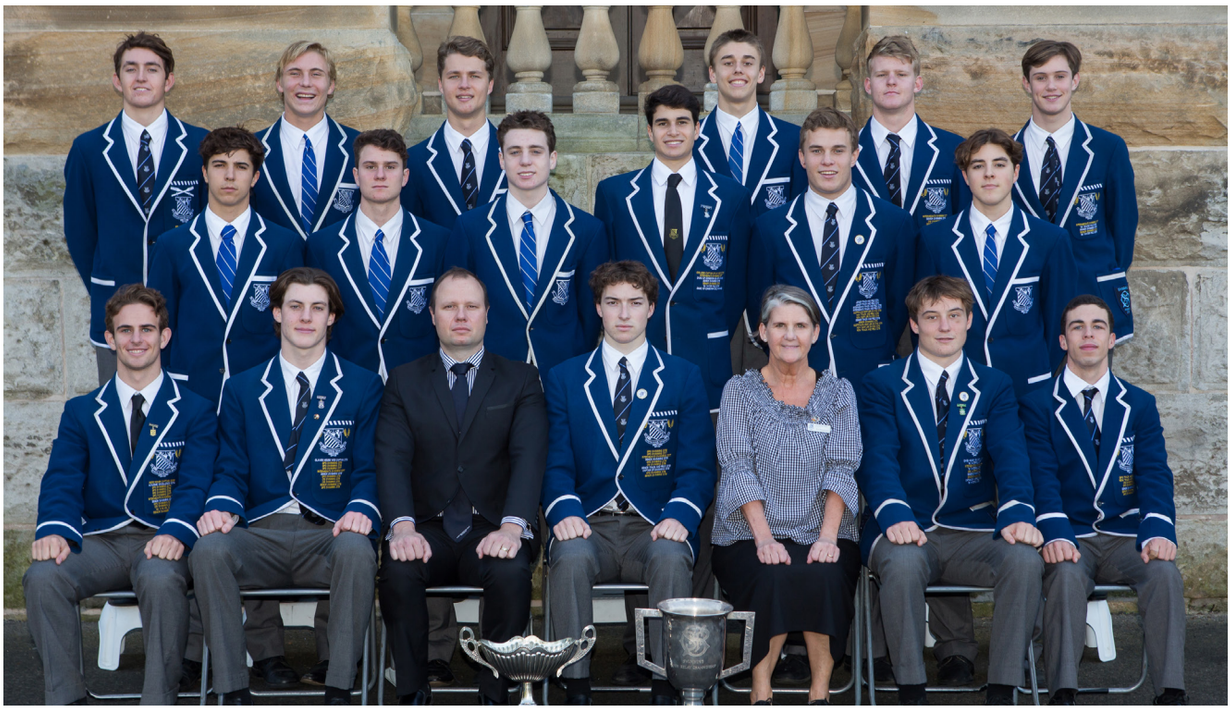

Senior Premiership: 1st Place

- **17 years:** George Rector, Christian Taylor, Ethan Rheinberger, Nicholas Quinn, Sam Austin, Bill Delany, Aristotle Stathis
- **18 years:** Harrison Geale, Xavier King, Braiden Williamson, Jack Pringle, Oliver Mulhearn, Ethan Lanigan, Hugo Van Haren, Flynn Twomey, Hugo Blackley

Open Relay Trophy: 1st Place

Christian Taylor, Aristotle Stathis, Harrison Geale, Hugh Ross, Nicholas Quinn, Xavier King, William Kalkanas, Bill Delany, Isaac Ford, Henry Curll

SENIOR SWIMMING Back Row: Flynn Twomey, Bill Delany, Hugo Van Haren, Christian Taylor, Braiden Williamson , George Rector **Middle Row:** Brock Twigg, Aristotle Stathis, Nicholas Quinn, Oliver Mulheran, Hugo Blackley, Ethan Rheinberger **Front Row:** Sam Austin, Xavier King, Mr Michael Webb, Harrison Geale (Capt), Mrs Kim Prodinger, Jack Pringle, Ethan Lanigan

NSW CIS Swimming Championships

The following 12 students were selected to represent the GPS team.

- **15 years:** William Kalkanas, Zach Wong
- **16 years:** Hugh Ross, Tomas McNeil, Thomas Perrott, Joshua Wren
- **17 years:** Christian Taylor, Nicholas Quinn, Aristotle Stathis
- **18 years:** Xavier King, Harrison Geale, Ethan Lanigan

Highlights:

- **17-19 years 4x50m Freestyle Relay:** 2nd - Christian Taylor, Xavier King, Harrison Geale, Aristotle Stathis
- **17-19 years 4x50m Medley Relay:** 3rd - Christian Taylor, Xavier King, Nicholas Quinn, Aristotle Stathis
- **Christian Taylor:** 1st 17yrs 50m Backstroke, 17yrs 100m Backstroke and 17yrs 50m Butterfly, 2nd 17yrs 50m Freestyle and 17yrs 100m Freestyle
- **William Kalkanas:** 3rd 15yrs 50m Butterfly
- **Nicholas Quinn:** 3rd 17yrs 50m Breaststroke

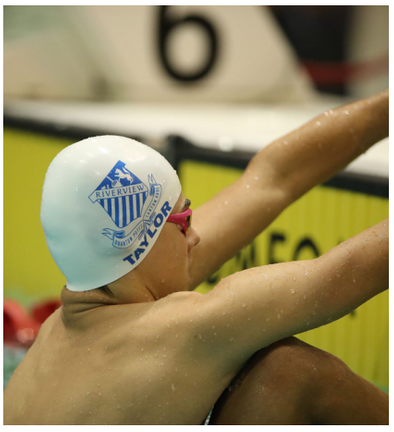

NSW All Schools

Six students went onto to be selected to represent the CIS team.

- **15 Years:** William Kalkanas
- **17 Years:** Christian Taylor, Nicholas Quinn, Aristotle Stathis
- **18 Years:** Xavier King, Harrison Geale

Highlights:

- **17-19 Years 4x50m Freestyle Relay:** 3rd - Christian Taylor, Xavier King, Harrison Geale, Aristotle Stathis
- **17-19 Years 4x50m Medley Relay:** 3rd - Christian Taylor, Xavier King, Nicholas Quinn, Aristotle Stathis
- **Christian Taylor:** 3rd 17yrs & Over 100m Backstroke

Table Tennis

MASTER IN CHARGE: MRS SUSAN POTTER

This season was a very successful one for our Table Tennis team. They showed much improvement and great sportsmanship over the course of the season. Many close games and matches were played by the boys in all six divisions. The closest matches were played against The Scots College and Trinity College. Many of the deciding games went to tiebreakers.

Most importantly, all boys displayed an enjoyment of the competition. A big thank you to the team coach, Mr James Wong, for sharing his expertise with the boys at both our training sessions and our Saturday competition matches. And thank you to the boys for entering into the season with such enthusiasm.

Tennis

MASTER IN CHARGE: MR GEOFF TESORIERO

Playing tennis for your school is very different to playing tennis in tournaments. We encourage all of our tennis players to participate in tennis tournaments to gain experience, exposure and help develop their game that will provide them with belief and intelligence on the court. And that is a huge benefit for anyone wanting to develop their game. However, when playing for the College, it is a lot more team orientated. Having players working out which is the best doubles combination, ranking their singles matches that will best match the opposition, and when it comes to training, it is about team cohesion and the boys working hard for their team mates. This was a large focus of our program this season and it was evident with the huge improvements made by each age-group. Players started to feel part of a team, wanting to do their best, not just for themselves but for their team-mates.

Initiatives this year included:

- Trial matches against Trinity and Newington in a Gala Day event during the September holidays. It was a great day seeing our players playing against different opposition from different age-groups and rankings.
- Hosting holiday camps in September and January and having up 30 students in attendance. We had future Riverview students attending the camp and that allowed them to form friendships and understand the expectations when playing for Riverview.

For the first time ever GPS Tennis changed up the trial season period and held the inaugural Plate Trophy Series. Schools were divided into two random divisions and after the sixth round, schools then played in a final weekend against the team in the other division in the same finish position. Well done to Sydney Boys High School for winning The Inaugural Plate Trophy. Riverview 1st Grade finished in 8th position and 2nd Grade finished in 4th position.

One of the things we changed this season was the training schedule for each age-group. We believe in exposing our players to different age-groups and abilities to continue challenging them. We had the 14A-B train once a week with 15A-B and the 16A-B train with 3rd-4th Grade. This gave the coaches an insight to see where the younger players were based against the older players and made the older players act as mentors to help guide the younger ones. We believe it was a huge step forward in helping re-build the tennis program.

Another initiative to help celebrate the commencement of the GPS season was hosting a Presentation of the Caps night. We officially announced the 1st and 2nd Grade sides by presenting them with their playing jersey and caps in front of their families. Simon Causley was our special guest speaker who has been a part of the program for 22 years. We are in the process of trying to identify each 1st Grade player with their unique playing number representing how many players have played 1st Grade for Riverview.

We also saw the first publication of The Causleyview. This was the Tennis weekly magazine providing information about the program and each team with their own dedicated page of the weekend results. It was a great way for the students to feel part of the program and help build the tennis community.

The GPS Season commenced on the first Saturday of Term 1. Riverview had a good season considering how many matches were washed out. We had 27% washed out with 29% in the winning column and losing 28.5% for the season with 11% drawn matches. Taking that into account Riverview should be pleased with their results. Especially the U13 age-group who only lost three fixtures across the whole age-group for the season. The 13As and 13Cs were undefeated. The 5th Grade side fought hard in their final match to get the draw and also finish the season without a loss. The other remaining team to go through undefeated was the 16Bs.

Eleven players were undefeated in their singles matches: Oscar Smith, Toby Freeman, Myles McLaughlin, Jack Thompson, Tom Connell, Connor O'Sullivan, Johnny Malek, James Groundwater, Bobby Boyd, Vincent Huang and Tom Doyle.

Well done to Lorenzo Tamburrino from 1st Grade who made the GPS 2nds Tennis Team. The first match against ISA was washed out, while in the second match against CAS, Lorenzo won his singles 6-2; 6-1 and his doubles 6-4; 7-6 (15-13). GPS beat CAS 16-5.

To celebrate the end of the season the 1st and 2nd Grade players, parents and coaching staff had a dinner at Cova Cottage. It was a great night and an opportunity to thank everyone for the season. Thank you to Rosemary Spanner, Megan Darin and Marg Hurford for organising the dinner.

The coaching staff would like to thank all the parents for driving the boys around the grounds and cheering them on from outside the fence, and to the 1st and 2nd Grade parents thank you for supplying incredible afternoon teas for the players.

Thank you to all the Tennis Program staff, Simon Causley and Wade Hantos who have been involved with the Riverview program for over 21 years, new 2nd Grade coach, Pedro Dominguez, Ash Radford-Sutton who has now moved on, Ming Fong, Daniel Grantham, Michele Law, Daniel Carr and Josh Muzik, Age-Group Coordinators Kim Romeo, and Gregg Bryant, and number one supporter Matty Shields. The boys truly appreciated everyone's efforts.

1ST TENNIS Back Row: Archie Kind, Jack Bowen, Hugo Darin **Front Row:** Paddy Macken, Mr Geoff Tesoriero (MIC), Christopher Spanner (Captain), Mr Wade Hantos (Coach), Lorenzo Tamburrino

1st Tennis

COACH: MR WADE HANTOS

The 2018/19 season was a most enjoyable one. Chris Spanner as captain was the only remaining player from the previous season and throughout the trial period our inexperience showed. We trialled almost a dozen players giving everybody an opportunity to see if they were up to playing 1st grade. This 'inexperience' would be our biggest obstacle as it led to inconsistent performances from week to week.

Round 1 began with a hard-fought win against Shore with Lorenzo Tamburrino winning both singles and doubles. Well supported by Jack Bowen and Archie Kind the team started the season with a strong performance.

Round 2 was always going to be a tight contest with Grammar but Riverview managed to get over the line 5 matches to 4. This was despite dropping all 3 matches that went to a third set. Chris Spanner fought really hard but ended up going down in the third set, thankfully Archie Kind and Jack Bowen were very strong for us winning both singles and doubles to lead the team to victory.

Round 3 the team was hampered with three players unavailable and we lost by 5 matches to 4 against St Joseph's. I have no doubt that at full strength we would have accounted for them quite comfortably. This is where our inexperience showed as the boys who had led us in the first two matches struggled on this day.

Unfortunately, Round 4 was washed out against a King's side who had very little intention of playing. I must commend the Riverview 1sts for staying and drying the courts in a valiant effort to play.

Round 5 would see us take on Newington who historically are one of our main rivals in tennis. In what was probably our best performance we went down by 6.5 to 2.5. The score certainly doesn't reflect the tightness of the contest. Chris Spanner and Lorenzo Tamburrino lost an epic doubles 10-8 in the match tie-break which could have changed the result of the day. Jack Bowen and Archie Kind played an unbelievable doubles to claim victory. With Hugo Darin narrowly going down in a tough three set match and Matt Macken leading 4-1 in the third set it certainly highlighted our team's inexperience. Although

we went down on the day it showed that our best is competitive with the stronger teams in the GPS competition.

Round 6 was washed out against Sydney Boys High with the penultimate round being the Scots College who by this stage had wrapped up the premiership and proved far too strong for us. In a one-sided affair Hugo Darin fought out another tough three set match.

Thank you to all the players who played in the 1sts. The unique nature of tennis at Riverview where Archie Kind from Year 7/8 can play with our captain Chris Spanner Year 11/12 is what makes tennis such a great sport. A big thank you to all the parents and family members who come along to support the boys.

2ND TENNIS L-R: Mr Geoff Tesoriero (MIC), Samuel Lo, Sebastian Braham, Timothy Hurford, Nicholas Carr, Matthew Seeto

2nd Tennis

COACH: MR PEDRO DOMINGUEZ

It's been a good Premiership finishing fourth on the ladder.

I want to congratulate all the team for such a merit position, starting with our captain Timothy Hurford for being such a great leader and unifying the team to reach this far. Nicholas Carr and Samuel Lo for guiding the others on how a doubles pair should perform and work together. Matthew Seeto for bringing always a smile to the court no matter what score it is and adapting to different pairings in doubles for the benefit of the team. Bryce Crawford for being the youngest and most talented player we have in the future. And what can I say about Bas Braham, the heart and soul of the whole team; teaching students to be more competitive and mentally tough is one of the hardest aspects of coaching, and a true champ like Bas has that fight ability in them. My philosophy in coaching a team is that I will always prefer a two star player with the work ethic and the fight spirit rather than a five star without it.

It's been a privilege and an honor to look after such a coachable group, respectful and willing to listen and learn. I just wished I had more time with them to make them reach their full potential, and I'm pretty sure the result at the premiership ladder would've been much different.

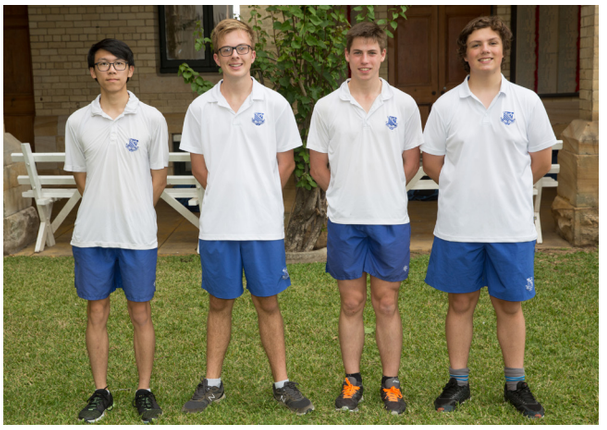

For all our Year 12s who are leaving us, I wish them the best of luck in the future. And a special thanks to our MIC Geoff Tesoriero and Simon Causley for giving me the opportunity to mentor and teach young students, instilling accountability, work ethic, respect, attitude and teamwork - things that not only help them succeed in their sport, but in life too.

3RD & 4TH TENNIS L-R: Oscar Drew, Paddy Macken, Sam Pearson, Samuel Leonard, Lachlan Clark, Jack Pittman, Sebi McCabe

5TH & 6TH TENNIS Back Row: Mr Ming Fong (Coach), Harry Macleod, Myles McLaughlin **Front Row:** Samuel Vaughan, Clayton Lie, Oscar Smith, Oliver Shackell, Oliver Williams **Absent:** Mr Sam Stalley (Coach)

7TH TENNIS L-R: Linus Yang, Max Dahlgren, Thomas Tucker, Matthew Tonkli **Absent:** Mr Hugh Fitzgerald (Coach)

16s TENNIS Back Row: Mr Ming Fong (Coach), Benjamin Knappick, Daniel Bridger, Kieran Sullivan, Vincent Lin **Front Row:** Ethan Brumley, Toby Freeman, Will Gunns, Jett Whaite, Dominic Ryan

15A & 15B TENNIS Back Row: Lachlan O'Connor, Jack Bunbury, Patrick Shackell, Mr Daniel Grantham (coach) **Front Row:** Christian Casali, Xavier Sheahan, Charles Goodman, Samuel Hynes, Cameron Liu

15C & 15D TENNIS Back Row: Felix Vudrag, Thomas Connell, Harry Blair-Rath, Mr Daniel Grantham (Coach) **Front Row:** Edward Wright, Daniel Tracy, Ashton Hooper, Felix Dickinson, Jack Lester

OPEN TOUCH FOOTBALL Back Row: Ms Kate Hilyard (Coach), William Burraston, Connor McCann, Zane Faull, Khy Ord, Tom Duffy, Joseph Roddy, Joshua Maher **Front Row:** Toby Smith, Kyle Wallace, Samuel Geale, Shuaib Rhodes-Swain, Daniel Nelson, Jack Montague, William Martyr

Touch Football

MASTER IN CHARGE: MS ELIN MORTIMER

The 2018-19 summer season of Touch Football, led by Captain Shuaib Rhodes-Swain, was full of enthusiasm and passion. The number of students playing the sport doubled since the previous season resulting in a busy summer with many new faces, both coaches and players. The season was broken into two competitions (Term 4 2018 and Term 1 2019). There were some spectacular results across all divisions.

The 13As joined the competition in Term 1 2019 and showed improvement in their performance week to week. Their coach, Edward Rennie (OR2018), led the boys into their first grand final together as a team against a very talented Waverley opposition, which unfortunately resulted in a loss. However, the 13As showed good sportsmanship and have the potential to come back bigger and better next season.

The 14As, coached by Ms Kim Davey, had yet another strong competition. However, their streak of undefeated games came to a halt in their final game against Waverley. Both Joseph Dillon and Benjamin Noble led the attack consistently throughout the season, with notable performances by Jeremy Healy and Nicholas Hyde who were hard workers across the field.

The 15As had a very successful season finishing top of the table in both competitions. The 15As should be very proud of the fact that they are yet to lose a game in 2019 and will be keen to keep a clean slate in the upcoming season. The team, coached by Ms Kate Hilyard, played a structured style of Touch Football with primary attackers Sam Clarke and Oscar Cottrell leading with solid defence and the delivery of many clever plays in attack.

The 15Bs, coached by Ms Cassie Crompton and Ms Helen Haxby, showed marvellous growth. With a few injuries impacting player combinations in the 15Bs, the team held strong to maintain a steady position on the table. At the end of 2018, the team was placed 4th on the table, however, they progressed to 2nd place by the end of the summer season. Some standout attacking performances were had by Benjamin Hallam, Harrison Hadley and Henry Ryan, as well as strong defensive efforts by Graham Duckett and Kristian Calic.

The 16As completed the summer season with their strongest performance yet. They narrowly missed out on the grand final by one try in the semi-finals, which was disappointing, however, their final performance in the 3rd vs 4th playoff locked them firmly into 3rd place. Coach, Sam Bignold (OR2018), helped to develop the team's offensive structures, which facilitated their ability to play a more structured and successful style of Touch Football.

The Open team, also coached by Ms Kate Hilyard, played an exciting brand of Touch Football. Trinity Grammar were the team to beat this season and proved their talent by defeating our Open team in the grand final. The Opens played with speed and controlled aggression, of which they should be very proud. Notable performances were had by William Martyr, Connor McCann and Shuaib Rhodes-Swain, whose footspeed and strategy inspired others to follow. The Opens players remain role models in this sport and their work ethic and commitment to improving their performance is to be commended.

16A TOUCH FOOTBALL Back Row: Oliver Cain, Sam Watt, Nicholas Zanatta **Middle Row:** Mr Samuel Bignold (Coach), Archie Quirico, Ashton Horgan, Lee James, Max Janus, Harrison Monie **Front Row:** Harry Jensen, Charles Cassim, Harry Spora, Jackson Mitchell, Benjamin Leonard, Augustin McColl, Alex El'Hazouri

15A TOUCH FOOTBALL Back Row: Ms Kate Hilyard (Coach), Patrick Byrne, Marley Howe, Jack Grattan, Thomas Bull
Front Row: Xavier Graham, Oliver Graham, Matthew Selkrig, Max Walker, Sam Clark, Oscar Cottrell, Lachlan Harris

Track & Field

PROGRAM CO-ORDINATOR: MRS CATHALINA WALSH

GPS Athletics Championships

- Senior Team: 5th Place
- Intermediate Team: 3rd Place
- Junior Team: 8th Place

Thank you to all students, parents, administrators and support staff, who helped make the 2019 GPS Athletics season special. Thank you to the dedicated coaching staff who share their time and enthusiasm coaching the athletics team and inspiring these young men. Congratulations to the student-athletes who made 2019 an outstanding athletics season. The standard of excellence for Riverview athletics continues to grow with the majority of the boys running, jumping or throwing a personal best at the GPS Athletics Championships. This is yet another step forward and you can't ask for more than that as a coach because every student did their absolute best on the day. We were incredibly proud of each student's performances.

In addition to the many fine athletics abilities, we must recognise all the student-athletes who put in the extra effort to academically better themselves, especially the seniors who found time to juggle their HSC commitments to support the athletics program. First and foremost, each Riverview student-athlete is a student first. There is no athletics without academic commitment!

AAGPS Track and Field Winners

U15 400m Championship	William Perkins
U16 400m Championship (GPS Record)	Max Holmes
U16 800m Division	Felix Rogers
U16 Shot Put Championship	Mackenzie Thompson
U16 Shot Put Division	William Lamming
U17 110m Hurdles Championship	Lachlan Dalton
U17 Shot Put Championship	Henry Payne
Open 200m Championship	George Clark
Open 4 x 100M Relay	Thomas Tucker, Brendan Robinson, William Garling, George Clark

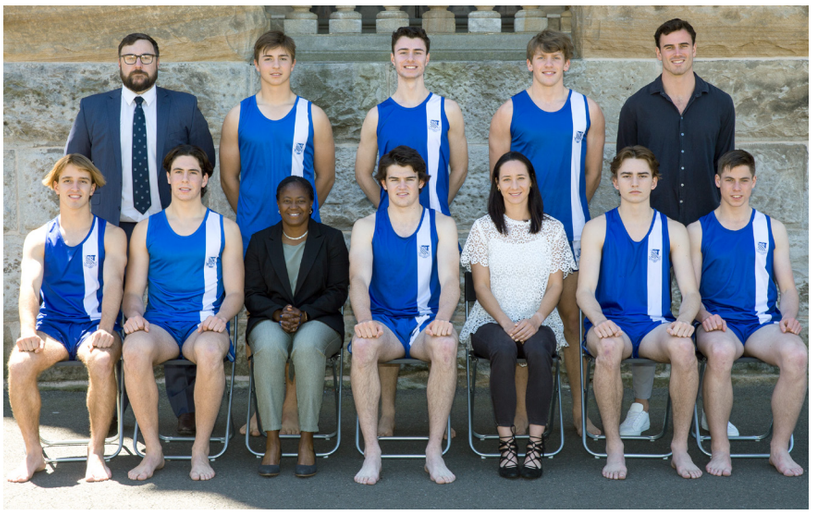

We might not have won every race, however, the boys carried themselves with true Riverview class and we were the classiest coaches and parents at every invitational we competed in. The boys competed with a great level of respect for their teammates, opposition, and the officials no matter what.

While the boys had some great victories and unlucky emotional defeats on the GPS day, the competitions of this past season will eventually fade into fragmented memories. In the end, the measures of success are not the statistics or wins, rather, they are the friendships, lessons

GPS ATHLETICS EVENT WINNERS
Back Row: Mr Andrew Walters (Coach), Mackenzie Thompson, Lachlan Dalton, Henry Payne, Mr Louis Stenmark (Coach) **Front Row:** Felix Rogers, William Lamming, Mrs Cathalina Walsh (Program Co-ordinator), George Clark (Captain), Ms Larissa Pasternatsky (Coach), William Garling, Thomas Tucker

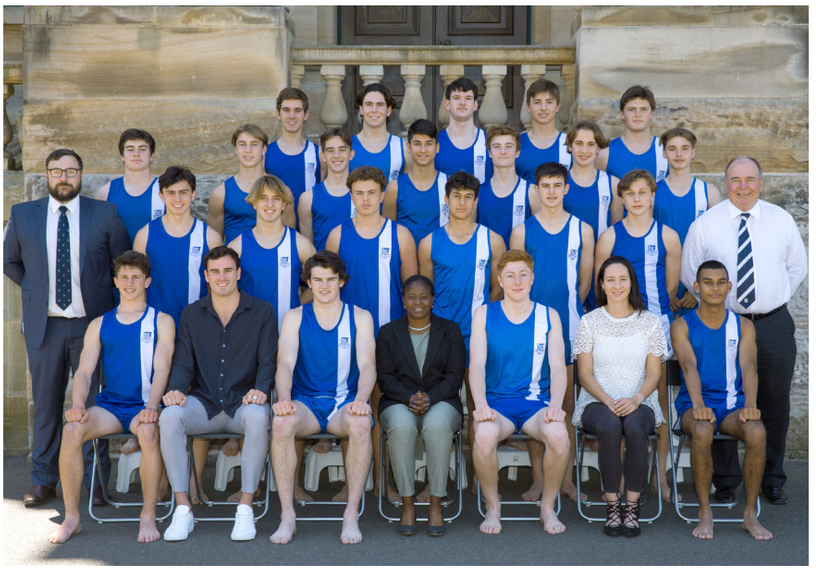

and maturing that are the result of effort, selfless commitment to the team and dedication to personal betterment.

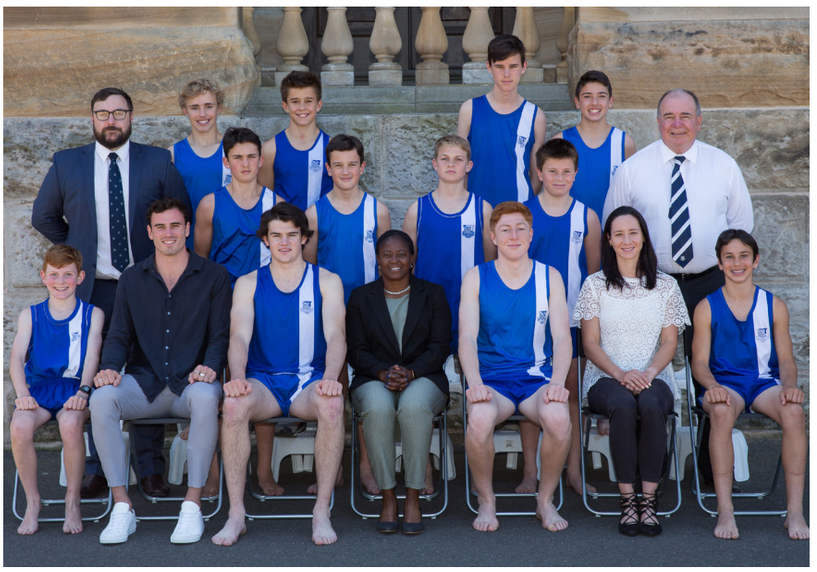

As I look back, I can't help but also look forward to 2020. I am excited to see how the Riverview Athletics student-athletes of 2020 will embrace the legacy of the 2019 season.

A huge thank you to all of our parents who supported us through the season. We could not have done it without you.

INTERMEDIATE ATHLETICS Back Row: Harry Blair-Rath, William Lamming, Max Holmes, Mackenzie Thompson, Henry O'Donnell **3rd Row:** William Granger, William Perkins, Nicholas Garling, Sebastian Ballantine, Evan Boniciolli, Saxon Mitchell, Daniel Klobusiak **2nd Row:** Mr Andrew Walters (Coach), Gabriel Wood, Felix Rogers, Max Blackley, Sebastian Ranasinghe, Henry Williams, Joshua Johnston, Mr Mark White (Coach) **Front Row:** Liam Dinnell, Mr Louis Stenmark (Coach), George Clark (Captain), Mrs Cathalina Walsh (Program Co-ordinator), James Benson, Ms Larissa Pasternatsky (Coach), Nilanka Abbey

JUNIOR ATHLETICS Back Row: Harrison Loiterton, Ambrose Hennessy, Joshua O'Dea, Lucas Ballantine **Middle Row:** Mr Andrew Walters (Coach), Knox O'Connor, Sebastian Todd, William Hayes, Oscar Blackley, Mr Mark White (Coach) **Front Row:** Jeremy Studdert, Mr Louis Stenmark (Coach), George Clark (Captain), Mrs Cathalina Walsh (Program Co-ordinator), Thomas Benson, Ms Larissa Pasternatsky (Coach), Zachary Nandlal

SUMMER ATHLETICS Back Row: Nicolas Bernauer, Trent Ryan, Max Holmes, Junior Schmidt, Pierce Roseby, Sebastian Ballantine, Tobias McDonald **Middle Row:** Mrs Cathalina Walsh (Program Co-ordinator), William Hopper, Edward Bell, Max Blackley, Oliver Murrie, Jonathan Toon, Jonathan Codemo **Front Row:** Henri Blackley, Oscar Blackley, Oliver Hannan, Hugo Blackley, Patrick Lucas, Joseph Giffin, Oliver Ell

Summer Athletics

PROGRAM CO-ORDINATOR: MRS CATHALINA WALSH

Saint Ignatius' College Riverview is now a registered athletics club with Athletics NSW and the summer season was successful as the program continues to grow.

A small group of athletes represented the College at the NSW State Relay Championships with Harrison Tate teaming up with Josh Johnston and their fellow UTS Norths Athletics Club teammates to win the silver medal the high jump.

The athletes embraced the challenge to step up to a higher level of competition. This was evident at the recent NSW State Junior Championships where we had 12 students representing the College, including Harrison Tate, Joshua Johnston, Marc Girard, Max Blackley, Hugo Blackley, Sebastian Ballantine, Gabriel Wood, Oscar Williams, Max Holmes, Lachlan Dalton, Liam Stack, Jackson Austin, and Tobias McDonald.

Gabriel Wood U17 200m, Oscar Williams U18 200m and Marc Girard U15 400m all advanced to the finals of their respective events, while medal winners were:

- **Max Holmes** who won the silver medal in the U17 400m with a personal best.
- **Lachlan Dalton** with silver medal in the U18 400m hurdles and a bronze medal in the U18 110m hurdles.
- The surprise and breakthrough performance was **Harrison Tate** winning the U18 high jump with a personal best of 1.93m.

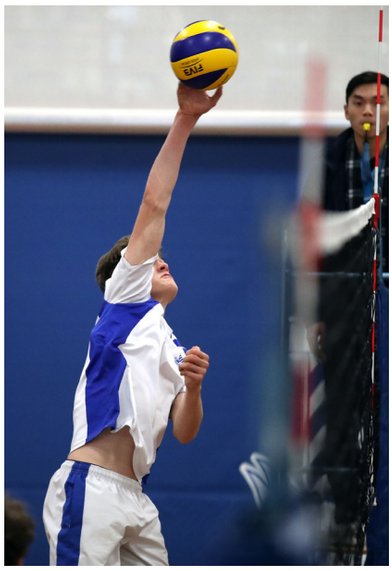

As a result of their State Championship and previous GPS performances, Lachlan Dalton, Max Holmes, Gabriel Wood, Oscar Williams and Harrison Tate were selected to the NSW Athletics Team to compete at the Australian Junior National Championships from 1-7 April at Sydney Olympic Park. This sort of team selection wasn't easy. Individuals qualify to the national championships in track and field off their own work ethic for their specific events, and this is the highest number of athletes we have had reach this level in recent years. Congratulations to all the boys for an outstanding effort!

Results were:

- **Max Homes** – U18 4x400m relay silver, U17 400m bronze
- **Gabriel Wood** – U17 100m 17th, U17 200m 5th
- **Harrison Tate** – U18 High Jump 7th
- **Lachlan Dalton** – U18 110m Hurdles 11th, U18 400m Hurdles 9th
- **Oscar Williams** – U18 200m was unfortunately disqualified for a false start but would've been in contention for a medal. As disappointing as this was, this was his first experience at National Championships so an experience he will learn and grow from for the season ahead.

I am very proud of the manner in which our Riverview Track and Field team maintained sportsmanship, leadership, determined spirit, confidence and competitive attitudes for an outstanding season and look forward to next year.

A special thank you goes to our Summer Track and Field coaches, Alex Godbold, Larissa Pasternatsky, and Elijah Williams, who helped support practices and meets in order for everything to run smoothly.

Volleyball

MASTER IN CHARGE: MR GEOFF TESORIERO

Volleyball is becoming a fast-growing sport across the GPS and CAS schools. We are fortunate to be in a competition that goes for 11 rounds combining the two associations.

It was fantastic to see the new teams 14As, 16Bs and 2nds excel the way they have. Out of the eight teams, the 16Bs went through undefeated with the 16As and 14As losing just the two matches. Riverview played 73 fixtures, winning 31 (42%) and losing 42 (58%).

For the first time ever, we entered a Year 10 team in the AVSC in Melbourne in December 2018. This is the largest tournament in the Southern Hemisphere with over 550 teams, the majority coming from Victoria and South Australia and the standard is extremely high. Playing in the Year 10 Division 3 competition we finished in fifth position. The boys had an amazing experience and it was fantastic to understand the level of these other schools. This year the carnival has been moved to the Gold Coast and we look forward to continuing to help grow volleyball.

The 1st and 2nd VI should be very proud of their achievements with just two Year 12 students and the remaining players from Year 11. 1st Grade have come a long way and finished the season strongly winning three of their last four matches with the likes of Henry Payne, Charlie Hunter and Luke Johnson dominating the powerhouse up front. They ended up finishing in 7th position out of 11 schools.

For the first time, GPS and CAS named their respective teams to play each other. It was a fantastic match that came down to the wire in the fifth and final set. With GPS having a narrow lead, unfortunately they lost their momentum and gave CAS the victory. Congratulations to Charlie Hunter (Year 11) for being selected.

We also had Sam Magarey selected as a shadow player for the Under 15 NSW Squad. This is a great achievement and one that will help promote Volleyball.

The 2nds started the season with the majority of the team having never played the sport. It was a challenge for the coach and students to get to a competitive standard. The boys applied themselves and were determined to improve. They managed to win two of their last four matches, losing one of them in the fifth set. Many of the boys said, "I wish I started this sport in Year 7".

The 3rd and 4th teams were mixed with students from water polo and basketball looking to enjoy their winter season. The 4ths not only won their very first match but notched up two wins for the season.

The U16s were guided by new coaches, Sam Halley and Seth Chen. They gave the teams a lot of enthusiasm to try and elevate them to the next level. Having won the previous year,

the 16As knew that the other schools would be looking to defeat them. They dominated the majority of their opponents losing just the two matches against the favourites Sydney Boys and Scots, and finished in second place. The 16Bs, similar to the 2nds, had many new players. They managed to win all their matches in convincing fashion and converted more players to the game.

The U15A team was made up of Year 10 players who wanted to try a new sport. They came up against teams who had already been playing for a couple of years. In spite of this, they still managed to challenge many teams taking them to the third and deciding set and then in the second last round of the season they won their first match.

The U14A team was a mix of players from Year 8 and 9. And they had a very successful season losing just the two matches and finishing in second place for their age-group.

1ST VOLLEYBALL L-R: Mr Geoff Tesoriero (MIC), Henry Payne, Henry Anderson, Luke Johnson, Oliver Lenzner, Matthew Seeto, Mr Alexander Duong (Coach)

1st Volleyball

COACHES: MR ALEXANDER DUONG

7th Place | GPS/CAS Competition

The 1st VI started the season with two Year 12 players (Luke Johnson and Matthew Seeto) and one Year 11 player (Charlie Hunter) returning from last year's 1st team and some familiar faces who joined the ranks of the 1st this year (Henry Payne, Oliver Lenzner and Henry Anderson) from last year's 2nds team. We also had a new addition (James Martin-Weber) who was our youngest and only Year 10 student in the 1sts this season.

Team chemistry is the hardest element to excel at, as it requires time for the players to bond and start to know and feel how each person plays and reacts. With few returning players, we worked on chemistry through setting up an offensive and defensive system, players were assigned specific roles and positions where they had to focus on improving those skills to contribute to the team's success. We also stepped up to a 1-setter playing system, which meant that half the rotations on the court was having the setter set from backcourt.

Player profiles and highlights:

Luke Johnson, one of the middles and Captain. In spite of having many commitments to his studies, he led the team by setting an example of always being level-headed and consistent. We will always remember Luke for his timeout and set team calls, rattling the opponents with the "View on 3 chant". He is one of the most consistent players in the team both on offence and defence. He was most noticeable in the game against Sydney Grammar, one of the top volleyball schools in the competition where he dominated the middle through kill spikes and even roofing their best middle.

Henry Anderson, predominantly played outside, but was quite versatile and also played middle and universal when required. He was one of the strongest blockers in the team; during the game against Newington, he blocked the ball into his face and won the point as it landed back on their side.

James Martin-Weber, our setter. He was new to the team and that meant that he hadn't set for any of the players before, this is a big responsibility as his role is to architect each play. The chemistry shone through in the game against Knox, where he had the quarter-back's magic touch, each assist leading to scoring points.

Charlie Hunter, the other middle who is a veteran in the sport having played it for the last few years. He has the most kill blocks in the season and great court vision to find the gaps in the opponent's defence. In the game against Cranbrook, he basically blocked or got a touch block on every attack by them.

Henry Payne, the universal for the team had the strongest spike in the team and the most kills during the season. Many teams have commended him for his devastating power, which almost scared them during warm up and the game. He also had the most kill spikes to attack ratio.

Oliver Lenzner, the other outside is an all-round player. He contributed to all factors on the game scoring points on serving and spiking, but also consistently passed well and got the defensive block when it was needed. In the game against Barker, we were down closing out the set, but without giving up Oliver served us back into the game.

Matthew Seeto, our backcourt specialist. He was our strongest server and best passer in the team. Even though he didn't play in the front court and get any of the spotlight from kill spikes or blocks, Matthew was the backbone of the team supporting from successfully receiving the hard serves and also getting us back into the game or closing the set through dishing out tough float serves.

It's been a great season where the Riverview team have stepped up a notch or two in the volleyball scene, special thanks to the 2nds who help bench for the 1sts, Oscar Franklin (Outside), Paul Kenderes (Middle), Ethan Levens (Setter) and statistician Riyan Minaee.

2ND VOLLEYBALL Back Row: Ethan Levens, Oscar Smith, Paul Kenderes, Thomas Bowie, Alexander Khachigian **Front Row:** Jude Egerton-Warburton, Mr Geoff Tesoriero (MIC), Oscar Franklin, Mr Alexander Duong (Coach), Riyan Minaee

2nd Volleyball

COACH: MR KRISTOPHER SILITONGA

It has been a mixed bag for the 2nds Volleyball as we welcomed many new faces to the world of volleyball. Seven out of nine in the team were first-time players, with Riyan Minaee and Thomas Bowie only being second-year players. As a result, it was a matter of teaching the students the technique, rules and nuances volleyball presents in less than a month in order to prepare for their first game.

In terms of results, out of the 10 matches, the two wins came by way of the maximum five-sets. Thus, it would be fair to say that the results were not what everyone would wish for. However, the results do not always reflect how much progression and hard work these boys have put into the season. In fact, it has been a success in many ways.

This year's 2nds team has been one of the most resilient and rewarding to coach. The season was challenging. There was never an easy game. Every CAS and GPS second grade team has improved immensely in the past two years, especially since the expansion of volleyball into younger age groups which allows for more experienced players in the open division. Despite the team's lack of experience, there was never a moment where the boys think that other teams were impenetrable.

The players' dedication and commitment to the sport has been second to none. Attending three morning trainings in the middle of a fairly chilly winter is difficult, especially given it's their first time playing the sport. But there was never a training session with less than seven players out of the nine, and due to that the team acquired new skills and playing systems, which would normally be learned by players in their second or third-year of playing - this included back-court setting systems, running quick attack combinations and hand signals.

3RD VOLLEYBALL Back Row: Mr Louis Anderson (Coach), Nicholas Quinn, James Campton **Front Row:** Marc Playoust, Hugo Taranto, Michael Yaacoub, Finlay Harris

4TH VOLLEYBALL Back Row: Mr Louis Anderson (Coach), Tommy Roche, James Mansour, Ms Louise Buckley (Coach) **Front Row:** Daniel Keoghan, Xavier Hill, Liam Muir, Liam Dahlgren

16A VOLLEYBALL Back Row: Oscar Kirk, Luca McDonald, Toby Mills **Front Row:** Tom Chapman, Sebastian Ranasinghe, Joshua Maher, Samuel Magarey, Miles Ward

16B VOLLEYBALL Back Row: Patrick Lenzner, Jack Mair, William Rayment, Rory Silk, Mr Seth Chen (Coach) **Front Row:** Jett Whaite, Seamus Quealy, Vincent Lin, Lachlan Walker, Aidan Collins

15A VOLLEYBALL L-R: Mr Dom Hannan (Coach), Alexander Saadie, Alex El'Hazouri, Jack Thompson, Jack Lester, Neville Ayrouth, Nicholas Wade

14A VOLLEYBALL Back Row: Kent Churcher, Daniel Izard, Mr Glen Duncombe (Coach) **Front Row:** Felix Vudrag, Xavier Masztak, Oscar Sinclair, Sebastian Filla-Duan, Joseph Carney

Water Polo

MASTER IN CHARGE: MR TOBY MARTIN

Taking over as MIC of Water Polo following several successful years under Rebecca Hoad was always going to be a challenge, given that she is arguably the most organised and efficient member of staff in the College. This was particularly evident when I showed up to my first training to find enough caps and balls for three years, and a new scoreboard which I instantly claimed as my own doing. The impact that Rebecca had on the program is obvious, and once again Riverview fielded seven teams for the 2018-19 season.

In the Open divisions, it was a tale of two teams. Our 1st team had strength in depth and talent and were consistently strong, only losing twice, once to Scots early on, and then narrowly to eventual champions Newington. The 1st team went undefeated through Term 1 and finished in 2nd place in the combined GPS/CAS competition and will look to go one better next season. The first team finished with 7 wins – 2 losses with only 39 points scored against, the best defensive record in the league due in large part to Charlie Hunter's outstanding season in goals.

In stark contrast to the 1st team's consistency and depth, the 2nds were a team who could be considered the most improved throughout the entire competition. A few late withdrawals saw the 2nds take to the pool most weeks with only one reserve which was no easy task in the biggest division in the competition. They earned themselves the mantra of the 'comeback kids' who seemed to enjoy surrendering early deficits to claw their way back into matches. Regardless of final placings, if success is measured by improvement then the 2nds had the most successful season of all teams. They finished 8th in a league of 13 teams, with a win loss record of 5-7.

The U16 team had a mixed season, as they stuttered through Term 4 due largely in part to the inconsistency in the squad due to the Year 9 challenge. In Term 1, they proved that they can be competitive at a high level and we look forward to welcoming them into the Open teams next season. The U15 squad showed that consistency in numbers and development is hugely beneficial as they posted a near perfect season with dominant displays each week.

Arguably our most important age group is the U13/U14 as many boys enter the sport for the first time. The boys benefited hugely from passionate coaching and in a non-competitive league they can only be judged on the improvement. With that in mind, they did themselves and the College proud, rallying each week and enjoying the sport and the camaraderie despite sometimes heavy losses.

A highlight of the season was the final weekend of competitive fixtures for most teams, and the inaugural Coaches/Old Boys vs 1sts fixture. When permission was sought by Mr Szabo his words were clear; "strictly non-contact". So it was with dismay when I stood at the BBQ to hear the boys discussing how they can't wait to hit Jack and drown AJ. Nevertheless, the game was played in good spirits, but it also highlighted an important aspect of the water polo program moving forward: collegiality and support for all teams in the program. Next year the focus will be on further developing a culture of support and ownership for all students nominating water polo as their sport.

In many respects and irrespective of final standings, this season was a big success. Charlie Hunter, Joel Smith, Nick Quinn and Finlay Harris were all picked to represent GPS in the CIS tournament. Charlie, Joel and Nick were further selected to represent CIS at the NSW All Schools tournament.

Co-curricular programs do not run without a large contribution from staff, and water polo is no different. Water polo boasts arguably the most talented and passionate coaching team and I would like to thank AJ Roach, John Hahn, Jack Rector, Will Mulhearn, Lucas Gaha and Jacob Taranto for their ongoing commitment to the sport. Additionally, special thanks to Peter Wakeling and Greg Jones for their unglamorous contribution to the sport of marking registers and manning the game clock each week.

1ST WATER POLO Back Row: John McCaffrey, Christian Taylor, Charlie Hunter, Oliver Mulhearn, George Rector **Front Row:** Joel Smith, Joe Finsterer, Jack Pringle, Mr Toby Martin (MIC), Finlay Harris, Oscar Langley, Nicholas Quinn

1st Water Polo

COACH: MR AJ ROACH

2nd Place | GPS/CAS competition

What a great season the boys had this year. We had our toughest games at the very start which was unfortunate because throughout the year we improved significantly, not losing a game after the third round of the competition. We played with a big emphasis on executing a team game, which was evident through our great defence, conceding the least amount of goals throughout the competition.

I was immensely proud to coach the team and see the effort the players put into training and games. They showed great resilience playing against older and physically stronger teams going toe to toe with them. It will be sad to see the Year 12s from the 1sts and 2nds leave, they brought leadership, enthusiasm and humour, always making it an enjoyable environment to work and play in. They have left a great legacy and example for the future generations of water polo players at Riverview. Thanks for everything.

Water Polo Results 2019

2nd Water Polo

COACH: MR JACK RECTOR

8th Place | GPS/CAS competition

This season has been one filled with ups and downs for the 2nds team. Straight up, we were faced with the challenge of very limited numbers due to some unforeseen season-costing injuries and sickness. Thankfully, due to the incredible depth of the Riverview water polo program, we were able to field players from the 16s age group. With the likes of Ben Morton, Tom McNeil and Jackson Wakeling all stepping up, their tireless efforts in the pool and strength in both offence and defence were the backbone for the team and all three boys will play enormous roles in the year to come.

With the guidance of captain Hugh Holm and fellow seniors Angus Dinnel and Aaron Visscher, with the first half of the season behind us, and looking to take 2019 on, we stuck to the structure and were able to get some early wins under our belt. After 3/3 wins in 2019, topped off with a courageous comeback win over rivals, Joeys, we had the wind in our sails. The boys ground hard and again pushed for another win over Waverley thanks to Nick Leonard and Alex Hoffman, who both will be returning next year for a big year in the opens, making it 4/4 early on. Unfortunately, the boys suffered a tough loss to Knox to end the season, however it was not reflective at all of the persistent efforts produced by a fine bunch of players.

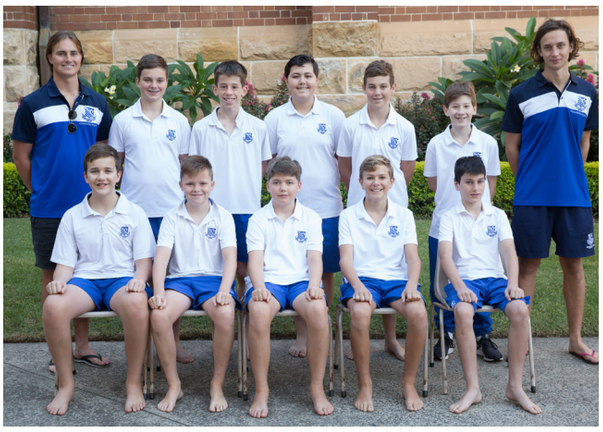

16A WATER POLO Back Row: Fred Wormwell, Ryan Gately, Stefan Visscher, Hugh Ross, Samuel Allsopp, Bray Downing, Mr Will Mulhearn (Coach) **Front Row:** Tom Henry, Zachary Sheerin, Sam Acton, Felix Harding, Joshua Maher, Nicholas Long, Joshua Wren
